TEXAS STATE AFFORDABLE HOUSING CORPORATION
Single Family Mortgage Revenue Bonds
\$56,930,000 Series 2024A (Non-AMT)
\$18,070,000 Series 2024B (Taxable)

INTRODUCTION

This Official Statement (including the cover page and appendices) sets forth certain information relating to the sale and issuance by the Texas State Affordable Housing Corporation (the “Issuer”) of its \$75,000,000 aggregate principal amount of Single Family Mortgage Revenue Bonds, Series 2024A (Non-AMT) (the “Series 2024A Bonds”) and Series 2024B (Taxable) (the “Series 2024B Bonds”) (collectively the “Bonds”). The Bonds will be issued pursuant to Subchapter Y of Chapter 2306 of the Texas Government Code, as amended (the “Act”), and one or more resolutions adopted by the Issuer. The Bonds will be issued and secured under a Trust Indenture dated as of March 1, 2024 (the “Indenture”), between the Issuer and Computershare Trust Company, N.A., as trustee (the “Trustee”). Certain provisions of the Indenture are summarized below in “Flow of Funds” and “The Indenture.” Capitalized terms used in this Official Statement and not otherwise defined are defined in “Appendix A—Definitions.”

The Bonds are subject to redemption prior to maturity as described herein. Purchasers of the Bonds (and particularly the purchasers of the Premium PAC Bonds and the Premium Term Bonds) should understand that under certain circumstances described herein the Bonds are subject to mandatory redemption at 100% of the principal amount thereof, plus accrued interest. See “The Bonds—Redemption of Bonds” and “Structuring Assumptions and Risks.”

Under the Issuer’s single family mortgage loan program (the “Program”), the Issuer is permitted to issue the Bonds to finance single family mortgage loans to certain borrowers whose annual income does not exceed 80% of the greater of the state or local median family income. Further, to qualify for a Mortgage Loan, the Eligible Borrowers must also meet all the requirements of the Act, Section 143 of the Internal Revenue Code of 1986, as amended (the “Code”), and the Issuer. See “The Program” for a detailed description of these requirements.

The Mortgage Loans will be originated under the Program by participating lenders (each a “Lender” and collectively the “Lenders”) pursuant to the terms of a Mortgage Origination Agreement between each Lender and the Issuer (each a “Lender Agreement” and collectively the “Lender Agreements”), the Program Guidelines and other Program Documents. The Mortgage Loans are required to meet all Program requirements, which include the requirement that each Mortgage Loan be (i) insured by the Federal Housing Administration (“FHA”), pursuant to the National Housing Act, as amended, (ii) guaranteed by the Department of Veterans Affairs (“VA”), pursuant to the Servicemen’s Readjustment Act of 1944, as amended, or (iii) guaranteed by the Rural Housing Service of the United States Department of Agriculture (“USDA-RHS”), pursuant to the Cranston-Gonzalez National Affordable Housing Act of 1990, as amended. After origination, the Lenders will sell the Mortgage Loans on a servicing-released basis to the Servicer (as defined below).

The Lenders and the Issuer will review the Mortgage Loans and the borrower information, and other matters as necessary to determine compliance with the requirements of the Program, as more fully set forth in the Lender Agreements and the Program Guidelines. The Issuer will act as compliance agent for the Program.

The servicer under the Program is Lakeview Loan Servicing, LLC (the “Servicer”). Pursuant to the terms of a Servicing and Sale Agreement dated as of February 1, 2019, as amended, between the Issuer and

Servicer (the “Servicing Agreement”), the Servicer will purchase the Mortgage Loans from the Lenders, and pool the Mortgage Loans into pass-through certificates (the “GNMA Certificates”) backed by Mortgage Loans and guaranteed as to timely payment of principal and interest by the Government National Mortgage Association (“GNMA”), and issued by the Servicer. The Servicer will service all of the Mortgage Loans. The Servicer is a GNMA-approved servicer of FHA-insured, VA-guaranteed and USDA-RHS-guaranteed mortgage loans, and an authorized issuer of GNMA Certificates.

Following issuance of the GNMA Certificates, the Servicer will sell the GNMA Certificates to the Trustee. The GNMA Certificates will be pledged under the Indenture to provide for the payment of the principal of and interest on the Bonds. See “Security for the Bonds.”

Brief descriptions of the Issuer, the Bonds, the GNMA mortgage-backed certificate program, the Program, together with summaries of certain provisions of the Indenture, and the Agreements, follow in this Official Statement. All summaries herein of documents and agreements are qualified in their entirety by reference to such documents and agreements, and all summaries herein of the Bonds are qualified in their entirety by reference to the form thereof included in the Indenture and the provisions with respect thereto included in the aforesaid documents and agreements.

THE ISSUER

Texas State Affordable Housing Corporation was incorporated in May 1994 under the Texas Non-Profit Corporation Act, Article 1396-1.01 et seq., Vernon’s Annotated Texas Civil Statutes, as amended (now codified as V.T.C.A. Business Organizations Code, Chapter 22, as amended). The Issuer is a public non-profit corporation created by statute. The members of the Board of Directors are appointed by the Governor of the State, with the advice and consent of the State Senate. The Issuer is subject to significant state oversight, including audit by the State Auditor and debt issuance review and approval by the Texas Bond Review Board. The enabling legislation for the Issuer, as amended, may be found at Texas Government Code, Chapter 2306, Subchapter Y, Sections 2306.551 et seq.

The Issuer is governed by a Board of Directors with five members. The current members of the Board of Directors are:

<u>Name</u>	<u>Position</u>	<u>Term Expires</u>
William H. Dietz, Jr.	Chairperson	February 1, 2025
Valerie Vargas Cardenas	Vice Chairperson	February 1, 2025
Courtney Johnson-Rose	Director	February 1, 2027
David Rassin	Director	February 1, 2029
Lemuel Williams	Director	February 1, 2027

David Long serves as President of the Issuer. Mr. Long has been employed by the Issuer since October 2001. Janie Taylor serves as Executive Vice President of the Issuer. Ms. Taylor has been employed by the Issuer since August 2006. Melinda Smith serves as Chief Financial Officer of the Issuer and has been employed by the Issuer since August 2001. Rebecca DeLeon serves as Corporate Secretary of the Issuer and has been employed by the Issuer since March 2018.

The Issuer is organized, operated and administered in accordance with the Issuer’s enabling legislation. The Issuer has received a determination letter from the Internal Revenue Service recognizing the Issuer as an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the “Code”). The Issuer’s Articles of Incorporation provide, among other things, that the public purpose of the Issuer is to perform such activities and services that the Issuer’s Board of Directors determines will promote the public health, safety and welfare through the provision of adequate, safe and

sanitary housing primarily for individuals and families of low, very low and extremely low income, including single family mortgage revenue bond programs such as the program described herein. See “The Program.”

The Bonds are special, limited obligations of the Issuer, payable solely out of the revenues, receipts, and security pledged therefor under the Indenture. The Bonds do not constitute a general obligation or indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation. The Bonds do not constitute a debt or obligation of the State of Texas, or any political subdivision, agency or instrumentality thereof, and shall not constitute a lien on or pledge of any property of the Issuer except as provided in the Indenture. The Issuer has no taxing power. The Bonds are not obligations of, or guaranteed by, the United States of America, GNMA or any other agency of the United States of America.

Like virtually all Texas state agencies, the Issuer is subject to the Texas Sunset Act (Chapter 325, Texas Government Code, as amended) and is subject to “sunset” (abolishment) on September 1, 2027. If sunset were to occur, the Texas Sunset Act provides for the continued payment of the Issuer’s bonds in accordance with their terms and the designation of an appropriate state agency to carry out all covenants with respect to such bonds.

The Bonds will be issued in fully registered, book-entry form in denominations of \$5,000 principal amount or any integral multiple thereof. Principal on the Bonds will be paid on March 1 and September 1 as shown on the Maturity Schedules shown on the inside front cover pages. Optional Redemption. The Bonds maturing on and after September 1, 2034, except for the Premium PAC Bonds, are subject to redemption, at the option of the Issuer, on or after March 1, 2034, in whole or in part on any such date, at a redemption price equal to 100% of the principal amount of the Bonds to be so redeemed, together with accrued interest, if any, to the date of redemption from any source (provided that such moneys are not, as established by an opinion of nationally recognized bankruptcy counsel selected by the Issuer and acceptable to the Trustee, recoverable as preferences under the United States Bankruptcy Code).

The Premium PAC Bonds are subject to redemption on the redemption dates specified below at the redemption prices specified below:

If any Premium PAC Bond is redeemed on a day other than the redemption date specified above, the Redemption Price, as of such redemption date, will be determined by straight-line interpolation between the Redemption Prices for the redemption dates listed above immediately preceding and succeeding such redemption date.

The Issuer is permitted to direct the Trustee to sell or otherwise dispose of some or all of the GNMA Certificates and redeem the Bonds, in whole or in part, but such redemption must be undertaken as an optional redemption of the Bonds as described above, and the conditions of the Indenture must be met, including, if such redemption is in part, that the Trustee shall have received written confirmation from the Rating Agency that the rating of the remaining Outstanding Bonds will not be adversely affected.

Selection of Bonds for Redemption

Selection Procedure for Mandatory Redemption Due to Nonorigination. If Bonds are subject to mandatory redemption due to nonorigination in part from unexpended moneys in the Program Fund, such moneys will be applied to redeem Bonds (including Premium PAC Bonds) on a pro rata basis.

Selection Procedure for Mandatory Redemption from Prepayments and Surplus Revenues. Amounts deposited in the Redemption Fund (representing Prepayments with respect to the GNMA Certificates and surplus revenues) shall be allocated to redeem Series 2024A Bonds and Series 2024B Bonds on a pro rata basis.

Amounts deposited in the Redemption Fund (representing Prepayments with respect to the 2024A proportionate share of the GNMA Certificates and surplus revenues) and allocated to redeem the Series 2024A Bonds shall be applied in the following order of priority:

FIRST, such amounts shall be applied to redeem the Series 2024A Premium PAC Bonds down to the 100% PSA Outstanding Bond Amount for Series 2024A Premium PAC Bonds;

SECOND, after applying the amounts as described in clause FIRST above, and until the outstanding principal amount of all Series 2024A Bonds has been reduced to the applicable 400% PSA Outstanding Bond Amount for all Series 2024A Bonds, any remaining amounts shall be applied to redeem all Series 2024A Bonds, except the Series 2024A Premium PAC Bonds, on a pro rata basis; provided that all amounts so allocable to the redemption of the Series 2024A Term Bonds shall be applied (i) first to redeem the Series 2024A Term Bonds maturing March 1, 2039, until such Series 2024A Bonds are no longer Outstanding, and (ii) second, to redeem all other Series 2024A Term Bonds on a pro rata basis; and

THIRD, after applying the amounts as described in clauses FIRST and SECOND above, any remaining amounts shall be applied to redeem all Series 2024A Bonds, including the Series 2024A Premium PAC Bonds, on a pro rata basis; provided that all amounts so allocable to the redemption of the Series 2024A Term Bonds shall be applied (i) first to redeem the Series 2024A Term Bonds maturing March 1, 2039, until such Series 2024A Bonds are no longer Outstanding, and (ii) second, to redeem all other Series 2024A Term Bonds on a pro rata basis.

The applicable “100% PSA Outstanding Bond Amount for Series 2024A Premium PAC Bonds” is the amount set forth in the second column of Appendix D for the Interest Payment Date on which the redemption of Series 2024A Premium PAC Bonds could occur. The amounts in the column for each Interest Payment Date have been calculated based on the principal amount of Series 2024A Premium PAC Bonds projected to remain outstanding, after taking into account scheduled principal payments and projected redemptions (including monthly redemptions) of the Series 2024A Premium PAC Bonds from Prepayments and surplus revenues. The projected Outstanding Bond Amounts are based on various assumptions, including (i) the assumptions stated under “Structuring Assumptions and Risks,” (ii) an expected purchase schedule for the GNMA Certificates, and (iii) Prepayments and surplus revenues resulting from a constant 100% PSA prepayment speed for the GNMA Certificates. See generally “Structuring Assumptions and Risks.”

The applicable “400% PSA Outstanding Bond Amount for All Series 2024A Bonds” is the amount set forth in the third column of Appendix D for the Interest Payment Date on which the redemption of the Series 2024A Bonds could occur. The amounts in the column for each such date have been calculated based on the principal amount of all Series 2024A Bonds (including Series 2024A Premium PAC Bonds) projected to be outstanding, after taking into account scheduled principal payments and projected redemptions (including monthly redemptions) of Series 2024A Bonds from Prepayments and surplus

revenues. The projected Outstanding Bond Amounts are based on various assumptions, including (i) the assumptions stated under “Structuring Assumptions and Risks,” (ii) an expected purchase schedule for the GNMA Certificates, and (iii) Prepayments with respect to the GNMA Certificates and surplus revenues resulting from a constant 400% PSA prepayment rate. See generally “Structuring Assumptions and Risks.”

Amounts deposited in the Redemption Fund (representing Prepayments with respect to the 2024B proportionate share of the GNMA Certificates and surplus revenues) and allocated to redeem the Series 2024B Bonds shall be applied in the following order of priority:

FIRST, such amounts shall be applied to redeem the Series 2024B Premium PAC Bonds down to the 100% PSA Outstanding Bond Amount for Series 2024B Premium PAC Bonds;

SECOND, after applying the amounts as described in clause FIRST above, and until the outstanding principal amount of all Series 2024B Bonds has been reduced to the applicable 400% PSA Outstanding Bond Amount for all Series 2024B Bonds, any remaining amounts shall be applied to redeem all Series 2024B Bonds, except the Series 2024B Premium PAC Bonds, on a pro rata basis; and

THIRD, after applying the amounts as described in clauses FIRST and SECOND above, any remaining amounts shall be applied to redeem all Series 2024B Bonds, including the Series 2024B Premium PAC Bonds, on a pro rata basis.

