

In the opinion of McGuireWoods LLP, as bond counsel to the Virginia Public School Authority ("Bond Counsel"), under current law and subject to the conditions described in "TAX MATTERS" herein, interest on the below referenced bonds (the "Series 2023A Bonds") (i) is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) is not treated as a preference item in calculating the federal alternative minimum tax on individuals. However, for taxable years beginning after December 31, 2022, such interest is included in the "adjusted financial statement income" (as defined in Section 56A of the Code) of certain corporations in determining the applicability and amount of the federal corporate alternative minimum tax imposed under Section 55(b) of the Code. Bond Counsel is further of the opinion that interest on the Series 2023A Bonds is exempt from income taxation by the Commonwealth of Virginia and any of its political subdivisions. See "TAX MATTERS" herein regarding certain other tax considerations.

\$69,780,000
VIRGINIA PUBLIC SCHOOL AUTHORITY
SCHOOL FINANCING BONDS (1997 RESOLUTION)
SERIES 2023A

Dated: Date of Delivery**Due: August 1, as shown on the inside cover**

This Official Statement has been prepared by the Virginia Public School Authority (the "Authority") to provide information on the above referenced bonds (the "Series 2023A Bonds"). Selected information is presented on this cover page for the convenience of the user. To make an informed decision regarding the Series 2023A Bonds, a prospective investor should read this Official Statement in its entirety.

<i>Purpose</i>	The Series 2023A Bonds are being issued to purchase \$69,780,000 in general obligation school bonds issued by certain Virginia localities to finance or refinance capital projects for their public schools. See the section "PLAN OF FINANCE."
<i>Issued Pursuant to</i>	1997 Resolution, adopted by the Authority on October 23, 1997, as amended and restated.
<i>Denomination</i>	\$5,000 or multiples thereof.
<i>Security</i>	The Series 2023A Bonds are secured by principal and interest payments on the general obligation school bonds issued by Virginia localities, held by the Authority and pledged to the payment of the Series 2023A Bonds. The Series 2023A Bonds do not constitute a debt or a pledge of the faith and credit of the Commonwealth of Virginia. See the section "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS."
<i>Redemption</i>	The Series 2023A Bonds are subject to redemption as described on the inside cover.
<i>Interest Payment Dates</i>	February 1 and August 1, beginning February 1, 2024.
<i>Registration</i>	Fully registered book-entry only in the name of Cede & Co. (as nominee of The Depository Trust Company). See APPENDIX H – BOOK-ENTRY ONLY SYSTEM.
<i>Bond Registrar/ Paying Agent</i>	State Treasurer.
<i>Financial Advisor</i>	Davenport & Company LLC, Richmond, Virginia.
<i>Bond Counsel</i>	McGuireWoods LLP, Richmond, Virginia.
<i>Issuer Contact</i>	Director of Debt Management, Virginia Department of the Treasury, (804) 225-2142.
<i>Delivery Date</i>	On or about May 16, 2023.

Dated: April 25, 2023

The Series 2023A Bonds are exempt from registration under the Securities Act of 1933, as amended. The Series 2023A Bonds are also exempt from registration under the securities laws of the Commonwealth of Virginia.

No dealer, broker, salesman or other person has been authorized to give any information or to make any representation other than those contained in this official statement, and, if given or made, such other information or representations should not be relied upon as having been authorized by the Authority or the underwriters. This official statement does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any offer or solicitation of such offer or sale of the Series 2023A Bonds by any person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale. This official statement is not to be construed as a contract or agreement between the Authority or the underwriters or holders of any of the Series 2023A Bonds.

Certain statements included in this official statement constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. Such statements are generally identifiable by the terminology used such as "plan," "project," "expect," "anticipate," "intend," "believe," "estimate," "budget" or other similar words. The achievement of certain results or other expectations contained in such forward-looking statements involves known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements described to be materially different from any results, performances or achievements express or implied by such forward-looking statements. Except as specifically set forth herein, the Authority does not plan to issue any updates or revisions to those forward-looking statements due to changes in its expectations or subsequent events, conditions or circumstances on which such statements are based.

The information contained herein is subject to change without notice and neither the delivery of this official statement nor any sale made hereunder shall under any circumstances create an implication that there has been no change in the affairs of the Authority since the date hereof.

In accordance with their responsibilities under the federal securities laws, the underwriters have reviewed the information in this official statement but do not guarantee its accuracy or completeness.

The underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the Series 2023A Bonds, including transactions to (a) over-allot in arranging the sales of the Series 2023A Bonds, and (b) make purchases and sales of bonds, for long or short account, on a when-issued basis or otherwise, at such prices, in such amounts and in such manner as the underwriters may determine.

OFFICIAL STATEMENT
of the
VIRGINIA PUBLIC SCHOOL AUTHORITY
for its
\$69,780,000
SCHOOL FINANCING BONDS (1997 RESOLUTION)
SERIES 2023A

INTRODUCTION

The purpose of this Official Statement is to provide certain information in connection with the issuance by the Virginia Public School Authority (the "Authority") of its \$69,780,000 School Financing Bonds (1997 Resolution) Series 2023A (the "Series 2023A Bonds"). The Authority is an instrumentality of the Commonwealth of Virginia (the "Commonwealth"), created by Chapter 11, Title 22.1, Code of Virginia, 1950, as amended (the "Enabling Act"). See **"THE AUTHORITY."**

The Series 2023A Bonds are being issued by the Authority pursuant to the Enabling Act and a bond resolution adopted on October 23, 1997, as amended and restated, and as supplemented (the "1997 Resolution"), by the Board of Commissioners of the Authority (the "Board"). The Authority's purpose in issuing the Series 2023A Bonds is to provide funds for the purchase by the Authority of certain general obligation school bonds (the "2023A Local School Bonds") to be issued by certain Virginia localities (the "2023A Local Issuers"). The 2023A Local Issuers are to use the proceeds of their 2023A Local School Bonds to finance or refinance capital projects for their public schools.

In this Official Statement:

- The Series 2023A Bonds and the parity bonds heretofore and hereafter issued under the 1997 Resolution are called "Bonds."
- The 2023A Local School Bonds and all other general obligation school bonds the principal, interest and redemption components of which have been, or will be, pledged to the Bonds are called collectively "Local School Bonds."
- Cities, counties and towns, including the 2023A Local Issuers, are called "Local Issuers."

The Series 2023A Bonds will be the seventy-second series of Bonds issued under the 1997 Resolution. As of April 1, 2023, approximately \$2,364,455,000 of Bonds were outstanding.

The 1997 Resolution permits the issuance of additional Bonds of the Authority:

- to purchase additional Local School Bonds; and
- to refund any outstanding obligation of the Authority.

All the Bonds, including the Series 2023A Bonds, will be secured by and payable from principal and interest payable on all the Local School Bonds, including the 2023A Local School Bonds. See **"SCHEDULE OF INCOME AVAILABLE TO PAY DEBT SERVICE AND DEBT SERVICE REQUIREMENTS."** The 1997 Resolution requires, in connection with the issuance of additional Bonds by the Authority, that the sum of the scheduled debt service on all Local School Bonds after the issuance of such additional Bonds at least equal the related scheduled debt service on all the Bonds on each debt service payment date on the Bonds. All Local School Bonds, including the 2023A Local School Bonds, must be general obligations of Local Issuers for which their full faith and credit and taxing power are irrevocably pledged. See **"SECURITY AND SOURCES OF PAYMENT FOR THE BONDS"** and **"THE LOCAL SCHOOL BONDS."**

The Authority has covenanted in the 1997 Resolution to seek from the Virginia General Assembly in each biennium a sum sufficient appropriation of an amount at least equal to the difference between (A) debt service on the

Bonds becoming due in the fiscal years covered by the biennial Budget Bill and (B) the amounts paid on the Local School Bonds credited to the 1997 Resolution Pledge Account or realized from the application of the State Aid Intercept Provision. The General Assembly has the power to make future sum sufficient appropriations with respect to debt service on the Series 2023A Bonds, but the General Assembly is under no legal obligation to do so. **The Series 2023A Bonds do not constitute a debt or pledge of the faith and credit of the Commonwealth. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS - Sum Sufficient Appropriation."**

The issuance of additional Bonds, such as the Series 2023A Bonds, is conditioned upon the certifications that:

- (i) the scheduled debt service payments on the Local School Bonds are equal to or greater than the related scheduled debt service payments on the Bonds on each debt service payment date, and
- (ii) (A) the current Appropriation Act, and
(B) if and as applicable, either of
 - (I) the Governor's Budget Bill as introduced in the General Assembly for the next fiscal year or biennium or,
 - (II) if enacted, the Appropriation Act for the next fiscal year or bienniumcontains a sum sufficient appropriation to pay the debt service on the Bonds not paid from payments on the Local School Bonds. See **"SECURITY AND SOURCES OF PAYMENT FOR THE BONDS - Additional Bonds"** and **"SUMMARY OF CERTAIN PROVISIONS OF THE 1997 RESOLUTION - General Authorization of Bonds."**

The first debt service payment on the Series 2023A Bonds is scheduled to become due in the fiscal year commencing July 1, 2023. In the Commonwealth's current biennial budget (enrolled as Chapter 2 of the 2022 Special Session I Virginia Acts of Assembly and as amended by Chapter 769, 2023 Acts of Assembly) (the "2022-2024 Appropriation Act"), the General Assembly made a "sum sufficient appropriation" to provide the difference, if any, between the income received on the Local School Bonds and the debt service on the Bonds for the 2022-2024 biennium. The General Assembly has made a similar sum sufficient appropriation during each biennium since the adoption of the 1997 Resolution. See **"SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Sum Sufficient Appropriation."**

The 2023 regular legislative session of the General Assembly convened on January 11, 2023, and adjourned on February 25, 2023. During the session, the General Assembly considered numerous budget amendments to the current biennial budget to address an estimated budget surplus in excess of \$3 billion. While the General Assembly approved certain, limited technical amendments to the current biennial budget, which were enacted on April 12, 2023, the General Assembly adjourned without reconciling the differences in other proposed amendments that had been approved by the two legislative houses. The Virginia House of Delegates had approved budget amendments that included the Governor's proposed tax cuts of approximately \$1 billion that reduced the corporate tax rate and the top individual income tax rate as well as increased the standard deduction. The Virginia Senate had approved budget amendments that did not include such proposed tax cuts but instead provided increased funding for teacher compensation and other education purposes. Leaders of the General Assembly have indicated that negotiations will continue between the two legislative houses, and, should an agreement be reached on additional budget amendments, the General Assembly could be called back for a special session to consider such amendments. The Governor has the authority to call a special session of the General Assembly when it is deemed necessary or advisable and must do so when petitioned by two-thirds of the members of both legislative houses. While the Authority cannot predict when the General Assembly and the Governor will reach a final agreement on the proposed budget amendments, such amendments are not expected to affect the sum sufficient appropriation in the 2022-2024 Appropriation Act. See **"RECENT DEVELOPMENTS AFFECTING THE COMMONWEALTH"** for a discussion of recent financial and budget information concerning the Commonwealth.

The Authority has issued, and expects to issue in the future, bonds and other obligations ("Other Obligations") under other security instruments ("Other Resolutions"). Other Obligations have no claim to amounts payable on the Local School Bonds or, except for the VPSA Tax Credit Bonds issued pursuant to the VPSA Tax Credit Bond

Indenture (each as hereinafter defined), to the sum sufficient appropriation made with respect to the Bonds in the 2022-2024 Appropriation Act. The Bonds have no claim on the general obligation school bonds or other security pledged to the payment of the Other Obligations. See "**THE AUTHORITY - Other Authority Financings**" and "**FUTURE FINANCINGS.**"

PLAN OF FINANCE

Purchase of 2023A Local School Bonds

The proceeds of the Series 2023A Bonds, together with other available funds, if any, will be used to (i) purchase the 2023A Local School Bonds and (ii) pay a portion of the costs of issuance of the Series 2023A Bonds. The 2023A Local Issuers will use the proceeds of their respective 2023A Local School Bonds to finance or refinance capital projects for their public schools. The 2023A Local School Bonds will be credited to the 1997 Resolution Pledge Account in the General Pledge Fund created by the 1997 Resolution. The payments of principal and interest received on the 2023A Local School Bonds will be used to pay a portion of the principal of and interest on the Bonds of the Authority.

SOURCES AND USES OF THE PROCEEDS OF THE SERIES 2023A BONDS

The proceeds of the Series 2023A Bonds, including net initial offering premium, are expected to be applied as follows:

SOURCES

Par Amount	\$69,780,000.00
Net Original Issue Premium	<u>10,771,621.25</u>
Total	<u>\$80,551,621.25</u>

USES

Deposit to 1997 Resolution Purchase Fund	\$80,473,467.65
Underwriters' Discount	<u>78,153.60</u>
Total	<u>\$80,551,621.25</u>

In addition, the Authority's General Fund will provide an estimated amount not greater than \$270,826, representing an amount equal to the Authority's estimated issuance expenses incurred in connection with the Series 2023A Bonds (the "General Fund Contribution").

SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

Enabling Act

The Enabling Act authorizes the Authority to pay its bonds solely from funds of the Authority, including, among others, the following sources:

1. payments of principal of and interest on general obligation school bonds purchased by the Authority;
2. proceeds of the sale of any such general obligation school bonds; and
3. any funds appropriated by the General Assembly.

1997 Resolution Pledge

The two main sources of the funds pledged by the 1997 Resolution for the payment of debt service on the Bonds are:

1. payments received on the Local School Bonds and through enforcement of the State Aid Intercept Provision, and
2. appropriations for this purpose by the General Assembly (See "**Local School Bonds**," "**State Aid Intercept**," "**Commonwealth Appropriations to Local Issuers**" and "**Sum Sufficient Appropriation**" herein).

The Bonds are not general obligations of the Authority and are not secured by any of the funds and accounts, assets or revenues pledged under Other Resolutions. The Enabling Act provides that the Bonds, the premium, if any, and the interest thereon will not constitute a debt or a pledge of the faith and credit of the Commonwealth. Neither the faith and credit nor the taxing power of the Commonwealth or of any of its political subdivisions is pledged to the payment of the principal of, premium, if any, or interest on the Bonds. While the Bonds do not constitute a legally enforceable obligation of the Commonwealth nor create a debt of the Commonwealth, there is no constitutional bar to the General Assembly's making appropriations in future sessions to pay debt service on the Bonds.

Local School Bonds

The 2023A Local School Bonds will be purchased from the 2023A Local Issuers by the Authority with the proceeds of the Series 2023A Bonds. The Authority will deposit all the 2023A Local School Bonds in a special fund known as the "General Pledge Fund" under the 1997 Resolution and credit the principal, interest and redemption premium components of the 2023A Local School Bonds to a special account known therein as the "1997 Resolution Pledge Account." Under the 1997 Resolution, the Authority grants to the Depository (as hereinafter defined) of the 1997 Resolution Pledge Account, for the benefit of the holders of the Bonds, including the Series 2023A Bonds, security interests in the principal, interest and redemption premium components of the Local School Bonds, including the 2023A Local School Bonds. Similarly, the Authority will deposit to the General Pledge Fund additional Local School Bonds acquired with the proceeds of additional Bonds and assign their principal, interest and redemption premium components to the 1997 Resolution Pledge Account, all subject to security interests in favor of the holders of the Bonds, including the Series 2023A Bonds. Likewise, the Authority previously deposited Local School Bonds, either acquired with the proceeds of previous issues of Bonds or transferred in connection with the issuance of previous refunding Bonds, to the General Pledge Fund and has assigned such Local School Bonds' principal, interest and redemption premium components to the 1997 Resolution Pledge Account. See "**THE LOCAL SCHOOL BONDS - Local School Bonds Pledged to the Bonds.**"

Payments of principal of and interest received on Local School Bonds will be deposited in the "1997 Income Fund," another special fund created by the 1997 Resolution. The Authority will use these payments to pay debt service on the Bonds.

Interest on the Local School Bonds is due generally on the January 15 and July 15 immediately preceding the corresponding interest payment dates of February 1 and August 1 on the Bonds. Similarly, principal on the Local School Bonds is payable on the July 15 immediately preceding the corresponding August 1 principal payment date of the Bonds. Interest on the 2023A Local School Bonds will begin to accrue 16 days prior to the Series 2023A Bonds, so that the Authority will realize a proper matching of the income received from the first interest payment on the 2023A Local School Bonds with the amount of the first interest payment due on the Series 2023A Bonds.

See "**SCHEDULE OF INCOME AVAILABLE TO PAY DEBT SERVICE AND DEBT SERVICE REQUIREMENTS**" for a comparison between the scheduled income on the Local School Bonds in the 1997 Resolution Pledge Account and the 2023A Local School Bonds, and the scheduled debt service on the outstanding Bonds and the Series 2023A Bonds.

State Aid Intercept

A Virginia statute (Section 15.2-2659 of the Code of Virginia, 1950, as amended) (the "State Aid Intercept Provision") provides a mechanism for the application to overdue debt service on the Local School Bonds of appropriations by the General Assembly to the Local Issuers. The State Aid Intercept Provision requires the Governor of the Commonwealth, upon proof of default in the payment of debt service on any general obligation bond (such as a Local School Bond) by any local government (such as a Local Issuer), to direct the Comptroller of the Commonwealth to withhold certain payments to the local government until such default is cured. These payments

include funds appropriated by the General Assembly to the local government for any and all purposes. For as long as the default continues, the State Aid Intercept Provision directs the Governor to require the Comptroller to pay from such appropriation to the holders of such general obligation bonds or their paying agent as much as is necessary to cover the principal and interest due on such general obligation bonds. The State Aid Intercept Provision further provides for notice of the default and of the availability of intercepted funds with the paying agent or with the Comptroller by publication and by mail to the registered owners of such general obligation bonds. Executive Order Number Eighty-eight (01) delegates to the State Treasurer the responsibility to receive on the Governor's behalf proof of default in the payments of debt service on any general obligation bond. If such nonpayment is confirmed, the State Treasurer is to direct the Comptroller to withhold payments of Commonwealth funds to the locality and to pay them to the Authority.

It is the policy of the State Treasurer and the Comptroller that the bond payments be made on the same day as, or at least within 24 hours of, proper notification. However, to date, the State Aid Intercept Provision has never been utilized and there can be no assurance that the benefits of the provisions available to the Authority could be realized in the event of a nonpayment by a Local Issuer.

The State Aid Intercept Provision applies to all general obligation bonds of the Local Issuers, including the Local School Bonds. State aid that is payable to local governments and that is subject to interception pursuant to the State Aid Intercept Provision is derived primarily from the Commonwealth's General Fund, with the remaining aid being payable from the Highway Maintenance and Construction Fund of the Virginia Department of Transportation and certain other funds. The primary sources of revenue for the Commonwealth's General Fund are individual and corporate income tax revenues, sales and use tax revenues, other tax revenues, interest, dividends and rents. Although the State Aid Intercept Provision has not been tested in a Virginia court, the Attorney General of the Commonwealth has opined that funds appropriated and payable by the Commonwealth to local governments for any and all purposes are subject to the withholding of the State Aid Intercept Provision.

The Authority has covenanted in the 1997 Resolution that it will enforce the State Aid Intercept Provision to obtain payment of any principal of and interest due and unpaid on the Local School Bonds. The amount of aid appropriated by the Commonwealth to a Local Issuer varies from year to year and may not in a particular year equal or exceed all of the defaulted payment obligations of the Local Issuer subject to the State Aid Intercept Provision and any other similar intercept provisions. No guidance exists for determining the priority of the various intercept provisions in the event the amount of appropriated aid is insufficient to cover all of the applicable defaulted payment obligations.

[Remainder of page intentionally left blank]

Commonwealth Appropriations to Local Issuers

The table below shows direct appropriations paid by the Commonwealth to Local Issuers and the outstanding principal amounts of the Local School Bonds:

<u>Local Issuer</u>	<u>State Aid Received for Fiscal Year Ended⁽¹⁾</u>			<u>Principal Amount of</u>

⁽¹⁾ Source: Auditor of Public Accounts, Draft Comparative Report of Local Government Revenues and Expenditures.

⁽²⁾ Information is not available because the locality was delinquent in submitting comparative information to the Auditor of Public Accounts by the December 15 deadline.

⁽³⁾ Several localities have had the Authority issue Special Obligation School Financing Bonds on their behalf. These bonds are also subject to the State Aid Intercept Provision. See the chart titled "**Virginia Public School Authority Summary of Outstanding Indebtedness From Other Financings as of April 1, 2023.**"

Sum Sufficient Appropriation

The 1997 Resolution contemplates that the General Assembly will biennially appropriate to the Authority an appropriation for each fiscal year of the biennium to provide sufficient funds to the Authority to meet its debt service obligations in the event of a payment default on one or more Local School Bonds not timely cured by the implementation of the State Aid Intercept Provision. This type of appropriation is referred to in this Official Statement as a "sum sufficient appropriation." The General Assembly has included in each Appropriation Act subsequent to the adoption of the 1997 Resolution a "sum sufficient appropriation" to the Authority to provide for the difference, if any, between

- (1) the scheduled debt service on Bonds and
- (2) the sum of
 - (i) the debt service payments made on the Local School Bonds, and
 - (ii) the funds obtained from enforcement of the State Aid Intercept Provision.

Each Appropriation Act has designated "available moneys" in the Literary Fund of the Commonwealth (See **"THE LITERARY FUND"**) as the first source of funds for the appropriation and the General Fund of the Commonwealth as the secondary source. The first debt service payments on the Series 2023A Bonds are scheduled to become due during the 2022-2024 biennium which commenced July 1, 2022.

The Enabling Act requires that the Governor's budget submission or budget amendments each year shall contain a "sum sufficient appropriation." The Enabling Act also requires the Authority to submit to the Governor and the General Assembly an annual report detailing the amount of its outstanding Bonds with the benefit of the sum sufficient appropriation. The Enabling Act and the 1997 Resolution do not place any limitation on the amount of Bonds that the Authority can issue with the benefit of the sum sufficient appropriation.

The Authority has covenanted in the 1997 Resolution that it will seek a sum sufficient appropriation which will cover

- (1) the scheduled debt service on its outstanding Bonds during the fiscal year(s) covered by such Budget Bill(s), and
- (2) the estimated scheduled debt service on the additional Bonds the Authority projects that it will issue and have debt service coming due during the fiscal year(s) covered by such Budget Bill(s).

Specifically, the Authority has covenanted in the 1997 Resolution that it will cause its Chair annually, on or before December 1, to:

- (1) certify to the Governor and the Secretary of Finance of the Commonwealth an estimate of the total debt service coming due in each of the next two fiscal years on
 - (A) outstanding Bonds, and
 - (B) additional Bonds projected to be issued during such two fiscal years, each running from July 1 through the subsequent June 30, and
- (2) request inclusion in the Governor's Budget Bill(s) to be presented at the next regular session of the General Assembly of an appropriation first from available moneys in the Literary Fund and then from the General Fund of the Commonwealth.

In the event of a default in payment on one or more Local School Bonds, there is a period of not less than 15 days before the principal and interest payments on the Authority's Bonds become due. Should there be any deficiency remaining in the Income Available to Pay Debt Service after receipt of funds derived from the immediate implementation of the State Aid Intercept Provision, the Authority will immediately notify the Governor and the Director of the Department of Planning and Budget and (assuming the General Assembly has made a sum sufficient appropriation) after issuance of a warrant by the Comptroller, the State Treasurer shall transfer to the Depository of the 1997 Sinking Fund an amount equal to any remaining deficiency.

The Authority believes that the implementation of the State Aid Intercept Provision and, if that does not cure the deficiency, the issuance of the necessary warrant and subsequent electronic transfer pursuant to the sum sufficient appropriation will not take more than three business days following a default on a Local School Bond. The Authority further believes that the determination of the availability of funds in the Literary Fund required by the 2022-2024 Appropriation Act will not extend the process of accessing the sum sufficient appropriation.

Additional Bonds

The Authority may issue additional Bonds under the 1997 Resolution to purchase Local School Bonds and refund any indebtedness, including Other Obligations, provided that the Authority shall have received certificates of:

(1) the State Treasurer to the effect that the Income Available to Pay Debt Service on each debt service payment date equals or exceeds the scheduled debt service on all Bonds to be outstanding immediately after the delivery of the additional Bonds, and

(2) the Secretary of Finance that:

(A) the current Appropriation Act and any future Appropriation Act provision and

(B) if the date of the certificate is subsequent to December 20 of one year and prior to July 1 in the following calendar year, any Budget Bill

contain a sum sufficient appropriation from the Literary Fund and, to the extent that funds are not available therein for the purpose, from the General Fund of the Commonwealth, to pay the difference between debt service on the Bonds becoming due in such fiscal year(s) covered by such Appropriation Act Provision or Budget Bill and the amount available to pay such debt service.

The Authority may also issue additional Bonds under the 1997 Resolution to refund all or any of its outstanding Bonds or Other Obligations provided that, in either case, the coverage test for the issuance of additional Bonds to purchase additional Local School Bonds is satisfied. The Enabling Act requires that the Authority remit to the related Local Issuers, or in certain circumstances the Literary Fund, the net debt service savings resulting from any refunding of its Bonds or Other Obligations.

See **"SUMMARY OF CERTAIN PROVISIONS OF THE 1997 RESOLUTION - General Authorization of Bonds."**

The additional Bonds will be equally and ratably secured with the Series 2023A Bonds and other outstanding Bonds under the 1997 Resolution.

The Enabling Act imposes no limitation on the amount of Bonds that the Authority can issue under the 1997 Resolution.

Income Available to Pay Debt Service

The following table shows the scheduled debt service payments on the 2023A Local School Bonds and other Local School Bonds and the corresponding scheduled principal and interest payments due on the Series 2023A Bonds and other outstanding Bonds.