The applicable “100% PSA Outstanding Bond Amount for Series 2024B Premium PAC Bonds” is the amount set forth in the fourth column of Appendix D for the Interest Payment Date on which the redemption of Series 2024B Premium PAC Bonds could occur. The amounts in the column for each Interest Payment Date have been calculated based on the principal amount of Series 2024B Premium PAC Bonds projected to remain outstanding, after taking into account scheduled principal payments and projected redemptions (including monthly redemptions) of the Series 2024B Premium PAC Bonds from Prepayments and surplus revenues. The projected Outstanding Bond Amounts are based on various assumptions, including (i) the assumptions stated under “Structuring Assumptions and Risks,” (ii) an expected purchase schedule for the GNMA Certificates, and (iii) Prepayments and surplus revenues resulting from a constant 100% PSA prepayment rate. See generally “Structuring Assumptions and Risks.”

The applicable “400% PSA Outstanding Bond Amount for All Series 2024B Bonds” is the amount set forth in the fifth column of Appendix D for the Interest Payment Date on which the redemption of the Series 2024A Bonds could occur. The amounts in the column for each such date have been calculated based on the principal amount of all Series 2024B Bonds (including Series 2024B Premium PAC Bonds) projected to be outstanding, after taking into account scheduled principal payments and projected redemptions (including monthly redemptions) of Series 2024B Bonds from Prepayments and surplus revenues. The projected Outstanding Bond Amounts are based on various assumptions, including (i) the assumptions stated under “Structuring Assumptions and Risks,” (ii) an expected purchase schedule for the GNMA Certificates, and (iii) Prepayments with respect to the GNMA Certificates and surplus revenues resulting from a constant 400% PSA prepayment rate. See generally “Structuring Assumptions and Risks.”

The Outstanding Bond Amounts in Appendix D are subject to reduction if Bonds are subject to mandatory redemption from unexpended moneys in the Program Fund (as described above). In such case, the amounts in the table shall be reduced, on a pro rata basis, by the principal amount of Bonds so redeemed. In addition, the Bonds are subject to redemption on a monthly basis from amounts in the Redemption Fund as described above (see “The Bonds—Redemption of Bonds—Mandatory Redemption from Prepayments and Surplus Revenues”), and the Indenture sets forth the Outstanding Bond Amounts as of the first day of each month.

Selection Procedure for Optional Redemption. If Bonds are subject to optional redemption in part, the Bonds to be redeemed shall be selected on a pro rata basis.

Other Selection Provisions. Bonds (or portions thereof) shall be redeemed in a principal amount equal to \$5,000 or any integral multiple thereof, with each \$5,000 of principal amount to be redeemed considered as one Bond. For purposes of determining Bonds or portions thereof to be redeemed within a single maturity, Bonds shall be selected by lot in a manner chosen by the Trustee.

If less than all of the Bonds within a maturity are being redeemed, DTC's current practice is to determine by lot the amount of the interest of each DTC Lender (as hereinafter defined) in such maturity to be called for redemption and each DTC Lender is then to select by lot the ownership interests in such maturity to be redeemed. See "Appendix B—Book Entry Only System" herein.

Notice of Redemption

Notice of redemption of the Bonds shall be sent not less than twenty (20) days, but not more than sixty (60) days, prior to the redemption date, except that in the case of a mandatory redemption due to nonorigination, such notice shall be sent not less than five (5) days prior to the redemption date.

Neither the failure of an Owner to receive notice of redemption nor any defect in any notice so mailed will affect the sufficiency of the proceedings for the redemption of any Bond of such Owner; and neither the failure to mail a redemption notice to a particular Owner nor any defect in any such notice so mailed will affect the sufficiency of any of the proceedings for the redemption of any Bond.

Purchase of Bonds in Lieu of Redemption

If at any time Bonds are subject to redemption, in lieu of such redemption the Issuer may direct the Trustee to purchase Bonds which would otherwise be subject to redemption, at a purchase price equal to or less than the related redemption price. Any such purchase must be completed prior to the time notice would otherwise be required to be given to redeem the Bonds and may not occur, without the consent of the Trustee, after a Record Date. All Bonds so purchased shall be canceled by the Trustee and the face amount of the Bonds so purchased shall be applied as a credit against the Issuer's obligation to redeem such Bonds from such moneys.

Additional Bonds

No additional bonds may be issued under the Indenture.

SECURITY FOR THE BONDS

General

The Bonds are special, limited obligations of the Issuer, payable solely out of the revenues, receipts, and security pledged therefor under the Indenture. The Bonds do not constitute a general obligation or indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation. The Bonds do not constitute a debt or obligation of the State of Texas, or any political subdivision, agency or instrumentality thereof, and shall not constitute a lien on or pledge of any property of the Issuer except as provided in the Indenture. The Issuer has no taxing power. The Bonds are not obligations of, or guaranteed by, the United States of America, GNMA or any other agency of the United States of America.

Under the Indenture, the Bonds are secured by an assignment and pledge of, and security interest in, (i) all right, title and interest of the Issuer in the GNMA Certificates, (ii) all right, title and interest of the Issuer in the Servicing Agreement and the Lender Agreements, (iii) any moneys and securities (including Investment Securities) held in any Fund established under the Indenture (except the Excess Interest Portion Fund, the Program Expense Fund, the Cost of Issuance Fund or any Rebate Amount in any Fund), (iv) right, title and interest of the Issuer to the Revenues, and (v) any and all property held by the Trustee as additional security under the Indenture.

The Servicer is obligated to pay the principal of and interest on the GNMA Certificates in an amount equal to (i) the scheduled principal and interest due on the underlying Mortgage Loans (less the related servicing and guaranty fees), whether or not the Servicer has received such principal and interest payments on the underlying Mortgage Loans, and (ii) prepayments on the underlying Mortgage Loans received by the Servicer. GNMA guarantees the timely payment of principal of and interest on the GNMA Certificates. See “GNMA Mortgage-Backed Certificate Program.”

Moneys in the Program Fund (pending purchase of GNMA Certificates) and the Capitalized Interest Fund will be invested in Investment Securities and all amounts so invested will be pledged as security for the Bonds.

GNMA MORTGAGE-BACKED CERTIFICATE PROGRAM

The summary of the GNMA Mortgage-Backed Certificate Program, GNMA Certificates and other documents referred to herein does not purport to be comprehensive and is qualified in its entirety by reference to the applicable GNMA guide or guides and to the GNMA Certificates and other documents for full and complete statements of their provisions.

None of the Issuer, the Trustee, the Underwriter, the Financial Advisor, Bond Counsel, Disclosure Counsel or counsel to the Underwriter has independently verified such information, and none assumes responsibility for the accuracy of such information.

GNMA is a wholly owned corporate instrumentality of the United States within the Department of Housing and Urban Development (“HUD”), with its principal office in Washington, D.C. GNMA is authorized by Section 306(g) of Title III of the National Housing Act, as amended (the “Housing Act”), to guarantee the timely payment of the principal of, and interest on, certificates which represent an undivided interest in a pool of mortgage loans insured by FHA under the Housing Act or Title V of the Housing Act of 1949, or guaranteed by VA under the Servicemen’s Readjustment Act of 1944, as amended, of Chapter 37 of Title 38, United States Code. Section 306(g) further provides that “the full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under any guaranty under this subsection.” An opinion, dated October 12, 1969, of an Assistant Attorney General of the United States, states that such guaranties under Section 306(g) of mortgage-backed certificates of the type to be delivered to the Trustee on behalf of the Issuer are authorized to be made by GNMA and “would constitute general obligations of the United States backed by its full faith and credit.” In order to meet its obligations under such guaranties, GNMA, in its corporate capacity under Section 306(d) of Title III of the Housing Act, may issue its general obligations to the United States Treasury Department in an amount outstanding at any one time sufficient to enable GNMA, with no limitations as to amount, to perform its obligations under its guaranties of the timely payment of the principal of or interest on all GNMA Certificates. The Treasury is authorized to purchase any obligations so issued by GNMA and has indicated in a letter dated February 13, 1970, from the Secretary of the Treasury to the Secretary of HUD that the Treasury will make loans to GNMA, if needed, to implement GNMA’s guaranties. Under the terms of its guaranties, GNMA warrants that, in the event it is called upon at any time to make payment on its guaranties, it will, if necessary, in accordance with Section 306(d) of Title III of the Housing Act, apply to the Treasury Department of the United States for a loan or loans in amounts sufficient to make payments of principal and interest.

To issue GNMA Certificates, the Servicer is required first to apply to and receive from GNMA a Commitment to Guarantee Mortgage-Backed Securities (“GNMA Commitment”). A GNMA Commitment authorizes the Servicer to issue GNMA Certificates up to a stated amount during a one-year period following the date thereof. The Servicer is obligated to pay the GNMA commitment fees. The Servicer is also obligated to pay the monthly GNMA guaranty fees.

Each GNMA Certificate is to be backed by a mortgage pool consisting of Mortgage Loans in a minimum aggregate amount approved by GNMA. Each GNMA I Certificate will be a “mortgage loan pass-through” certificate which will require the Servicer to pass through to the paying and transfer agent therefor (the “GNMA Paying Agent”) by the fifteenth day of each month (or the sixteenth day, if such day is not a business day, provided that, if neither the fifteenth nor the sixteenth day is a business day, then the first business day prior to the fifteenth day of the month), the regular monthly payments on the Mortgage Loans (less the GNMA guaranty fee and the Servicer’s servicing fee), whether or not the Servicer receives such payments, plus any prepayments of principal of the Mortgage Loans received by the Servicer in the previous month. Each GNMA II Certificate will require the Servicer to pass through to the GNMA Paying Agent, by the nineteenth day of each month (or the twentieth day, if such day is not a business day; provided that, if neither the nineteenth nor the twentieth day is a business day, then the first business day prior to the nineteenth day of the month), the regular monthly payments on the Mortgage Loans (less the GNMA guaranty fee and the Servicer’s servicing fee), whether or not the Servicer receives such payments, plus any prepayments of principal of the Mortgage Loans received by the Servicer in the previous month. The GNMA Paying Agent is then required to pass through to the Trustee on or before the third business day following the nineteenth day of each month the scheduled payments received from the Servicer. GNMA guarantees timely payment of principal of and interest with respect to the GNMA Certificate.

GNMA, upon execution of the GNMA Guaranty Agreement, issuance of a GNMA Certificate by the Servicer, and subsequent sale of such GNMA Certificate to the Trustee, will have guaranteed to the Trustee as holder of such GNMA Certificate the timely payment of principal of and interest on such GNMA Certificate.

FLOW OF FUNDS

The Trustee will create the following funds under the Indenture: (i) Program Fund; (ii) Capitalized Interest Fund; (iii) Revenue Fund; (iv) 2024A Interest Fund; (v) 2024B Interest Fund; (vi) 2024A Principal Fund; (vii) 2024B Principal Fund; (viii) Redemption Fund; (ix) Excess Interest Portion Fund; (x) Program Expense Fund; (xi) Rebate Fund and (xii) Cost of Issuance Fund. The Excess Interest Portion Fund, the Program Expense Fund, the Rebate Fund and the Cost of Issuance Fund will not be pledged as security for the Bonds.

Interest earnings on the Program Fund, the Capitalized Interest Fund, the Revenue Fund, the 2024A Interest Fund, the 2024B Interest Fund, the 2024A Principal Fund, the 2024B Principal Fund and the Redemption Fund will be deposited in the Revenue Fund. The Excess Interest Portion Fund, the Program Expense Fund, the Rebate Fund and the Cost of Issuance Fund will each retain its interest earnings.

Program Fund

See “Sources and Uses of Funds” for a description of the moneys to be initially deposited in the Program Fund. All moneys initially deposited in the Program Fund and the Capitalized Interest Fund will be invested in Investment Securities. A portion of the proceeds of the Bonds deposited into the Program Fund will be used to purchase a GNMA Certificate (CUSIP number 3618BRTY0) on or about March 21, 2024, which was originated after October 24, 2023 and prior to March 6, 2024 (the “Issuance Date”), and is currently outstanding in the amount of \$1,375,077 (the “2023A GNMA Certificate”). The 2023A GNMA Certificate Pass-Through Rate is 5.25%.

Moneys in the Program Fund are to be applied as follows:

- (i) to purchase Investment Securities;
- (ii) to purchase GNMA Certificates at the Certificate Sale Price on each Certificate Sale Date during the Certificate Purchase Period; and
- (iii) to apply any remaining balance in the Program Fund to the redemption of Bonds on the Nonorigination Redemption Date (see “The Bonds—Redemption of Bonds—Mandatory Redemption Due to Nonorigination”).

Any unexpended Issuer contributions after the application as set forth above shall be returned to the Issuer.

Moneys in the Program Fund will be used only to purchase GNMA Certificates meeting the requirements set forth in the Indenture and the Agreements.

Capitalized Interest Fund

See “Sources and Uses of Funds” for a description of the moneys to be initially deposited in the Capitalized Interest Fund. Amounts in the Capitalized Interest Fund shall be used to pay interest on the Bonds and Program Expenses and make any required transfer to the Rebate Fund, to the extent insufficient amounts are available for such purpose in the Revenue Fund or the Rebate Fund. Amounts remaining in the Capitalized Interest Fund on December 1, 2024 (or such later date established in connection with an extension of the Nonorigination Redemption Date) that are not required to be transferred to the Rebate Fund shall be released from the lien of the Indenture and transferred to the Issuer.