Totals	\$3,119,277,886	\$69,780,000	\$40,172,119	\$3,229,230,005	\$3,046,704,288	\$69,780,000	\$39,774,375	\$3,156,258,663

(1) Numbers may not add to total due to rounding.

(2) This term as defined in the 1997 Resolution includes the scheduled principal and interest payments on all Local School Bonds excluding any in default. Together, all payments due on the 2023A Local School Bonds will be greater than or in excess of the interest due on the Series 2023A Bonds on each February 1 and August 1 and the principal due on each August 1.

(3) Computed using the appropriate interest rates on the Series 2023A Bonds plus 5 basis points (0.05%).

(4) The difference between the figures shown in the "Total Income" column and the "Total Debt Service" column are the result of (i) an administrative fee of the Authority and (ii) savings realized from refunding prior issues of Bonds.

RECENT DEVELOPMENTS AFFECTING THE COMMONWEALTH

Revenue Report for Fiscal Year 2022. Based on the General Fund highlights contained in the comprehensive financial statements of the Commonwealth for the fiscal year ended June 30, 2022, attached hereto as **APPENDIX D**, the State Comptroller reported that, at the end of the fiscal year, the General Fund reported a combined ending fund balance of \$11.7 billion, an increase of \$4.6 billion in comparison with the prior year. Of this total fund balance, \$187.8 million represents non-spendable fund balance, \$2.7 billion represents restricted fund balance, \$5.7 billion represents committed fund balance, and \$3.1 billion represents assigned fund balance. Fiscal year 2022 General Fund revenues were 11.9 percent, or \$3.1 billion, higher than fiscal year 2021 revenues. This revenue change resulted from increases of \$3.7 billion primarily attributable to individual and fiduciary income taxes (\$2.4 billion), which was reduced by the Individual Income Tax Rebate of \$1.0 billion, sales and use taxes (\$629.7 million), corporation income taxes (\$408.3 million), other revenue predominantly related to prior year expenditures refunded in the current fiscal year (\$138.7 million), and premiums of insurance companies taxes (\$56.7 million). This was offset by decreases of \$614.6 million primarily attributable to interest, dividends, and rents (\$512.9 million), tobacco master settlement (\$37.7 million), deeds, contracts, wills, and suits taxes (\$29.2 million), tobacco product taxes (\$11.5 million), and communications sales and use taxes (\$11.3 million).

The State Comptroller reported that fiscal year 2022 expenditures increased by 9.4 percent, or \$2.2 billion, when compared to fiscal year 2021. While all expenditures categories increased during fiscal year 2022, the largest increases were primarily attributable to education, general government and individual and family services expenditures of \$1.3 billion, \$333.9 million and \$234.0 million, respectively. Net other financing sources and uses decreased by \$124.1 million, which was primarily due to higher transfers out to nongeneral funds offset by increases in transfers in from nongeneral funds and long-term leases issued.

Interim Revenue Reports. In the normal course, the Commonwealth Secretary of Finance provides periodic financial reports to the Governor of Virginia regarding, among other things, the Commonwealth's revenue forecasts and tax collections for the then current fiscal year. The most recent report is dated April 14, 2023, and covers the first nine months (which ended March 31, 2023) of the current fiscal year ending June 30, 2023 (the "March Revenue Report"). The March Revenue Report indicated that on an unadjusted basis, general fund revenues were 0.6 percent higher versus the projected 8.8 percent decline assumed in the Governor's proposed budget for the full fiscal year.

More specifically, on a fiscal year-to-date basis, collections of individual income tax withholding (estimated to represent 61.0 percent of general fund revenues for the fiscal year) have increased 7.7 percent over the same period last year after adjustments, and 4.4 percent on an unadjusted basis. Through March 2023, collections are trailing projections by \$32.3 million.

On a fiscal year-to-date basis, collections of individual income tax non-withholding (estimated to represent 19.0 percent of general fund revenues for the fiscal year), after accounting for the newly enacted Pass-Through Entity Tax, have increased 2.5 percent over the same period last year. Fiscal year-to-date non-withholding collections are \$148.1 million higher than projected.

Individual income tax refunds (estimated to represent -13.0 percent of general fund revenues for the fiscal year) have been issued in an amount that exceeds \$2.5 billion through March 2023, compared with \$1.1 billion over the same period last year. Most of the increase is attributable to the \$1.06 billion in taxpayer rebates along with the increased standard deduction and an expansion of the earned income tax credit. Adjusting for such tax policy changes, income tax refunds increased 32.9 percent fiscal-year-to-date, which is \$11.5 million higher than projected.

Collections of sales and use taxes (estimated to represent 19.0 percent of general fund revenues for the fiscal year) have increased 4.8 percent over the same nine-month period last year, after adjusting for the repeal of the Accelerated Sales Tax and the elimination of the state sales tax on grocery. Unadjusted sales tax collections are 8.5 percent higher year-to-date, trailing projections by \$60.1 million.

Collections of corporate income taxes (estimated to represent 7.0 percent of general fund revenues for the fiscal year) have decreased 6.3 percent for the fiscal year compared to the same period last year, and below projections by \$32.4 million.

The references above to revenue forecasts constitute forward-looking statements, rather than historical facts. The ability of the Commonwealth to achieve such revenue forecasts involves known and unknown risks, uncertainties and other factors that may cause actual revenues to differ materially from those estimated in such forward-looking statements. In addition, the interim revenue reports described above are based on preliminary, unaudited financial information and are subject to change. Actual revenues collected over the course of the full fiscal year may be different from those budgeted or implied by current revenue trends, and such differences may be material.

Current Appropriation Status – Pertaining to the Authority, Commonwealth Budget Status. The 2022-2024 Appropriation Act provides a "sum sufficient" appropriation to the Authority in a total amount equal to the difference, if any, between (A) the scheduled debt service on the Bonds due in the current 2022-2024 biennium and (B) the debt service payments made on the Local School Bonds credited to the 1997 Resolution Pledge Account or realized from the application of the State Aid Intercept Provision.

The 2023 regular legislative session of the General Assembly convened on January 11, 2023, and adjourned on February 25, 2023. During the session, the General Assembly considered numerous budget amendments to the current biennial budget to address an estimated budget surplus in excess of \$3 billion. While the General Assembly approved certain, limited technical amendments to the current biennial budget, which were enacted on April 12, 2023, the General Assembly adjourned without reconciling the differences in other proposed amendments that had been approved by the two legislative houses. The Virginia House of Delegates had approved budget amendments that included Governor Youngkin's proposed tax cuts of approximately \$1 billion that reduced the corporate tax rate and the top individual income tax rate as well as increased the standard deduction. The Virginia Senate had approved budget amendments that did not include such proposed tax cuts but instead provided increased funding for teacher compensation and other education purposes. Leaders of the General Assembly have indicated that negotiations will continue between the two legislative houses, and, should an agreement be reached on additional budget amendments, the General Assembly could be called back for a special session to consider such amendments. The Governor has the authority to call a special session of the General Assembly when it is deemed necessary or advisable and must do so when petitioned by two-thirds of the members of both legislative houses.

The Authority has no reason to expect that future amendments to the current biennial budget, if any are finally approved, will adversely affect the timing or amount of the current "sum sufficient" appropriation to the Authority referenced above.

For a general discussion of the 2022-2024 budget, including an overview of the amendments that were enacted on April 12, 2023, see the subsections entitled "Budgetary Process", "2022 Appropriation Act" and "2023 Appropriation Act" within the section **"FINANCIAL FACTORS"** in **APPENDIX B** attached to this Official Statement.

Available Cash and Investments. Based on the latest available monthly analysis of the Commonwealth's cash and investments, the Office of the Comptroller reported that for the period ended March 31, 2023, the Commonwealth had approximately \$15.70 billion in net unrestricted cash available to support cashflow in the general fund (compared to approximately \$16.11 billion available as of February 28, 2023), and an additional approximately \$12.99 billion in restricted non-general fund sources to support cash flow in other Commonwealth operating funds as necessary (compared to approximately \$12.43 billion available as of February 28, 2023).*

* This paragraph has been revised since the Preliminary Official Statement dated April 18, 2023, to reflect updated information.

DESCRIPTION OF THE SERIES 2023A BONDS

General

The Series 2023A Bonds will be dated the date of delivery, will bear interest from their date payable semiannually on each February 1 and August 1, commencing on February 1, 2024, at the respective rates, and will mature, subject to prior redemption, on August 1, in each of the years, as set forth on the inside cover of this Official Statement. The record date for the Series 2023A Bonds will be the fifteenth day (whether or not a business day) of the calendar month next preceding the applicable interest payment date.

Optional Redemption

The Authority may, at its option, redeem certain of the Series 2023A Bonds prior to maturity as described on the inside cover of this Official Statement.

Notice of Redemption

Notice of redemption is to be given not more than 60 nor less than 30 days before the redemption date by first class mail to the registered owner or owners of the Series 2023A Bonds or portions thereof to be redeemed; provided, however, that any defect in such notice or the failure so to mail any such notice to any owners of any Series 2023A Bonds will not affect the validity of the proceedings for the redemption of any other Series 2023A Bonds. **During the period that DTC or the DTC partnership nominee is the registered holder of the Series 2023A Bonds, the Bond Registrar will not be responsible for mailing notices of redemption to the beneficial owners of the Series 2023A Bonds.** See APPENDIX H - BOOK-ENTRY ONLY SYSTEM. Each such notice will set forth the Series 2023A Bonds or portions thereof to be redeemed, the date fixed for redemption, the Redemption Price to be paid, and if less than all the Series 2023A Bonds will be called for redemption, the maturities of the Series 2023A Bonds to be redeemed and shall otherwise comply with Securities Exchange Act of 1934 Release No. 34-23856, dated December 3, 1986. If any Series 2023A Bond is to be redeemed in part only, the notice of redemption will state also that on or after the redemption date, upon surrender of such Series 2023A Bond, a new Series 2023A Bond of authorized denominations and in principal amount equal to the unredeemed portion of such Series 2023A Bond will be issued.

Any notice of optional redemption of the Series 2023A Bonds may state that it is conditioned upon there being available an amount of money sufficient to pay the Redemption Price, consisting of par plus interest accrued and unpaid to the redemption date, and any conditional notice so given may be rescinded at any time before the payment of the Redemption Price if any such condition so specified is not satisfied. If a redemption does not occur after a conditional notice is given due to an insufficient amount of funds on deposit by the State Treasurer, the corresponding notice of redemption shall be deemed to be revoked.

If the Authority gives an unconditional notice of redemption, then on the redemption date the Series 2023A Bonds called for redemption will become due and payable. If the Authority gives a conditional notice of redemption, and money to pay the Redemption Price of the affected Series 2023A Bonds shall have been set aside in escrow with the State Treasurer or other Depository for the purpose of paying such Series 2023A Bonds, then on the redemption date the Series 2023A Bonds will become due and payable. In either case, if on the redemption date the State Treasurer holds money to pay the Series 2023A Bonds called for redemption, thereafter, no interest will accrue on those Series 2023A Bonds, and a Bondholder's right will be to receive payment of the Redemption Price upon surrender of those Series 2023A Bonds.

THE AUTHORITY

The Authority's Board of Commissioners consists of the State Treasurer, the State Comptroller, the Superintendent of Public Instruction and five additional members appointed by the Governor, subject to confirmation by the General Assembly, who serve at the pleasure of the Governor for terms of six years. The Governor appoints one of the appointed members of the Board as chair, who serves as chief executive officer of the Authority. The Board elects, from its membership, a vice-chairman, treasurer and secretary.

The members of the Board of Commissioners of the Authority are:

JOHN R. RILEY, JR., *Chair*; President, Riley Consulting LLC; term expires June 30, 2028; Residence: Spotsylvania County, Virginia.

MARIA J. PERROTTE, *Vice Chair*; Retired Chief Financial Officer of Stafford County, Virginia; term expires June 30, 2028; Residence: King George County, Virginia.

DAVID L. RICHARDSON, *Treasurer and Secretary* by virtue of being the State Treasurer of Virginia; serves at the pleasure of the Governor; Residence: Richmond, Virginia.

BETTY J. BURRELL, *Member*, Retired Director of Procurement, City of Richmond, Virginia; term expires June 30, 2024; Residence: Richmond, Virginia.

MICHAEL NGUYEN, *Member*; Chief Operating Officer, Prosperity Now; term expires June 30, 2026; Residence: Chesterfield County, Virginia.

THE HONORABLE CARDELL C. PATILLO, JR., *Member*; Portsmouth School Board; Youth and Young Adult Pastor, Grove Baptist Church; term expires June 30, 2026; Residence: Portsmouth, Virginia.

DR. LISA COONS, *Member* by virtue of being the Superintendent of Public Instruction of Virginia; serves at the pleasure of the Governor; Residence: Richmond, Virginia.

LEWIS R. MCCABE, *Member* by virtue of being the Comptroller of Virginia; serves at the pleasure of the Governor; Residence: Goochland County, Virginia.

Staff of the Authority

The office of the State Treasurer provides staff and administrative support for the Authority. The Authority's mailing address is P.O. Box 1879, Richmond, Virginia 23218-1879. The telephone number of the office of the State Treasurer is (804) 225-2142. Selected members of the Authority's staff include the following:

Bradley L. Jones has served as Director of Debt Management since April 2021 and previously held other positions within the Treasury Department and with Virginia Resources Authority. Mr. Jones has a bachelor's degree in economics from Hampden-Sydney College and a master's degree in business administration from Virginia Commonwealth University.

James D. Mahone has served as Public Finance Manager since 2015 and previously held positions with Regions Bank, Wachovia Bank and First Union National Bank. Mr. Mahone has a bachelor's degree in finance from James Madison University.

Melissa W. Palmer has served as a Senior Public Finance Analyst since 2006 and previously held other positions within the Treasury Department and the Virginia Department of Medical Assistance Services. Ms. Palmer has a bachelor's degree in finance from the College of William and Mary and a master's degree in public administration from Virginia Commonwealth University.

Powers of the Authority

Under the provisions of the Enabling Act, the Authority is empowered, among other things, to (1) manage and administer all moneys and obligations that may be set aside and transferred to it by the General Assembly of Virginia from the principal of a special trust fund established under the Constitution of Virginia and dedicated to the support of public education in Virginia (the "Literary Fund"), for public school purposes, (2) purchase, with any of its funds available for such purpose, at public or private sale and for such price and on such terms as it shall determine, general obligation school bonds of cities, counties and towns in the Commonwealth, or to make loans or grants to local school boards, and (3) issue, for the purpose of providing funds for the purchase of general obligation school

notes or the making of loans or grants to local school boards, its bonds or other obligations payable solely from its funds including, but without limitation, (a) payments of principal of and interest on the general obligation school bonds purchased by the Authority or such loans made by the Authority, (b) sale proceeds of such general obligation school bonds, (c) payments of principal of and interest on obligations transferred to the Authority from the Literary Fund ("Literary Fund Obligations"), (d) sale proceeds of such Literary Fund Obligations, (e) any moneys transferred to the Authority from the Literary Fund, (f) payments of principal of and interest on loans made to local school boards, and (g) any funds authorized by the General Assembly for such purpose from the Literary Fund or otherwise appropriated by the General Assembly.

The validity of the original Enabling Act was upheld by the Supreme Court of Virginia in 1962 in *Button v. Day*, 203 Va. 687, 127 S.E.2d 122.

Financial Condition of Authority Funds

The Authority has caused an audit to be made of its books and accounts for the year ended June 30, 2022, which is contained in **APPENDIX A**. See **"CONTINUING DISCLOSURE"** and **APPENDIX F - "CONTINUING DISCLOSURE UNDERTAKINGS - Virginia Public School Authority."**

Other Authority Financings

The Authority expects that the 1997 Resolution will continue to be the primary instrument under which it issues bonds to provide funds to purchase local school bonds and thereby promote the financing of capital projects for public schools across the Commonwealth. Historically, the Authority has issued bonds under a number of other comparable "pool" resolutions and resolutions pledging solely the local school bonds of a single local issuer ("Stand Alone Security Structure").

Special Obligation School Financing Bonds. Using a Stand Alone Security Structure, the Authority has issued several issues of special obligation school financing bonds that are secured separately from the Bonds. These bonds are not secured by a pledge of the Local School Bonds or a "sum sufficient" appropriation of the Commonwealth.

School Technology and Security Notes. As of April 1, 2023, the Authority has outstanding five series of School Technology and Security Notes (collectively, the "Notes"). Proceeds from the Notes were used primarily to make grants to (i) establish a computer-based instructional and testing system for the Standards of Learning (SOL) and connecting high schools (and middle and elementary schools as appropriate), Best Practices Centers and the Central Office of the Department of Education, and (ii) offset the costs associated with the purchase of appropriate security equipment. The Authority expects to issue an additional series of Notes in the spring of 2023. See also **"FUTURE FINANCINGS."**

The outstanding Notes are limited obligations of the Authority payable from appropriations by the Virginia General Assembly from the Literary Fund. The Notes have carried since their issuance the additional benefit of a sum sufficient appropriation from the General Fund of the Commonwealth. See **APPENDIX E - "LITERARY FUND - Appropriations from the Literary Fund."** See also **"FUTURE FINANCINGS"** and **"LEGISLATION."**

Tax Credit Bonds. As of the date hereof, the Authority has issued seven issues of tax credit bonds pursuant to a Master Trust Indenture, dated as of October 1, 2009 (as supplemented and amended, the "VPSA Tax Credit Bond Indenture"), between the Authority and U.S. Bank National Association (such bonds are referred to herein as "VPSA Tax Credit Bonds"). The VPSA Tax Credit Bonds benefit from the sum sufficient appropriation but are not secured by the 1997 Resolution.

The following table is a summary of outstanding indebtedness of the Authority from the other financings listed above.

Virginia Public School Authority
Summary of Outstanding Indebtedness From Other Financings
as of April 1, 2023⁽¹⁾

<u>Issue Category</u>	<u>Final Maturity Date</u>	<u>Principal Outstanding</u>
County of Prince William School Financing Bonds Series 2013 ⁽¹⁾	15-Jul-23	\$3,000,000

School Technology and Security Notes ⁽²⁾	15-Apr-27	188,420,000
VP SA Tax Credit Bonds ⁽³⁾	15-Dec-34	359,566,000
	<u>TOTAL:</u>	<u>\$1,712,286,000</u>

⁽¹⁾ See "Special Obligation School Financing Bonds" above.

⁽²⁾ See "School Technology and Security Notes" above. The Authority expects to issue an additional series of Notes in the spring of 2023. See "FUTURE FINANCINGS."

⁽³⁾ See "Tax Credit Bonds" above.

The holders of the Authority's Other Obligations issued under the Other Resolutions described above have no claim on the Local School Bonds or their principal, interest and redemption premium components or any other assets pledged to the Bonds, and holders of Bonds issued under the 1997 Resolution have no claim to the local school bonds or other assets pledged under such Other Resolutions for the payment of such Other Obligations.

THE LOCAL SCHOOL BONDS

Requirements for the Local School Bonds

The 1997 Resolution requires that every Local School Bond purchased by the Authority must be a valid and binding general obligation of its respective Local Issuer for the payment of which its full faith and credit are pledged, that all taxable property within the boundaries of the Local Issuer must be subject to the levy of an ad valorem tax, without limitation as to rate or amount, for payment of such Local School Bonds and the interest thereon, and that all Local School Bonds must be in, or convertible into, marketable form and must be accompanied by an approving opinion of a firm of recognized municipal bond attorneys acceptable to the Authority.

Local School Bonds

2023A Local School Bonds and 2023A Local Issuers. The following table lists the 2023A Local Issuers and the principal amount of the 2023A Local School Bonds to be issued by the 2023A Local Issuers and to be purchased by the Authority with the proceeds of the Series 2023A Bonds.

<u>2023A Local Issuers</u>	<u>2023A Local School Bonds Being Purchased</u>
Augusta County	\$38,145,000
City of Chesapeake	9,900,000
Frederick County	21,735,000

Details of the 2023A Local School Bonds. 2023A Local Issuers are obligated to issue and sell to the Authority their 2023A Local School Bonds with interest rates on principal installments five basis points (0.05%) above the rates on the corresponding maturities of the Series 2023A Bonds. The debt service payments on all 2023A Local School Bonds are due on January 15 and July 15, in advance of the corresponding February 1 and August 1 debt service payment dates on the Series 2023A Bonds. Interest on the 2023A Local School Bonds will begin to accrue 16 days prior to the Series 2023A Bonds, so that the Authority will realize a proper matching of the income received from the first interest payment on the 2023A Local School Bonds with the amount of the first interest payment due on the Series 2023A Bonds.

The 2023A Local School Bonds are not subject to redemption prior to their respective maturities without the prior written consent of the Authority. If the Authority refunds the Series 2023A Bonds in the future and such refunding causes a 2023A Local School Bond to be deemed refunded, the prepayment or redemption of the 2023A Local School Bond will be subject to the Authority's approval and subject to prepayment or redemption provisions that correspond to the call period of the Authority's bonds issued in part to refund such 2023A Local School Bond.

Delivery of the 2023A Local School Bonds. The terms of the contracts between the Authority and each 2023A Local Issuer whose 2023A Local School Bonds the Authority has agreed to purchase with the proceeds of its Series 2023A Bonds require that the 2023A Local Issuer issue and deliver to the Authority its 2023A Local School Bonds on the same date that the Authority issues and delivers its Series 2023A Bonds to the purchasers thereof. In general, the Local Issuers deliver their Local School Bonds to the Authority on the same day that the Authority delivers its Bonds to the purchasers thereof. On occasion, there has been a delay in the delivery of a Local Issuer's Local School Bonds to the Authority, in which case the Local Issuer is required by the terms of its contract with the Authority to compensate the Authority for the delay in delivery by an amount equal to the difference, if any, between the income the Authority realizes on the investment of its Bond proceeds set aside to purchase the Local School Bonds and the income the Authority would have realized had the Local School Bonds been delivered on the same date that the Authority's Bonds were issued and delivered.

In the event that a 2023A Local Issuer fails to deliver its 2023A Local School Bond to the Authority within 60 days of the date of delivery for the Series 2023A Bonds, the Authority anticipates that it would apply the excess proceeds of the Series 2023A Bonds, plus any additional moneys required, to fund an escrow consisting of Defeasance Obligations (see "**SUMMARY OF CERTAIN PROVISIONS OF THE 1997 RESOLUTION - Investments**") sufficient to redeem (in accordance with the optional redemption provisions of the 1997 Resolution), or to pay at their maturity, the Series 2023A Bonds in the same principal amount as, and with maturities corresponding to the principal installments of, such 2023A Local School Bond and to pay interest on such Series 2023A Bonds to the respective redemption or maturity dates. As an alternative to establishing such an escrow, the Authority may seek to loan a portion or all of such excess proceeds to another Local Issuer under the same terms and rates as would have applied to the 2023A Local Issuer whose failed delivery of its 2023A Local School Bond resulted in excess Series 2023A Bond proceeds. In no event would any failed delivery of 2023A Local School Bonds result in an extraordinary redemption of Series 2023A Bonds since the 1997 Resolution makes no provision for any such extraordinary redemption.

Local School Bonds Pledged to the Bonds

As of April 1, 2023, there was \$2,382,453,319 aggregate principal amount of Local School Bonds of 92 Local Issuers held in the 1997 Resolution Pledge Account in the General Pledge Fund. As of April 1, 2023, all Local School Bonds were current as to principal and interest. See **"SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Commonwealth Appropriations to Local Issuers"** for the outstanding principal amount of each Local School Bond outstanding.

Protection from Default in Payment of Local School Bonds

There has never been a payment default on any general obligation school bonds held by the Authority. The Authority has covenanted in the 1997 Resolution that it will take any and all action available to it under the laws of the Commonwealth, including the State Aid Intercept Provision, to secure payment of the principal of and the interest on the Local School Bonds held under the 1997 Resolution. See **"SECURITY AND SOURCES OF PAYMENT FOR THE BONDS - State Aid Intercept"** above.

State Non-Arbitrage Program

Since 1989, the Authority has required all Local Issuers to deposit and maintain the proceeds of their Local School Bonds in the Virginia State Non-Arbitrage Program® ("SNAP"). SNAP includes a professionally-managed local government investment pool which provides the Local Issuers with a convenient method of pooling bond proceeds for temporary investment pending their expenditure and with record keeping, depository and arbitrage rebate calculation services.

Power of Local Issuers to Issue Local School Bonds

Pursuant to the Constitution of Virginia and the Public Finance Act of 1991 (Chapter 26, Title 15.2 of the Code of Virginia of 1950, as amended), Virginia localities are authorized to issue bonds and notes secured by, among other things, a pledge of their full faith and credit and unlimited taxing power. For cities and towns, the Constitution and the Public Finance Act limit the amount of such general obligation debt to 10% of the assessed valuation of real estate subject to local taxation. Some city or town charters may further limit the amount of general obligation debt that may be incurred within a fiscal year or that may be incurred without a referendum. Counties may not issue general obligation debt without a referendum, except for refunding bonds and bonds issued for capital projects for school purposes and sold to the Literary Loan Fund, the Virginia Retirement System or other Commonwealth agency prescribed by law, such as the Authority. Further, some counties have elected to be treated as cities for purposes of issuing general obligation debt and are accordingly subject to the 10% limitation described above.

THE LITERARY FUND

General

The Literary Fund is a permanent and perpetual school fund created in 1810 and established by the Constitution of Virginia as a depository for moneys derived by the Commonwealth from criminal fines and forfeitures, escheated property and income from the investment of moneys on deposit in the Literary Fund. The moneys therein are held by the State Treasurer and administered by the State Board of Education "for public school purposes, including the teachers' retirement fund."

Available Monies

Under the 2022-2024 Appropriation Act, the sum sufficient appropriation to the Authority for debt service on Bonds for the biennium ending June 30, 2024, is payable first from "available monies" in the Literary Fund and then from the General Fund of the Commonwealth. The Authority anticipates that the determination of "available monies" at a point in time, assuming a Local Issuer has defaulted on its Local School Bond and implementation of the State Aid Intercept Provision has not cured the default, will be made by the Director of the Department of Planning

and Budget taking into account the balance of cash and cash equivalents credited to the Literary Fund, on the one hand, and all appropriations and transfers from, and Literary Fund Loan commitments made by, the Literary Fund.

See **APPENDIX E - LITERARY FUND**. See also **"FUTURE FINANCINGS"** and **"LEGISLATION."**

THE GENERAL FUND OF THE COMMONWEALTH

The General Fund of the Commonwealth is comprised of such balances, public taxes, arrears of taxes, and monies derived from all other sources as are not by law segregated to other funds and accounts for transactions related to resources received and used for those services traditionally provided by a state government. Commonwealth General Fund revenues are principally composed of direct taxes to support a number of government functions, primarily education, individual and family services, public safety and general government, and are available for payment of debt service obligations of the Commonwealth. For the fiscal year ended June 30, 2022, Commonwealth General Fund revenue was approximately \$30,594,088,000 with expenditures of approximately \$25,325,697,000 and ending with a fund balance surplus of approximately \$13,375,034,000. See **APPENDIX B – COMMONWEALTH OF VIRGINIA FINANCIAL AND OTHER INFORMATION**.

SUMMARY OF CERTAIN PROVISIONS OF THE 1997 RESOLUTION

The following statements are brief summaries of certain provisions of the 1997 Resolution. Such statements do not purport to be complete and reference is made to the 1997 Resolution, copies of which are available for inspection upon request to the Secretary of the Authority.

Definitions of Certain Terms

The following are the definitions of certain terms contained in the 1997 Resolution and used in this Official Statement:

"Depository" means the State Treasurer or one or more banks or trust companies duly authorized to engage in the banking business and meeting the requirements of the 1997 Resolution and designated by resolution of the Authority or by the State Treasurer as a depository of moneys under the provisions of the Resolution.

"General Fund" means the Virginia Public School Authority General Fund, a special fund created by the 1997 Resolution.

"Income Available to Pay Debt Service" means as of any particular Payment Date,

(1) the amount of the principal and interest that is scheduled to become due and payable on the local school bonds credited to the 1997 Resolution Pledge Account during the Applicable Income Period,

plus (2) the amount, if any, of the principal and interest that is scheduled to become due and payable prior to the Applicable Income Period on the local school bonds credited to the 1997 Resolution Pledge Account that is designated by the Authority, in a certificate of its Treasurer or an Assistant Treasurer, for application to debt service on the Bonds in the Applicable Income Period,

less (3) the amount, if any described in (1) above that has been designated by the Authority, in a certificate of its Treasurer or an Assistant Treasurer, for application to debt service on the Bonds subsequent to the Applicable Income Period.

For the purposes of the definition of "Income Available to Pay Debt Service," "Applicable Income Period" means the period beginning, with respect to each series of Bonds, on the later of their date of issue and the day after the previous Payment Date and ending on the date that is the applicable Payment Date or if such Date is not a Business Day, the Business Day next preceding such Payment Date.

Establishment of Funds and Accounts

The 1997 Resolution provides for the creation of the "Virginia Public School Authority 1997 Purchase Fund" (the "1997 Purchase Fund"); the "Virginia Public School Authority 1997 Income Fund" (the "1997 Income Fund"); the "Virginia Public School Authority 1997 Bond Interest and Sinking Fund" (the "1997 Sinking Fund"), and the "Virginia Public School Authority Reimbursement Fund" (the "Reimbursement Fund"). The 1997 Resolution further provides for the creation of a special fund designated the "Virginia Public School Authority General Pledge Fund" (the "General Pledge Fund"), including therein the "Virginia Public School Authority General Pledge Fund 1997 Resolution Account" (the "1997 Resolution Pledge Account").

Purchase Fund

To the extent provided in a series resolution, proceeds of Bonds issued under the 1997 Resolution shall be deposited in the Authority's General Fund for payment of expenses incurred in connection with the issuance of Bonds. The remaining proceeds of such Bonds (other than refunding Bonds and net of accrued interest) shall be deposited in the 1997 Purchase Fund.

The moneys in the 1997 Purchase Fund are to be applied by the Treasurer of the Authority to the purchase of Local School Bonds, subject to the provisions of the Enabling Act and the rules and regulations of the Authority. All Local School Bonds so purchased must constitute valid and binding general obligations of the Local Issuer for the payment of which its full faith and credit are pledged, and all taxable property within the boundaries of the Local Issuer must be subject to the levy of an ad valorem tax, without limitation on rate or amount, for the payment of such Local School Bonds and the interest thereon. The Local School Bonds must be accompanied by the approving opinion of a firm of recognized municipal bond attorneys acceptable to the Authority.

All Local School Bonds purchased with funds held in the 1997 Purchase Fund shall be held for the credit of the 1997 Resolution Pledge Account within the General Pledge Fund and pledged to the payment of the Bonds. The Board may authorize and direct the Treasurer of the Authority to sell (with or without consideration) or otherwise dispose of Local School Bonds purchased with the proceeds of Bonds issued under the 1997 Resolution; provided, however, no Local School Bonds may be sold unless the sale is required to make up a deficiency in the 1997 Sinking Fund or unless, following such sale or other disposition, the Income Available for Debt Service on each Payment Date is not less than the debt service on each such Date.

Any proceeds from such a sale or other disposition may be used for the lawful purposes of the Authority; any accrued interest realized in such a sale shall be deposited to the credit of the 1997 Income Fund.

The Board may from time to time authorize and direct the Treasurer of the Authority to transfer from the 1997 Purchase Fund to the 1997 Sinking Fund all or any portion of the moneys held in the 1997 Purchase Fund in order to pay interest on Bonds, to redeem Bonds or to make up any deficiency in the 1997 Sinking Fund.

Flow of Funds

The Treasurer of the Authority shall collect and deposit in the 1997 Income Fund the principal and interest payments on the Local School Bonds credited to the 1997 Resolution Pledge Account as the same become due and payable.

The Authority has covenanted that on or before the last Business Day preceding each Payment Date (or any other day designated in a series resolution) (a "Deposit Day"), the State Treasurer shall, if applicable, withdraw an amount of money from the 1997 Income Fund, and deposit such moneys in the following funds and accounts in the following order and in amounts sufficient in the aggregate to satisfy the following requirements:

- (a) in the 1997 Sinking Fund such amount as may be required to make the amount in the 1997 Sinking Fund equal to the sum of (i) the interest next due on the Bonds and (ii) the principal next due on the Bonds; provided that in making such transfers, the Treasurer of the Authority may take into account any

accrued interest deposited from Bond proceeds and any amounts specified in a certificate of the Treasurer of the Authority prior to such Deposit Day as credited to a special account in the 1997 Purchase Fund; and

(b) in the Reimbursement Fund, such amount of any balance remaining after making the deposits under clause (a) above, up to the entire balance if less than the required amount, as may be required by the resolutions of the Authority in connection with obligations to repay the Commonwealth for any appropriations to cure deficiencies in the amount required to be on deposit in the 1997 Sinking Fund or to make rebate payments to the United States.

The State Treasurer shall transfer from the 1997 Income Fund to the credit of the General Fund of the Authority following each Payment Date, as may be requested by the Treasurer of the Authority, the lesser of (i) the amount described in clause (1)(A) below and (ii) the amount, if any, by which

(1) the sum of (A) the amount then remaining to the credit of the 1997 Income Fund, **plus** (B) the amount of the principal and interest that is scheduled to become due and payable on the local school bonds (the issuer of which is not then, to the knowledge of the State Treasurer, in default in the payment of the principal of or interest on any general obligation bond) held to the credit of the 1997 Resolution Pledge Account and payable to the Authority prior to the next succeeding Deposit Day,

exceeds

(2) the sum of (A) the amount of the scheduled Principal and Interest Requirement on the Bonds for the next succeeding Payment Date, **plus** (B) the amount then remaining to the credit of the 1997 Income Fund that has been designated by the Authority in accordance with the provisions of the Resolution for application to debt service on the Bonds on a future Payment Date subsequent to the next succeeding Payment Date.

1997 Sinking Fund

Moneys in the 1997 Sinking Fund shall be used for the payment of the principal of, premium, if any, and interest on the Bonds. The 1997 Resolution permits the State Treasurer to use moneys on deposit in the 1997 Sinking Fund to purchase Bonds coming due (or subject to mandatory redemption) on the next succeeding principal payment date at the most advantageous prices obtainable, but not in excess of the principal amount of such Bonds plus accrued interest, if any. Such purchases must be made no later than 45 days prior to an interest payment date on which Bonds are subject to redemption and must be made with moneys other than those set aside or deposited for the redemption of Bonds.

If Bonds are secured by a credit facility, moneys in the 1997 Sinking Fund may be used, as provided in a series resolution, to reimburse the credit provider for amounts drawn under the credit facility to pay the principal of, premium, if any, and interest on the Bonds.

General Fund

Moneys in the General Fund may be used to purchase Local School Bonds or for any other authorized purpose of the Authority and are not subject to a lien in favor of the holders of the Bonds.

General Pledge Fund

All local school bonds that are

- (i) purchased from moneys held for the credit of the 1997 Purchase Fund, or
- (ii) if so provided by resolution of the Authority,
 - (A) purchased from moneys held for the credit of the General Fund, or
 - (B) transferred from funds or accounts held under Other Resolutions,

shall be delivered to, and held in trust by, a Depository for the credit of the General Pledge Fund.

Unless otherwise provided by resolution of the Authority, all principal, interest and redemption premium components of the Local School Bonds that are purchased from moneys held for the credit of the 1997 Purchase Fund shall be credited, pledged and assigned to the 1997 Resolution Pledge Account in the General Pledge Fund. The Authority pursuant to the provisions of the 1997 Resolution grants security interests in favor of the holders from time to time of the Bonds issued and outstanding under the 1997 Resolution in such principal, interest and redemption premium components of such Local School Bonds, the receipts therefrom and the proceeds thereof. If so provided by resolution of the Authority, the Authority further grants and confirms security interests in favor of the holders from time to time of the Bonds issued and outstanding under the 1997 Resolution in the principal, interest and redemption premium components, the receipts and the proceeds of the local school bonds that are

- (i) purchased from moneys held for the credit of the General Fund, or
- (ii) transferred from funds or accounts held under Other Resolutions or from another special account within the General Pledge Fund

and credited, pledged and assigned to the 1997 Resolution Pledge Account.

The Authority may, by resolution, designate that all or a portion of all or a portion of the components of the Local School Bonds shall be credited, pledged and assigned to special subaccounts and may grant security interests in such portion or portions, the receipts therefrom and the proceeds thereof for the benefit of certain but not all of the holders of Bonds or series or maturities or Bonds within maturities thereof as shown on the records of the Depository having custody of the General Pledge Fund. Where all or any of the principal, interest and redemption premium components of a local school bond are credited to the 1997 Resolution Pledge Account, all or the appropriate portion of the related local school bond held in the General Pledge Fund shall also be deemed credited to the 1997 Resolution Pledge Account and subject to the security interests created therein, and the proceeds from the sale or other disposition pursuant to the provisions of the 1997 Resolution shall be allocated to the Bonds in proportion to their percentage of the value of the components credited to such Account, as determined by the Authority.

General Authorization of Bonds

The Authority may issue additional Bonds under the 1997 Resolution for the purpose of providing funds for the purchase of Local School Bonds, subject to receipt of the following documents by the Treasurer of the Authority:

- (a) a copy, certified by the Secretary of the Authority, of the Series Resolution or applicable Resolutions;
- (b) a copy, certified by the Secretary of the Authority, of the resolution adopted by the Board awarding such Bonds and directing the delivery of such Bonds;
- (c) a certificate, signed by the State Treasurer, setting forth with reference to each Payment Date, to and including the last stated principal payment date on the Bonds then outstanding and the Bonds then to be issued,
 - (A) the Income Available to Pay Debt Service (excluding the principal and interest on the Local School Bonds the issuer of which is then, to the knowledge of the State Treasurer, in default in the payment of principal or interest on any general obligation bond);
 - (B) the sum of (i) the principal and interest requirements on account of the Bonds of each Series then outstanding under the 1997 Resolution and (ii) the principal and interest requirements for the Bonds then to be issued and stating that the result of dividing the amount mentioned in paragraph (A) for each such Date by the sum set forth in paragraph (B) for the same Date is at least one hundred percent (100%) on each such Date;
- (d) a certificate, signed by the Secretary of Finance of the Commonwealth that
 - (i) the current Appropriation Act Provision and any future Appropriation Act Provision, and

- (ii) if the date of the certificate is subsequent to December 20 of one year and prior to July 1 in the following calendar year, any Budget Bill

contain a "sum sufficient appropriation" from the Literary Fund and, to the extent that funds are not available therein for the purpose, from the general fund of the Commonwealth, to pay the difference between debt service on the bonds becoming due in such fiscal year(s) covered by such Appropriation Act Provision or Budget Bill and the amount available to pay such debt service.

For purposes of the foregoing certificate of the Secretary of Finance,

- (i) "current Appropriation Act Provision" means a sum sufficient appropriation contained in an Appropriation Act that has the force of law at the date of the certificate,
 - (ii) "future Appropriation Act Provision" means a sum sufficient appropriation contained in an Appropriation Act that will have the force of law on a future date,
 - (iii) "Budget Bill" means the bill or bills submitted by the Governor to the General Assembly (but not yet enacted into law) that would appropriate the public revenue of the Commonwealth for a biennium or amend provisions of the current Appropriation Act, as such bill or bills may exist on the date of the certificate, and
 - (iv) "sum sufficient appropriation" means in case of any Appropriation Act or Budget Bill the appropriation of amounts sufficient, whether the amount is specified directly or indirectly or by formula or otherwise, that in the judgment of the Secretary of Finance are sufficient to cure any deficiency in the amounts received by the Authority from payments on the local school bonds and from the implementation of the State Aid Intercept provision, when compared to the scheduled debt service on the Bonds on any Payment Date, in each of the fiscal years covered by the Appropriation Act or Budget Bill.
- (e) a certificate, signed by the Chair of the Authority, stating that the Authority is not then in default in the performance of any of the covenants, conditions, agreements or provisions contained in the 1997 Resolution or in the Enabling Act; and
 - (f) an opinion of the Attorney General or an Assistant Attorney General of the Commonwealth stating that the signer is of the opinion that the issuance of such additional Bonds has been duly authorized, that all conditions precedent to the delivery of such Bonds have been fulfilled, and that no legislation has been enacted that amends the provisions of the Enabling Act in a way that would adversely affect the power of the Authority to discharge its "Covenant to Request Sum Sufficient Appropriation."

Refunding of Bonds

Bonds may be issued under the 1997 Resolution for the purpose of providing funds to redeem or otherwise pay prior to their maturities, including the payment of any redemption premium thereon, all or part of the outstanding Bonds or any other indebtedness of the Authority (including Reimbursement Obligations), the interest thereon to the date fixed for their redemption or payment and any expenses incurred in connection with such refunding, provided that certain requirements of the 1997 Resolution, including the tests described in clauses (c) and (d) in "General Authorization of Bonds," are satisfied.

Provisions Applicable to All Bonds

Bonds may be issued in any form permitted by law, including current interest bonds, variable rate indebtedness, capital appreciation bonds, optional tender indebtedness, serial bonds, term bonds or any combination thereof. Except as to any credit facility that may be applicable to certain Bonds only and as to any differences in the maturities, rates of interest and the manner of payment thereof or in the provisions for redemption and purchase, all additional Bonds shall be entitled to the same benefit and security under the 1997 Resolution as all other Bonds. The 1997 Resolution provides that, for purposes of the revenue test applicable to the issuance of additional Bonds, the option of any owner of optional tender indebtedness to tender the same for payment prior to its stated maturity shall be ignored and the interest rate for variable rate indebtedness shall be assumed throughout the term of such indebtedness to be the greater of (a) the initial rate of interest of such variable rate indebtedness, and (b) the weighted

average interest rate at which it is assumed that the Authority could reasonably expect to have borrowed on the date of issuance of such Bonds at a fixed interest rate.

Reports and Audits

The Authority covenants to keep accurate records and accounts of all moneys collected and the application of such moneys and to exert its best efforts to cause an audit of its books and accounts for each twelve-month period to be made by the State Auditor of Public Accounts or by an independent firm of certified public accountants of recognized ability and standing chosen by the Authority with the approval of the State Treasurer. The Authority further covenants that, as often as may be requested, it will furnish to any bondholder such other information concerning the Authority as such bondholder may reasonably request.

Investments

Moneys held in the funds and accounts established by the 1997 Resolution shall be continuously invested and reinvested at the direction of the Authority in the following investments ("Investment Obligations"):

(a)(i) direct obligations of, or obligations the timely payment of the principal of and the interest on which is unconditionally guaranteed by, the United States of America, interest components of Resolution Funding Corporation bonds and, if permitted by law, evidences of indirect ownership of such obligations, (ii) obligations of state and local municipal bond issuers the payment of which shall be secured by non-callable obligations described in (i) above deposited with an escrow agent or trustee (the obligations referred to in (a)(i) and (a)(ii) are referred to as "Defeasance Obligations"), and (iii) obligations issued by certain agencies controlled or supervised by the United States of America, and

(b) repurchase agreements for obligations described in (a) above, certificates of deposit, banker's acceptances, commercial paper, insured and uninsured obligations of state or local government municipal bond issuers satisfying the requirements of the 1997 Resolution and any other obligation constituting a legal investment for instrumentalities of the Commonwealth.

Moneys in the 1997 Purchase Fund, the 1997 Income Fund, the 1997 Sinking Fund and the Reimbursement Fund shall, as nearly as may be practicable, be invested and reinvested in Investment Obligations that shall mature, or that shall be subject to redemption at the option of the holder thereof, not later than the respective dates when the moneys will be required. Moneys held for the credit of the General Fund shall be invested and reinvested in such Investment Obligations as the State Treasurer shall determine.

Investment Obligations so purchased shall be deemed at all times to be a part of the fund or account to which the money with which they were purchased was credited, and the interest accruing thereon and any profit realized or any loss resulting from the investment of money shall be credited to, or charged against, the respective fund or account. The State Treasurer and any Depository shall sell at the best price obtainable or present for redemption or payment any such Investment Obligations whenever it shall be necessary to do so in order to provide money to make any payment or transfer of money from any such fund or account. The State Treasurer and any Depository shall not be liable or responsible for any loss resulting from any such investment.

Whenever a payment or transfer of moneys between two or more of the funds or accounts established under the 1997 Resolution is permitted or required, such payment or transfer may be made in whole or in part by transfer of one or more Investment Obligations at a value determined in accordance with the provisions of the 1997 Resolution, provided that Investment Obligations are those in which moneys of the receiving fund or account could be invested at the date of such transfer.

For the purpose of determining the amount on deposit to the credit of any such fund or account, obligations in which money in such fund or account shall have been invested shall be valued at the market value or the amortized cost, whichever is lower.

Modification of the Resolution

The Authority, from time to time, and without the consent of Bondholders, may adopt supplemental resolutions for purposes set forth in the 1997 Resolution. Such purposes include curing ambiguities, formal defects and omissions in the 1997 Resolution and any other change that, in the opinion of the Authority, would not materially adversely affect the security for the Bonds.

The owners of not less than a majority in aggregate principal amount of the Bonds then outstanding may, from time to time, consent to resolutions supplemental to the 1997 Resolution for the purpose of modifying any of the terms or provisions contained in the 1997 Resolution or in any series resolution or other supplemental resolution; provided, however, that nothing contained in the 1997 Resolution shall permit, or be construed as permitting, without the consent of Bondholders (a) an extension of the maturity of the principal of or the interest on any Bond, (b) a reduction in the principal amount of any Bond or the redemption premium or the rate of interest thereon, (c) the creation of a lien upon or a pledge of funds other than the liens and pledges created or permitted by the 1997 Resolution, (d) a preference or priority of any Bond or Bonds over any other Bond or Bonds of the same Series, or (e) a reduction in the aggregate principal amount of the Bonds required for consent to such supplemental resolution. The Secretary of the Authority shall cause notice of the proposed adoption of any such supplemental resolution to be mailed, postage prepaid, to all owners of Bonds at their addresses as they appear on the registration books. Such notice shall briefly set forth the nature of the proposed supplemental resolution and shall state that copies thereof are on file at the office of the State Treasurer for inspection by all Bondholders. The Authority shall not, however, be subject to any liability to any Bondholder by reason of its failure to mail the notice, and any such failure shall not affect the validity of such supplemental resolution after it has been consented to and approved. No such supplemental resolution shall become effective unless the holders of not less than a majority in aggregate principal amount of the Bonds then outstanding shall file with the Secretary of the Authority instruments consenting to and approving the adoption of the supplemental resolution in the form thereof referred to in the notice.

Remedies of Bondholders

The 1997 Resolution defines events of default to include failure to pay principal, redemption premium or any installment of interest on any of the Bonds, inability of the Authority to fulfill its obligations under the 1997 Resolution, the institution of proceedings with the consent or acquiescence of the Authority for the purpose of adjusting claims of creditors pursuant to any federal or state statute and failure after written notice by the holder of any of the Bonds then outstanding to perform any covenant contained in the 1997 Resolution.

Upon the happening and continuance of any event of default, any Bondholder may proceed to protect and enforce its rights and the rights of Bondholders under the laws of the Commonwealth or the 1997 Resolution and may enforce and compel the performance of all duties required under the laws of the Commonwealth or the 1997 Resolution to be performed.

Defeasance

When the principal of, premium, if any, and interest on the Bonds shall be paid or if the State Treasurer, the Bond Registrar or any Depository or Paying Agent shall hold in trust sufficient moneys or non-callable Defeasance Obligations the principal of and interest on which, when due and payable, will provide sufficient moneys to pay the principal of, redemption premium, if any, and interest on all Bonds then outstanding to the maturity date or dates of such Bonds or dates fixed for mandatory redemption of term Bonds or to the date or dates specified for the optional redemption of Bonds, and, if Bonds are to be called for redemption, irrevocable instructions to call the Bonds for redemption shall have been given by the Authority, and sufficient funds shall also have been provided or provision made for paying all other obligations payable hereunder by the Authority, then and in that case the right, title and interest of the Bondholders in the funds and accounts under the 1997 Resolution shall thereupon cease, determine and become void. Bonds paid or redeemed or delivered to or acquired by the Bond Registrar for cancellation and Bonds, or principal or interest components thereof, for which a Paying Agent or the Bond Registrar or any Depository or the State Treasurer shall hold sufficient moneys or non-callable Defeasance Obligations the principal of and the interest on which, when due and payable, will provide sufficient moneys to pay the principal of, redemption premium, if any, and the interest on such Bonds, or such principal or interest components, as the case may be, to their maturity date or date or dates fixed for redemption are deemed no longer outstanding for purposes of the 1997 Resolution.

TAX MATTERS

Opinion of Bond Counsel – Federal Income Tax Status of Interest

The opinion of McGuireWoods LLP, Richmond, Virginia, bond counsel to the Authority ("Bond Counsel") regarding the federal income tax status of the interest on the Series 2023A Bonds will state that, under current law and assuming continuing compliance with the Covenants (as hereinafter defined), interest on the Series 2023A Bonds (i) is excludable from gross income for purposes of federal income taxation under Section 103 of the Code and (ii) is not a specific item of tax preference for purposes of the federal alternative minimum tax on individuals. However, for taxable years beginning after December 31, 2022, such interest is included in the "adjusted financial statement income" (as defined in Section 56A of the Code) of certain corporations in determining the applicability and amount of the federal corporate alternative minimum tax imposed under Section 55(b) of the Code. See "Proposed Form of Opinion of Bond Counsel" in Appendix G hereto.

Bond Counsel's opinion speaks as of its date, is based on current legal authority and precedent, covers certain matters not directly addressed by such authority and precedent, and represents Bond Counsel's judgment as to the excludability of interest on the Series 2023A Bonds for federal income tax purposes. Bond Counsel's opinion does not contain or provide any opinion or assurance regarding the future activities of the Authority, the 2023A Local Issuers or of the local school boards associated with them (the "2023A Local School Boards") or about the effect of future changes in the Code, the applicable regulations, or the interpretation or the enforcement thereof by the Internal Revenue Service (the "IRS") and the courts.

Although Bond Counsel is of the opinion that interest on the Series 2023A Bonds is excludable from gross income for federal income tax purposes, the ownership or disposition of, or the accrual or receipt of interest on, the Series 2023A Bonds may otherwise affect the federal tax liability of an owner of the Series 2023A Bonds. The nature and extent of these other federal tax consequences depend on the owner's particular tax status and levels of other income or deductions. Bond Counsel will express no opinion regarding any such other tax consequences and prospective purchasers of the Series 2023A Bonds should consult their own tax advisors with respect thereto.

Reliance and Assumptions; Effect of Certain Changes

In delivering its opinion regarding the federal income tax treatment of interest on the Series 2023A Bonds, Bond Counsel is relying upon (i) certifications of representatives of the Authority, the 2023A Local Issuers, the 2023A Local School Boards, the Underwriter, as hereinafter defined, certain public officials and other persons as to facts material to the opinion, which Bond Counsel has not independently verified, and (ii) except where Bond Counsel serves as bond counsel to a 2023A Local Issuer, opinions from another firm of municipal bond attorneys serving as bond counsel to each of the 2023A Local Issuers regarding the application of the proceeds of the Series 2023A Bonds and the ownership, use and operation of the property financed thereby by the 2023A Local Issuers and the 2023A Local School Boards.