Cost of Issuance Fund

Amounts deposited in the Cost of Issuance Fund will be used to pay for the costs of issuing the Bonds and for any other purpose set forth in the Indenture; any balance remaining in the Cost of Issuance Fund will be paid to the Issuer in accordance with the provisions of the Indenture. *Amounts deposited in the Cost of Issuance Fund will not be pledged as security for the Bonds.*

Revenue Fund

Upon receipt of each GNMA Certificate interest payment, the Trustee shall calculate the Issuer’s Excess Interest Portion relating to such payment and shall deposit such amount in the Excess Interest Portion Fund.

All Revenues as and when received shall be deposited in the Revenue Fund (except as described in the Indenture with respect to a portion of the first payment of interest with respect to each GNMA Certificate which shall be remitted to the Servicer).

On or before the first Business Day of a month, the Trustee shall transfer, from amounts deposited in the Revenue Fund during the prior month, the following amounts to the following Funds, in the following order of priority:

- (a) to the 2024A Interest Fund, the amount necessary, together with any moneys then on deposit in such Fund, to pay the interest due and payable on the Series 2024A Bonds on the next Interest Payment Date;

(b) to the 2024B Interest Fund, the amount necessary, together with any moneys then on deposit in such Fund, to pay the interest due and payable on the Series 2024B Bonds on the next Interest Payment Date;

(c) to the 2024A Principal Fund, the amount necessary, together with any moneys then on deposit in such Fund, to pay the principal due and payable on the Series 2024A Bonds (by maturity or by sinking fund redemption) on the next Interest Payment Date;

(d) to the 2024B Principal Fund, the amount necessary, together with any moneys then on deposit in such Fund, to pay the principal due and payable on the Series 2024B Bonds (by maturity or by sinking fund redemption) on the next Interest Payment Date;

(e) to the Rebate Fund, any Rebate Amount specified by the Rebate Analyst;

(f) to the Program Expense Fund, the amount necessary, together with any moneys then on deposit in such Fund, to pay the Program Expenses due and payable on the next Interest Payment Date; and

(g) any balance shall be transferred to the Redemption Fund; provided that a minimum balance of \$5,000 shall be retained in the Revenue Fund.

Notwithstanding the foregoing paragraph (including clauses (a) through (g)), on and before September 1, 2024, all GNMA Certificate principal payments, including scheduled principal payments and Prepayments, shall be transferred directly from the Revenue Fund to the Redemption Fund. The September 1, 2024 date may be extended one or more times, by written notice from the Issuer to the Trustee, in connection with any extension of the Nonorigination Redemption Date.

Notwithstanding the foregoing, upon the optional redemption of the Bonds, amounts for such redemptions shall be deposited in special accounts of the Revenue Fund and applied to the redemption of Bonds on the applicable redemption date.

Interest Funds

Amounts in the 2024A Interest Fund and 2024B Interest Fund are required to be used to pay the interest due and payable on the Bonds.

If at any time the amount in the 2024A Interest Fund or 2024B Interest Fund is insufficient to pay interest on the Bonds when due, the Trustee is required to transfer to the 2024A Interest Fund or 2024B Interest Fund, as applicable, the amount of such deficiency by withdrawing said amount from the following Funds in the following order of priority: (i) the Capitalized Interest Fund, (ii) the Revenue Fund, (iii) the Redemption Fund (but not for amounts for which notice of redemption has been given), and (iv) the 2024A Principal Fund and 2024B Principal Fund, as applicable, proportionally (based on the respective Outstanding Bonds).

Principal Funds

The Trustee is required to apply amounts on deposit in the 2024A Principal Fund and 2024B Principal Fund to pay principal of the Bonds as the same shall become due and payable (including payment due by maturity or by sinking fund redemption).

In the event that the amount in the 2024A Principal Fund or 2024B Principal Fund is insufficient to pay the principal of the Bonds when due, the Trustee shall transfer to the 2024A Principal Fund or 2024B

Principal Fund, as applicable, the amount of such deficiency by withdrawing said amount from the following Funds in the following order of priority: (i) the Revenue Fund and (ii) the Redemption Fund (but not with respect to amounts for which notice of redemption has been given).

Redemption Fund

Amounts in the Redemption Fund are required to be applied to pay the principal of, and premium, if any, on the Bonds as described under “The Bonds—Redemption of Bonds.”

Program Expense Fund

Amounts in the Program Expense Fund are required to be used and withdrawn by the Trustee for the purpose of paying Program Expenses relating to the Bonds when due. *Amounts deposited in the Program Expense Fund will not be pledged as security for the Bonds.*

Excess Interest Portion Fund

Amounts in the Excess Interest Portion Fund are required to be used and withdrawn by the Trustee for the purpose of paying the Issuer’s Excess Interest Portion when due. *Amounts deposited in the Excess Interest Portion Fund will not be pledged as security for the Bonds.*

Rebate Fund

The Rebate Analyst is required to calculate the Rebate Amount no later than the 5th anniversary of the date of delivery of the Series 2024A Bonds (and every five years thereafter) and upon retirement of the last Series 2024A Bond. No later than 60 days after the 5th anniversary of the delivery date of the Series 2024A Bonds (and every five years thereafter), there is required to be paid to the United States an amount that ensures that 90% of the Rebate Amount will have been paid to the United States. Not later than 60 days after retirement of the Series 2024A Bonds any unpaid Rebate Amount shall be paid to the United States. *Any Rebate Amount will not be pledged as security for the Bonds.*

STRUCTURING ASSUMPTIONS AND RISKS

The foregoing is intended only as a summary of certain risk factors attendant to an investment in the Bonds. In order for potential investors to identify risk factors and make an informed investment decision, potential investors should be thoroughly familiar with this entire Official Statement and the documents referred to herein.

General

The Premium PAC Bonds and the Premium Term Bonds will be sold at a price in excess of their principal amount. Each Bond purchaser (including secondary market purchasers) should consider that the Bonds of each maturity are subject to redemption (or purchase in lieu of redemption) at par (except for mandatory redemptions of the Premium PAC Bonds and the Premium Term Bonds from unexpended funds in the Program Fund on the Nonorigination Redemption Date) from various sources, including mandatory sinking fund payments, amounts in the Redemption Fund (which represent Prepayments and surplus revenues), and from optional redemptions described herein. See “The Bonds—Redemption of Bonds.”

The ability of the Issuer to pay principal of and interest on the Bonds depends upon the receipt of sufficient and timely payments of principal of and interest on the GNMA Certificates and the investment

of moneys held under the Indenture in Investment Securities. Timely payment of principal and interest on the Bonds is anticipated to occur based on numerous assumptions, including, but not limited to, the following assumptions:

1. GNMA Certificates with an aggregate principal balance equal to approximately \$73,624,923, and bearing interest at the Pass-Through Rate of 6.00% per annum will be acquired by the Trustee during the Certificate Purchase Period from moneys in the Program Fund. The Mortgage Loans will have terms of 30 years and bear interest at the rate of 6.50% per annum. The Mortgage Loan Rate and the Pass-Through Rate are subject to increase or decrease if the conditions set forth in the Indenture are met. Additionally, the 2023A GNMA Certificate with a maximum principal balance of \$1,375,077 and bearing a Pass-Through Rate of 5.25% will be acquired by the Trustee on or about March 21, 2024 from moneys in the Program Fund.

2. Payments on the GNMA Certificates will be made on a timely basis.

3. Timely payment of interest and principal of Investment Securities purchased with moneys on deposit in the Program Fund, the Capitalized Interest Fund, the Revenue Fund and the Redemption Fund.

4. The Trustee will redeem Bonds on a timely basis in accordance with the provisions of the Indenture.

5. The Issuer's Excess Interest Portion and the Program Expenses will be paid on a timely basis and in the correct amounts.

The assumptions set forth above are only assumptions, are not complete, and subsequent events may not correspond to such assumptions. Moneys in the Cost of Issuance Fund, the Excess Interest Portion Fund, the Program Expense Fund and any Rebate Amount will not be available to pay the Bonds.

Risks of Nonorigination

There are numerous reasons why Mortgage Loans may not be originated. One significant risk is the availability of other loan programs, including programs offered by other housing finance agencies, corporations, authorities or other profit or nonprofit entities in the State of Texas, that have loan terms which are more attractive than those offered by the Program, such as lower mortgage rates or greater down payment and closing cost assistance. Another significant risk is that prevailing mortgage interest rates could decline sufficiently to make the terms of the Mortgage Loans unattractive to potential homebuyers. If interest rates decline and the Program is rendered less attractive, the Issuer may determine to issue a new series of bonds that would offer more attractive Mortgage Loan terms. No assurance can be given that the interest rate and payment assistance offered by the Program on the Mortgage Loans will be competitive, or will remain competitive, with other mortgage loans available to eligible mortgagors, including other programs offered by the Issuer.

It is also possible that administrative problems relating to the Program could occur, such as the failure of Lenders to timely submit loan files or sell Mortgage Loans to the Servicer, defective loan files, or the failure of the Servicer to timely purchase Mortgage Loans from Lenders. In addition, the Servicer could fail to pool the Mortgage Loans on a timely basis, fail to convert such pools into GNMA Certificates, or fail to sell the GNMA Certificates to the Trustee on a timely basis.

Further, GNMA could take actions relating to their guaranty or change existing procedure that would result in an inability to timely deliver GNMA Certificates to the Trustee. Under the Program, the Servicer is required to pool Mortgage Loans into GNMA Certificates only, and therefore any changes in

the GNMA Certificate program could adversely affect origination of the Mortgage Loans and the delivery of GNMA Certificates for purchase by the Trustee. See “The Program—General.”

If for any reason described in the preceding three paragraphs, or for any other reason, moneys in the Program Fund are not applied to the purchase of GNMA Certificates, unexpended moneys in such Fund will be applied to the mandatory redemption of Bonds on the Nonorigination Redemption Date. See “The Bonds—Redemption of Bonds—Mandatory Redemption Due to Nonorigination.”

The dollar amount of commitments to guarantee securities that GNMA can approve and the dollar amount that FHA, VA and USDA-RHS can insure or guarantee in any federal fiscal year are limited by statute and administrative procedures. If an appropriation act is not passed in any federal fiscal year or if GNMA, FHA, VA or USDA-RHS reaches the limit of its authority, or if the FHA maximum loan limit is reduced, or if GNMA, in its sole discretion, or the federal government, alters or amends the GNMA I or II mortgage-backed securities program in such a way as to prevent the Lenders from originating Mortgage Loans, the Lenders might not be able to originate Mortgage Loans and the Servicer may not be able to issue and deliver GNMA Certificates in the anticipated principal amount. In addition, the Servicer may become unqualified to issue GNMA Certificates and a successor Servicer may have to be appointed. The failure to originate Mortgage Loans, or the inability of the Servicer or any other person to issue GNMA Certificates, or the failure to deliver GNMA Certificates to the Trustee in the anticipated amount, would result in the mandatory redemption of Bonds. See “The Bonds—Redemption of Bonds—Mandatory Redemption Due to Nonorigination.”

Risks of Remedies and Loss of Tax-Exemption on Bonds

The remedies available upon an Event of Default under the Indenture, the Servicing Agreement, the Lender Agreements, the Continuing Disclosure Agreement or other documents or agreements relating to the Bonds or the Program, or if a default occurs with respect to any Investment Security, are in many respects dependent upon regulatory and judicial actions which are often subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, including specifically Title 11 of the United States Code, the remedies specified by the applicable documents may not be readily available or may be limited.

The various legal opinions to be delivered with respect to the Bonds and the Program will be qualified as to the enforceability of the various legal instruments by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

Under certain circumstances, interest on the Bonds may be subject to federal income taxation, including on a retroactive basis. See “Tax Matters.”

Average Life of Bonds

The maturities of the Bonds have been fixed based in part on the assumption that there will be no principal prepayments of the GNMA Certificates; however, it is anticipated that significant prepayments of the Mortgage Loans backing the related GNMA Certificates will in fact occur so that the Bonds will be paid in advance of their stated maturity dates. “Weighted average life” refers to the average amount of time that will elapse from the date of issuance of a security until each dollar of principal of such security will be repaid to the investor. The weighted average life of each maturity of the Bonds will be influenced by the rate of principal payment of the Mortgage Loans underlying the GNMA Certificates. Principal payments may be in the form of scheduled principal payments or prepayments (for this purpose, the term “prepayment” includes prepayments and liquidations due to default or other disposition of the Mortgage Loans, including payments on the FHA Insurance, the USDA-RHS guaranty or the VA guaranty).

Prepayments on loans such as the Mortgage Loans underlying the GNMA Certificates are commonly measured by a prepayment standard or months. The model used in the following discussion is The Bond Market Association (formerly the Public Security Association) prepayment standard or model (the “PSA Prepayment Model”). The PSA Prepayment Model is based on an assumed rate of prepayment each month of the then unpaid principal balance of the mortgage loans. 100% of the PSA Prepayment Model assumes a prepayment rate of .2% per annum of the unpaid principal balance of the mortgage loans for the first month of the life of the related Mortgage Loans, increasing by .2% each month for the next 29 months of the life of the related mortgage loans, and then assumes a constant prepayment rate of 6% per annum of the unpaid principal balance for the remaining life of the related mortgage loans.

As used in the following tables, “0% PSA” assumes no prepayments on the principal of the GNMA Certificates. “25% PSA” assumes the principal of the GNMA Certificates will prepay at a rate .25 times as fast as the prepayment rates for the 100% PSA Prepayment Model. “50% PSA” assumes the principal of the GNMA Certificates will prepay at a rate .5 times as fast as the prepayment rates for 100% of the PSA Prepayment Model. “75% PSA” assumes the principal of the GNMA Certificates will prepay at a rate .75 times as fast as the prepayment rates for 100% the PSA Prepayment Model. “100% PSA” assumes the principal of the GNMA Certificates will prepay at a rate equal to the prepayment rate for 100% of the PSA Prepayment Model. “150% PSA” assumes the principal of the GNMA Certificates will prepay at a rate 1.5 times as fast as the prepayment rates for 100% of the PSA Prepayment Model. “200% PSA” assumes the principal of the GNMA Certificates will prepay at a rate 2 times as fast as the prepayment rates for 100% of the PSA Prepayment Model. “300% PSA” assumes the principal of the GNMA Certificates will prepay at a rate 3 times as fast as the prepayment rates for the 100% of PSA Prepayment Model. “350% PSA” assumes the principal of the GNMA Certificates will prepay at a rate 3.5 times as fast as the prepayment rates for the 100% of PSA Prepayment Model. “400% PSA” assumes the principal of the GNMA Certificates will prepay at a rate 4 times as fast as the prepayment rates for 100% of the PSA Prepayment Model. “450% PSA” assumes the principal of the GNMA Certificates will prepay at a rate 4.5 times as fast as the prepayment rates for 100% of the PSA Prepayment Model. “500% PSA” assumes the principal of the GNMA Certificates will prepay at a rate 5 times as fast as the prepayment rates for 100% of the PSA Prepayment Model.

[Remainder of Page Intentionally Left Blank]

The figures in the tables set forth below were computed using the assumptions previously listed and various additional assumptions, including an assumption that GNMA Certificates are purchased by the Trustee in accordance with an expected draw schedule with a weighted average midpoint purchase date of approximately May 7, 2024, and that the Bonds are not optionally redeemed. There can be no assurance that such assumptions will in fact prove accurate.

There is no assurance that prepayment of the GNMA Certificate principal will conform to any level of the PSA Prepayment Model. The rate of principal payments on pools of single family mortgage loans (such as the Mortgage Loans backing the GNMA Certificates) is influenced by a variety of economic, geographic, social and other factors, including the level of mortgage interest rates and the rate at which homeowners sell their homes or default on their mortgage loans. In general, if prevailing interest rates fall significantly, mortgage loans are likely to be subject to higher prepayment rates than if prevailing rates remain at or above the interest rates on such mortgage loans. Conversely, if interest rates rise, the rate of prepayment would be expected to decrease. Other factors affecting prepayment of mortgage loans include

changes in mortgagors' housing needs, job transfers, unemployment and mortgagors' net equity in the mortgaged properties. In addition, as homeowners move or default on their mortgage loans, the houses are generally sold and the mortgage loans prepaid, although under certain circumstances the mortgage loans may be assumed by a new buyer. Mortgage Loans may also be terminated prior to final maturity as a result of condemnation, casualty loss or noncompliance with the Program. There is no reliable statistical base with which to predict the level of prepayment in full or other early termination of the Mortgage Loans and the resulting effect on the average life of the Bonds. Because of the foregoing and since the rate of prepayment of principal of each Bond will depend on the rate of repayment (including prepayments) of the GNMA Certificates (which are backed by the Mortgage Loans), the actual maturity of any Bond cannot be predicted, but is likely to occur earlier than its stated maturity.

Prepayment and Redemption Considerations

The Trustee will receive scheduled payments and prepayments of the principal of each of the GNMA Certificates. Prepayments consist of all principal payments in excess of the regularly scheduled principal payments on the GNMA Certificates, including, but not limited to, payments representing: (i) optional prepayments of Mortgage Loans, (ii) casualty insurance proceeds or condemnation awards applied to the prepayment of Mortgage Loans following a partial or total destruction or condemnation of a residence, (iii) mortgage insurance or guaranty proceeds or other amounts received with respect to Mortgage Loans following acceleration thereof upon the occurrence of an event of default thereunder, (iv) prepayments of the Mortgage Loans required pursuant to applicable rules, regulations, policies and procedures of FHA, USDA/RD, VA or GNMA, (v) prepayments of the Mortgage Loans without notice while under supervision of a trustee in bankruptcy, and (vi) prepayments of the Mortgage Loans in connection with the modification of such loans that results in the removal of Mortgage Loans from the pool of loans backing the related GNMA Certificates (see "Developments in the Residential Mortgage Market May Adversely Affect Bond Yield" below). Prepayments are usually the result of the resale of the premises securing a Mortgage Loan or the refinancing of a Mortgage Loan due to changes in mortgage interest rates. Therefore, economic and financial market conditions may have a significant effect on the rate of prepayments. The Issuer is not aware of any means which would allow it to accurately predict the actual level of prepayments it will receive from the GNMA Certificates. Prepayments with respect to the GNMA Certificates allocated to the Bonds will be applied to the special redemption from revenues of the Bonds at the price and in accordance with the procedures described under the heading "THE BONDS – Redemption of Bonds" herein.

Developments in the Residential Mortgage Market May Adversely Affect Bond Yield

The residential mortgage market in the United States has experienced a variety of difficulties and changed economic conditions that may adversely affect the performance and market value of mortgage revenue bonds. In response to increased delinquencies and losses with respect to residential mortgage loans, the federal government, state governments, consumer advocacy groups and others have urged aggressive action to modify mortgage loans to avoid foreclosures and, in response, certain mortgage servicers have established foreclosure avoidance programs for borrowers. In addition, numerous laws, regulations and rules relating to mortgage loans generally, and foreclosure actions particularly, have been enacted by federal, state and local governmental authorities and it is likely that additional laws, regulations and rules will be proposed. These laws, regulations and rules, together with judicial decisions, may result in delays in the foreclosure process, reduced payments by borrowers, modification of the original terms of the mortgage loans (including the Mortgage Loans), including permanent forgiveness of debt, increased prepayments due to the availability of government-sponsored refinancing initiatives and/or increased reimbursable mortgage servicing expenses. Several courts have also taken unprecedented steps to slow the foreclosure process or prevent foreclosure altogether.

Any modification of a Mortgage Loan may result in the removal of such Mortgage Loan from the pool of loans backing the related GNMA Certificate. The principal balance of the removed Mortgage Loan will be distributed on the related GNMA Certificate and will affect expected timing of distributions of principal on the GNMA Certificates, and, therefore, the Bonds. Bondholders bear the risk that modifications of the Mortgage Loans may reduce the yield on any Bonds purchased at a premium.

Yield and Prepayment Considerations

The Bonds will be sensitive to the rate and the timing of principal payments and prepayments on the respective Mortgage Loans. As a result, actual weighted average lives of the Bonds may vary substantially over the lives of such Bonds. The yield to the holders of Bonds purchased at a discount or premium will be affected by the actual rate of principal prepayments on the Mortgage Loans to the extent such prepayments affect principal payments on the GNMA Certificates. A lower rate of principal prepayments than expected on the GNMA Certificates would negatively affect the yield on the Bonds sold at a discount, and a higher rate of prepayments than expected would negatively affect the yield on the Bonds sold at a premium. Because it is impossible to predict with any accuracy the timing and dollar amount of principal prepayments that will be made on the GNMA Certificates, investors may find it difficult to analyze the effect of prepayments on the yield on the Bonds.

Rating Downgrade

Because the GNMA Certificates are guaranteed by GNMA, any downgrade in the sovereign credit rating of the United States of America by Moody's (see "RATING" herein) likely would result in a downgrade of the Bonds by Moody's. Any reduction of the rating in effect for the Bonds may adversely affect their market price. See "RATING" herein.

Substitution of Rating Agencies

The Bonds have been assigned a long-term credit rating as more fully described under "RATING" herein. Pursuant to the Indenture, the Issuer may substitute such long-term rating with a substantially equivalent rating provided by another nationally recognized statistical rating organization providing long-term ratings with respect to obligations similar to the Bonds. No consent of the holders of any Bonds shall be required in connection with such substitution.

Business Disruption Risk

General. Certain external events, such as pandemics, natural disasters, severe weather, technological emergencies, riots, acts of war or terrorism or other circumstances, could potentially disrupt the Issuer's ability to conduct its business. A prolonged disruption in the Issuer's operations could have an adverse effect on the Issuer's financial condition and results of operations. To plan for and mitigate the impact such an event may have on its operations, the Issuer has developed a Business Continuity and Disaster Recovery Plan (the "Plan"). The Plan is designed to aid the Issuer in (i) taking all reasonable and practical steps to minimize possible exposure to a disaster or potentially damaging event, (ii) initiating reasonable and appropriate recovery steps in the event of a disaster or potentially damaging event, and (iii) providing for continuity of operations in the event of a disaster or potentially damaging event. No assurances can be given that the Issuer's efforts to mitigate the effects of a disaster or potentially damaging event will be successful in preventing any and all disruptions to its operations should such a disaster or potentially damaging event occur.

Cybersecurity. The Issuer relies on a complex technology environment to conduct its operations. As a recipient and provider of personal, private and sensitive information, the Issuer faces multiple cyber

threats including, but not limited to, hacking, viruses, malware, ransomware, phishing, business email compromise, and other attacks on computers and other sensitive digital networks, systems, and assets. Housing finance authorities and other public finance entities have been targeted by outside third parties, including technically sophisticated and well-resourced actors, attempting to misappropriate assets or information or cause operational disruption and damage. Further, third parties, such as hosted solution providers, that provide services to the Issuer, could also be a source of security risk in the event of a failure of their own security systems and infrastructure.

The Issuer uses a layered approach that employs sound operational strategies and security technology solutions to secure against, detect, and mitigate the effects of cyber threats on its infrastructure and information assets. The Issuer conducts regular information security and privacy awareness training that is mandatory for all Issuer staff and regularly conducts risk assessments and tests of its cybersecurity systems and infrastructure. The Issuer's Managed IT Service Provider and Controller focuses on and leads the efforts of the Issuer to keep its cyber assets secure.

Despite its efforts, no assurances can be given that the Issuer's security and operational control measures will be successful in guarding against any and each cyber threat and attack, especially because the techniques used are increasingly sophisticated, change frequently, are complex, and are often not recognized until launched. To date, cyber attacks have not had a material impact on the financial condition, results or business of the Issuer; however, the Issuer is not able to predict the severity of these attacks. The results of any attack on the Issuer's computer and information technology systems could impact its operations for an unknown period of time, damage the Issuer's digital networks and systems, and damage the Issuer's reputation, financial performance, and customer or vendor relationships. Such an attack could also result in litigation or regulatory investigations or actions, including regulatory actions by state and federal governmental authorities. The costs of remedying any such damage could be substantial and such damage to the Issuer's reputation and relationships could adversely affect the Issuer's ability to make loans and issue Bonds in the future.

THE PROGRAM

General

The Issuer has established the Program pursuant to the Act as a means of financing the cost of single family residential housing which will provide affordable housing for Eligible Borrowers within the Eligible Loan Area. Reservations for Mortgage Loans under the Program will commence on or about February 7, 2024.

The Lenders have agreed to originate and sell Mortgage Loans to the Servicer according to the terms and conditions set forth in the Lender Agreements. See "The Lender Agreements." The Servicer will service all the Mortgage Loans in accordance with the terms of the Servicing Agreement. See "Servicing" below and "The Servicing Agreement." The Servicer will pool the FHA-guaranteed, VA-guaranteed and USDA-RHS-guaranteed Mortgage Loans and will issue GNMA Certificates the payments of principal and interest of which are guaranteed by GNMA. See "GNMA Mortgage-Backed Certificate Program."

The Lenders will originate the Mortgage Loans on a first-come, first-served basis in accordance with the terms of a Notice of Availability of Funds issued by the Issuer to the Lenders on or before the beginning of the Mortgage Loan reservation period. The Issuer may issue additional Notices of Availability of Funds during the reservation period.

Under the Program, the Lenders may only originate Mortgage Loans to Eligible Borrowers whose annual income does not exceed 80% of the greater of the state or local median family income.

The Issuer has covenanted to make funds continuously available for a 12-month period to finance Mortgage Loans for Residences located in Targeted Areas, in the total principal amount of \$12,000,000. The 12-month period begins on the first day Mortgage Loans are available for Targeted Areas under the Program.

Origination and Purchase of Mortgage Loans

Each Lender will be required to use its best efforts to originate Mortgage Loans in accordance with the requirements of the Lender Agreement, the Program Guidelines and other applicable Program Documents, including the applicable loan origination, eligibility, credit underwriting and appraisal standards of FHA, VA or USDA-RHS for mortgage loans which are FHA-insured, VA-guaranteed or USDA-RHS guaranteed, respectively. Each Lender is required to deliver all documents specified in the Lender Agreement, the Program Guidelines and other applicable Program Documents that are required for the review and approval of the Mortgage Loans, to the Servicer and the Issuer (as compliance agent) prior to the date the Mortgage Loans are to be purchased by the Servicer.

Each Lender may collect from each Eligible Borrower or Seller, or both, as permitted by law and applicable federal regulations, at the time any Mortgage Loan is made an origination fee in an amount not to exceed 1.00% of the original principal amount of the Mortgage Loan. Lenders also may collect certain other reasonable and customary fees in accordance with the Agreement.

Down Payment Assistance

The Issuer will initially make funds available to provide down payment and closing cost assistance equal to 4% of initial total Mortgage Loan principal (including mortgage insurance premium) for each Mortgage Loan. The assistance will be provided to each Mortgagor at the closing of the Mortgage Loan in the form of a three-year deferred forgivable second lien. The assistance may be used only to pay all or a portion of the down payment and closing costs associated with the related Mortgage Loan or for reductions in principal of such Mortgage Loan. No portion of the assistance is permitted to be paid to the Mortgagor. Upon sale, transfer or refinance of the senior lien or failure to occupy property as principal residence during the 3-year term, the terms require repayment in full.

Mortgage Loan Terms

Each Mortgage Loan will have a term of 30 years, will provide for substantially level monthly payments of principal and interest to be made on the first day of each month and will be in such principal amounts as conform to the eligibility and credit underwriting standards in the Agreements and the limitations of the FHA, VA or USDA-RHS, as applicable, as of the closing date on the Mortgage Loan. Mortgage Loans purchased by the Servicer also must be current in payments of principal and interest, and must be in compliance with the requirements of the GNMA guidelines.