In addition, Bond Counsel is assuming continuing compliance with the Covenants by the Authority, the 2023A Local Issuers and the 2023A Local School Boards. The Code and the regulations promulgated thereunder contain a number of requirements that must be satisfied after the issuance of the Series 2023A Bonds in order for interest on the Series 2023A Bonds to be and remain excludable from gross income for purposes of federal income taxation. These requirements include, by way of example and not limitation, restrictions on the use, expenditure and investment of the proceeds of the Series 2023A Bonds and the use of the property financed or refinanced by the Series 2023A Bonds, limitations on the source of the payment of and the security for the Series 2023A Bonds, and the obligation to rebate certain excess earnings on the gross proceeds of the Series 2023A Bonds to the United States Treasury. The tax compliance agreement for the Series 2023A Bonds contains covenants (the "Covenants") under which the Authority, the 2023A Local Issuers and the 2023A Local School Boards have agreed to comply with such requirements. Failure by the Authority, the 2023A Local School Issuers or the 2023A Local School Boards to comply with the Covenants could cause interest on the Series 2023A Bonds to become includable in gross income for federal income tax purposes retroactively to their date of issue. If such a failure were to occur, the available enforcement remedies may be limited by applicable provisions of law and, therefore, may not be adequate to prevent interest on the Series 2023A Bonds from becoming includable in gross income for Federal income tax purposes.

Bond Counsel has no responsibility to monitor compliance with the Covenants after the date of issue of the Series 2023A Bonds.

Certain requirements and procedures contained, incorporated or referred to in the tax compliance agreement, including the Covenants, may be changed and certain actions may be taken or omitted subject to the terms and conditions set forth in such agreement. Bond Counsel expresses no opinion concerning any effect on the excludability of interest on the Series 2023A Bonds from gross income for federal income tax purposes of any such subsequent change or action that may be made, taken or omitted upon the advice or approval of counsel other than Bond Counsel.

Certain Collateral Federal Tax Consequences

The following is a brief discussion of certain collateral federal income tax matters with respect to the Series 2023A Bonds. It does not purport to address all aspects of federal taxation that may be relevant to a particular owner thereof. Prospective purchasers of the Series 2023A Bonds, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the federal tax consequences of owning or disposing of the Series 2023A Bonds.

Prospective purchasers of the Series 2023A Bonds should be aware that the ownership of tax-exempt obligations may result in collateral federal income tax consequences to certain taxpayers including, without limitation, banks and other financial institutions, certain insurance companies, dealers in tax-exempt obligations, certain corporations (including S corporations and foreign corporations), certain foreign corporations subject to the "branch profits tax," individual recipients of Social Security or Railroad Retirement benefits, owners of an interest in a financial securitization trust, taxpayers entitled to claim the refundable credit in Section 36B of the Code for coverage under a qualified health plan, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations and taxpayers attempting to qualify for the earned income tax credit.

Original Issue Discount

Series 2023A Bonds purchased in the initial public offering with yields higher than their applicable interest rates, as shown on the inside cover page hereof, have been sold with "original issue discount." Each such Series 2023A Bond is referred to below as an "OID Bond." The excess of (i) the stated amount payable at the maturity (excluding qualified stated interest) of any OID Bond over (ii) the issue price of the OID Bond as determined under Section 1273 of the Code (which may differ from the price shown on the inside front cover page of this Official Statement) constitutes the amount of original issue discount, which is treated in the same manner as interest on the Series 2023A Bonds for federal income tax purposes.

The Code provides that the amount of original issue discount accrues in accordance with a constant interest method based on the compounding of interest. In the case of an original owner of an OID Bond, the amount of original issue discount that is treated as having accrued on such OID Bond is added to the owner's adjusted basis in determining, for federal income tax purposes, gain or loss upon the disposition of the OID Bond (including its sale, redemption or payment at maturity). The amounts received upon such disposition that are attributable to accrued original issue discount will be excludable from the gross income of the owner for federal income tax purposes.

The accrual of original issue discount and its effect on the redemption, sale or other disposition of OID Bonds that are not purchased in the initial public offering may be determined according to rules that differ from those described above.

In addition, original issue discount that accrues in each year to an owner of an OID Bond is included in the calculation of the distribution requirements of certain regulated investment companies and may result in some of the collateral federal income tax consequences discussed in this section. Consequently, the owner of an OID Bond should be aware that the accrual of original issue discount in each year may result in additional distribution requirements or other collateral federal income tax consequences although such owner has not received cash attributable to such original issue discount in such year.

Prospective purchasers of OID Bonds should consult their own tax advisors with respect to the precise determination for federal income tax purposes of the original issue discount accrued upon sale or redemption of such

OID Bonds (including OID Bonds not purchased in the initial public offering) and with respect to the state and local tax consequences of owning OID Bonds.

Original Issue Premium

Series 2023A Bonds purchased in the initial public offering with yields lower than their applicable interest rates, as shown on the inside cover page hereof, have been sold with "bond premium." Each such Series 2023A Bond is referred to below as an "OIP Bond." The excess of (i) the owner's basis in the OIP Bond immediately after acquisition over (ii) the amount payable at maturity (excluding qualified stated interest) as determined under Section 171 of the Code constitutes the amount of the bond premium. Under the Code, the bond premium is amortized based on the owner's yield over the remaining term of the OIP Bond (or, in the case of certain callable OIP Bonds, to an earlier call date that results in a lowest yield on the OIP Bond). The owner of an OIP Bond must amortize the bond premium by offsetting the qualified stated interest allocable to each interest accrual period against the bond premium allocable to that period. No deduction is allowed for such amortization of bond premium even though the owner is required to decrease the adjusted basis in the owner's OIP Bond by the amount of the amortizable bond premium, which will result in an increase in the gain (or decrease in the loss) recognized for federal income tax purposes upon a sale or disposition of the OIP Bond prior to its maturity.

Prospective purchasers of any OIP Bonds should consult their own tax advisors regarding the treatment of bond premium for federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, sale, exchange, or other disposition of, and amortization of bond premium on, such OIP Bonds.

Information Reporting and Backup Withholding

Prospective purchasers should be aware that the interest on the Series 2023A Bonds is subject to information reporting to the IRS in a manner similar to interest paid on taxable obligations. In addition, interest on the Series 2023A Bonds may be subject to backup withholding if the interest is paid to an owner who or which (i) is not an "exempt recipient" and (ii) (A) fails to furnish an accurate U.S. taxpayer identification number in the manner required, (B) has been notified of a failure to report all interest and dividends required to be shown on federal income tax returns or (C) fails to certify under penalty of perjury that the owner is not subject to withholding. Individuals generally are not exempt recipients, although corporations and other entities generally are.

The reporting and backup withholding requirements do not in and of themselves affect the excludability of interest on the Series 2023A Bonds from gross income for federal income tax purposes, and amounts withheld under the backup withholding rules may be refunded or credited against the owner's federal income tax liability, if any, provided that the required information is timely furnished to the IRS.

Internal Revenue Service Audits

The IRS has established a program to audit tax-exempt obligations to determine whether the interest thereon is includible in gross income for federal income tax purposes. If the IRS does audit the Series 2023A Bonds, the IRS will, under its current procedures, treat the Authority as the taxpayer. As such, the beneficial owners of the Series 2023A Bonds will have only limited rights, if any, to participate in the audit or any administrative or judicial review or appeal thereof. Any action of the IRS, including but not limited to the selection of the Series 2023A Bonds for audit, or the course or result of such audit, or an audit of other obligations presenting similar tax issues, may affect the marketability or market value of the Series 2023A Bonds.

Opinion of Bond Counsel – Virginia Income Tax Consequences

Bond Counsel will also opine that, under current law, interest on the Series 2023A Bonds is exempt from income taxation by the Commonwealth. Bond Counsel will express no opinion regarding (i) other tax consequences arising with respect to the Series 2023A Bonds under the laws of the Commonwealth or (ii) any consequences arising with respect to the Series 2023A Bonds under the tax laws of any state or local jurisdiction other than the Commonwealth. Prospective purchasers of the Series 2023A Bonds should consult their own tax advisors regarding

such other Virginia tax consequences or the tax status of interest on the Series 2023A Bonds in a particular state or local jurisdiction other than the Commonwealth.

Changes in Federal and State Tax Law and Regulations

Legislation affecting tax-exempt obligations is regularly considered by the U.S. Congress and various state legislatures. Such legislation may effect changes in federal or state income tax rates and the application of federal or state income tax laws (including the substitution of another type of tax), or may repeal or reduce the benefit of the excludability of interest on the tax-exempt obligations from gross income for federal or state income tax purposes.

The U.S. Department of the Treasury and the IRS and state regulatory authorities are continuously drafting regulations and other guidance to interpret and apply the provisions of the Code and state law. Proceedings affecting tax-exempt obligations may be filed in federal or state courts at any time. Such guidance and the outcome of such court proceedings could modify the federal or state tax treatment of tax-exempt obligations.

There can be no assurance that legislation proposed or enacted after the date of issue of the Series 2023A Bonds, regulatory interpretation of the Code or state laws or actions by a court involving either the Series 2023A Bonds or other tax-exempt obligations will not have an adverse effect on the Series 2023A Bonds' federal or state tax status, marketability or market price or on the economic value of the tax-exempt status of the interest on the Series 2023A Bonds.

Prospective purchasers of the Series 2023A Bonds should consult their own tax advisors regarding the potential consequences of any such proposed or pending federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

RATINGS

As noted on the cover page of this Official Statement, the Series 2023A Bonds received the following ratings: "AA+" (Fitch Ratings), "Aa1" (Moody's Investors Service) and "AA+" (S&P Global Ratings).

Such ratings reflect only the respective views of such organizations and an explanation of the significance of such ratings may be obtained only from the respective rating agencies. The Authority furnished to such rating agencies certain information regarding its policies, practices and finances, including information that is not included in this Official Statement. There is no assurance that such policies, practices and finances or such ratings will continue for any given period of time or that such ratings will not be revised downward or withdrawn entirely by any rating agency, if, in the judgment thereof, circumstances so warrant. Any such downward revision or withdrawal could have an adverse effect on the market price of the Series 2023A Bonds.

FUTURE FINANCINGS

The Authority does not anticipate issuing any additional new money bonds under its 1997 Resolution prior to issuing the Series 2023A Bonds.

The Authority expects to issue additional Bonds pursuant to the 1997 Resolution in the fall of 2023 to purchase Local School Bonds to fund public school projects. Subject to market conditions, however, the Authority may undertake, at any time, the refunding for debt service savings and other purposes of any of its outstanding obligations, including Bonds issued under the 1997 Resolution.

In the spring of 2023, the Authority also expects to issue its School Technology and Security Notes Series XI (the "2023 Notes"). The 2023 Notes will be limited obligations of the Authority payable from appropriations to be made by the Virginia General Assembly from the Literary Fund and to the extent necessary from a "sum sufficient appropriation" from the General Fund of the Commonwealth in the event that "available moneys in the Literary Fund" are less than the appropriations for debt service due on the 2023 Notes.

If requested by local governments, the Authority will issue special obligation school financing bonds under its Stand Alone Security Structure.

LEGAL MATTERS

Certain legal matters relating to the authorization and validity of the Series 2023A Bonds are subject to the approving opinion of McGuireWoods LLP, Richmond, Virginia, Bond Counsel. Such opinion, substantially in the form set forth in APPENDIX G to this Official Statement, will be furnished at no expense to the initial purchaser of the Series 2023A Bonds upon delivery thereof.

Certain legal matters will be passed upon for the Authority by the Office of the Attorney General of Virginia.

LEGALITY FOR INVESTMENT

The Enabling Act provides that the Series 2023A Bonds are securities in which all public officers and bodies of the Commonwealth, counties, cities, towns, municipal subdivisions, insurance companies and associations, savings banks and savings institutions, including savings and loan associations, trust companies, beneficial and benevolent associations, administrators, guardians, executors, trustees and other fiduciaries in the Commonwealth may properly and legally invest funds under their control.

LITIGATION

The Authority is not party to any litigation. The Authority has no knowledge of any litigation, pending or threatened, to restrain or enjoin the issuance or delivery of the Series 2023A Bonds or the entering by the Authority into the transactions contemplated by this Official Statement or wherein an unfavorable decision would have a material adverse impact upon the operations or financial condition of the Authority.

LEGISLATION

The 2022-2024 Appropriation Act contains a "sum sufficient appropriation" that is applicable to all Bonds issued under the 1997 Resolution and that is not limited in terms of Bonds that may have the benefit thereof or in terms of maximum annual debt service. Such sum sufficient appropriation has also been applied to the VPSA Tax Credit Bonds issued under its VPSA Tax Credit Bond Indenture.

In addition, the 2022-2024 Appropriation Act directs the Authority to issue Notes during each of the fiscal years ending June 30, 2023 and June 30, 2024. The 2022-2024 Appropriation Act includes sufficient appropriations from the Literary Fund to pay debt service coming due in the biennium ending June 30, 2024, on the Notes and also includes a sum sufficient appropriation. See "**FUTURE FINANCINGS**" above.

FINANCIAL ADVISOR

Davenport & Company LLC ("Davenport") is employed as a financial advisor to the Authority in connection with the issuance of the Series 2023A Bonds. The financial advisor's fee for services rendered with respect to the sale of the Series 2023A Bonds is contingent upon the issuance and delivery of the Series 2023A Bonds. Davenport, in its capacity as financial advisor, does not assume any responsibility for the information, covenants and representations contained in any of the legal documents provided, agreed to or made by others with respect to the federal income tax status of the Series 2023A Bonds, or the possible impact of any present, pending or future actions taken by any legislative or judicial bodies.

Davenport, as the financial advisor to the Authority, has provided the following sentence for inclusion in this Official Statement. Although Davenport has assisted in the preparation of this Official Statement, Davenport is not obligated to undertake, and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness or fairness of the information contained in this Official Statement.

CONTINUING DISCLOSURE

In connection with Securities and Exchange Commission Rule 15c2-12 under the Securities Exchange Act of 1934, as amended ("Rule 15c2-12"), the Authority and/or other persons deemed to be "obligated persons" have

committed to provide (i) on an annual basis, certain financial information and operating data ("Annual Reports"), and, if available, audited financial statements and (ii) notice of the events listed in Rule 15c2-12 ("Event Notices") to the Municipal Securities Rulemaking Board ("MSRB").

The Authority

In the series resolution adopted March 15, 2023 (the "Series Resolution"), the Authority has covenanted, for the benefit of the holders of the Series 2023A Bonds to provide to the MSRB annually, not later than 10 months after the end of each Fiscal Year, commencing with the Fiscal Year ending June 30, 2023, Annual Reports with respect to itself, as issuer. Similarly, the Authority will provide Event Notices with respect to the Series 2023A Bonds to the MSRB.

The Commonwealth

The Authority has determined that the Commonwealth is a material "obligated person" ("MOP") for purposes of Rule 15c-12. The Commonwealth will covenant, by executing a Continuing Disclosure Agreement prior to issuance of the Series 2023A Bonds, to provide to the MSRB annually, not later than January 31 of each year, commencing January 31, 2024, Annual Reports with respect to itself. Similarly, the Commonwealth will provide notice of any changes in the ratings of the Commonwealth's general obligation bonds to the MSRB.*

The Commonwealth has entered into numerous continuing disclosure undertakings with respect to its own debt issuances, as well as debt issuances by related Virginia authorities. Such undertakings require in part that the Commonwealth annually file on the Municipal Securities Rulemaking Board's Electronic Municipal Market Access System (the "EMMA System") its audited Annual Financial Statements and its Annual Report (consisting of a separately filed Appendix B - Financial and Other Information and a separately filed Appendix C – Demographic and Economic Information). The Commonwealth has become aware that (a) for fiscal years 2018, 2019 and 2020, such filings were not successfully linked on the EMMA System to all of the CUSIPs for the Educational Facilities Revenue Bonds (21st Century College and Equipment Programs), Series 2011A, issued by the Virginia College Building Authority ("VCBA"), and (b) for fiscal year 2020, such filings were not successfully linked on the EMMA System to any of the CUSIPs for the Educational Facilities Revenue Bonds (21st Century College and Equipment Programs), Series 2020A, and Educational Facilities Federally Taxable Revenue and Revenue Refunding Bonds (21st Century College and Equipment Programs), Series 2020B, issued by VCBA. Such filings were otherwise available on the EMMA System with respect to other continuing disclosure undertakings of the Commonwealth. The Commonwealth has made a remedial filing to correct the linkage problem for any such VCBA bonds that are currently outstanding.

More generally, the Commonwealth is aware that, notwithstanding timely and accurate filings of its annual financial information and event notices, certain filings made by the Commonwealth and related bond issuing authorities have from time to time not remained linked to all of the pertinent Commonwealth-related CUSIP numbers on the EMMA system. Such de-linkage issues may be related to the frequent refunding and partial refunding of specific bond maturities and the splitting of pre-refunded and unrefunded maturities into different CUSIPs. When the Commonwealth has become aware of such CUSIP linkage issues, either as a result of its own review or otherwise, the Commonwealth has worked promptly to remediate and re-link the particular filings to the pertinent CUSIPs.

Material Obligated Persons

The Authority has also determined that, with respect to Local Issuers, a MOP shall include any such Local Issuer that has local school bonds outstanding as of the end of a Fiscal Year (June 30), in an aggregate principal amount that exceeds 10% of the aggregate principal amount of all outstanding Bonds of the Authority. The Authority has covenanted in the Series Resolution to require each Local Issuer that is or may become a MOP to execute and deliver to the Authority an undertaking by which the Local Issuer will agree that if it becomes a MOP, it will, so long as it remains a MOP, file Annual Reports and provide Event Notices with respect to its Local School Bonds credited to the 1997 Resolution Pledge Account in the General Pledge Fund, as required by Rule 15c2-12. Any such Annual

* This paragraph has been revised since the Preliminary Official Statement dated April 18, 2023, to reflect updated information.

Report of a Local Issuer will be filed with the MSRB. Any Event Notices will be filed by such Local Issuer with the MSRB.

For purposes of compliance with the secondary market disclosure requirements of Rule 15c2-12, the Authority determines as of June 30 of each year whether one or more Local Issuers are MOPs. As of June 30, 2022, Stafford County, Virginia, constituted a MOP. If the determination of which Local Issuers constitute MOPs were made on the date of delivery of the Series 2023A Bonds, and the list of 2023A Local Issuers and 2023A Local School Bonds as described in the subheading "**THE LOCAL SCHOOL BONDS - Local School Bonds**" did not change, Stafford County would constitute a MOP. The Authority cannot predict whether any particular Local Issuer will be as of June 30 of any particular subsequent year a MOP subject to the continuing disclosure undertaking under its Continuing Disclosure Agreement with the Authority.

These covenants have been made in order to assist the Underwriters in complying with Rule 15c2-12. (See **APPENDIX F - CONTINUING DISCLOSURE UNDERTAKINGS**).

Stafford County, Virginia. Stafford County will represent as of the date of delivery of the Series 2023A Bonds that it has complied in all material respects with its undertakings regarding Rule 15c2-12 in the five years preceding the date of the Official Statement except as described below.

As a condition to the issuance of various series of bonds issued by Stafford County and other entities, Stafford County has agreed pursuant to several continuing disclosure undertakings entered into pursuant to Rule 15c2-12 ("Stafford County's Undertakings") to file with EMMA certain annual financial information and notice of the events specified in Rule 15c2-12. During the past five years, certain financial and operating data was not timely filed along with Stafford County's annual financial filings and Stafford County did not timely file notice of its failure to file the annual information timely. Stafford County has posted the requisite information that relates to its outstanding obligations. Although not all information filed by Stafford County was attached to each of the applicable CUSIP numbers, such information was otherwise available from the MSRB with respect to other Stafford County undertakings. In addition, Stafford County did not timely file event notices regarding the incurrence of certain financial obligations, but has since filed the requisite event notices on EMMA.*

OTHER INFORMATION

Included as Appendices B, C and D are Financial and Other Information respecting the Commonwealth, Demographic and Economic Information relating to the Commonwealth, for its fiscal year ended June 30, 2022, and the audited financial statements of the Commonwealth for its fiscal year ended June 30, 2022.

Stafford County has filed with the MSRB certain operating data and financial information, including its audited financial statements for the fiscal year ended June 30, 2022. Copies of such operating data and financial information, including such audited financial statements, are available from the MSRB and, without charge, from the Authority, at 101 North 14th Street, 3rd Floor, Richmond, Virginia 23219, telephone: (804) 225-2142. Reference is made to the information and audited financial statements filed and to be filed by Stafford County with the MSRB, which information and financials filed and to be filed are hereby included by specific reference in this Official Statement the same as if they were set out here in full.

CERTIFICATES CONCERNING OFFICIAL STATEMENT AND NO LITIGATION

Concurrently with the delivery of the Series 2023A Bonds, the Chair and the Treasurer of the Authority will each deliver a certificate respecting the Official Statement.

The Treasurer of the Authority (who is also the State Treasurer) will certify that the Official Statement, including the Appendices thereto, (except for information relating to "Yield" or "Price" or CUSIP Suffix and contained under the section headings "**TAX MATTERS**" "**LEGALITY FOR INVESTMENT**," "**FINANCIAL**

* This paragraph has been revised since the Preliminary Official Statement dated April 18, 2023, to reflect updated information.

ADVISOR," APPENDIX G, APPENDIX H and the information included herein by specific reference concerning Stafford County) did not as of its date, and does not as of the date of the delivery of the Series 2023A Bonds, contain an untrue statement of a material fact or omit to state any material fact which should be included therein for the purpose for which the Official Statement is to be used, or which is necessary in order to make the statements contained therein, in light of the circumstances under which they were made, not misleading. The Chair of the Authority will deliver a certificate similar to that of the Treasurer except that it will exclude the Appendices from its coverage. Stafford County will deliver a certificate, dated the date of delivery of the Series 2023A Bonds, certifying that the information it has filed with the MSRB and the Authority does not contain any untrue statement of a material fact or omit to state a material fact which should be included in such information for the purpose for which it has been filed or which is necessary to make the statements contained in such information, in light of the circumstances under which they were made, not misleading.

In addition, the Chair and the Secretary of the Authority will deliver a certificate, dated the date of delivery of the Series 2023A Bonds certifying that no litigation of any kind is then pending (either in state or federal courts) or, to their knowledge, threatened to restrain or enjoin the issuance or delivery of the Series 2023A Bonds or the purchase of Local School Bonds, including the 2023A Local School Bonds, or the pledge of funds as provided in the 1997 Resolution, or in any manner questioning the proceedings or authority under which the Series 2023A Bonds are to be issued, or affecting the validity of or the security for the Series 2023A Bonds; neither the corporate existence of the Authority nor the title to his office of any officer whose facsimile signature appears on the Series 2023A Bonds is being contested; and no authority or proceedings for the issuance of the Series 2023A Bonds or for the security thereof have been repealed, revoked or rescinded.

SALE AT COMPETITIVE BIDDING

The Series 2023A Bonds were awarded pursuant to electronic competitive bidding held via BiDCOMP/PARITY on Tuesday, April 25, 2023 to BofA Securities, Inc. (the "Underwriter") at a price to the Authority that results in an Underwriter's discount of \$78,153.60 from the initial public offering prices derived from the prices shown on the inside cover. The Underwriter has supplied the information as to the yields and prices with respect to the Series 2023A Bonds shown on the inside cover. The Underwriter may offer to sell the Series 2023A Bonds to certain dealers and others at prices lower or yields higher than such initial public offering prices.

RELATIONSHIP OF PARTIES

McGuireWoods LLP, Richmond, Virginia, Bond Counsel to the Authority also serves as bond counsel to the County of Frederick which is a 2023A Local Issuer.

McGuireWoods LLP, Richmond, Virginia, Bond Counsel to the Authority also represents Davenport & Company LLC from time to time, in matters unrelated to the Series 2023A Bonds.

David L. Richardson, Treasurer and Secretary of the Authority, is a retired former partner of McGuireWoods LLP, Bond Counsel to the Authority.

[Remainder of Page Intentionally Left Blank]

MISCELLANEOUS

The foregoing summaries of certain provisions of the Enabling Act and 1997 Resolution do not purport to be complete statements of such provisions and are made subject to the detailed provisions thereof to which reference is hereby made. Copies of the Enabling Act and the 1997 Resolution are available for inspection upon request to the Authority.

The Authority has furnished all information in this Official Statement relating to the Authority and has obtained all information relating to the Commonwealth and the Literary Fund from sources that it believes to be reliable. The financial statements of the Authority as of June 30, 2022, and of the Commonwealth as of June 30, 2022, in Appendices A and D, respectively, have been examined, to the extent set forth in its reports, by the Virginia Auditor of Public Accounts and are included in reliance upon the reports of such Auditor.

Any statements in this Official Statement involving matters of opinion whether or not expressly so stated are intended as such and not as representations of fact. Terms used in this Official Statement but not otherwise defined shall have the meanings assigned to them in the 1997 Resolution.

The execution and delivery of this Official Statement has been duly authorized by the Authority.

VIRGINIA PUBLIC SCHOOL AUTHORITY
MANAGEMENT’S DISCUSSION AND ANALYSIS (Unaudited)

This section of the annual financial report of the Virginia Public School Authority (the “Authority”) presents an analysis of the Authority’s financial performance during the fiscal year that ended on June 30, 2022. This information should be considered in conjunction with the information contained in the financial statements, which follow this section.

Authority Activities and Highlights

The Virginia Public School Authority, created by Chapter 11, Title 22.1, *Code of Virginia*, 1950, as amended, provides financing to localities under its pooled bond program. Under the program, the Authority issues its bonds and uses the proceeds to purchase a “pool” of general obligation bonds from localities (the “Local Issuers”). Each Local Issuer uses the proceeds for the purpose of financing capital projects for public schools.

The Authority’s 1997 Resolution, adopted on October 23, 1997, serves as the primary instrument under which the Authority issues bonds for its pooled bond program. The 1997 Resolution bonds are secured first by payments from Local Issuers on their local school bonds; second, from amounts obtained under the State Aid Intercept Provision under which the Authority can intercept state appropriations to the locality; and third, from a sum sufficient appropriation. The sum sufficient appropriation is first from available Literary Fund monies and then from the Commonwealth’s General Fund. During the fiscal year, the Authority issued a total of \$363,315,000 in bonds under the pooled bond program.

Also under its pooled bond program, the Authority has issued school tax credit bonds – Qualified School Construction Bonds (“QSCBs”) and Qualified Zone Academy Bonds (“QZABs”) – under a Master Indenture of Trust dated as of October 1, 2009. Qualified School Construction Bonds are tax credit bonds established under the American Recovery and Reinvestment Act of 2009 (“ARRA”) and Qualified Zone Academy Bonds are tax credit bonds established in the Internal Revenue Code of 1986. Both QSCBs and QZABs provide the bondholder a federal tax credit in lieu of interest. These bonds are secured by payments from Local Issuers on their general obligation local school bonds, then from amounts obtained through the State Aid Intercept Provision, and then from a sum sufficient appropriation received by the Authority pursuant to any current Appropriation Act Provision. It should be noted that the Authority can no longer issue QSCBs or QZABs since the Tax Cuts and Jobs Act of 2017 (“TCJA”) repealed the ability to issue these types of bonds. The QSCBs and QZABs currently held by the Authority were issued under its 2009 Master Indenture of Trust prior to the TCJA.

In addition to its pooled bond program, the Authority also issues special obligation bonds under its stand-alone program and notes under its technology and security program. Bonds issued under the stand-alone program are secured by the local school bonds purchased from one or more specific localities and by the State Aid Intercept Provision. The Authority acts as a conduit issuer under the stand-alone program. Under the School Technology and Security Notes Program, the Authority issues obligations to finance technology equipment purchases and fund a grant program for the purchase of security equipment for local public school systems within the Commonwealth. These obligations are payable from, or otherwise secured by, appropriations by the General Assembly from the Literary Fund and now benefit from a sum sufficient appropriation from the Commonwealth’s General Fund. The Authority issued \$63,740,000 under the school technology and security note program. The Authority also issued \$308,265,000 under the stand-alone program during fiscal year 2022.

VIRGINIA PUBLIC SCHOOL AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

Overview of the Financial Statements

This discussion and analysis is an introduction to the Authority's basic financial statements, which are comprised of two components: 1) fund financial statements, and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements. The Authority is not required to present government-wide financial statements since all of its activity is reported in an enterprise fund, which would not change in measurement focus (economic resources) or basis of accounting (accrual) for government-wide statements.

The financial statements of the Authority offer short- and long-term financial information about its activities. The Statement of Net Position provides information about the nature and amounts of the Authority's cash, investments, and receivables (assets), deferred outflows of resources, and its obligations to creditors (liabilities). All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Fund Net Position. This statement measures whether the Authority successfully recovered all its costs through investment earnings, bond proceeds, appropriations from the Commonwealth, and the collection of receivables. The Statement of Cash Flows provides information on the Authority's cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financial activities.

Financial Analysis of the Authority

The Authority provides a vehicle for financing capital projects for primary and secondary public schools in the Commonwealth's counties, cities and towns. On local school bonds held by the Authority that were issued prior to March 26, 2009, localities pay interest 10 basis points (0.10%) above the rates paid by the Authority on corresponding maturities of its bonds. As a result of a policy change made by the Authority on March 26, 2009, local school bonds held by the Authority issued subsequent to March 26, 2009 pay interest 5 basis points (0.05%) above the rates paid by the Authority on corresponding maturities of its bonds. This revenue is received by the Authority and used to pay the operating costs attributable to its financing programs, including costs of issuance and administration, such as rebate compliance expenses. The Department of the Treasury provides staff support for the Authority. The Authority owns no capital assets.

Total net position (deficit)	\$ 35	\$ 37

Total assets increased during the year by \$421 million, or 11 percent. This is primarily due to a \$380 million increase in local school bonds outstanding (new local school bonds were purchased in the amount of \$672 million, payments of \$292 million were made against existing local school bonds), a \$4 million increase on interest receivable, a \$27 million increase due to principal payments received on Qualified School Construction Bonds and Qualified Zone Academy Bonds (to be held for future payment on the Authority's bonds), an \$8 million decrease in the fair value of long-term investments and receipt of proceeds for new Educational Technology and Security Notes of \$68 million. These receipts were offset by current year payments to localities from Educational Technology and Security Notes' new and existing proceeds of \$50 million. Total liabilities increased by \$411 million, or 10 percent, during the same period as a result of an increase in net outstanding bonds and notes payable of \$409 million and an increase in amounts due to localities of \$18 million, offset by a decrease in outstanding premium on bonds sold of \$16 million. Additionally, the deferred outflow of resources decreased by \$12 million due to current year amortization of amounts deferred in prior years. Accordingly, a decrease of \$2 million is reflected in net position.

VIRGINIA PUBLIC SCHOOL AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

**Condensed Statement of Revenues, Expenses,
and Changes in Net Position (in millions)**

	Enterprise Fund	
	2022	2021
Revenues:		
Operating revenues:		
Charges for services	\$ 129	\$ 127
Other	(7)	(3)
Total revenues	122	124
Expenses:		
Interest on long-term debt	121	111
Other	2	4
Total expenses	123	115
Payments to Literary Fund	(1)	(1)
Change in net position	(2)	8
Net position (deficit), July 1	37	29
Net position (deficit), June 30	\$ 35	\$ 37

The decrease in revenues of \$2 million, or 2%, is mainly attributable to a \$4 million decrease in the fair value adjustment of investments and a \$2 million increase in interest on local school bonds. The increase in expenses of \$8 million, or 7%, is primarily due to an \$11 million increase in interest on bonds, offset by a decrease of \$1 million in discount on bonds purchased, and combined with small decreases in other accounts.

Debt Administration

As a financing entity, the whole business of the Authority is debt administration. The Authority issues bonds, pursuant to its pooled bond programs, to finance capital projects approved by the local governing bodies of counties, cities, and towns of the Commonwealth of Virginia. Such bonds are secured by general obligation bonds of the participating local issuers, which provide payment of principal and interest when due. Obligations issued pursuant to the school technology and security notes programs, in conjunction with the Board of Education, are paid from, and secured by, appropriations made from the Literary Fund. The table on the following page summarizes bond issuance activity during the year under each program. Please see Note 2.C.1 on page 15 for additional details on the table.

VIRGINIA PUBLIC SCHOOL AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

Summary of Authority Bond Obligations
(in millions)

	Outstanding at 6/30/21	Issued During Year	Retired During Year	Outstanding at 6/30/22
Pooled Bond Programs ¹	\$ 2,687	\$ 363	\$ (215)	\$ 2,835

Notes Programs	185	64	(61)	188
Special Obligation Bonds	795	308	(50)	1,053
Total	<u>\$ 3,667</u>	<u>\$ 735</u>	<u>\$ (326)</u>	<u>\$ 4,076</u>

¹ Includes 1997 Resolution and School Tax Credit bonds.

The Authority obtains bond ratings from Moody's Investors Service (Moody's), S&P Global Ratings (S&P) and Fitch Ratings, Inc. (Fitch). The table below summarizes the ratings on outstanding Authority bonds.

Virginia Public School Authority Bond Ratings

	Moody's	S&P	Fitch
Pooled Bond Programs ¹	Aa1	AA+	AA+
School Technology and Security Notes	Aa1	AA+	AA+

¹ 1997 Resolution Bonds

Since the Authority's bond programs are either backed by state appropriations (School Technology and Security Notes Program) or carry the credit support of the State Aid Intercept Provision (Pooled Bond Program), the bond ratings are a direct reflection of the Commonwealth's triple-A rating from each of the three rating agencies.

Future Impact to Financial Position

On September 28, 2022, the Authority issued its \$41,285,000 Special Obligation School Financing Bonds, Hanover County, Series 2022 to purchase certain general obligation local school bonds to finance capital projects for schools.

On November 9, 2022, the Authority issued its \$99,915,000 School Financing Bonds (1997 Resolution), Series 2022B to purchase certain general obligation local school bonds to finance capital projects for schools.

On November 10, 2022, the Authority issued its \$42,400,000 Special Obligation School Financing Bonds, Prince William County, Series 2022 to purchase certain general obligation local school bonds to finance capital projects for schools.

The accompanying notes to the financial statements are an integral part of this statement.

VIRGINIA PUBLIC SCHOOL AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

AS OF JUNE 30, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity

The Virginia Public School Authority (the “Authority” or “VPSA”) was created by Chapter 11, Title 22.1, *Code of Virginia*, 1950, as amended (the “Enabling Act”). The Authority provides financing to localities through the sale of its bonds. With the proceeds of its bonds, the Authority purchases a predetermined number of general obligation bonds issued by localities. The Enabling Act authorizes the Authority to purchase local school bonds issued by counties, cities, and towns under the provisions of Section 15.2-2600, et seq., *Code of Virginia* (the “Public Finance Act of 1991”). The Enabling Act further authorizes the Authority to issue bonds which are payable from the funds of the Authority including:

- 1) principal and interest received on local school bonds held by the Authority;
- 2) proceeds from the sale of such local school bonds;
- 3) any moneys transferred from the Literary Fund or funds appropriated from the General Assembly; and
- 4) a reserve fund(s) created from bond proceeds pledged to secure designated bonds.

Currently, the Authority has pooled bonds outstanding under its 1997 Resolution. Bonds issued under the 1997 Resolution are secured by local school bonds purchased, the State Aid Intercept Provision, and a “sum sufficient appropriation,” first from available Literary Fund monies and then from the Commonwealth’s General Fund.

The Authority also has Qualified School Construction Bonds and Qualified Zone Academy Bonds outstanding under a separate Master Indenture of Trust. These bonds are taxable, but they expect to receive a 100% interest rate subsidy from the federal government. They are secured by general obligation local school bonds in a pool pledged to their security. As a result of the Federal Sequestration, the actual December 15, 2021 and June 15, 2022 payments were reduced by 5.7%. Therefore, the localities are not receiving the full benefit of the tax credit.

In addition to its pooled bond program, the Authority also issues special obligation bonds under its stand-alone program. Bonds issued under the stand-alone program are secured by the local school bonds purchased from one or more specific localities and by the State Aid Intercept Provision. The Authority acts as a conduit issuer under the stand-alone program.

As directed by the General Assembly, the Authority has also issued obligations to finance technology and security equipment purchases for local public school systems within the Commonwealth. These obligations are payable from, or otherwise secured by, appropriations by the General Assembly from the Literary Fund and the Commonwealth’s General Fund.

A separate report is prepared for the Commonwealth of Virginia which includes all agencies, boards, commissions, and authorities over which the Commonwealth exercises or has the ability to exercise oversight authority. The Authority is a component unit of the

VIRGINIA PUBLIC SCHOOL AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

Commonwealth of Virginia and is included in the basic financial statements of the Commonwealth.

The accounting and reporting policies of the Authority conform to generally accepted accounting principles (GAAP) applicable to governmental units as prescribed by the Governmental Accounting Standards Board (GASB), the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the Authority's significant policies.

B. Basis of Accounting

The accompanying financial statements are reported using the economic resources measurement focus and the accrual basis of accounting under which revenues are recognized when they are earned and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows. The cash basis of accounting is used during the year. The financial statements are prepared on the accrual basis at the end of the fiscal year by the Authority.

C. Fund Accounting

The activities of the Authority are accounted for in an enterprise fund, used to account for governmental operations that are financed and operated in a manner similar to private business enterprises. Enterprise fund accounting is used where the governing body has decided that periodic determination of revenues earned, expenses incurred, and net income is appropriate. All fund accounts of the Authority are presented in total on the financial statements.

The Authority considers revenues and expenses as operating if the revenue or expense results from the Authority's principal purpose. The Authority's principal purpose is to provide financing to localities through the sale of its bonds. With the proceeds of its bonds, the Authority purchases a predetermined number of general obligation bonds issued by localities. Therefore, the Authority's operating revenues or expenses generally include revenues or expenses related to bonds purchased or sold and revenues or expenses related to usual operating activities such as cash management.

D. Bond Issuance Costs, Discounts, and Premiums

Costs associated with issuing debt, which are either offset by fees collected over the life of the respective pooled bond issues from local issuers, or reimbursed directly by localities participating in stand-alone issues, are expensed in the year incurred. The net original issue discount or premium (after distributing the allocable share to various participating localities), for each bond issuance, is also expensed or recorded as revenue in the year incurred unless it exceeds 1% of the amount of bonds issued. In that case, the net original issue discount or premium is deferred and amortized, on a straight-line basis, over the life of the outstanding debt.

VIRGINIA PUBLIC SCHOOL AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

2. DETAILED NOTES

A. Cash, Cash Equivalents and Investments (Unrestricted and Restricted)

Cash and Cash equivalents of \$173,491,204 are held by the Treasurer of Virginia. Cash equivalents of \$136,399,969 and investments of \$81,627,052 are held by U.S. Bank. Cash is defined as demand deposits, non-negotiable time deposits, and certificates of deposit. Cash equivalents are defined as investments with an original maturity of less than three months.

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the “Act”). Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice will pledge collateral that ranges in amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Section 2.2-4500 and Section 2.2-4501 of the *Code of Virginia* outline the instruments in which public sinking funds and other public funds may legally invest. The Authority adheres to these general guidelines unless bond resolutions require more restrictive investment policies.

Custodial credit risk for cash equivalents and investments is the risk that, in the event of a failure of the counterparty, the Authority will not be able to recover the value of its cash equivalents and investments. All cash equivalents and investments of the Authority are held in the Authority’s name and are therefore not exposed to custodial credit risk.

Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. The Authority has elected to disclose the risk for its debt investments using the segmented time distribution method.

The Authority’s cash equivalents are valued at amortized cost, which approximates fair value, and its investments are valued at fair value. Fair values are based upon quoted market prices (level 1 inputs, in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*). Details of cash equivalents and investments are presented below.

Summary of Cash, Cash Equivalents, and Investments
(Dollars in Thousands)

Investment Type	June 30, 2022	Investment Maturities (in years)				S&P Rating
		Less Than 1	1-5	6-10	More Than 10

Total cash, cash equivalents, and investments	<u>\$ 391,518</u>	<u>\$ 309,891</u>	<u>\$56,448</u>	<u>\$21,592</u>	<u>\$ 3,587</u>	

VIRGINIA PUBLIC SCHOOL AUTHORITY NOTES TO THE FINANCIAL STATEMENTS

- 1 The Authority invests certain short-term cash balances held within its accounts in the JP Morgan US Government Money Market Fund. This is a rated fund, which maintains a policy of investing all assets in U.S. Treasury obligations and repurchase agreements backed by those obligations. The Authority also invests certain short-term cash balances held within the First American Government Obligation Fund which seeks to provide maximum current income and daily liquidity by purchasing U.S. government securities and repurchase agreements collateralized by such obligations.
- 2 The Virginia State Non-Arbitrage Program® (SNAP®) offers a professionally-managed money market mutual fund, which provides issuers with a temporary pooled investment vehicle for proceeds pending expenditure, and with record keeping, depository and arbitrage rebate calculation services. SNAP® is in compliance with all of the standards of GASB Statement No. 79 and elects to report its investments for financial reporting at amortized cost. Participants in SNAP® should also report their investments in SNAP® at amortized cost.

The Authority does not limit the amount that may be invested in any one issuer. The Authority had investments of five percent or more in the State Non-Arbitrage Program® (36%), the First American Government Obligation Fund (35%), US Government Treasury Strips (21%), and the JP Morgan US Government Money Market Fund (8%).

B. Local School Bonds

The Authority purchases bonds from (makes loans to) various localities throughout the Commonwealth, which are issued to finance the construction of local public school facilities. These bonds are recorded at a purchase price that is equal to the face value of the bonds. Local school bonds purchased under the 1997 Resolution are held in a pledge account of the General Pledge Fund established under its bond resolution. Local school bonds purchased under the stand-alone program are deposited in separate purchase funds established for each issue. Assets of the Authority that are held or received in purchase funds, pledge funds, or debt service funds are classified as restricted assets because their use is limited to the purpose of the funds in which they reside, in accordance with applicable bond resolutions. The local school bonds are held and pledged to repay the Authority's bonds.

The interest rates on the local school bonds are determined by the Authority and fixed at the time of sale of the Authority bonds issued to fund the acquisition of the local school bonds. On local school bonds held by the Authority that were issued prior to March 26, 2009, the interest rate on each maturity of the local bonds is ten basis points (0.10%) higher than the interest rate paid by the Authority on the corresponding maturity on its bonds. As a result of a policy change made by the Authority on March 26, 2009, local school bonds issued by localities subsequent to March 26, 2009, and held by the Authority, will pay interest 5 basis points (0.05%) above the rates paid by the Authority on corresponding maturities of its bonds.

Local school bonds held by the Authority as of June 30, 2022 are shown on the following page.

D. Technology and Security Notes

Periodically, the Authority issues Technology and Security Notes, the proceeds of which are used to make grants to school divisions for the purchase of educational technology and security equipment. The proceeds are invested in the Virginia State Non-Arbitrage Program® until requisitioned by localities. The following schedule details the notes that have been issued which still have either bonds outstanding or funds remaining to be disbursed to localities as of June 30, 2022.

VIRGINIA PUBLIC SCHOOL AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

E. Qualified Zone Academy Bonds

On October 31, 2012, the Authority issued \$2,014,104 for the City of Roanoke as a QZAB, as part of the School Tax Credit Bonds (Direct Payment) Series 2012-1. On December 30, 2014, the Authority issued \$3,816,000 for the Cities of Franklin and Petersburg as QZABs, as part of the School Tax Credit Bonds (Direct Payment) Series 2014-1. On November 30, 2016, the Authority issued \$2,350,000 for the Cities of Covington and Danville as QZABs, as part of the School Tax Credit Bonds (Direct Payment) Series 2016. These bonds were issued pursuant to Section 1297E of the Internal Revenue Code of 1986, as amended, and the Authority purchased certain general obligation school bonds of the Cities of Roanoke, Franklin, Petersburg, Covington, and Danville to finance capital projects for public schools.

The localities will make annual principal payments to the Authority on the anniversary date of each issuance. Such payments received by the Authority will be held in trust and invested in accordance with the funding agreements, until the QZABs mature. The final annual principal payments on the 2012 QZAB, the 2014 QZABs, and the 2016 QZABs are due December 15, 2034, December 1, 2024, and December 1, 2031, respectively, at which dates the QZABs will mature.

F. Qualified School Construction Bonds

In prior years, the Authority has issued Qualified School Construction Bonds and has used the proceeds to purchase general obligation school bonds issued by certain localities. The bonds have been issued as “qualified school construction bonds” in accordance with Section 54F of the Internal Revenue Code of 1986, as amended. The total amount outstanding under this program as of June 30, 2022 is \$353,400,000 (which includes the 2012 QZAB detailed under Note 2E that was issued as part of the 2012 School Tax Credit Bonds). These bonds are non-interest bearing; however, a taxpayer who holds such bonds during a taxable year will be allowed a federal income tax credit for such taxable year in accordance with the structure established at issuance.

G. Direct Placement Bonds

The Authority has issued the 2014-1 Qualified Zone Academy Bond (QZAB) in the amount of \$3,816,000, and the 2016 QZAB, in the amount of \$2,350,000, as direct placement bonds. These bonds were issued as QZABs within the meaning of Sections 54A and 54E of the Internal Revenue Code of 1986, as amended.

The bonds are non-interest bearing bonds. The owner of the bonds is entitled to a tax credit on each tax credit allowance date equal to one-fourth of the product of the principal amount of the bonds owned, times the applicable tax credit rate.

Should the 2014-1 QZAB become disqualified as a QZAB, it shall bear interest at the tax credit rate on each tax credit allowance date, beginning on the first such date after the disqualification date. Not later than 60 days after the disqualification date, the Authority shall pay to the owner of the 2014-1 Bonds the amount which, after taking into account all penalties, fines, interest and additions to federal income tax (including lost tax credits) that are imposed on the owner of the 2014-1 Bonds as a result of the determination of

VIRGINIA PUBLIC SCHOOL AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

disqualification, would restore the owner of the 2014-1 Bonds to the same after-tax yield on the 2014-1 Bonds that the owner would have realized had the determination of disqualification not occurred.

From and after an event of default under the Master Indenture, the 2014-1 Bonds shall bear interest at the default rate, payable on demand by the owner of the 2014-1 Bonds.

Should the 2016 QZAB become disqualified as a QZAB, it shall be subject to extraordinary mandatory redemption prior to its fixed maturity date, in whole or in relevant part, within ninety (90) days after the disqualification notice date, at a redemption price equal to 100% of the principal amount of the Bonds called for redemption, plus the redemption premium, plus the amount which, after taking into account all penalties, fines, interest and additions to federal income tax (including lost tax credits taken by the owner prior to the disqualification notice date) that are imposed on the owner of this Bond as a result of the determination of disqualification, would restore the owner of this Bond to the same after-tax yield on this Bond that the owner would have realized had the determination of disqualification not occurred.

The Authority also issued its Series 2020A Pooled Bonds as direct placement bonds. These bonds are secured by the State Aid Intercept Provision and a sum sufficient appropriation from the Commonwealth. Therefore, there are no other default provisions related to these bonds.

H. Defeasance of Debt

From time to time, when interest rates indicate that it would be favorable to do so, the Authority has issued refunding bonds to defease outstanding bonds. These refundings have placed the proceeds of the new bonds in irrevocable trusts with escrow agents to provide for all future debt service on the defeased bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included on the Authority's financial statements.

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 23, "Accounting and Financial Reporting for Refundings of Debt Reported by Proprietary Activities," as amended by GASB Statement No. 65, "Items Previously Reported as Assets and Liabilities," the difference between the reacquisition price and the net carrying amount of the bonds defeased with refunding debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of Interest and Fiscal Charges over the shorter of the remaining life of the refunded debt or the life of the new debt.

The Authority did not issue refunding bonds during fiscal year 2022. At June 30, 2022, \$415,030,000 of bonds outstanding are considered defeased for financial reporting purposes.

VIRGINIA PUBLIC SCHOOL AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

I. Local School Bond Credits

Beginning in fiscal year 2015, the Authority modified its process for returning refunding savings to localities. Previously, these savings had been returned to localities in the form of lump sum payment when refunding bonds were issued. This process negatively impacted the Authority's net position. Under the current process, the Authority has calculated credit amounts to be returned to each locality annually as savings are actually achieved. The savings accrue to the Authority over time and the return of refunding savings to localities is now consistent with the timeframe in which the savings are earned by the Authority. As of June 30, 2022, the total remaining credits to be paid to the impacted localities over the next nineteen years is \$67 million.

J. Payments to/from the Literary Fund

In fiscal year 2022, after final rebate computations on the School Educational Technology Notes XVI, the residual earnings of \$1,008,074 on the related bond proceeds were paid to the Literary Fund, which had been the source of the debt service appropriation for these Notes.

The Authority received \$6,949,495 from the Literary Fund to pay interest on the various outstanding Educational Technology and Security Notes.

K. Arbitrage Earnings

The Tax Reform Act of 1986 requires that governmental entities issuing tax-exempt debt subsequent to August 1986 calculate and rebate arbitrage earnings to the federal government. The U.S. Treasury has issued regulations on calculating the rebate amount and complying with the provisions of the Tax Reform Act of 1986. The Authority and the issuers of local school bonds purchased by the Authority must comply with the rebate regulations in order for the Authority's bonds to maintain a tax-exempt status. The regulations require the excess of the aggregate amount earned on investments purchased with the bond proceeds over the amount that would have been earned if the proceeds were invested at a rate equal to the bond yield to be rebated to the federal government.

Income earned on excess earnings is also subject to rebate. Rebate payments, if required, are due at least every five years over the life of the bonds. Some Authority bonds may be exempt from the rebate requirement if they meet statutory exceptions per the rebate regulations. The Authority may also elect, on or before the date of the bond issue, to pay a penalty in lieu of rebate if it does not meet certain expenditure schedules. If such an election is made and if the Authority (local issuer) meets the expenditure schedule, the Authority (local issuer) retains any arbitrage earnings. The Authority, to date, has not elected penalty in lieu of rebate due to the difficulty in estimating local issuer's expenditure schedules. Rebate and penalty payments are calculated and paid by the Authority as required by law on bond issues that do not meet the statutory exceptions. Rebate installments must be paid no later than 60 days after the computation date.

In most cases, rebate liability is payable by local issuers whose local school bonds were purchased by the Authority. During the year, the Authority's rebate calculation agent, or

VIRGINIA PUBLIC SCHOOL AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

the locality's rebate calculation agent in the case of special obligation stand-alone bonds, calculate rebate liability or penalty in lieu of rebate if selected by a locality. Rebate calculations were performed for the following issues during the year:

Bond Issue	Computation Time Frame	Computation Date	Liability	Fee
(97 Resolution) 2011B	Final	8/1/2021	\$ -	\$ 1,875
(97 Resolution) 2012A	10 Year	3/8/2022	-	1,200

Educational Technology and				
School Security Notes Series V	Final	4/15/2022	314,734	2,400 **

* The arbitrage rebate report for Series 2012B was completed for the period ending May 10, 2022, while the rebate calculation agent fee of \$800.00 was paid in July 2022.