The Mortgage Loan Rate will be initially established at 6.50% per annum. The Mortgage Loan Rate may be increased or decreased from the initial rate if the conditions of the Indenture and the Agreements are met. Any increase or decrease in the Mortgage Loan Rate will result in a corresponding increase or decrease in the Pass-Through Rate of the related GNMA Certificates.

Moneys in the Program Fund will be used to purchase GNMA Certificates backed by Mortgage Loans evidenced by promissory notes secured by deeds of trust on Residences within the Eligible Loan Area. Mortgage Loans originated by Lenders must meet the origination standards set forth in the Lender Agreements and all other Program Documents, including all applicable federal tax requirements.

The acquisition cost of a Residence may not exceed 90% or, in the case of a Residence in a Targeted Area, 110%, of the applicable area purchase price for single family residences in the area in which the Residence is located (the “Maximum Purchase Price”). The initial Maximum Purchase Price limits are based on the safe harbor guidelines set forth in the applicable Internal Revenue Service Revenue Procedure.

In addition, Mortgage Loans will be made only to Eligible Borrowers whose Family Income does not exceed the applicable Maximum Family Income. The Maximum Family Income limits are subject to adjustment from time to time.

Eligible Borrowers are also required to be First-Time Homebuyers except for Residences in Targeted Areas or for qualifying veterans. Further, Mortgage Loans may not be used to refinance existing mortgage loans.

In order to qualify for purchase by the Servicer under the Program, each Mortgage Loan must be FHA-insured, VA-guaranteed or USDA-RHS-guaranteed, and the principal amount of such Mortgage Loan cannot be in excess of the applicable limit imposed by FHA, VA or USDA-RHS, as applicable.

Upon submission of each Mortgage Loan for purchase by the Servicer, the Lender will make certain warranties as to each Mortgage Loan. Further, with respect to each Mortgage Loan, the Eligible Borrower, the Seller and the related Lender are required to submit affidavits (or in the case of the Lender, a certification) regarding compliance with the mortgage eligibility requirements of the Code (and any other requirements of the Program). The Lender Agreements and the Program Guidelines prescribe various procedures to be followed by the Lenders and the Issuer (as compliance agent) in reviewing and verifying the affidavits and information provided by the Eligible Borrower and the Seller.

Servicing

The Servicer will service all Mortgage Loans originated by Lenders and purchased by the Servicer. The Servicer is a GNMA-approved servicer of FHA-insured, VA-guaranteed and USDA-RHS guaranteed mortgage loans. The Servicer will pool the Mortgage Loans into GNMA Certificates and sell them to the Trustee or the Issuer. The Servicing Agreement governs the servicing responsibilities (and other responsibilities) of the Servicer under the Program. The Servicer is required to service the Mortgage Loans in conformity with the applicable GNMA guidelines for servicing. See “The Servicing Agreement.”

In addition to its obligations as described under the caption “GNMA Mortgage-Backed Certificate Program,” the Servicer is required to account for and manage escrows of sums paid by the Mortgagors for payment of taxes, assessments, mortgage and hazard insurance premiums, guaranty premiums and other expenses. Escrows established by the Lenders will be transferred to the Servicer upon purchase of the Mortgage Loans. As compensation for the performance of its servicing duties under the Agreements, the Servicer is entitled to receive a monthly fee equal to one-twelfth of 0.44% of the outstanding principal amount of each Mortgage Loan serviced which backs a GNMA Certificate. Under the Program as it relates to the Bonds, the Servicer will pool the Mortgage Loans exclusively into GNMA Certificates. The Servicer also is entitled to retain assumption fees and late charges.

Under the GNMA Certificates, the Servicer is obligated to make monthly advances, regardless of whether principal and interest payments on the Mortgage Loans or any insurance or guaranty proceeds are actually received by the Servicer, which, with respect to any calendar month, are the aggregate amounts of payments of principal and interest on the Mortgage Loans which were due and payable on or before the first day of such month and which were delinquent as of the close of business on the business day next preceding the remittance date of such month.

The Servicer may be reimbursed for such advance payments made on a Mortgage Loan either from insurance proceeds, guaranty proceeds, liquidation proceeds or collections from Mortgagors. If such reimbursements are not made from such sources, neither the Issuer nor the Trustee is obligated to make such reimbursements. If the Servicer fails to make the payments under the GNMA Certificates, GNMA is obligated to make such payments.

The Servicer must maintain in effect at all times and at its expense a blanket fidelity bond and an errors and omissions insurance policy covering all officers, employees and other persons acting on behalf of the Servicer.

Assumption of Mortgage Loans and transfers of Residences are permitted subject to the conditions described in the Agreements. See “The Servicing Agreement.” Prepayments of the Mortgage Loans in whole or in part are permitted under the Program without penalty; any such prepayments will be passed through under the GNMA Certificates. The Bonds are subject to mandatory redemption to the extent the Trustee receives amounts under the GNMA Certificates representing Prepayments. See “The Bonds—Redemption of Bonds—Mandatory Redemption from Prepayments and Surplus Revenues.”

Servicer Information

THE INDENTURE

The following is a summary of certain provisions of the Indenture. The summary does not purport to be comprehensive or definitive and is qualified in its entirety by reference to the Indenture. For a description of certain other provisions of the Indenture relating to the Bonds, see “The Bonds,” “Security for the Bonds” and “Flow of Funds.”

Investment of Funds

All amounts held under the Indenture are required to be continuously invested in Investment Securities, and such Investment Securities shall pay interest and mature not later than the dates on which it is estimated that such moneys will be required by the Trustee. For the purpose of determining the amount

in any such Fund, all Investment Securities credited to such Fund are required to be valued in the manner described in the Indenture.

Certain Tax Covenants

The Issuer covenants in the Indenture that it will not use or permit the use of any proceeds of the Series 2024A Bonds or any other funds of the Issuer, directly or indirectly, to acquire any securities or obligations, and will not use or permit the use of any amounts received by the Issuer or the Trustee with respect to the GNMA Certificates and underlying Mortgage Loans relating to the Series 2024A Bonds in any manner, and will not take or permit to be taken, to the best of the Issuer's knowledge, any other action or actions, which would cause any Series 2024A Bond to be an "arbitrage bond" under Section 148 of the Code or violate the requirements of Section 143(g) of the Code. The Issuer further covenants under the Indenture that it will not use or permit the use of any proceeds of the Series 2024A Bonds or any other funds of the Issuer, directly or indirectly, or in any manner, and will not take or permit to be taken any other action or actions, which would result in any of the Series 2024A Bonds being treated as an obligation not described in Section 103(a) of the Code. See "Tax Matters."

Defaults and Remedies; Rights of Bondholders

Each of the following events is an "Event of Default" under the Indenture:

(A) default in the due and punctual payment of the principal amount or redemption price of any Bond when and as the same shall become due and payable, whether at maturity as therein expressed or by proceedings for redemption or by declaration of acceleration or otherwise;

(B) default in the due and punctual payment of any installment of interest on any Bond when and as such interest installment shall become due and payable;

(C) default by the Issuer in the observance of any of the covenants, agreements or conditions on its part contained in the Indenture or in the Bonds (other than in clauses (A) or (B) above), if such default has continued for a period of 60 days after written notice thereof, specifying such default and requiring the same to be remedied, shall have been given to the Issuer by the Trustee, or to the Issuer and the Trustee by the Owners of not less than a majority in aggregate principal amount of the Bonds at the time outstanding; or

(D) certain acts of bankruptcy or insolvency on the part of the Issuer as described in the Indenture.

If an event of default under clause (A) or (B) above occurs and is continuing, the Trustee may, and upon written direction of the Owners of not less than a majority in aggregate principal amount of the Bonds at the time outstanding will, upon notice in writing to the Issuer, declare the principal of and interest on all the Bonds then outstanding due and payable immediately. If an Event of Default under clause (C) or (D) occurs, the Trustee, upon written direction of the Owners of 100% in aggregate principal amount of the Bonds then outstanding will, upon notice in writing to the Issuer, declare the principal of and interest on all the Bonds then outstanding due and payable immediately.

Any such declaration, however, is subject to the condition that if, at any time after such declaration and before any judgment or decree for the payment of the moneys due has been obtained or entered, the Issuer deposits, or causes to be deposited, with the Trustee a sum sufficient to pay the principal amount or redemption price of and installments of interest on the Bonds the payment of which is overdue, with interest on such overdue principal at the rate borne by the respective Bonds, and the reasonable charges and

expenses of the Trustee, and the other conditions of the Indenture are met, then the Owners of not less than a majority in aggregate principal amount of the Bonds then outstanding, by written notice to the Issuer and to the Trustee, may, on behalf of the Owners of all the Bonds, rescind and annul such declaration and its consequences and waive such default, but no such rescission and annulment will extend to or affect any subsequent default, or impair or exhaust any right or power consequent thereon.

If an event of default under the Indenture occurs and is continuing, all Revenues and any other amounts then held or thereafter received by the Trustee under any of the provisions of the Indenture (excluding amounts held in the Program Expense Fund, the Cost of Issuance Fund or any Rebate Amount held in any Fund and money held by the Trustee for the payment of the interest, principal amount or redemption price on and after the date such payment is due while pending such payment) are required to be applied by the Trustee in order of priority set forth in the Indenture.

If an event of default under the Indenture shall occur and be continuing, then the Trustee may, and upon the written request of the Owners of not less than 25% in aggregate principal amount of the Bonds then outstanding, and upon being indemnified to its satisfaction, is required to, proceed by suit or suits, at law or in equity, or by any other appropriate legal or equitable remedy, to enforce payment of the principal of and interest on the Bonds under a judgment or decree of a court or courts of competent jurisdiction or by the enforcement of any other appropriate legal or equitable remedy, as the Trustee determines to be most effective to protect and enforce any of its rights or the rights of the Owners under the Indenture.

Anything in the Indenture to the contrary notwithstanding, the Owners of a majority in aggregate principal amount of the Bonds then outstanding have the right, by an instrument or concurrent instruments in writing executed and delivered to the Trustee, to direct the method of conducting all remedial proceedings taken by the Trustee under the Indenture, provided that the Trustee has been indemnified to its satisfaction and such direction will not be otherwise than in accordance with the law and the provisions of the Indenture, and that the Trustee will have the right to decline to follow any such direction which in the opinion of counsel rendered to the Trustee would be unjustly prejudicial to Owners not parties to such direction.

No Owner of any Bond has the right to institute any suit, action or proceeding at law or in equity, for the protection or enforcement of any right or remedy under the Indenture, the Act or any other applicable law with respect to such Bond, unless (A) such Owner has given to the Trustee written notice of the occurrence of an event of default under the Indenture; (B) the Owners of not less than 25% in aggregate principal amount of the Bonds then outstanding have made written request upon the Trustee to exercise the powers granted under the Indenture or to institute such suit, action or proceeding in its own name; (C) such Owner or said Owners have tendered to the Trustee indemnity satisfactory to it against the costs, expenses and liabilities to be incurred in compliance with such request; and (D) the Trustee has refused or omitted to comply with such request for a period of 60 days after such written request has been received by, and said tender of indemnity has been made to, the Trustee. No one or more Owners of Bonds has any right to affect, disturb or prejudice the security of the Indenture or the rights of any other Owners of Bonds, or to enforce any right under the Indenture, the Act, or other applicable law with respect to the Bonds, except in the manner therein provided and all proceedings at law or in equity to enforce any such right shall be instituted, had and maintained in the manner therein provided and for the benefit and protection of all Owners of the outstanding Bonds, subject to the provisions of the Indenture.

Supplemental Indentures

The Indenture and the rights and obligations of the Issuer and of the Owners of the Bonds and of the Trustee may be modified or amended at any time by a Supplemental Indenture which will become effective when the written consent of the Owners of a majority in aggregate principal amount of the Bonds then outstanding has been filed with the Trustee. No such modification or amendment will (1) extend the

stated maturity of any Bond, or reduce the amount or principal thereof, or reduce the rate of interest thereon, or extend the time of payment of interest thereof without the consent of the Owner of each Bond so affected, or (2) reduce the aforesaid percentage of Bonds the consent of which the Owners of which is required to effect any such modification or amendment, or (3) permit the creation of any lien on the Revenues or any other assets pledged under the Indenture that is on a parity with or superior to the lien created by the Indenture, or deprive the Owners of the Bonds of the lien created by the Indenture upon the Revenues and other assets, or (4) authorize the sale or other disposition of the GNMA Certificates after their acquisition, except as otherwise permitted under the Indenture, without the consent of the Owners of all the Bonds then outstanding.

The Indenture and the rights and obligations of the Issuer and of the Owners of the Bonds may also be modified or amended at any time by a Supplemental Indenture, which will become effective upon execution by the Issuer and the Trustee (or such later date as may be specified in such Supplemental Indenture), without the consent of any Owners, but only to the extent permitted by the Act and only for any one or more of the following purposes:

(1) to add to the covenants and agreements of the Issuer in the Indenture, other covenants and agreements thereafter to be observed, to pledge or assign additional security for the Bonds, or to surrender any right or power reserved to or conferred upon the Issuer under the Indenture;

(2) to make such provisions for the purpose of curing any ambiguity, inconsistency or omission, or of curing or correcting any defective provision contained in the Indenture, or in regard to any matter or question arising under the Indenture, as the Issuer may deem necessary or desirable, which, in any such case, in the opinion of the Trustee, will not materially adversely affect the interests of the Owners of the Bonds;

(3) to modify, amend or supplement the Indenture in such manner as to permit the qualification thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect, and to add such other terms, conditions and provisions as may be permitted by said act or similar federal statute, and which will not materially adversely affect the interests of the Owners of the Bonds;

(4) to modify, amend or supplement the Indenture in such manner as in the opinion of Bond Counsel is necessary to preserve the excludability of interest on any Series 2024A Bond from federal gross income and which will not materially adversely affect the interests of the Owner of any Bond; or

(5) to obtain or maintain a rating from the Rating Agency.