** VPSA's Series 2017 Notes (Series V) owed a rebate liability of \$314,734.76 as of April 15, 2022. This amount was paid from VPSA's operating fund on May 26, 2022 and VPSA was reimbursed from excess earnings on the related proceeds account on June 1, 2022.

The Authority paid \$13,775 to its rebate calculation agent for services provided in connection with the above rebate calculations.

L. Subsequent Events

On September 28, 2022, the Authority issued its \$41,285,000 Special Obligation School Financing Bonds, Hanover County, Series 2022 to purchase certain general obligation local school bonds to finance capital projects for schools.

On November 9, 2022, the Authority issued its \$99,915,000 School Financing Bonds (1997 Resolution), Series 2022B to purchase certain general obligation local school bonds to finance capital projects for schools.

On November 10, 2022, the Authority issued its \$42,400,000 Special Obligation School Financing Bonds, Prince William County, Series 2022 to purchase certain general obligation local school bonds to finance capital projects for schools.

M. Risk Management

The Authority is exposed to various risks of loss related to torts; theft or, damage to, and destruction of assets; errors and omissions; non-performance of duty; injuries to employees; and natural disasters. The Department of the Treasury participates in insurance plans maintained by the Commonwealth of Virginia on behalf of the Authority. The risk management insurance plans are administered by the Department of Treasury, Division of Risk Management. Risk management insurance includes property, general liability, medical malpractice, faithful performance of duty bond, automobile, and air and watercraft plans. The Department of the Treasury pays premiums to this Department for its insurance

The Honorable Glenn Youngkin
Governor of Virginia

Joint Legislative Audit
and Review Commission

Board of Commissioners
Virginia Public School Authority

INDEPENDENT AUDITOR'S REPORT

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the **Virginia Public School Authority** (Authority), a component unit of the Commonwealth of Virginia, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2022, and the changes in financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the

relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the following be presented to supplement the basic financial statements: Management's Discussion and Analysis on pages 1 through 5. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The Detail of Long-Term Indebtedness is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Detail of Long-Term Indebtedness is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 15, 2022, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Authority's internal control over financial reporting and compliance.

NOTICE OF SUPPLEMENT TO APPENDIX B

COMMONWEALTH OF VIRGINIA

FINANCIAL AND OTHER INFORMATION

DATED APRIL 17, 2023

NOTICE IS HEREBY GIVEN that the Commonwealth of Virginia (the “Commonwealth”) filed its Appendix B – Financial and Other Information on the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access (EMMA) system on April 17, 2023. The Commonwealth has since become aware that the last paragraph in the subsection “Other Tax-Supported Debt” (refer to page B-20) of Appendix B included an incorrect statement indicating that, at June 30, 2022, there were no authorized but unissued Commonwealth Port Fund Revenue Bonds of the Virginia Port Authority (“VPA”). Such paragraph should have read:

The Virginia Port Authority (“VPA”) issues bonds secured by its share of the Transportation Trust Fund. As of June 30, 2022, \$210.2 million of Commonwealth Port Fund (“CPF”) Revenue Bonds were outstanding, and \$166.0 million of CPF Revenue Bonds were authorized but unissued.

The amount of authorized but unissued VPA debt was correctly referenced in the table “Authorized and Unissued Tax-Support Debt” (refer to page B-26) of Appendix B.

No other updates to Appendix B are implied or intended by this Notice.

Dated: April 27, 2023

INTRODUCTION

This Appendix includes financial and other information provided by the Commonwealth of Virginia (the "Commonwealth"), its agencies, institutions and authorities from official records. The Department of Treasury has compiled, but not independently verified, such information; however, the Department of Treasury has no reason to believe that such data is not true and correct in all material respects. The information presented in this Appendix is historical and is not intended to predict future events or continuing trends. This Appendix is not intended to be exhaustive as to all information that an investor may deem necessary to evaluate any specific securities.

References in this Appendix to web site addresses presented herein are for informational purposes only and may be in the form of a hyperlink solely for the reader's convenience. Unless specified otherwise, such web sites and the information or links contained therein are not incorporated into, and are not part of, this Appendix.

GOVERNMENTAL ORGANIZATION

Under the Constitution of Virginia (the "Constitution"), the legislative, executive and judicial powers of the Commonwealth are divided into three separate and distinct departments.

Legislative Department

The legislative power is vested in the General Assembly, the oldest representative lawmaking body in the United States. The General Assembly is bicameral, consisting of a Senate with 40 Senators elected for four-year terms and a House of Delegates with 100 Delegates elected for two-year terms. The General Assembly convenes annually each January. Regular sessions are 60 days in duration in even-numbered years and 30 days in odd-numbered years, but each can be extended for an additional 30 days by a two-thirds vote of each house.

The General Assembly is assisted in its legislative function by a full-time staff of over 200 persons and various commissions appointed by the General Assembly. The Joint Legislative Audit and Review Commission was established to carry out continuous legislative review and evaluation of Commonwealth programs from the standpoint of cost effectiveness.

The Auditor of Public Accounts is elected by the General Assembly. The Auditor and a staff of approximately 130 persons audit the accounts of all Commonwealth offices, departments, boards, commissions, institutions and other agencies handling Commonwealth funds and report their findings to the General Assembly.

Executive Department

The Governor, Lieutenant Governor and Attorney General are constitutional officers, elected every four years. The present term of each office began January 15, 2022, and each expires January 17, 2026. The Constitution does not allow a Governor to serve successive terms.

The Governor is the Commonwealth's chief executive officer. The Governor advises the General Assembly on the condition of the Commonwealth and makes recommendations for legislation. The Governor is also charged with the responsibility for preparing and executing the Commonwealth's budget. The Governor's veto of legislation may be overridden only by a two-thirds vote of each house of the General Assembly. If deemed necessary for the welfare of the Commonwealth, the Governor may convene the General Assembly into special session at any time. With few exceptions, the Governor appoints the administrative heads and boards of all Commonwealth agencies. Commonwealth agencies report to the Governor through a cabinet of eleven Secretaries appointed by the Governor to supervise and manage the various functions of the Commonwealth's government.

The Lieutenant Governor is next in line in the event of the Governor's inability to serve. The Lieutenant Governor also serves as President of the Senate but may not vote except in the event of a tie vote of the Senate Members.

The Attorney General is the chief executive officer of the Department of Law. The Department of Law represents the Commonwealth in all civil cases to which the Commonwealth or any of its agencies is a party and in all criminal cases on appeal to the Supreme Court of Virginia. The Attorney General is also the legal advisor to the Governor, General Assembly and heads of Commonwealth agencies.

Judicial Department

The Supreme Court is the Commonwealth's highest court and consists of seven justices appointed by the General Assembly. Several agencies involved in legal administration operate under the control of the Supreme Court. These include the Judicial Inquiry and Review Commission, the Virginia State Bar and the State Board of Bar Examiners. The Commonwealth is divided into 31 Judicial Circuits over which Circuit Judges preside. The Circuit Courts are courts of record having original jurisdiction in cases involving a specified sum and felonies, and appellate jurisdiction over lower District Courts. A Court of Appeals stands between the Circuit Courts and the Supreme Court and has appellate jurisdiction in a range of cases.

FINANCIAL FACTORS

Budgetary Process

The Governor is the chief planning and budget officer of the Commonwealth. The Secretary of Finance and the Department of Planning and Budget assist the Governor in the preparation of executive budget documents. The Governor's Secretaries advise the Governor and the Department of Planning and Budget on the relative priority of the budget requests from their respective agencies.

The Governor is required by statute to present a bill detailing his proposed budget for the next biennium (the "Budget Bill") and a narrative summary of the bill to the General Assembly by December 20th in the year immediately prior to each even- year session. The Budget Bill is introduced in both the House of Delegates and the Senate. It is referred to the House Appropriations and Senate Finance Committees, which hold joint meetings to hear from citizens, from other General Assembly members and from agency representatives. The Budget Bill is then approved by each Committee in an open session and reported to the respective floors for consideration, debate, amendment and passage. After the bill has passed both houses, differences between the House and Senate versions are reconciled by a conference committee from both houses.

Under constitutional provisions, the Governor retains the right in his review of legislative action on the Budget Bill, to suggest alterations to or to veto the appropriations made by the General Assembly. After enactment, the Budget Bill becomes law (the "Appropriation Act").

In the odd-year sessions of the General Assembly, amendments are considered to the Appropriation Act enacted in the previous year. The Governor submits a bill by December 20th, which includes his proposed amendments to the current biennial budget. It is then introduced in both houses and is considered in the same manner as the regular biennial Budget Bill. The Appropriation Act enacted in the odd-year session is effective upon passage, whereas the regular biennial Appropriation Act is effective July 1, the beginning of the new biennium.

An appropriation for a project or service is initially contained in the Appropriation Act enacted by the General Assembly. An agency request for an increase or other adjustments to its legislative appropriation must be reviewed and approved by the Department of Planning and Budget. Under the Constitution, no money may be paid out of the State Treasury except pursuant to appropriations made by law. No such appropriation may be made which is payable more than two years and six months after the end of the session of the General Assembly at which the appropriation was enacted.

Implementation and administration of the provisions of the Appropriation Act are functions of the Governor, assisted by the Secretary of Finance and the Department of Planning and Budget. This process also involves constant monitoring of revenue collections and expenditures to ensure that a balanced budget is maintained. The Appropriation Act requires that if projected revenue collections fall below amounts appropriated, the Governor must reduce expenditures and withhold allotments of appropriations, with the exception of amounts needed for debt service and specified other purposes, to the extent necessary to prevent any expenditure in excess of estimated revenues. The Appropriation Act provides that up to 15 percent of a General Fund appropriation to an agency may be withheld by the Governor, if required.

Development of Revenue Estimates

The development of the General Fund revenue estimate begins with the selection of a forecast of national economic activity for the state budget period prepared by independent economic forecasting firms based on the advice of the Joint Advisory Board of Economists and the Commonwealth's own staff. The national economic forecast is used to develop a forecast of similar indicators of in-state activity. The Governor's Advisory Council on Revenue Estimates also examines the economic assumptions with respect to the general economic climate of the Commonwealth.

After the development of forecasts of major Commonwealth economic indicators, revenue estimates are generated using revenue forecasting models developed and maintained by the Department of Taxation. Adjustments are made on a revenue source-by-source basis for any legislative, judicial or administrative changes that would affect the projected level of revenues but that cannot be forecast

by models constructed using historical data. Finally, adjustments are made if revenues are substantially above or below the projected level.

Financial Control Procedures

The General Assembly appropriates funds for a particular program in the Appropriation Act. These funds must then be allotted by the Governor and the Department of Planning and Budget for specific purposes. The State Comptroller accounts for certain specific personnel and non-personnel transactions. Once the appropriation, allotment and accounting procedures have been completed, funds are disbursed by the State Treasurer upon a warrant of the State Comptroller drawn at the request of the responsible agency. The Auditor of Public Accounts audits such financial transactions to assure the reporting of such transactions is in compliance with generally accepted accounting principles.

The Director of the Department of Planning and Budget is appointed by the Governor subject to confirmation by the General Assembly. The Department of Planning and Budget monitors and evaluates the use of resources to ensure that agencies are delivering effective and efficient services. The Governor is empowered to withhold appropriations to agencies in the event that expenditures are no longer warranted or are not being made for the purposes for which the funds were initially appropriated.

The State Comptroller, who is appointed by the Governor subject to confirmation by the General Assembly, is the director of the Department of Accounts, the central accounting agency of the Commonwealth. The State Comptroller maintains a complete system of general accounts of every department, division, office, board, commission, institution and agency of the Commonwealth. In order to assure uniform accounting practices among the agencies and to avoid duplication, the State Comptroller also prescribes the accounts and control records that are to be kept by each state agency. The State Treasurer, who is also appointed by the Governor subject to confirmation by the General Assembly, is the director of the Department of the Treasury. This department receives, maintains custody of and disburses all funds of the Commonwealth.

Unlike the State Comptroller and the State Treasurer, the Auditor of Public Accounts is appointed by the General Assembly for a term of four years and is, therefore, part of the Legislative Department rather than the Executive Department. The principal function of the Auditor is to audit the accounts of all state departments, offices, boards, commissions, institutions and agencies handling state funds. In the event the Auditor discovers some irregularity or misuse of funds, it is his duty to inform the Governor, the Joint Legislative Audit and Review Commission and the State Comptroller.

Investment of Public Funds

It is the policy of the State Treasurer to invest public funds in a manner that will provide the highest investment return with the maximum security while meeting the daily cash flow demands and conforming to all statutes governing the investment of public funds. The General Account of the Commonwealth, which is comprised of funds collected and held for various fund groups including the General Fund, is divided into two major portfolios. Both portfolios are managed in accordance with guidelines promulgated by the Treasury Board. The Primary Liquidity Portfolio, representing approximately 75 percent of the General Account, provides for disbursements and operational needs. Safety of principal and liquidity are the investment objectives of this portfolio. The Extended Duration and Credit Portfolio, which can be up to 25 percent of the General Account, is structured to generate investment returns over the long term higher than the return on the Primary Liquidity Portfolio, while maintaining sound credit quality and providing secondary liquidity.

Financial Statements

The Commonwealth operates on a fiscal year basis beginning on July 1 and ending on June 30. The Commonwealth's financial statements, audited by the Auditor of Public Accounts, for the fiscal year ended June 30, 2022, are contained in the Commonwealth's Annual Comprehensive Financial Report (the "Annual Comprehensive Financial Report") available at www.doa.virginia.gov. The financial statements conform to GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. The financial statements include government-wide statements using full accrual accounting, fund financial statements that use different accounting approaches based on the type of fund, and a reconciliation of the two types of statements. See the section in the Annual Comprehensive Financial Report entitled "Management's Discussion and Analysis" for a more detailed explanation of the types of financial statements prepared. The Commonwealth's annual budget is prepared principally on a cash basis and represents departmental appropriations as authorized by the General Assembly. Under the cash basis of accounting, revenues and other financial resources are recognized in the accounting period in which cash is received; expenditures and other financial uses are recognized when cash is disbursed. The section of the Annual Comprehensive Financial Report entitled "Required Supplementary Information" reconciles the budgetary (*i.e.*, cash) presentation to the financial statements.

Revenue Stabilization Fund

The Constitution requires the Governor to ensure that expenses do not exceed total revenues anticipated plus fund balances during the period of two years and six months following the end of the General Assembly session in which the appropriations are made. A Revenue Stabilization Fund (the “Stabilization Fund”) was established by constitutional amendment effective January 1, 1993, and is available to offset, in part, anticipated shortfalls in revenues in years when revenues are forecasted to decline by more than two percent of the certified tax revenues collected in the most recently ended fiscal year. Deposits to the Stabilization Fund are made pursuant to the provisions of Article X, Section 8 of the Constitution of Virginia based on tax revenue collections as certified by the Auditor of Public Accounts. If in any year total revenues are forecast to decline by more than two percent of the certified tax revenues collected in the most recently ended fiscal year, the General Assembly may appropriate for transfer up to one-half of the Stabilization Fund balance to the General Fund to stabilize revenues. This transfer shall not exceed one-half of the forecasted shortfall. The maximum balance in the Stabilization Fund can consist of an amount not to exceed 15 percent of the Commonwealth's average annual tax revenues derived from income and retail sales taxes for the three immediately preceding fiscal years, as certified by the Auditor of Public Accounts. If any amounts accrue to the credit of the Stabilization Fund in excess of the 15 percent limitation, such as through interest or dividends, the Treasurer shall promptly transfer any such excess amounts to the General Fund.

Section 2.2-1829(b) of the Code of Virginia requires that if certain revenue criteria are met, then an additional deposit to the Stabilization Fund equal to at least one-half the mandatory deposit must be included in the Governor's budget. The Code further requires that any such additional deposits to the Stabilization Fund shall be included in the Governor's budget recommendations only if the estimate of General Fund revenues for the fiscal year in which the deposit is to be made is at least five percent greater than the actual General Fund revenues for the immediately preceding fiscal year.

On June 30, 2022, the Stabilization Fund has principal and interest on deposit of \$640.9 million restricted as a part of General Fund balance. As described above, the amount on deposit cannot exceed 15.0 percent of the Commonwealth's average annual tax revenues derived from taxes on income and retail sales for the preceding three fiscal years. As of June 30, 2022, the constitutional maximum is \$3.5 billion.

See Note 5 in the “Notes to the Financial Statements” included in the Annual Comprehensive Financial Report for the Fiscal Year Ended June 30, 2022, for additional information about the Stabilization Fund.

Revenue Reserve Fund

Beginning in 2018, the Commonwealth established, by statute, a second reserve fund entitled the Revenue Reserve Fund (the “Reserve Fund”). The General Assembly may appropriate to the Reserve Fund any surplus revenues after making constitutionally mandated transfers. The monies in the Reserve Fund may be used to offset, in whole or in part, certain anticipated shortfalls in revenue when appropriations based on previous forecasts exceed expected revenues in subsequent forecasts. If a revenue shortfall is two percent or less of General Fund resources collected in the most recently ended fiscal year, the General Assembly may appropriate an amount for transfer from the Reserve Fund not to exceed 50 percent of the amount in the Reserve Fund.

Pursuant to Sections 2.2-1831.2 and 2.2-1831.3 of the Code of Virginia, whenever there is a fiscal year in which there is not a mandatory deposit to the Stabilization Fund (see above), a deposit is required to the Reserve Fund if the General Fund revenue exceeds the official estimate. Additionally, any required annual deposit cannot exceed 1.0 percent of the total General Fund revenues for the prior fiscal year. The total amounts on deposit in the Reserve Fund and the Stabilization Fund may not in the aggregate exceed twenty percent (20%) of the Commonwealth's average annual tax revenues derived from taxes on income and retail sales as certified by the Auditor of Public Accounts for the three fiscal years immediately preceding. This maximum aggregate amount was increased from fifteen percent (15%) to twenty percent (20%) effective July 1, 2022, through language contained in Chapter 2 of the 2022 Special Session I and is in effect through June 30, 2024. As of June 30, 2022, the calculated maximum balance for the Stabilization Fund and the Reserve Fund (taking into account the limitations described in this paragraph) is \$4.0 billion.

As of June 30, 2022, the Reserve Fund has principal and interest on deposit of \$1.5 billion recorded in the Commonwealth's general ledger and reported as cash on the balance sheet. As of June 30, 2022, the combined stabilization fund and reserve fund balance is \$2.6 billion.

See Note 6 in the “Notes to the Financial Statements” included in the Annual Comprehensive Financial Report for the Fiscal Year Ended June 30, 2022, for additional information about the Reserve Fund.

General Fund Highlights for Fiscal Year 2022

The General Fund balance, as shown on page B-6, increased by \$5.9 billion in fiscal year 2022, an increase of 78.2 percent from fiscal year 2021. Overall, tax revenues increased by 16.0 percent from fiscal year 2021 to fiscal year 2022 with most major categories experiencing tax revenue increases including: Individual and Fiduciary Income tax revenues increased by 18.0 percent, Corporation Income tax collections increased by 30.5 percent, State Sales and Use Tax increased by 9.9 percent, Other Taxes increased by 0.7 percent, Premiums of Insurance Companies increased by 17.6 percent and Public Service Corporations tax collections increased by 1.5 percent. Alternatively, Communications Sales and Use experienced a 4.2 percent decline in tax collections. While overall revenue increased by 16.0 percent, non-tax revenues improved by 8.7 percent for the period. Expenditures also increased overall by 9.7 percent in fiscal year 2022, compared to a 1.26 percent increase in fiscal year 2021. Categorically, increases in expenditures included: General Government, 9.9 percent, Education 13.7 percent, Capital Outlay 1,941.1 percent, and Individual and Family Services 4.5 percent.

In accordance with Item 275 of Chapter 1, of the 2022 Acts of Assembly, Special Session I, there was a voluntary deposit of \$650,000,000 to the Revenue Reserve Fund during fiscal year 2022. Further, pursuant to Item 274 C. of Chapter 1, of the 2022 Acts of Assembly, Special Session I, the Comptroller deposited \$498,700,000 to the Revenue Reserve Fund as an advance reservation of the required 2024 deposit to the Revenue Stabilization Fund attributable to actual tax collections for fiscal year 2022 reduced by the estimated rebate amount that will be provided to taxpayers as required by Chapter 1, 2022 Acts of Assembly Special Session I, Item 3-5.24. This amount is included as part of the 2024 restricted component of fund balance. Section 2.2-1829(b) of the Code of Virginia requires an additional deposit into the Revenue Stabilization Fund when specific criteria have been met. The specified criteria were not met for fiscal year 2022 when using the original fiscal year 2023 revenue estimate established in Chapter 2, 2022 Acts of Assembly Special Session I.

Summary of General Fund Revenues, Expenditures and Changes in Fund Balance

The following tables summarize the Commonwealth's General Fund revenues, expenditures and changes in fund balance for fiscal years 2018 through 2022. The chart below provides the information on a year-to-year comparison on a cash basis, while the chart on the next page compares the final budget numbers to actual audited numbers over the five-year period.

General Fund Revenues

Of total fiscal year 2022 tax revenue, 97.3 percent was derived from six major taxes imposed by the Commonwealth: Individual and Fiduciary Income Taxes; State Sales and Use Taxes; Corporation Income Taxes; Communications Sales and Use Taxes; Taxes on Deeds, Contracts, Wills and Suits; and Taxes on Premiums of Insurance Companies.

Individual and Fiduciary Income taxes are the principal component of General Fund revenues. These revenues support a number of government functions, primarily education, individual and family services, public safety and general government. General Fund revenues are available for payment of debt service obligations of the Commonwealth.

Individual and Fiduciary Income Taxes: (68.9 percent of Total Taxes in fiscal year 2022) The individual and fiduciary income tax applies to income derived by resident and non-resident individuals and fiduciaries. The tax is based on a taxpayer's federal adjusted gross income with modifications, if applicable, and with deductions for personal exemptions and standard or itemized deductions. The following tax rates are applicable to net taxable income for the taxable year 2022:

PERSONAL TAX RATES

<u>Taxable Income</u>	<u>Rate</u>	<u>Of Excess Over</u>
\$0-\$3,000	2.00%	
\$3,001-\$5,000	\$60 + 3.00%	\$ 3,000
\$5,001-\$17,000	\$120 + 5.00%	\$ 5,000
Over \$17,000	\$720 + 5.75%	\$17,000

Source: Department of Taxation

An individual income tax return for a taxable year must be filed by May 1 of the following year. Prepayment of the tax on most earnings is accomplished through withholdings by employers. Employers must transfer withholding taxes to the Department of Taxation quarterly, monthly or, in some cases, eight times a month. Individual income taxpayers are required to file a declaration of estimated tax for any income not subject to withholding and pay one-fourth of such estimated tax in quarterly installments.

State Sales and Use Taxes: (17.1 percent of Total Taxes in fiscal year 2022) A sales and use tax is imposed at the rate of 5.3 percent on the sale, rental, lease or storage for use or consumption of tangible personal property except food for home consumption. Food for home consumption is taxed at a rate of 2.5 percent (reduced to 1% as of January 2023). There are certain exclusions from the tax, including motor vehicles, aircraft and large watercraft, prescription medicines. One percent of the 5.3 percent sales tax revenues and the 1% percent sales tax revenues on food for home consumption is distributed to localities on the basis of school age population for use in public education.

Retail sellers collect the sales and use taxes from customers at the time of sale. Sellers are required to remit collected taxes to the Department of Taxation either monthly or quarterly.

Corporation Income Taxes: (6.7 percent of Total Taxes fiscal year 2022) The Commonwealth imposes a 6 percent income tax on the net income of all corporations organized under laws of the Commonwealth and every foreign corporation having income from sources in the Commonwealth, with the exception of insurance companies, inter-insurance exchanges, state and national banks, banking associations, companies doing business on a mutual basis, credit unions and non-profit corporations. Commonwealth taxable income is based on federal income, with modifications. If a corporation is engaged in multi-state activities, and if its income is taxable by both the Commonwealth and another state, the Commonwealth permits the corporation to apportion its taxable income (other than dividends that are allocated according to the commercial domicile of the taxpayer) according to a three-factor formula comprised of property, payroll and sales.

A corporation income tax return must be filed on or before the 15th day of the 4th month following the close of the corporation's taxable year. Corporations are required to make a declaration of estimated tax directly to the Department of Taxation and pay such estimated tax in such taxable year.

Communication Sales and Use Taxes: (1.0 percent of Total Taxes in fiscal year 2022) The Commonwealth collects communication sales and use taxes and disburses these amounts to localities.

Taxes on Deeds, Contracts, Wills and Suits: (2.2 percent of Total Taxes in fiscal year 2022) The Commonwealth taxes the admission to record of deeds, deeds of trust, mortgages, leases and contracts at the rate of 25 cents per \$100 of consideration or value, whichever is greater. An additional tax is imposed on deeds or conveyances of real estate at the rate of 50 cents per \$500 of consideration or value, whichever is greater exclusive of the value of any lien or encumbrance. A tax is also imposed on the probate of wills and grants of administration, not exempt by law, at the rate of 10 cents per \$100 of the value of the probate estate. A tax ranging from \$5 to \$25 is imposed on the filing of various types of legal actions.

Taxes on Premiums of Insurance Companies: (1.4 percent of Total Taxes in fiscal year 2022) Insurance companies are required to pay an annual license tax measured by the gross premium income derived from business done in the Commonwealth. The rate of tax varies according to the type of company. Insurance companies subject to this state license tax must make a declaration of estimated tax and pay one-fourth of such estimated tax in quarterly installments.

Other taxes: Other taxes consist of 2.7% of Total Taxes in fiscal year 2022).

The following pie chart summarizes General Revenue Fund tax revenues by source:

COMPOSITION OF GENERAL FUND TAX REVENUES BY SOURCE
Fiscal Year Ended June 30, 2022

Source: Department of Accounts.

Collection of Delinquent Tax

When the Department of Taxation determines that taxes are delinquent, the taxpayer is sent a billing notice. A second notice is sent 30 days later demanding immediate payment within 10 days. If payment is not received at the end of that time, the Department of Taxation may take legal action to obtain payment including the placement of a lien on the taxpayer's wages or bank account. If the delinquency exceeds \$100, the Department of Taxation may issue a memorandum of lien against the taxpayer's property. If subsequent to these actions satisfactory payment arrangements are not made, the Department of Taxation may execute the memorandum of lien or initiate court proceedings against the taxpayer.

Penalties for late payment or nonpayment of most taxes are assessed at the rate of 6 percent per month, not to exceed 30 percent of the delinquent tax liability. Interest on late or under payments is charged at an annualized rate of interest established pursuant to Section 6621(a) (2) of the federal Internal Revenue Code, plus 2 percent.

General Fund Expenditures

General Fund expenditures relate to resources used for those services traditionally provided by a state government that are not accounted for in any other fund. These services include general government, legislative, public safety, judicial, health and mental health, human resources, licensing and regulation, and primary and secondary education (See table on page B-6).

Education: (44.7 percent of Total Expenditures in fiscal year 2022) Expenditures for education support individuals in developing knowledge, skills and cultural awareness, including elementary and secondary education instruction, supervision and assistance.

Individual and Family Services: (29.1 percent of Total Expenditures in fiscal year 2022) Expenditures for individual and family services support programs to benefit the economic, social and physical well-being of the individual and family, including disease research, control and prevention.

Administration of Justice: (12.4 percent of Total Expenditures in fiscal year 2022) Expenditures for administration of justice relate to the activities of the civil and criminal justice systems. These activities encompass the apprehension, trial, punishment and rehabilitation of law violators, and the deterrence and detection of crime.

General Government: (11.0 percent of Total Expenditures in fiscal year 2022) General government expenditures support the general activities of state, regional and local levels of government. These activities include financial assistance to localities, enactment of legislative policy, intergovernmental projects, and distribution of sales and use taxes to localities, and payments to localities pursuant to the Personal Property Tax Relief Act of 1998.

Resources and Economic Development: (2.4 percent of Total Expenditures in fiscal year 2022) Resources and economic development expenditures support activities to develop the Commonwealth's economic base, including alternative natural resources, and to regulate this base with regard to the public interest of the Commonwealth.

Capital Outlay & Transportation: (0.3 percent of Total Expenditures in fiscal year 2022) Expenditures for capital outlay relate to the construction and renovation of state-owned buildings and facilities. Transportation expenditures relate to the movement by road, water or air of people, goods and services, and the regulation thereof.

Debt Service: (0.1 percent of Total Expenditures in fiscal year 2022).

DISTRIBUTION OF GENERAL FUND EXPENDITURES BY SOURCE

General Fund Balance

With the implementation of GASB No. 54, the fund equity classifications of Reserved and Unreserved have been changed to Restricted, Committed, Assigned, and Unassigned. Restricted fund balances are those that have a restriction imposed by the *Constitution of Virginia* or from a party external to the Commonwealth. Committed fund balances represent amounts that have been legislatively mandated for a specific purpose. Assigned fund balances represent amounts the Commonwealth has identified for a specific purpose, but for which the use is not legislatively mandated. Unassigned fund balances are those that have not been restricted, committed, or assigned to specific purposes. Due to statutory requirements, any unassigned balances in the General Fund on a cash basis are automatically committed for transfer to the Transportation Trust Fund and for nonrecurring expenditures.

2018. General Fund revenues and other sources were more than expenditures and other uses by \$447.1 million in fiscal year 2018. Total revenues increased by 6.5 percent and total expenditures increased by 3.3 percent. Transfers to the General Fund decreased by 3.8 percent while transfers out increased by 0.7 percent. Transfers to and from Component Units in fiscal year 2018 are reported as expenditures and revenues in accordance with GASB Statement No. 34. The table on page B-6 reflects the Fund Balance as of June 30, 2018 in these classifications.

2019. General Fund revenues and other sources were more than expenditures and other uses by \$1.0 billion in fiscal year 2019. Total revenues increased by 6.0 percent and total expenditures increased by 3.8 percent. Transfers to the General Fund increased by 7.9 percent while transfers out decreased by 6.7 percent. Transfers to and from Component Units in fiscal year 2019 are reported as expenditures and revenues in accordance with GASB Statement No. 34. The table on page B-6 reflects the Fund Balance as of June 30, 2019 in these classifications.

2020. General Fund revenues and other sources were more than expenditures and other uses by \$725.3 million in fiscal year 2020. Total revenues increased by 2.1 percent and total expenditures increased by 3.2 percent. Transfers to the General Fund decreased by 2.9 percent while transfers out increased by 6.0 percent. Transfers to and from Component Units in fiscal year 2020 are reported as expenditures and revenues in accordance with GASB Statement No. 34. The table on page B-6 reflects the Fund Balance as of June 30, 2020 in these classifications.

2021. General Fund revenues and other sources were more than expenditures and other uses by \$4.0 billion in fiscal year 2021. Total revenues increased by 14.6 percent and total expenditures increased by 1.3 percent. Transfers to the General Fund increased by 15.5 percent while transfers out decreased by 5.6 percent. Transfers to and from Component Units in fiscal year 2021 are reported as expenditures and revenues in accordance with GASB Statement No. 34. The table on page B-6 reflects the Fund Balance as of June 30, 2021 in these classifications.

2022. General Fund revenues and other sources were more than expenditures and other uses by \$5.9 billion in fiscal year 2022. Total revenues increased by 15.8 percent and total expenditures increased by 9.7 percent. Transfers to the General Fund increased by 11.4 percent while transfers out decreased by 37.6 percent. Transfers to and from Component Units in fiscal year 2022 are reported as expenditures and revenues in accordance with GASB Statement No. 34. The table on page B-6 reflects the Fund Balance as of June 30, 2022 in these classifications.

Non-General Fund Revenues

Non-General Fund revenues consist of all revenues not accounted for in the General Fund. Included in this category are special taxes and user charges earmarked for specific purposes, the majority of institutional revenues and revenues from the sale of property and commodities, and receipts from the federal government.

Approximately 50 percent of the Non-General Fund revenues are accounted for by grants and donations from the federal government, motor vehicle taxes and institutional revenues. Institutional revenues consist primarily of fees and charges collected by institutions of higher education, medical and mental hospitals and correctional institutions. Motor vehicle related taxes include the motor vehicle fuel tax, motor vehicle sales and use tax, oil excise tax, driver's license fee, title registration fee, motor vehicle registration fee and other miscellaneous revenues.

The following chart is a summary of revenues and expenditures for the largest of the Commonwealth's Special Revenue Funds, the Commonwealth Transportation Fund, prepared according to generally accepted accounting principles.

COMMONWEALTH TRANSPORTATION FUND

	(In thousands)				
	2018	2019	2020	2021	2022
Total revenues	\$6,287,368	\$6,232,672	\$6,385,623	\$7,550,146	\$8,348,316
Total expenditures	6,146,679	5,578,326	5,628,548	6,851,125	7,415,256
Revenues over (under) expenditures	140,689	654,346	757,075	699,021	933,060
Other sources (uses) net	287,921	-98,906	-412,740	-378,186	-29,553
Revenue and other sources (uses) over (under) expenditures	428,610	555,440	344,335	320,835	903,507
Beginning fund balance (adjusted)	1,898,668	2,327,278	2,889,679	3,244,917	3,565,752
Ending fund balance	\$2,327,278	\$2,882,718	\$3,234,014	\$3,565,752	\$4,469,259

Included in the Commonwealth Transportation Fund (formerly Highway Maintenance and Construction Fund) is the activity of the Highway Maintenance and Operating Fund and the Transportation Trust Fund. The Transportation Trust Fund was created in September 1986 during a special session of the Virginia General Assembly.

Covid-19 Developments

Mitigation Measures. In response to the spread of the respiratory disease known as COVID-19, then- Governor Ralph Northam declared a state of emergency in the Commonwealth on March 12, 2020, and then- President Donald Trump declared a nationwide state of emergency on March 13, 2020. Within the United States, the federal government and various state and local governments, including the Commonwealth, as well as private entities and institutions, implemented a variety of different efforts aimed at mitigating the spread of COVID-19 including, but not limited to, travel restrictions, voluntary and mandatory quarantines, vaccine mandates, mask-wearing guidelines, testing protocols, event postponement and cancellations, voluntary and mandatory work from home arrangements, and temporary facility closures. These mitigation measures, as well as general concerns related to the global and national public health emergency and other contributing factors, resulted in dislocations in the labor market and stress on the global and national economies.

By May 2021, citing the effectiveness and wide availability of the COVID-19 vaccines, Governor Northam lifted most of the remaining public health restrictions that he had imposed to mitigate the spread of COVID-19. In addition, Governor Northam allowed his declaration of a state of emergency to expire on June 30, 2021. The current Governor, Glenn Youngkin, has not imposed any public health restrictions related to COVID-19 that limit general business activity within the Commonwealth.

COVID-19 Expenses; Federal Assistance

The Commonwealth incurred significant costs to address the COVID-19 pandemic, as well as significant federal aid to help cover such costs. In addition to federal disaster relief funds, the Commonwealth received approximately \$3.1 billion in funds from the federal Coronavirus Aid, Relief, and Economic Security (“CARES”) Act of 2020 to help cover costs related to the pandemic. Of that amount, Governor Northam allocated approximately \$1.3 billion to the cities and counties in Virginia (excluding Fairfax County, which received approximately \$200 million in CARES Act funding directly from the federal government based on the large size of the county’s population) and retained approximately \$1.8 billion to pay or reimburse costs incurred by the Commonwealth and its related entities to address the pandemic.

The Commonwealth received approximately \$4.3 billion in May 2021 from the State and Local Recovery Fund (“SLRF”) established by the federal American Rescue Plan Act of 2021 (“ARPA”), which is in addition to the CARES Act funding described above. Virginia cities and counties received separately approximately \$2.3 billion in ARPA-SLRF funding directly from the federal government, and the Commonwealth received approximately \$317 million in May 2021 to pass through to smaller cities and towns and received an additional approximately \$317 million for the same purpose in May 2022. In total, the Commonwealth and its cities and counties received approximately \$7.2 billion in ARPA-SLRF funding. The 2020-2022 biennial budget, as amended, appropriated approximately \$3.3 billion of the ARPA-SLRF funds to Fiscal Year 2022 expenditures. The 2022-2024 biennium budget adopted in June 2022 appropriates approximately \$900 million in ARPA-SLRF funds to Fiscal Year 2023 expenditures and approximately \$100 million in ARPA-SLRF funds to Fiscal Year 2024 expenditures. The ARPA-SLRF-funded expenditures primarily serve the following needs: (1) unemployment assistance; (2) broadband expansion; (3) small business assistance; (4) food assistance; (5) drinking water, wastewater and combined sewer overflow projects; (6) improved mental health and other public health services; (7) public safety; and (8) public education.

2022 Appropriation Act

On December 16, 2021, then Governor Northam presented the introduced Budget Bill for the 2022-2024 biennium that began on July 1, 2022 (House Bill/Senate Bill 30) (the “2022 Budget Bill”). The General Assembly adjourned on March 12, 2022 without a budget agreement. The General Assembly convened a special session on April 4, 2022 and offered its recommendations for additional amendments to the bill on June 1, 2022. The current Governor Youngkin offered executive amendments that were considered and agreed upon by the General Assembly at the June 17, 2022 reconvened special session. The executive amendments were then folded into the new budget for the 2022-2024 biennium. On June 22, 2022, Governor Youngkin signed the 2022 Appropriation Act. The 2022 Appropriation Act also known as Chapter 2, 2022 Acts of Assembly, Special Session I, became effective on July 1, 2022.

A summary of the 2022 Appropriation Act follows on the next page. Some of the key features of the Act include:

- Increase Pre-K-12 funding (\$3.2 billion)
- Includes \$763.1 million to support 5% salary increases each year for state supported local school personnel
- \$850 million for local school construction.
- Increase higher education funding (\$687.8 million)
- Includes \$237.4 million for higher education financial aid
- Increase Medicaid funding (\$889.6 million); note: FY2022 state Medicaid funding reduced by \$903 million
- Enhance mental health services and direct care salaries (\$202.6 million)
- Increase children’s health care funding (\$73.3 million)
- Set aside funding for the upcoming Amazon custom grant payment (\$85 million)
- Invest in Business Ready Sites (\$109 million)
- Provide additional funding to the Housing Trust Fund (\$150 million)
- Deposit one-time funding into the Water Quality Improvement Fund (\$313 million)
- Support additional local School Resource Officers (\$45 million)
- Increase funding to local police departments (\$47 million)
- Provide 5% salary increase each year for state and state-supported local employees (\$746.7 million)
- Invest one time funding into the Virginia Retirement System for unfunded other post-employment benefit (OPEB) liabilities (\$80.4 million)
- Provide funding to be deposited to the Revenue Stabilization Fund (\$1.2 billion)
- Authorize \$2.15 billion of General Fund cash and \$166 million of state-supported debt to maintain existing facilities, invest in new facilities and renovate or upgrade systems at existing facilities of the Commonwealth.
- The 2022 Appropriation Act assumes a General Fund balance at the end of the 2022-2024 biennium of \$15.9 million.

2023 Appropriation Act

On December 15, 2022, Governor Youngkin announced his amendments to the 2022-2024 biennium budget. The proposed budget amendments proposed additional funding for behavioral health, law enforcement, education, economic development and conservation efforts. The Governor's plan also included \$1 billion in additional tax relief on top of nearly \$4 billion in tax relief passed previously. Highlights of the Governor's proposed budget amendments include:

- Providing over \$230 million to jumpstart the *Right Help, Right Now Plan* to overhaul the system addressing behavioral health and substance abuse.
- Launching *Virginia's Compete to Win strategy* by investing in tax cuts, talent and workforce development and a \$500 million commitments to business ready sites.
- Strengthening law enforcement and public safety by funding *Operation Bold Blue Line*, including \$30 million to recruit 2,000 new law enforcement personnel, additional funding for prosecutors.
- Keeping commitments to Virginia's Children with new investments in reading and math and expanded resources for education, including \$17 million for literacy and \$50 million for teacher performance bonuses.
- Offering unprecedented support to 'Quiet Heroes' - teachers, nurses, and law enforcement, including \$175 million for recruitment, expanded career pathways, and bonuses.
- Making an investment in conservation and preservation, including \$685 million for resiliency and the Chesapeake Bay.
- Igniting the *All-American, All-of-the-Above Energy Plan* with a \$10 million investment in nuclear and other zero-carbon technologies that produce reliable, affordable, and clean energy.

The General Assembly began the consideration of the Governor's proposed budget amendments during the 2023 session that convened on January 11, 2023. While budget negotiations are continuing, a scaled-down set of amendments from both the General Assembly and the Governor were adopted in an interim amended budget which was enacted on April 12, 2023. Changes included in this interim amended budget include:

- \$405.9 million for a required deposit to the Revenue Stabilization Fund.
- \$263.1 million to update the cost of Direct Aid to Public K-12 education for enrollment changes and other technical adjustments.
- \$250 million for a deposit to the Virginia Retirement System to reduce unfunded liabilities.
- \$100 million for supplemental funding for existing capital outlay projects.
- Treasury Loan authorization for up to \$43.3 million in support of a high performance data facility associated with the Thomas Jefferson National Accelerator Facility (Jefferson Lab).
- \$15.3 million for the Temporary Assistance for Needy Families (TANF) Unemployment Parents program.
- Technical changes to General Fund Resources to reflect legislation passed by the General Assembly and actual year-end balances from FY 2022.

INDEBTEDNESS OF THE COMMONWEALTH

Section 9 of Article X of the Constitution of Virginia provides for the issuance of debt by or on behalf of the Commonwealth. Sections 9(a), (b) and (c) provide for the issuance of debt to which the Commonwealth's full faith and credit is pledged and Section 9(d) provides for the issuance of debt not secured by the full faith and credit of the Commonwealth, but which may be supported by and paid from Commonwealth tax collections subject to appropriations by the General Assembly. The Commonwealth may also enter into leases and contracts that are classified on its financial statements as long-term indebtedness. Certain authorities and institutions of the Commonwealth may also issue debt. This section discusses the provisions for and limitations on the issuance of general obligation debt and other types of debt of the Commonwealth and its authorities and institutions.

Section 9(a) Debt

Section 9(a) of Article X provides that the General Assembly may contract general obligation debt: (1) to meet certain types of emergencies, (2) to meet casual deficits in the revenue or in anticipation of the collection of revenues of the Commonwealth and (3) to redeem a previous debt obligation of the Commonwealth. Total indebtedness issued pursuant to Section 9(a) (2) may not exceed 30 percent of an amount equal to 1.15 times the annual tax revenues derived from taxes on income and retail sales, as certified by the Auditor of Public Accounts, for the preceding fiscal year and any such indebtedness shall mature within twelve months from the date of its incurrence.

Section 9(b) Debt

Section 9(b) of Article X provides that the General Assembly may authorize the creation of general obligation debt for capital projects. Such debt is required to be authorized by an affirmative vote of a majority of the members elected to each house of the General Assembly and approved in a statewide referendum. The outstanding amount of such debt is limited in the aggregate to an amount equal to 1.15 times the average annual tax revenues derived from taxes on income and retail sales, as certified by the Auditor of Public Accounts, for the three immediately preceding fiscal years ("the 9(b) Debt Limit"). Thus, the amount of such debt that can be issued is the 9(b) Debt Limit less the total amount of such debt outstanding ("Debt Margin"). There is an additional 9(b) debt restriction on the amount of such debt that the General Assembly may authorize in any year. The additional authorization restriction is limited to 25% of the 9(b) Debt Limit less any 9(b)-debt authorized in the current and prior three fiscal years.

The phrase "taxes on income and retail sales" is not defined in the Constitution or by statute. The record made in the process of adopting the Constitution, however, suggests an intention to include only income taxes payable by individuals, fiduciaries and corporations and the state sales and use tax.

Section 9(c) Debt

Section 9(c) of Article X provides that the General Assembly may authorize the creation of general obligation debt for revenue producing capital projects for executive branch agencies and institutions of higher learning. Such debt is required to be authorized by an affirmative vote of two-thirds of the members elected to each house of the General Assembly and approved by the Governor. The Governor must certify before the enactment of the bond legislation and again before the issuance of the bonds that the net revenues pledged are expected to be sufficient to pay principal and interest on the bonds issued to finance the projects.

The outstanding amount of Section 9(c) debt is limited in the aggregate to an amount equal to 1.15 times the average annual tax revenues derived from taxes on income and retail sales, as certified by the Auditor of Public Accounts, for the three immediately preceding fiscal years ("the 9(c) Debt Limit"). While the debt limits under Sections 9(b) and 9(c) are each calculated as the same percentage of the same average tax revenues, these debt limits are separately computed and apply separately to each type of debt.

Effect of Refunding Debt

In general, when the Commonwealth issues bonds to refund outstanding bonds issued pursuant to Section 9(b) or 9(c) of Article X of the Constitution, the refunded bonds are considered paid for purposes of the constitutional limitations upon debt incurrence, and the refunding bonds are counted in the computations of such limitations. Section 9(a) (3) provides that in the case of the refunding of debt incurred in accordance with Section 9(c) of Article X, the debt evidenced by the refunding bonds will be counted against the 9(c) Debt Limit unless the Governor does not provide the net revenue sufficiency certification, in which case the debt evidenced by the refunding bonds will be counted against the 9(b) Debt Limit.

General Obligation Debt Limit and Debt Margin

Using individual and fiduciary income, corporate income and the state sales and use tax revenues as the sources of “taxes on income and retail sales”, as of June 30, 2022, the debt limits pursuant to Article X, Section 9 of the Constitution of Virginia are as follows:

COMPUTATION OF LEGAL DEBT LIMIT AND DEBT MARGIN (In Thousands)

	Fiscal Year Ended June 30, 2022		
	2020	2021	2022
Taxes

Tax-Supported Debt–General Obligation

Tax-supported debt of the Commonwealth includes both general obligation debt and debt of agencies, institutions, boards and authorities for which debt service is expected to be made in whole or in part from appropriations of tax revenues.

Outstanding Section 9(b) debt as of June 30, 2022 includes the unamortized portion of \$225.6 million of general obligation bonds. In November 1992, \$613.0 million in general obligation bonds were authorized and approved by the voters. In November 2002, \$1.0 billion in general obligation bonds were authorized and approved by the voters. Various series of refunding bonds were issued to refund certain series of bonds. Outstanding Section 9(c) debt as of June 30, 2022 includes various series of Higher Educational Institutions Bonds (including refunding bonds) issued from 2005 to 2021, one series of Transportation Facilities Bonds (refunding bonds) issued in 2016, and four series of Parking Facilities Bonds (including refunding bonds) issued between 2009 and 2016. Outstanding general obligation debt does not include 9(b) and 9(c) advance refunded bonds for which funds have been deposited in irrevocable escrow accounts in amounts sufficient to meet all required future debt service.

State statutes limit the amount of debt the Commonwealth may issue for each specific type of general obligation debt. As of June 30, 2022, these statutory limits significantly exceed the Commonwealth's outstanding general obligation debt.

Other Tax-Supported Debt

Section 9(d) of Article X provides that the restrictions of Section 9 are not applicable to any obligation incurred by the Commonwealth or any of its institutions, agencies or authorities if the full faith and credit of the Commonwealth is not pledged or committed to the payment of such obligation.

There are currently outstanding various types of 9(d) revenue bonds issued by authorities, political subdivisions and agencies to which the Commonwealth's full faith and credit is not pledged. Certain of these bonds, however, are paid in part or in whole from revenues received as appropriations by the General Assembly from general tax revenues, while others are paid solely from revenues derived from enterprises related to the operation of the financed capital projects or other non-General Fund revenues.

The debt repayments of the Virginia Public Building Authority, the Virginia College Building Authority 21st Century College and Equipment Programs, the Virginia Biotechnology Research Partnership Authority and several other long-term capital leases or notes have been supported all or in large part by General Fund appropriations.

The Commonwealth Transportation Board ("CTB") has issued various series of bonds authorized under the State Revenue Bond Act. These bonds are secured by and payable from funds appropriated by the General Assembly from the Transportation Trust Fund. The Transportation Trust Fund was established by the General Assembly in 1986 as a special non-reverting fund administered and allocated by the Transportation Board for the purpose of increased funding for construction, capital and other needs of state highways, airports, mass transportation and ports. As of June 30, 2022, \$2.7 billion in CTB Tax-Supported bonds were outstanding. In 2007, the CTB was authorized by the General Assembly to issue up to \$3.0 billion in Capital Projects Revenue Bonds, with an additional \$180 million authorized in 2008 and an additional \$150 million authorized in 2018 for a total authorization of \$3.33 billion. In addition, in 2013, the CTB was authorized to issue up to \$595.7 million in Transportation Revenue Bonds for the U.S. Route 58 Corridor Development Program, which the CTB recently began utilizing in 2022.

The Virginia Port Authority ("VPA") issues bonds secured by its share of the Transportation Trust Fund. As of June 30, 2022, \$210.2 million of Commonwealth Port Fund ("CPF") Revenue Bonds were outstanding and there was no authorized but unissued CPF debt.

Leases and Contracts

Long-Term Liabilities. The Commonwealth is involved in numerous agreements to lease buildings, energy efficiency projects and equipment. For a detailed description, see "Notes to the Financial Statements" included in the Annual Comprehensive Financial Report for the Fiscal Year Ended June 30, 2022. These lease agreements are for various terms, and each lease contains a non-appropriation clause indicating that continuation of the lease is subject to funding by the General Assembly. The Commonwealth implemented GASB Statement No. 87, Leases, in fiscal year 2022. This resulted in dramatic changes in categorizing leases and lease liability reporting. As a result of the changes the principal balance of all tax-supported Long-Term Liabilities outstanding as of June 30, 2022 was \$555.1 million.

Installment Purchases. The Commonwealth also finances the acquisition of certain personal property and equipment through installment purchase agreements. The length of the agreements and the interest rates charged vary. In most cases, the agreements are collateralized by the personal property and equipment acquired. Installment purchase agreements contain non-appropriation clauses indicating that continuation of the installment purchase is subject to funding by the General Assembly. The principal balance of tax-supported installment purchase obligations outstanding was \$339.5 million as of June 30, 2022.

Outstanding Tax-Supported Debt

The following table and chart summarize for the past five fiscal years the outstanding indebtedness of the Commonwealth, its agencies, institutions and authorities for which appropriated tax revenues are required to pay debt service. In certain instances, debt service may be paid with or payable from other non-tax sources (e.g., toll revenues, port revenues and user fees), but the underlying security remains the appropriation of tax revenues by the Commonwealth.

Moral Obligation Debt

The Virginia Housing Development Authority, the Virginia Resources Authority and the Virginia Public School Authority are authorized to issue bonds secured in part by a moral obligation pledge of the Commonwealth. All three are designed to be self-supporting from their individual loan programs. The Commonwealth may fund deficiencies that may occur in debt service reserves for moral obligation debt. By the terms of the applicable statutes, the Governor is obligated to include in his annual budget submitted to the General Assembly the amount necessary to restore any such reported deficiency, but the General Assembly is not legally required to make any appropriation for such purpose. Neither the Virginia Housing Development Authority nor the Virginia Public School Authority have bonds outstanding that are secured by the moral obligation pledge. To date, the Virginia Resources Authority has not reported to the Commonwealth that any such reserve deficiencies exist. The table below summarizes the Commonwealth's outstanding moral obligation indebtedness for the past five fiscal years.