In connection with the execution and delivery of a Supplemental Indenture, the Trustee is required to receive an opinion of Bond Counsel to the effect that the Supplemental Indenture is authorized under the Act and by proper action of the Issuer, that the Supplemental Indenture is authorized or permitted by the Indenture and that execution and delivery of the Supplemental Indenture will not adversely affect the exclusion of interest on any Series 2024A Bonds from gross income for federal income tax purposes.

The Trustee

The Issuer may remove the Trustee at any time with or without cause unless an event of default under the Indenture has occurred and is continuing. The Issuer is required to remove the Trustee if at any time requested to do so in writing by the registered owners of not less than a majority in aggregate principal amount of all the Bonds then outstanding under the Indenture or if at any time the Trustee ceases to be eligible in accordance with the Indenture, or if the Trustee becomes incapable of acting, or commits certain acts of bankruptcy or insolvency, in each case by giving written notice of such removal to the Trustee, and

the Issuer is required to appoint a successor Trustee, provided that the Rating Agency is notified in writing that any such successor trustee has been appointed.

The Trustee may at any time resign by giving written notice of such resignation to the Issuer and by giving the Owners written notice of such resignation sent by first-class mail, but such resignation will not be effective until the successor Trustee has been appointed and has accepted such appointment as provided in the Indenture and has been approved. Upon receiving such notice of resignation, the Issuer is required to promptly appoint a successor Trustee.

Any removal or resignation of the Trustee and appointment of a successor Trustee will become effective upon acceptance of appointment by the successor Trustee and the payment to the predecessor of its compensation and reasonable expenses due to it. Promptly upon such acceptance, the Issuer will give written notice thereof to the Owners in writing. If no successor Trustee has been appointed and has accepted appointment within 45 days of giving notice of removal or notice of resignation as aforesaid, the resigning Trustee or any bond owner (on behalf of himself and all other bond owners) may petition any court of competent jurisdiction for the appointment of a successor Trustee, and such court may thereupon, after such notice (if any) as it may deem proper, appoint such successor Trustee.

Defeasance

If the Issuer pays and discharges the entire indebtedness on all Bonds outstanding in any one or more of the following ways by:

- (i) paying or causing to be paid the principal amount or redemption price of and interest on the Bonds outstanding, as and when the same become due and payable;
- (ii) depositing, in trust, at or before maturity, money or securities in the necessary amount (as provided in the Indenture) to pay or redeem all Bonds outstanding; or
- (iii) delivering to the Trustee, for cancellation by it, all of the Bonds outstanding;

and if the Issuer also pays or causes to be paid all other sums payable under the Indenture by the Issuer (including Trustee's fees and expenses and other Program Expenses), then and in that case, at the election of the Issuer, and notwithstanding that any Bonds have not been surrendered for payment, the Indenture and the pledge of Revenues and other assets made under the Indenture and all covenants, agreements and other obligations of the Issuer under the Indenture will cease, terminate, become void and be completely discharged and satisfied.

Upon the deposit with the Trustee, in trust, at or before maturity, of money or securities in the necessary amount (as provided in the Indenture) to pay or redeem any outstanding Bond (whether upon or prior to its maturity or the redemption date of such Bond), provided that, if such Bond is to be redeemed prior to maturity, notice of such redemption has been given as provided in the Indenture or provision satisfactory to the Trustee has been made for the giving of such notice, then all liability of the Issuer in respect of such Bond will cease, terminate and be completely discharged, and the Owner thereof will thereafter be entitled only to payment from such money or securities deposited with the Trustee for their payment, subject, however, to the provisions of the Indenture.

THE LENDER AGREEMENTS

The following is a summary of certain provisions of the Lender Agreements; the summary is qualified in its entirety by references to the Lender Agreements.

Lender Qualifications

Lenders must qualify to be participating Lenders under the Program and must be approved by the Issuer and the Servicer. Each Lender must execute a Lender Agreement with the Issuer. Each Lender must also execute a Loan Correspondent Purchase and Sale Agreement with the Servicer.

Each Lender originating FHA Mortgage Loans, USDA-RHS Mortgage Loans or VA Mortgage Loans is required to be an FHA-approved, USDA-RHS-approved or VA-approved mortgagee, respectively.

Covenants Relating to the Tax-Exempt Status of Bonds

The Issuer and the Lenders have covenanted in the Lender Agreements not to knowingly take, permit, or fail to take any action if such action or inaction would impair the excludability of the interest on the Series 2024A Bonds from gross income for federal tax purposes pursuant to the Code.

Origination and Closing of Mortgage Loans

Each Lender agrees to use its best efforts to originate Mortgage Loans under the Program for sale to the Servicer. Each Lender will sell the Mortgage Loans to the Servicer at the applicable Mortgage Loan Sale Price. The Lenders will be notified of the availability of funds under the Program, and various Program terms, by a Notice of Availability of Funds provided by the Issuer to the Lenders.

Mortgage Loan Terms

All Mortgage Loans are to be originated in accordance with the loan origination, eligibility and credit underwriting standards in effect under the Program Documents, including the Lender Agreement, the Program Guidelines and the GNMA guidelines. In addition, each Mortgage Loan: (1) must be made to an Eligible Borrower to finance a Residence which is the principal residence of the Eligible Borrower; (2) must be evidenced by a Mortgage Note and secured by a Mortgage creating a first lien on such Residence, subject to permitted encumbrances; (3) must bear interest at the applicable rate, which interest will be payable in arrears and which includes amounts equal to the servicing fee; (4) must have a term of 30 years and must provide for level monthly payments and full amortization over the term thereof; (5) must provide for payments to be due on the first day of each month and for an initial principal payment not later than the first day of the second month following the Mortgage Loan closing date, and may include provision for a grace period not exceeding 15 days and late payment charges in amounts not in excess of the customary charges permitted by FHA, VA or USDA-RHS and GNMA, as applicable; (6) must be in a principal amount not exceeding such amount as conforms to the eligibility and credit underwriting standards specified in the Agreements and the limitations of FHA, VA, USDA-RHS and/or GNMA, as applicable, as of the date of Mortgage Loan closing; (7) must be the subject of FHA Insurance, a VA guaranty or a USDA-RHS guaranty; (8) must restrict the assumption of the Mortgage Loan as required under the Program Documents; (9) must be the subject of a title insurance policy or have a valid commitment therefor; (10) must be current in payments of principal, interest, taxes and insurance; (11) must relate to a Residence the Purchase Price of which is not in excess of the Maximum Purchase Price; (12) must comply in all respects with the GNMA guidelines and FHA, VA and USDA-RHS rules and regulations, as applicable, and all Program Documents; and (13) must be eligible for pooling into GNMA Certificates.

Verification of Mortgage Eligibility Requirements

The Issuer will act as compliance agent under the Program and will be responsible for approving the qualification of each Eligible Borrower under the applicable Program rules. In connection with the Issuer's determination, the Lender must do the following: (1) obtain affidavits of the Mortgagor, the Seller and Lender in the forms prescribed by the Program Guidelines, evidencing compliance by the borrower with the eligibility requirements of the Program; (2) review the contents of the Mortgagor's affidavit with the Mortgagor prior to the execution thereof; (3) obtain the Mortgagor's federal tax returns to verify that the Mortgagor did not claim deductions on the residence; (4) perform such additional verification procedures as required under the Program Guidelines to enable the Issuer to verify that the borrower eligibility requirements of the Program are satisfied as of the date of execution of the Mortgage Loan; and (5) review the draft settlement statement to assure that all fees and charges and settlement and financing costs comply with the requirements of the Program Documents.

Approval and Purchase

Any Mortgage Loan with respect to which the related Mortgage Loan file is deemed to be defective, or any Mortgage Loan which is otherwise not acceptable for purchase in accordance with the terms of the Program Documents, may be returned to the Lender to be cured, if possible, or may be held by the Servicer pending correction of such defect. The Servicer is only required to purchase non-defective Mortgage Loans. The purchase of an approved Mortgage Loan by the Servicer from the Lender will take place on a Mortgage Loan purchase date designated by the Servicer and at the applicable Mortgage Loan sales price.

Fees and Charges at Mortgage Loan Closing

At the Mortgage Loan closing, a Lender may collect from the Eligible Borrower or Seller on behalf of Eligible Borrower a 1% origination fee, and retain all reasonable and customary closing charges, including insurance premiums and warehouse fees, to the extent that such charges are permitted by law and do not exceed the reasonable and customary amounts charged by the Lender for mortgage loans not funded from the proceeds of tax-exempt bonds. Any amounts collected prior to the Mortgage Loan closing will be credited to the proper party at such closing.

Defects

Each Lender agrees to repurchase any defective Mortgage Loan from the Servicer in accordance with the provisions of the Loan Correspondent Purchase and Sale Agreement, the Lender Agreement and any other applicable Program Document. Additionally, each Lender agrees to reimburse the Issuer the down payment and closing cost assistance provided for each such defective Mortgage Loan in accordance with the terms of the Lender Agreement.

THE SERVICING AGREEMENT

The following is a summary of certain provisions of the Servicer Agreement; the summary is qualified in its entirety by references to the Servicer Agreement.

Covenants Relating to the Tax-Exempt Status of the Series 2024A Bonds

The Issuer and the Servicer have covenanted in the Servicing Agreement not to knowingly take, permit, or fail to take any action if such action or inaction would impair the excludability of the interest on the Series 2024A Bonds from gross income for federal tax purposes pursuant to the Code.

Servicing Duties

See “The Program—Servicing” for a summary of certain of the servicing duties of the Servicer under the Program.

The Servicer will service all Mortgage Loans purchased from Lenders and will have the authority to do all things in connection with such servicing which it deems necessary or desirable. The Lender Agreements require the Lenders to sell the Mortgage Loans to the Servicer on a servicing-released basis. The Servicer will pay a servicing release amount to the Issuer in the amount set forth in the Servicing Agreement. Additional servicing compensation in the form of late payment charges or otherwise may be received by the Servicer to the extent permitted by law and not contrary to the terms of the Servicing Agreement.

The Servicer is required to pay all expenses incurred by it in connection with its servicing activities under the Servicing Agreement (including maintenance of an errors and omissions insurance policy and fidelity bond) and is not entitled to reimbursement, except as specifically provided in the Servicing Agreement.

The Servicer is required to service Mortgage Loans in accordance with the servicing standards as set forth in the Servicing Agreement and the loan servicing requirements of GNMA and FHA, VA or USDA-RHS, as applicable.

Review of Mortgage Loans

The Issuer is responsible for the review of each Mortgage Loan to determine compliance with the Program requirements under the Act and the Code. In performing such review, the Issuer is required to use reasonable efforts to satisfy itself that the mortgagor, mortgage loan and residence eligibility requirements of the Program (including the requirements of the Code) are met with respect to each Mortgage Loan, and that the Lender originating such Mortgage Loan has complied with the verification requirements of the Lender Agreement and the Program Guidelines.

The Servicer is responsible for establishing compliance of the Lender and the Mortgage Loan with the terms of the Loan Correspondent Purchase and Sale Agreement.

Compensation of Servicer

As compensation for the performance of its servicing duties under the Agreements, the Servicer is entitled to receive a monthly fee equal to one-twelfth of 0.44% of the outstanding principal amount of each Mortgage Loan serviced which backs a GNMA Certificate.

Assumption Agreements

The Servicer will not permit the assumption of any Mortgage Loan unless an assumption agreement is entered into by the assuming Mortgagor which provides for the assumption of the indebtedness by such person. Assumptions also are not permitted unless the assuming Mortgagor qualifies as an Eligible Borrower under the Lender Agreement and the Program Guidelines, and the Mortgage Loan remains insured or guaranteed under all applicable insurance or guarantees. In such event, the Servicer may release the original Mortgagor from liability under the Mortgage and the Mortgage Note. The interest rate on the Mortgage Note may not be changed in connection with any assumption.

TAX MATTERS – SERIES 2024A BONDS

General

In the opinion of Bond Counsel, under applicable law, subject to continuing compliance by the Issuer and others with certain covenants in the Agreements and the Indenture and related financing documents, and in reliance upon representations and conclusions in certificates, studies and reports of the Issuer and certain other participants in the financing, interest on the Series 2024A Bonds is not includable in gross income of the owners thereof for federal income tax purpose and is not a specific preference item for purposes of the federal alternative minimum tax imposed on individuals.

In expressing its opinion with respect to the Series 2024A Bonds, Bond Counsel will rely on certain representations of the Issuer and others as to matters solely within the knowledge of such persons. No independent investigation will be made by Bond Counsel with respect to certain of those matters.

For taxable years beginning after 2022, the Code imposes a minimum tax of fifteen percent (15%) of the adjusted financial statement income of certain large corporations, generally consisting of corporations (other than S corporations, regulated investment companies and real estate investment trusts) with more than \$1 billion in average annual adjusted financial statement income, determined over a three year period. For this purpose, adjusted financial statement income generally consists of the net income or loss of the taxpayer set forth on the taxpayer's applicable financial statement for the taxable year, subject to various adjustments, but is not reduced for interest earned on tax exempt obligations, such as the Series 2024A Bonds. Prospective purchasers that could be subject to this minimum tax should consult with their own tax advisors regarding the potential impact of owning the Series 2024A Bonds.

Bond Counsel's opinion with respect to the Series 2024A Bonds is not a guarantee of a result, but represents its legal judgment based upon its review of existing statutes, regulations, published rulings and court decisions and representations and covenants of the Issuer described above. No ruling has been sought from the Internal Revenue Service (the "Service") with respect to the matters addressed in the opinion of Bond Counsel and such opinion is not binding on the Service. The Service has an ongoing program of auditing the tax-exempt status of the interest on tax-exempt obligations, which may include bonds such as the Series 2024A Bonds. If an audit of such Series 2024A Bonds is commenced, under current procedures the Service is likely to treat the Issuer as the "taxpayer," and the owners of the Series 2024A Bonds would have no right to participate in the audit process. In responding to or defending an audit of the tax-exempt status of the interest on the Series 2024A Bonds, the Issuer may have different or conflicting interests from the owners of such Series 2024A Bonds. Public awareness of any future audit of the Series 2024A Bonds could adversely affect the value and liquidity of the Bonds during the pendency of the audit, regardless of its ultimate outcome.

Ownership of the Series 2024A Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, certain foreign corporations doing business in the United States, financial institutions, life insurance companies, property and casualty insurance companies, S corporations with subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits, owners of an interest in a financial asset securitization investment trust, individuals otherwise qualifying for the earned income credit, corporations subject to the alternative minimum tax on adjusted financial statement income and taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry, or who have paid or incurred certain expenses allocable to, tax-exempt obligations. Prospective purchasers of the Series 2024A Bonds should consult their tax advisors as to the applicability of any such collateral consequences.

Existing law may change to reduce or eliminate the benefit to bondholders of the exclusion of interest on the Series 2024A Bonds from gross income for federal income tax purposes. Any proposed legislation or administrative action, whether or not taken, could also affect the value and marketability of the Series 2024A Bonds. Prospective purchasers of the 2024A Bonds should consult with their own tax advisors with respect to any proposed or future changes in tax law.

Sections 143 and 146 through 150 of the Code and applicable regulations provide that the interest on an issue of bonds (such as the Series 2024A Bonds), the proceeds of which are used to provide mortgages on owner-occupied residences, is not includable in gross income of the owners thereof for federal income tax purposes pursuant to section 103(a) of the Code if such bonds are “qualified mortgage bonds,” and, among other requirements, are issued in fully registered form. The term “qualified mortgage bonds” means bonds that are part of an issue that meet the requirements summarized below. The Series 2024A Bonds are intended to qualify as “qualified mortgage bonds.”

Mortgage Eligibility Requirements

Residence Requirements. All the residences for which financing is provided with the proceeds of an issue of qualified mortgage bonds must be located within the jurisdiction of the Issuer and must be single family residences which, at the time of execution or assumption of the respective mortgages, can reasonably be expected to become the principal residences of the respective mortgagors within a reasonable time after the financing is provided.

Prior Homeownership Limitations. At least 95% of the net proceeds of an issue of qualified mortgage bonds must be for mortgagors who did not have a present ownership interest in a principal residence at any time during the three-year period ending on the date of execution of the mortgage. However, this limitation does not apply to loans for “targeted area” residences and loans to Qualified Veterans.

Purchase Price Requirements. Each residence for which financing is provided with the proceeds of an issue of qualified mortgage bonds must have an acquisition cost not exceeding 90% of the average area purchase price. However, in the case of a targeted area residence, the acquisition cannot exceed 110% of the average area purchase price. The applicable regulations permit an issuer to rely upon average area purchase price limitations published by the Internal Revenue Service as safe harbor limitations or to utilize other limitations if the issuer has more accurate and comprehensive data than the safe harbor limitations.

The Maximum Purchase Price limits are set forth in the Program Guidelines and are based on limits set forth in revenue procedures published from time to time by the Internal Revenue Service, and other sources.

Income Limitations. Under applicable federal tax law, the maximum family income of the persons who are provided financing under an issuance of qualified mortgage bonds cannot exceed 100% (for families of 2 or less) or 115% (for families of 3 or more) of the greater of the state or local median family income. In the case of any financing provided for targeted area residences in qualified census tracts or areas of chronic economic distress, the maximum family income is unlimited for one-third of the mortgage loans, and the limit for the remaining two-thirds is 120% (for families of 2 or less) or 140% (for families of 3 or more) of the applicable median family income. The maximum family income limits are set forth in the Agreements. Under the Program, Eligible Borrower’s annual family income cannot exceed 80% of the greater of the state or local median family income.

New Mortgage Requirement. No part of the proceeds of an issue of qualified mortgage bonds may be used to acquire or replace an existing mortgage. All the lendable proceeds of an issue must be used to

provide new mortgages to persons who did not have an existing mortgage (whether or not paid off) on the residence at any time prior to the execution of the new mortgage. An exception from the new mortgage requirement is provided for the replacement of construction period loans, bridge loans and other similar temporary initial financing having a term not exceeding 24 months or for qualified subprime loans.

Assumption Requirements. In the event of the assumption of a mortgage financed with the proceeds of a qualified mortgage bond issue, the residence requirements, prior homeownership limitation, purchase price requirements and income limitations must be satisfied at the time of the assumption as if the loan were being made for the first time.

Volume Cap Limitations. Section 146 of the Code provides that the aggregate amount of “private activity bonds,” including qualified mortgage bonds, issued by an issuer during the calendar year may not exceed the allocated portion of the State’s volume cap. The Issuer has obtained allocation of volume cap from the Texas Bond Review Board in an amount sufficient to permit the issuance of the Bonds as qualified mortgage bonds.

Targeted Area Requirements. An amount equal to at least 20% of the Series 2024A Bond proceeds must be made available for owner financing in Targeted Areas for at least one year from the time such owner financing is first made available for Targeted Area loans.

Arbitrage Requirements

An issue of qualified mortgage bond (such as the Series 2024A Bonds) must satisfy the arbitrage requirements of sections 143 and 148 of the Code. In part, such requirements are as follows: (i) the effective rate of interest on mortgages provided with proceeds of qualified mortgage bonds may not exceed the yield on such bonds by more than 1.125% and, in calculating the effective interest rate on the mortgages, there must be taken into account all amounts borne by the mortgagor either directly or indirectly and (ii) arbitrage earned on nonmortgage investments must be paid to the United States.

Compliance with Tax Requirements

Section 143 of the Code and the applicable regulations provide that, with respect to each issue of qualified mortgage bonds, the targeted area requirements and clause (i) of the arbitrage requirements discussed above are met if the issuer attempts in good faith to meet such requirements by taking all reasonable steps to assure compliance and if any failure to meet such requirements is due to inadvertent error. With respect to the mortgage eligibility requirements, section 143 of the Code and the applicable regulations provide that such requirements are met, with respect to each issue of qualified mortgage bonds, if (i) the issuer attempts in good faith to meet such requirements before the mortgages are originated including establishing reasonable procedures and conducting reasonable investigations, (ii) at least 95% of the proceeds of the issue used for mortgages are used for mortgages which meet all of the mortgage eligibility requirements at the time of execution or assumption, and (iii) any failure to meet such requirements is corrected within a reasonable period of time after such failure is discovered or should have been discovered through the exercise of reasonable diligence. Consequently, a failure to satisfy the mortgage eligibility requirements at any time during the term of each issue of tax-exempt bonds could result in the interest on such bonds being includable in gross income for federal tax purposes retroactively to the date of issuance (as determined for federal tax purposes).

Certain procedures and safeguards have been incorporated into the Agreements and the Indenture to ensure compliance with the requirements of section 143 of the Code with respect to the Series 2024A Bonds. Furthermore, the Issuer, the Servicer, each Lender and the Trustee have each covenanted in the Agreements to follow such procedures toward compliance with such requirements. The Issuer and the

Trustee have also made certain representations and covenants relevant to the tax status of interest on the Series 2024A Bonds in the Indenture and the Agreements.

Subject to the condition that the parties continuously comply with the above-referenced covenants and in reliance upon certain representations of the Issuer and others in certain certificates and any required verification report, Bond Counsel will provide its opinion to the effect that, under applicable law, interest on the Bonds will not be includable in gross income of the owners thereof for purposes of federal income taxation, and that interest on such Series 2024A Bonds will not be a specific preference item for purposes of the federal alternative minimum tax imposed on individuals. Failure to comply with certain of such covenants and representations could cause interest on the Series 2024A Bonds to become includable in gross income for federal income tax purposes retroactively to the date of issuance of the Series 2024A Bonds.

Tax Accounting Treatment of Premium and Discount on Certain Series 2024A Bonds

The initial public offering price of certain Series 2024A Bonds, which include the Premium Term Bonds and the Series 2024A Premium PAC Bonds (collectively the “Series 2024A Premium Bonds”), may be greater than the amount payable on such Series 2024A Premium Bonds at maturity. An amount equal to the difference between the initial public offering price of Series 2024A Premium Bonds (assuming that a substantial amount of the Series 2024A Premium Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes premium to the initial purchaser of such Series 2024A Premium Bonds. The basis for federal income tax purposes of a Series 2024A Premium Bond in the hands of such initial purchaser must be reduced each year by the amortizable bond premium, although no federal income tax deduction is allowed as a result of such reduction in basis for amortizable bond premium. Such reduction in basis will increase the amount of any gain (or decrease the amount of any loss) to be recognized for federal income tax purposes upon a sale or other taxable disposition of a Series 2024A Premium Bond. The amount of premium which is amortizable each year by an initial purchaser is determined by using such purchaser’s yield to maturity.

Purchasers of the Series 2024A Premium Bonds should consult with their own tax advisors with respect to the determination of amortizable bond premium on such Series 2024A Premium Bonds for federal income tax purposes and with respect to the state and local tax consequences of owning and disposing of Series 2024B Premium PAC Bonds.

The initial public offering price of certain Series 2024A Bonds (the “Discount Series 2024A Bonds”) may be less than the amount payable on such Bonds at maturity. An amount equal to the difference between the initial public offering price of a Discount Series 2024A Bond (assuming that a substantial amount of the Discount Series 2024A Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes original issue discount to the initial purchaser of such Discount Series 2024A Bond. A portion of such original issue discount allocable to the holding period of such Discount Series 2024A Bond by the initial purchaser will, upon the disposition of such Discount Series 2024A Bond (including by reason of its payment at maturity), be treated as interest excludable from gross income, rather than as taxable gain, for federal income tax purposes, on the same terms and conditions as those for other interest on the Series 2024A Bonds described above. Such interest is considered to be accrued actuarially in accordance with the constant interest method over the life of a Discount Series 2024A Bond, taking into account the semiannual compounding of accrued interest, at the yield to maturity on such Discount Series 2024A Bond and generally will be allocated to an initial purchaser in a different amount from the amount of the payment denominated as interest actually received by the initial purchaser during the tax year.

However, such interest may be required to be taken into account in determining the amount of the branch profits tax applicable to certain foreign corporations doing business in the United States, even though there will not be a corresponding cash payment. In addition, the accrual of such interest may result in certain other collateral federal income tax consequences to, among others, financial institutions, life insurance companies, property and casualty insurance companies, S corporations with subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits, individuals otherwise qualifying for the earned income tax credit, owners of an interest in a financial asset securitization investment trust, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry, or who have paid or incurred certain expenses allocable to, tax-exempt obligations. Moreover, in the event of the redemption, sale or other taxable disposition of a Discount Series 2024A Bond by the initial owner prior to maturity, the amount realized by such owner in excess of the basis of such Discount Series 2024A Bond in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Discount Series 2024A Bond was held) is includable in gross income.

Owners of Discount Series 2024A Bonds should consult with their own tax advisors with respect to the determination of accrued original issue discount on Discount Series 2024A Bonds for federal income tax purposes and with respect to the state and local tax consequences of owning and disposing of Discount Series 2024A Bonds. It is possible that, under applicable provisions governing determination of state and local income taxes, accrued interest on Discount Series 2024A Bonds may be deemed to be received in the year of accrual even though there will not be a corresponding cash payment.

TAX MATTERS – (TAXABLE) SERIES 2024B BONDS

The following is a general summary of the United States federal income tax consequences of the purchase and ownership of the Series 2024B Bonds. The discussion is based upon laws, Treasury Regulations, rulings and decisions now in effect, all of which are subject to change or possibly differing interpretations. No assurances can be given that future changes in the law will not alter the conclusions reached herein. The discussion below does not purport to deal with United States federal income tax consequences applicable to all categories of investors. Further, this summary does not discuss all aspects of United States federal income taxation that may be relevant to a particular investor in the Series 2024B Bonds in light of the investor's particular personal investment circumstances or to certain types of investors subject to special treatment under United States federal income tax laws (including insurance companies, tax exempt organizations, financial institutions, brokers-dealers, and persons who have hedged the risk of owning the Series 2024B Bonds). The summary is therefore limited to certain issues relating to initial investors who will hold the Series 2024B Bonds as "capital assets" within the meaning of section 1221 of the Internal Revenue Code of 1986, as amended (the "Code"), and acquire such Series 2024B Bonds for investment and not as a dealer or for resale. Prospective investors should note that no rulings have been or will be sought from the Internal Revenue Service (the "IRS") with respect to any of the U.S. federal income tax consequences discussed below, and no assurance can be given that the IRS will not take contrary positions.

INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISORS IN DETERMINING THE FEDERAL, STATE, LOCAL, FOREIGN AND ANY OTHER TAX CONSEQUENCES TO THEM FROM THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE SERIES 2024B BONDS.

Payments of Stated Interest on the Series 2024B Bonds

The stated interest paid on the Series 2024B Bonds will be included in the gross income, as defined in section 61 of the Code, of the beneficial owners thereof and be subject to U.S. federal income taxation when received or accrued, depending on the tax accounting method applicable to the beneficial owners thereof.

Original Issue Discount of the Series 2024B Bonds

If a substantial amount of the Series 2024B Bonds of any stated maturity is purchased at original issuance for a purchase price (the “Issue Price”) that is less than their stated redemption price at maturity by more than one quarter of one percent times the number of complete years to maturity, the Series 2024B Bonds of such maturity will be treated as being issued with “original issue discount.” The amount of the original issue discount will equal the excess of the stated redemption price at maturity of such Series 2024B Bonds over its Issue Price, and the amount of the original issue discount on the Series 2024B Bonds will be amortized over the life of the Series 2024B Bonds using the “constant yield method” provided in the Treasury Regulations. As the original issue discount accrues under the constant yield method, the beneficial owners of the Series 2024B Bonds, regardless of their regular method of accounting, will be required to include such accrued amount in their gross income as interest. This can result in taxable income to the beneficial owners of the Series 2024B Bonds that exceeds actual cash distributions to the beneficial owners in a taxable year.

The amount of the original issue discount that accrues on the Series 2024B Bonds each taxable year will be reported annually to the IRS and to the beneficial owners. The portion of the original issue discount included in each beneficial owner’s gross income while the beneficial owner holds the Series 2024B Bonds will increase the adjusted tax basis of the Series 2024B Bonds in the hands of such beneficial owner.

Premium on Series 2024B Bonds

If a beneficial owner purchases a Series 2024B Bond for an amount that is greater than its stated redemption price at maturity, such beneficial owner will be considered to have purchased the Series 2024B Bond with “amortizable bond premium” equal in amount to such excess. A beneficial owner may elect to amortize such premium using a constant yield method over the remaining term of the Series 2024B Bond and may offset interest otherwise required to be included in respect of the Series 2024B Bond during any taxable year by the amortized amount of such excess for the taxable year. Series 2024B Bond premium on a Series 2024B Bond held by a beneficial owner that does not make such an election will decrease the amount of gain or increase the amount of loss otherwise recognized on the sale, exchange, redemption or retirement of a Series 2024B Bond. However, if the Series 2024B Bond may be optionally redeemed after the beneficial owner acquires it at a price in excess of its stated redemption price at maturity, special rules would apply under the Treasury Regulations which could result in a deferral of the amortization of some bond premium until later in the term of the Series 2024B Bond. Any election to amortize bond premium applies to all taxable debt instruments held by the beneficial owner on or after the first day of the first taxable year to which such election applies and may be revoked only with the consent of the IRS.

Medicare Contribution Tax

Pursuant to Section 1411 of the Code, as enacted by the Health Care and Education Reconciliation Act of 2010, an additional tax is imposed on individuals beginning January 1, 2013. The additional tax is 3.8% of the lesser of (i) net investment income (defined as gross income from interest, dividends, net gain from disposition of property not used in a trade or business, and certain other listed items of gross income), or (ii) the excess of “modified adjusted gross income” of the individual over \$200,000 for unmarried individuals (\$250,000 for married couples filing a joint return and a surviving spouse). Holders of the Series 2024B Bonds should consult with their tax advisor concerning this additional tax, as it may apply to interest earned on the Series 2024B Bonds as well as gain on the sale of a Series 2024B Bond.

Disposition of Series 2024B Bonds and Market Discount

A beneficial owner of Series 2024B Bonds will generally recognize gain or loss on the redemption, sale or exchange of a Series 2024B Bond equal to the difference between the redemption or sales price (exclusive of the amount paid for accrued interest) and the beneficial owner's adjusted tax basis in the Series 2024B Bonds. Generally, the beneficial owner's adjusted tax basis in the Series 2024B Bonds will be the beneficial owner's initial cost, increased by the original issue discount previously included in the beneficial owner's income to the date of disposition. Any gain or loss generally will be capital gain or loss and will be long-term or short-term, depending on the beneficial owner's holding period for the Series 2024B Bonds.

Under current law, a purchaser of a Series 2024B Bond who did not purchase the Series 2024B Bonds in the initial public offering (a "subsequent purchaser") generally will be required, on the disposition of the Series 2024B Bonds, to recognize as ordinary income a portion of the gain, if any, to the extent of the accrued "market discount." Market discount is the amount by which the price paid for the Series 2024B Bonds by a subsequent purchaser is less than the sum of Issue Price and the amount of original issue discount previously accrued on the Series 2024B Bonds. The Code also limits the deductibility of interest incurred by a subsequent purchaser on funds borrowed to acquire Series 2024B Bonds with market discount. As an alternative to the inclusion of market discount in income upon disposition, a subsequent purchaser may elect to include market discount in income currently as it accrues on all market discount instruments acquired by the subsequent purchaser in that taxable year or thereafter, in which case the interest deferral rule will not apply. The re-characterization of gain as ordinary income on a subsequent disposition of Series 2024B Bonds could have a material effect on the market value of the Series 2024B Bonds.

Legal Defeasance

If the Issuer elects to defease the Series 2024B Bonds by depositing in escrow sufficient cash and/or obligations to pay when due outstanding Series 2024B Bonds (a "legal defeasance"), under current tax law, a beneficial owner of Series 2024B Bonds may be deemed to have sold or exchanged its Series 2024B Bonds. In the event of such a legal defeasance, a beneficial owner of Series 2024B Bonds generally would recognize gain or loss in the manner described above. Ownership of the Series 2024B Bonds after a deemed sale or exchange as a result of a legal defeasance may have tax consequences different from those described above, and each beneficial owner should consult its own tax advisor regarding the consequences to such beneficial owner of a legal defeasance of the Series 2024B Bonds.

Backup Withholding

Under section 3406 of the Code, a beneficial owner of the Series 2024B Bonds who is a United States person, as defined in section 7701(a)(30) of the Code, may, under certain circumstances, be subject to "backup withholding" on payments of current or accrued interest on the Series 2024B Bonds. This withholding applies if such beneficial owner of Series 2024B Bonds: (i) fails to furnish to payor such beneficial owner's social security number or other taxpayer identification number ("TIN"); (ii) furnishes the payor an incorrect TIN; (iii) fails to report properly interest, dividends, or other "reportable payments" as defined in the Code; or (iv) under certain circumstances, fails to provide the payor with a certified statement, signed under penalty of perjury, that the TIN provided to the payor is correct and that such beneficial owner is not subject to backup withholding.

Backup withholding will not apply, however, with respect to payments made to certain beneficial owners of the Series 2024B Bonds. Beneficial owners of the Series 2024B Bonds should consult their own

tax advisors regarding their qualification for exemption from backup withholding and the procedures for obtaining such exemption.

Withholding on Payments to Nonresident Alien Individuals and Foreign Corporations

Under sections 1441 and 1442 of the Code, nonresident alien individuals and foreign corporations are generally subject to withholding at the rate of 30% on periodic income items arising from sources within the United States, provided such income is not effectively connected with the conduct of a United States trade or business. Assuming the interest received by the beneficial owners of the Series 2024B Bonds is not treated as effectively connected income within the meaning of section 864 of the Code, such interest will be subject to 30% withholding, or any lower rate specified in an income tax treaty, unless such income is treated as portfolio interest. Interest will be treated as portfolio interest if: (i) the beneficial owner provides a statement to the payor certifying, under penalties of perjury, that such beneficial owner is not a United States person and providing the name and address of such beneficial owner; (ii) such interest is treated as not effectively connected with the beneficial owner's United States trade or business; (iii) interest payments are not made to a person within a foreign country which the IRS has included on a list of countries having provisions inadequate to prevent United States tax evasion; (iv) interest payable with respect to the Series 2024B Bonds is not deemed contingent interest within the meaning of the portfolio debt provision; (v) such beneficial owner is not a controlled foreign corporation, within the meaning of section 957 of the Code; and (vi) such beneficial owner is not a bank receiving interest on the Series 2024B Bonds pursuant to a loan agreement entered into in the ordinary course of the bank's trade or business.

Assuming payments on the Series 2024B Bonds are treated as portfolio interest within the meaning of sections 871 and 881 of the Code, then no backup withholding under section 1441 and 1442 of the Code and no backup withholding under section 3406 of the Code is required with respect to beneficial owners or intermediaries who have furnished Form W-8 BEN, Form W-8 EXP or Form W-8 IMY, as applicable, provided the payor does not have actual knowledge that such person is a United States person.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the Code impose a 30% withholding tax on certain types of payments made to a foreign or U.S.-owned entities, annually report certain information about such accounts, and withhold 30% on payments to account holders whose actions prevent it from complying with these and other reporting requirements, or unless the foreign financial institution is otherwise exempt from those requirements. In addition, the Foreign Account Tax Compliance Act ("FATCA") imposes a 30% withholding tax on the same types of payments to a non-financial foreign entity unless the entity certifies that it does not have any substantial U.S. owners or the entity furnishes identifying information regarding each substantial United States owner. Failure to comply with the additional certification, information reporting and other specified requirements imposed under FATCA could result in the 30% withholding tax being imposed on payments of interest and principal under the Series 2024B Bonds and sales proceeds of Series 2024B Bonds held by or through a foreign entity. Prospective investors should consult their own tax advisors regarding FATCA and its effect on them.

Reporting of Interest Payments

Subject to certain exceptions, interest payments made to beneficial owners with respect to the Series 2024B Bonds will be reported to the IRS. Such information will be filed each year with the IRS on Form 1099 which will reflect the name, address, and TIN of the beneficial owner. A copy of Form 1099 will be sent to each beneficial owner of a Series 2024B Bond for U.S. federal income tax purposes.

BOOK-ENTRY ONLY SYSTEM

APPENDIX B

BOOK-ENTRY ONLY SYSTEM

The Depository Trust Company (“DTC”), New York, NY, acts as securities depository for the Bonds (for purposes of this section, the Bonds will be referred to as the “Securities”). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of the Securities and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC’s records. The ownership interest of each actual purchaser of each Security (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC by the Trustee.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the Issuer or the Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, DTC's nominee, the Trustee, or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Issuer or the Trustee; disbursement of such payments to Direct Participants will be the responsibility of DTC; and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to the Tender Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to the Tender Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to the Tender Agent's DTC account.

DTC may discontinue providing its services as securities depository with respect to the Securities at any time by giving reasonable notice to the Issuer or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, Security certificates are required to be printed and delivered.

Portions of the foregoing information regarding the book-entry only system have been provided by DTC. Accordingly, neither the Issuer nor the Underwriters are making any representation concerning these matters and neither the DTC Participants nor the Beneficial Owners should rely on the foregoing information with respect to such matters, but should instead confirm the same with DTC or the DTC Participants, as the case may be. There can be no assurance that DTC or the DTC Participants will abide by the procedures described herein or that such procedures will not be changed from time to time. In the event a successor securities depository is designated, it may establish different procedures.

APPENDIX C-1

FORM OF BOND COUNSEL OPINION FOR THE SERIES 2024A BONDS

[Bond Closing Date]

WE HAVE ACTED AS BOND COUNSEL for the Texas State Affordable Housing Corporation (the “Issuer”) for the purpose of rendering our opinion with respect to the matters discussed herein in connection with the issuance of \$56,930,000 aggregate principal amount of the Texas State Affordable Housing Corporation Single Family Mortgage Revenue Bonds, Series 2024A (Non-AMT) (the “Bonds”). We express no opinion and make no comment with respect to the sufficiency of the security for or the marketability of the Bonds. The Bonds are limited obligations of the Issuer payable solely from the sources described therein.

WE HAVE EXAMINED the Bonds and have also examined, and in expressing the opinions hereinafter described we rely upon, original or certified copies of the proceedings of the Board of Directors of the Issuer authorizing issuance of the Bonds; certificates of the Issuer relating to the expected use of proceeds of the Bonds and certain other funds of the Issuer and to other material facts within the sole knowledge of the Issuer and a Trust Indenture, dated as of March 1, 2024, between the Issuer and Computershare Trust Company, National Association, as trustee (the “Trustee”) (collectively, the “Bond Documents”); and such other documents and material and such matters of law as we deem relevant to the matters discussed below. In such examination, we have assumed the authenticity of all documents submitted to us as originals, the conformity to original copies of all documents submitted to us as certified copies, and the accuracy of the statements contained in such certificates.

WE ARE OF THE OPINION, based upon such examination, that under applicable laws of the United States of America and of the State of Texas in force and effect on the date hereof, the Bonds have been duly authorized, executed, and delivered and constitute valid and legally binding limited obligations of the Issuer payable from the sources, and enforceable in accordance with the terms and conditions, described therein, except to the extent that the enforcement thereof may be limited by laws of general application relating to bankruptcy, insolvency, reorganization, moratorium, or other similar laws affecting the rights of creditors or the exercise of judicial discretion in accordance with general principles of equity.

IT IS FURTHER OUR OPINION THAT, assuming continuing compliance after the date hereof by the Issuer and the Trustee with the applicable provisions of the Bond Documents, and in reliance upon representations and certifications of the Issuer made in a certificate of even date herewith pertaining to the use, expenditure, and investment of the proceeds of the Bonds, interest on the Bonds will be excludable from gross income, as defined in section 61 of the Internal Revenue Code of 1986, as amended (the “Code”), of the owners thereof for federal income tax purposes pursuant to sections 103 and 143 of the Code and existing regulations, published rules and court decisions thereunder and will not be an item of tax preference for purposes of the federal alternative minimum tax on individuals.

WE EXPRESS NO OTHER OPINION with respect to the legal or beneficial ownership of the Bonds for federal income tax purposes or any other federal, state, or local tax consequences under present law or any proposed legislation resulting from the receipt or accrual of interest on, or the acquisition or disposition of the Bonds. Ownership of tax exempt obligations such as the Bonds may result in collateral federal tax consequences to, among others, financial institutions, property and casualty insurance companies, life insurance companies, certain foreign corporations doing business in the United States, S corporations with subchapter C earnings and profits, owners of interest in a financial asset securitization investment trust, corporations subject to the alternative minimum tax on adjusted financial statement income, individual recipients of Social Security or Railroad Retirement benefits, individuals otherwise qualifying for the

earned income tax credit, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry, or who have paid or incurred certain expenses allocable to, tax exempt obligations.

OUR OPINIONS ARE BASED on existing law, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may thereafter come to our attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Internal Revenue Service; rather, such opinions represent our legal judgment based upon our review of existing law that we deem relevant to such opinions and in reliance upon the representations and covenants referenced above.