Other Commonwealth Related Debt

There are several authorities and institutions of the Commonwealth that issue debt for which debt service is not paid through appropriations of state tax revenues and for which there is no moral obligation pledge to consider funding debt service or reserve fund deficiencies. A portion of the debt shown is additionally secured by a biennial contingent appropriation in the event available funds are less than the amount required to pay debt service. The following table summarizes for the past five fiscal years outstanding indebtedness of authorities and institutions whose debt falls into these categories.

Commonwealth Debt Management

Debt Capacity Advisory Committee

The Debt Capacity Advisory Committee (the "Committee") is charged by statute with annually estimating the amount of tax-supported debt of the Commonwealth that may prudently be authorized for the next biennium, consistent with the financial goals, capital needs and policies of the Commonwealth. Such estimate is provided to the Governor and General Assembly. The Committee is also required to review annually the amount and condition of bonds, notes and other security obligations of the Commonwealth's agencies, institutions, boards and authorities that are either secured by a moral obligation pledge to replenish reserve fund deficiencies or for which the Commonwealth has a contingent or limited liability. The Committee provides its recommendations on the prudent use of such obligations to the Governor and the General Assembly.

The Committee also reviews the amounts and condition of bonds, notes and other security obligations of the Commonwealth's agencies, institutions, boards and authorities that are neither tax-supported debt nor obligations secured by a moral obligation pledge to replenish reserve fund deficiencies. The Committee may recommend limits, when appropriate, on these other obligations. The Committee's latest report can be found at <http://www.trs.virginia.gov/debt/dcac.aspx>.

Capital Outlay Plan

The Department of Planning and Budget has prepared a Six-Year Capital Outlay Plan (the "Plan") for the Commonwealth. The Plan lists proposed capital projects, and it recommends how the proposed projects should be financed. More specifically, the Plan distinguishes between immediate demands and longer-term needs, assesses the state's ability to meet its highest priority needs, and outlines an approach for addressing priorities in terms of costs, benefits and financing mechanisms. The General Assembly has set out requirements for the funding of capital projects at a level not less than two percent of the General Fund revenues for the biennium, and the portion of that amount that may be recommended for bonded indebtedness.

RETIREMENT PLANS

The Commonwealth contributes to four pension plans each of which is administered by the Virginia Retirement System ("System"). The System acts as a common investment and administrative agent for the Commonwealth, local school boards and political subdivisions in Virginia. The plans administered by the System consist of the Virginia Retirement System ("VRS"), the State Police Officers Retirement System ("SPORS"), the Virginia Law Officers' Retirement System ("VaLORS") and the Judicial Retirement System ("JRS"). Membership in the VRS consists of Commonwealth employees, public school teachers and employees of political subdivisions that have voluntarily joined the system. Membership in SPORS consists of Commonwealth state police officers. Membership in VaLORS consists of law enforcement and corrections officers of the Commonwealth other than state police officers, and membership in JRS consists of judges in the Commonwealth's Circuit Courts, General District Courts, Court of Appeals and Supreme Court. Membership in the applicable retirement plans is mandatory for all eligible employees. VRS is the largest of four systems covering 340,035 active Commonwealth employees, school teachers and covered employees of local governments as of June 30, 2022, as compared with 9,676 active members of SPORS, VaLORS, and JRS combined. In addition, the four plans combined had approximately 60,856 inactive vested members who are no longer contributing but have not withdrawn previous contributions and may be eligible for a retirement benefit in the future.

ACTIVE MEMBER DISTRIBUTION OF RETIREMENT PLANS

Fiscal Year Ended June 30, 2022

	Revised 2021	2022
State Employees (VRS).....	76,108	76,156
Teachers (VRS).....	149,853	153,204
Employees of Political Subdivisions (VRS)...	108,712	110,675
State Police Officers (SPORS).....	1,939	1,875
Virginia Law Officers (VaLORS).....	7,812	7,342
Judges (JRS).....	453	459
Total	344,877	349,711

Source: Virginia Retirement System.

The System's Board of Trustees administers all four plans pursuant to statute. Each plan provides retirement, disability and death benefits. In addition, most members of all four plans are covered by group term life insurance.

The General Assembly established a new retirement plan (Hybrid Retirement Plan) for all new members hired on or after January 1, 2014 who are not in SPORS, VaLORS or VRS as a hazardous duty employee of a political subdivision. All new members hired on or after July 1, 2010 and before January 1, 2014 are in Plan 2. Vested members on January 1, 2013 with service before July 1, 2010 are in Plan 1. Non-vested members on January 1, 2013 with service before July 1, 2010 are in Plan 2. The different provisions for the retirement plans are set forth in the following table:

Retirement Benefit Plan Provisions

AS ESTABLISHED BY TITLE 51.1 OF THE *CODE OF VIRGINIA* (1950), AS AMENDED

All full-time, salaried permanent (professional) employees of state agencies, public school divisions and employees of participating employers are automatically covered by a pension plan upon employment. Members qualify for retirement when they become vested and meet the age and service requirements for their plan, as shown in the following table.

The System administers three different benefit structures for government employees: Plan 1, Plan 2 and the Hybrid Retirement Plan. Each of these is called a plan in statute and each has different provisions with a specific eligibility and benefit structure. These different benefit structures are set out in the following table:

PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p>About Plan 1 Plan 1 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula.</p>	<p>About Plan 2 Plan 2 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula.</p>	<p>About the Hybrid Retirement Plan The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan.</p> <ul style="list-style-type: none"> The defined benefit is based on a member's age, creditable service and average final compensation at retirement using a formula. The benefit from the defined contribution component of the plan depends on the member and employer Contributions made to the plan and the investment performance of those contributions. In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses and any required fees.
<p>Eligible Members Members are covered under Plan 1 if their membership date is prior to July 1, 2010, they were vested before January 1, 2013 and they have not taken a refund.</p> <p>Hybrid Opt-In Election VRS non-hazardous duty-covered Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.</p> <p>The Hybrid Retirement Plan's effective date for eligible Plan 1 members who opted in was July 1, 2014.</p>	<p>Eligible Members Members are eligible for Plan 2 if their membership date is from Jul 1, 2010 to December 31, 2013, and they have not taken a refund. Additionally, members are covered under Plan 2 if they have a membership date prior to July 1, 2010, but were not vested before January 1, 2013.</p> <p>Members covered under VaLORS, SPORS or VRS with enhanced hazardous duty benefits or the hazardous duty alternate option, and whose membership dates are on or after July 1, 2010, are in Plan 2 even if their membership dates are after December 31, 2013.</p>	<p>Eligible Members Employees are in the Hybrid Retirement Plan if their membership date is on or after January 1, 2014. This includes:</p> <ul style="list-style-type: none"> State employees School division employees Political subdivision employees Judges appointed or elected to an original term on or after January 1, 2014, regardless if vested to VRS Plan 1 or VRS Plan 2. Members in Plan 1 or Plan 2 who elected to opt into the plan during the election window held January 1-April 30, 2014; the plan's effective date for opt-in members was July 1, 2014.

<p>If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.</p> <p>Members who were eligible for an optional retirement plan (ORP) and had prior service under Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 1 or ORP.</p>	<p>Hybrid Opt-In Election</p> <p>Eligible Plan 2 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014. The Hybrid Retirement Plan's effective date for eligible Plan 2 members who opted in was July 1, 2014.</p> <p>If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan. Members who were eligible for an optional retirement plan (ORP) and have prior service under Plan 2 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 2 or ORP.</p>	<p>Non-Eligible Members</p> <p>Some employees are not eligible to participate in the Hybrid Retirement Plan. They include:</p> <ul style="list-style-type: none"> • Members of the State Police Officers' Retirement System (SPORS) • Members of the Virginia Law Officers' Retirement System (VaLORS) • Political subdivision employees who are covered by enhanced benefits for hazardous duty employees <p>Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or ORP.</p>
<p>Retirement Contributions</p> <p>State employees, excluding state elected officials, judges in Plan 1 or Plan 2 and optional retirement plan participants, contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction.</p> <p>Member contributions are tax- deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.</p>	<p>Retirement Contributions</p> <p>Same as Plan 1.</p>	<p>Retirement Contributions</p> <p>A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer.</p> <p>Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages. Mandatory member contributions and the employer match on the mandatory and voluntary member contributions are recorded in a 401(a) account, along with the accrued net investment income. The voluntary member contributions and accrued net investment income are recorded in a 457(b) account. Members are responsible for investing their accounts using the various investment options that are available.</p>
<p>Service Credit</p> <p>Service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine eligibility for retirement and to calculate the retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p>	<p>Service Credit</p> <p>Same as Plan 1.</p>	<p>Service Credit</p> <p><i>Defined Benefit Component:</i> Under the defined benefit component of the plan, service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine eligibility for retirement and to calculate the retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p> <p><i>Defined Contribution Component:</i> Under the defined contribution component, service credit is used to determine vesting for the employer contribution portion of the plan.</p>

<p>Vesting Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of creditable service. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund. Members are always 100% vested in the contributions that they make.</p>	<p>Vesting Same as Plan 1.</p>	<p>Vesting <i>Defined Benefit Component:</i> Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of creditable service. Plan 1 or Plan 2 members with at least five years (60 months) of creditable service who opted into the Hybrid Retirement Plan remain vested in the defined benefit component.</p> <p><i>Defined Contribution Component:</i> Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan. Members are always 100% vested in the contributions that they make. Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contributions to the defined contribution component of the plan, based on service.</p> <ul style="list-style-type: none"> • After two years, a member is 50% vested and may withdraw 50% of employer contributions. • After three years, a member is 75% vested and may withdraw 75% of employer contributions. • After four or more years, a member is 100% vested and may withdraw 100% of employer contributions.
<p>Calculating the Benefit The Basic Benefit is calculated based on a formula using the member's average final compensation, a retirement multiplier and total service credit at retirement. It is one of the benefit payout options available to a member at retirement.</p> <p>An early retirement reduction factor is applied to the Basic Benefit if the member retires with a reduced retirement benefit or selects a benefit payout option other than the Basic Benefit.</p>	<p>Calculating the Benefit See definition under Plan 1.</p>	<p>Calculating the Benefit <i>Defined Benefit Component:</i> See definition under Plan 1.</p> <p><i>Defined Contribution Component:</i> The benefit is based on contributions made by the member and any matching contributions made by the employer, plus net investment earnings on those contributions.</p>
<p>Average Final Compensation A member's average final compensation is the average of the 36 consecutive months of highest creditable compensation as a covered employee.</p>	<p>Average Final Compensation A member's average final compensation is the average of the 60 consecutive months of highest creditable compensation as a covered employee.</p>	<p>Average Final Compensation Same as Plan 2. It is used in the retirement formula for the defined benefit component of the plan.</p>

<p>Service Retirement Multiplier VRS Plan 1: The retirement multiplier is a factor used in the formula to determine a final retirement benefit. The retirement multiplier for non-hazardous duty members is 1.70%.</p> <p>SPORS, sheriffs and regional jail superintendents: The retirement multiplier is 1.85%.</p> <p>VaLORS: The retirement multiplier is 1.70% or 2.00%.</p> <ul style="list-style-type: none"> Members hired before July 1, 2001, have a 1.70% multiplier and are eligible for a hazardous duty supplement. They also had the option to elect the 2.00% multiplier and no supplement. Members hired on or after July 1, 2001, have a 2.00% multiplier and no supplement. <p>Political subdivision hazardous duty employees: The retirement multiplier of eligible political subdivision hazardous duty employees other than sheriffs and regional jail superintendents is 1.70% or 1.85% as elected by the employer.</p> <p>JRS Plan 1: If appointed or elected to an original term prior to January 1, 2013, the retirement multiplier is 1.70%.</p> <p>If appointed or elected to an original term between January 1, 2013, and December 31, 2013, the retirement multiplier is 1.70% on non-JRS service earned, purchased or granted before the date of appointment or election to an original term, and 1.65% on JRS service earned, purchased or granted on or after the date of appointment or election to an original term.</p>	<p>Service Retirement Multiplier VRS Plan 2: Same as Plan 1 for service earned, purchased or granted prior to January 1, 2013.</p> <p>For non-hazardous duty members, the retirement multiplier is 1.65% for creditable service earned, purchased or granted on or after January 1, 2013.</p> <p>SPORS, sheriffs and regional jail superintendents: Same as Plan 1.</p> <p>VaLORS: The retirement multiplier is 2.00%.</p> <p>Political subdivision hazardous duty employees: Same as Plan 1.</p> <p>JRS Plan 2: Same as Plan 1.</p>	<p>Service Retirement Multiplier <i>Defined Benefit Component:</i> VRS: The retirement multiplier for the defined benefit component is 1.00%.</p> <p>For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.</p> <p>SPORS, sheriffs and regional jail superintendents: Not applicable.</p> <p>VaLORS: Not applicable.</p> <p>Political subdivision hazardous duty employees: Not applicable.</p> <p>JRS: The retirement multiplier for the defined benefit component is 1.00%. The member will retain the applicable multiplier on any covered service outside JRS.</p> <p><i>Defined Contribution Component:</i> Not applicable.</p>
<p>Normal Retirement Age VRS: Age 65.</p> <p>SPORS, VaLORS and political subdivision hazardous duty employees: Age 60.</p> <p>JRS: Age 65; mandatory retirement age is 73.</p>	<p>Normal Retirement Age VRS: Normal Social Security retirement age.</p> <p>SPORS, VaLORS and political subdivision hazardous duty employees: Same as Plan 1.</p> <p>JRS: Same as Plan 1.</p>	<p>Normal Retirement Age <i>Defined Benefit Component:</i> VRS: Same as Plan 2.</p> <p>SPORS, VaLORS and political subdivision hazardous duty employees: Not applicable.</p> <p>JRS: Same as Plan 1.</p> <p><i>Defined Contribution Component:</i> Members are eligible to receive distributions upon leaving employment, subject to restrictions.</p>

<p>Earliest Unreduced Retirement Eligibility VRS: Age 65 with at least five years (60 months) of creditable service or at age 50 with at least 30 years of creditable service.</p> <p>SPORS, VaLORS and political subdivision hazardous duty employees: Age 60 with at least five years of creditable service or age 50 with at least 25 years of creditable service.</p> <p>JRS: Age 65 with at least five years of creditable service or at age 60 with at least 30 years of creditable service.</p> <p>Service earned under JRS is weighted. The weighting factors for a judge appointed prior to July 1, 2010, are as follows:</p> <ul style="list-style-type: none"> • 3.5 for JRS members appointed or elected to an original term before January 1, 1995. • 2.5 for JRS members appointed or elected to an original term on or after January 1, 1995, but before July 1, 2010. <p>For members appointed or elected to an original term between July 1, 2010, and December 31, 2013, the weighting factors are:</p> <ul style="list-style-type: none"> • 1.5 if appointed or elected to an original term before age 45 • 2.0 if appointed or elected to an original term between ages 45 and 54. • 2.5 if appointed or elected to an original term at age 55 or older. 	<p>Earliest Unreduced Retirement Eligibility VRS: Normal Social Security retirement age with at least five years (60 months) of creditable service or when their age and service equal 90.</p> <p>SPORS, VaLORS and political subdivision hazardous duty employees: Same as Plan 1.</p> <p>JRS: Same as Plan 1. Service earned under JRS is weighted. The weighting factors under Plan 2 are:</p> <ul style="list-style-type: none"> • 1.5 for JRS members appointed or elected to an original term before age 45. • 2.0 for JRS members appointed or elected to an original term between ages 45 and 54. • 2.5 for JRS members appointed or elected to an original term at age 55 or older. 	<p>Earliest Unreduced Retirement Eligibility <i>Defined Benefit Component:</i> VRS: Normal Social Security retirement age and have at least five years (60 months) of creditable service or when their age and service equal 90.</p> <p>SPORS, VaLORS and political subdivision hazardous duty employees: Not applicable.</p> <p>JRS: Same as Plan 2.</p> <p><i>Defined Contribution Component:</i> Members are eligible to receive distributions upon leaving employment, subject to restrictions.</p>
<p>Earliest Reduced Retirement Eligibility VRS: Age 55 with at least five years (60 months) of creditable service or age 50 with at least 10 years of creditable service.</p> <p>SPORS, VaLORS and political subdivision hazardous duty employees: Age 50 with at least five years of creditable service.</p> <p>JRS: Age 55, with at least five years of creditable service.</p>	<p>Earliest Reduced Retirement Eligibility VRS: Age 60 with at least five years (60 months) of creditable service.</p> <p>SPORS, VaLORS and political subdivision hazardous duty employees: Same as Plan 1.</p> <p>JRS: Same as Plan 1.</p>	<p>Earliest Reduced Retirement Eligibility <i>Defined Benefit Component:</i> VRS: Age 60 with at least five years (60 months) of creditable service.</p> <p>SPORS, VaLORS and political subdivision hazardous duty employees: Not applicable.</p> <p>JRS: Same as Plan 1.</p> <p><i>Defined Contribution Component:</i> Members are eligible to receive distributions upon leaving employment, subject to restrictions.</p>

<p>Cost-of-Living Adjustment (COLA) in Retirement</p> <p>The Cost-of-Living Adjustment (COLA) matches the first 3% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 4%) up to a maximum COLA of 5%.</p> <p><i>Eligibility:</i> For members who retire with an unreduced benefit or with a reduced benefit with at least 20 years of creditable service, the COLA will go into effect on July 1 after one full calendar year from the retirement date. For members who retire with a reduced benefit and who have fewer than 20 years of creditable service, the COLA will go into effect on July 1 after one calendar year following the unreduced retirement eligibility date.</p> <p><i>Exceptions to COLA Effective Dates:</i> The COLA is effective July 1 following one full calendar year (January 1 to December 31) under any of the following circumstances:</p> <ul style="list-style-type: none"> • The member is within five years of qualifying for an unreduced retirement benefit as of January 1, 2013. • The member retires directly from short-term or long-term disability under the Virginia Local Sickness and Disability Program (VSDP). • The member is involuntarily separated from employment for causes other than job performance or misconduct and is eligible to retire under the Workforce Transition Act or the Transitional Benefits Program. • The member dies in service and the member's survivor or beneficiary is eligible for a monthly death-in-service benefit. 	<p>Cost-of-Living Adjustment (COLA) in Retirement</p> <p>The Cost-of-Living Adjustment (COLA) matches the first 2% increase in the CPI-U and half of any additional increase (up to 2%), for a maximum COLA of 3%.</p> <p><i>Eligibility:</i> Same as Plan 1.</p> <p><i>Exceptions to COLA Effective Dates:</i> Same as Plan 1.</p>	<p>Cost-of-Living Adjustment (COLA) in Retirement</p> <p><i>Defined Benefit Component:</i> Same as Plan 2.</p> <p><i>Defined Contribution Component:</i> Not applicable.</p> <p><i>Eligibility:</i> Same as Plan 1 and Plan 2.</p> <p><i>Exceptions to COLA Effective Dates:</i> The COLA is effective July 1 following one full calendar year (January 1 to December 31) under any of the following circumstances:</p> <ul style="list-style-type: none"> • The member is within five years of qualifying for an unreduced retirement benefit as of January 1, 2013. • The member retires directly from short-term or long-term disability under the Virginia Local Disability Program (VLDP) or employer opt-out plan. • The member is involuntarily separated from employment for causes other than job performance or misconduct and is eligible to retire under the Workforce Transition Act or the Transitional Benefits Program. • The member dies in service and the member's survivor or beneficiary is eligible for a monthly death-in-service benefit.
<p>Disability Coverage</p> <p>For members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.70% on all service, regardless of when it was earned, purchased or granted. Most state employees are covered under the Virginia Sickness and Disability Program (VSDP) and are not eligible for disability retirement.</p> <p>VSDP members are subject to a one-year waiting period before becoming eligible for non-work-related disability benefits.</p>	<p>Disability Coverage</p> <p>For members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.65% on all service, regardless of when it was earned, purchased or granted. Most state employees are covered under the Virginia Sickness and Disability Program (VSDP) and are not eligible for disability retirement.</p> <p>VSDP members are subject to a one-year waiting period before becoming eligible for non-work-related disability benefits.</p>	<p>Disability Coverage</p> <p>Employees of political subdivisions and school divisions (including Plan 1 and Plan 2 opt-ins) participate in the Virginia Local Disability Program (VLDP) unless their local governing body provides an employer-paid comparable program for its members. State employees (including Plan 1 and Plan 2 opt-ins) participating in the Hybrid Retirement Plan are covered under the Virginia Sickness and Disability Program (VSDP), and are not eligible for disability retirement.</p> <p>Hybrid members (including Plan 1 and Plan 2 opt-ins) covered under VSDP or VLDP are subject to a one-year waiting period before becoming eligible for non-work-related disability benefits.</p>

Purchase of Prior Service Members may be eligible to purchase service from previous public employment, active duty military service, an eligible period of leave or VRS refunded service as creditable service in their plan. Prior creditable service counts toward vesting, eligibility for retirement and the health insurance credit, if offered by the employer. Only active members are eligible to purchase prior service. Members also may be eligible to purchase periods of leave without pay.	Purchase of Prior Service Same as Plan 1.	Purchase of Prior Service Defined Benefit Component: Same as Plan 1, with the following exception: Hybrid Retirement Plan members are ineligible for ported service. Defined Contribution Component: Not applicable.
--	---	---

Following is a summary of additions and deductions of the four retirement plans, including additions and deductions attributable to VRS members who are employees of local school boards and political subdivisions. **The political subdivisions have voluntarily joined the VRS, and the Commonwealth is responsible only for administration of the programs and not for contribution.**

Net Position - Restricted for Benefits at the End of the Year	\$ 97,365,477	<u>\$ 98,880,868</u>	<u>\$ 79,358,073</u>	<u>\$ 80,317,574</u>	<u>\$ 76,888,982</u>

Opening balance adjustment for FY 2020 represented the removal of the Defined Contribution plan assets of the Hybrid Retirement Plan from the System's Pension Plan Assets as a result of implementing GASB Statement No. 84.

Each employer contributes an amount for any period equal to the sum of the normal cost and amortization of the unfunded actuarial accrued liability, if any. The Commonwealth's liability is determined, at a minimum, every two years by the System's Board of Trustees on the basis of studies by the consulting actuary. With respect to teachers, the Commonwealth pays a share of the employer contributions on the compensation of teachers who are employees of local school boards with the Commonwealth's portion determined by a formula that uses the student/teacher ratio, average teachers' salaries and the source of revenue used for salary. Employees contribute 5 percent of their creditable compensation unless the contribution is assumed by the employer as in the case of judges. Effective July 1, 2011, Commonwealth employees (except elected officials), state police officers, and state law enforcement and correctional officers other than state police officers began paying the 5% employee contribution. This contribution is handled as a pre-tax payroll deduction. Effective July 1, 2012, teacher and political subdivision employers were required to begin requiring their members to pay the 5% member contribution that was previously paid by the employer. The phase-in required the shift of a minimum of 1% each year with full implementation of the shift to member-paid for all employers by July 1, 2016.

Employer contributions are calculated under an entry age normal cost method, and the unfunded actuarial accrued liability is amortized as a level percentage of payroll within 30 years or less. The entry age normal cost method is designed to produce level normal costs over the working lifetime of the participating employees and to permit the amortization of any unfunded liability over a period of years. The unfunded liability arises because normal costs based on the current benefit provisions have not been in effect throughout the working lifetime of current employees and because of actuarial losses. Post-retirement benefit adjustments are pre-funded during the employees' working lifetime.

The Commonwealth's contribution rates for the 2022 fiscal year were determined in accordance with the actuarial valuation as of June 30, 2019. In calculating the Commonwealth's contribution rates during the June 30, 2019 actuarial valuation, the actuary assumed a 6.75 percent net investment yield compounded annually, a 2.50 percent inflation allowance in the salary scale, a 30-year closed amortization period for the legacy June 30, 2013 Unfunded Actuarial Accrued Liability (UAAL), a 20-year closed amortization period for the actuarial gains and losses and other changes in the UAAL due to benefit and actuarial assumption and method changes for each valuation subsequent to the June 30, 2013 valuation, and assets valued using a modified market basis.

For fiscal year 2022 the employer contribution rates for most employers remained unchanged from the prior fiscal year. Some political subdivision employers may have elected coverage changes that altered their rates; however, all employers contributed at least 100% of the actuarially determined rate. The member contribution rate remained at 5.00%.

The normal contribution and accrued liability cost rates (expressed as percentages of covered compensation) recommended by the actuaries are as follows:

**RETIREMENT SYSTEMS CONTRIBUTIONS, ACCRUED LIABILITY
AND SUPPLEMENTARY COSTS**

- (1) Rates for FY 2000 reflect "carve-out" of a portion of the retirement rate for the Virginia Sickness and Disability Program.
- (2) The Virginia Law Officers' Retirement System was established October 1, 1999.
- (3) Contributions actually paid in FY 2002 were 2.12%, 3.60%, 12.50%, 8.07% and 22.50% for State, School Teachers, State Police, VaLORS, and Judges, respectively.
- (4) Contributions actually paid in FY 2003 were 0.00%, 3.77%, 11.05%, 12.00% and 29.00% for State, School Teachers, State Police, VaLORS, and Judges, respectively.
- (5) Contributions actually paid in FY 2004 were 3.77%, 3.77%, 12.79%, 13.95% and 32.03% for State, School Teachers, State Police, VaLORS, and Judges, respectively.
- (6) Contributions actually paid in FY 2005 were 3.91%, 6.03%, 16.49%, 16.99% and 30.55% for State, School Teachers, State Police, VaLORS, and Judges, respectively.
- (7) Contributions actually paid in FY 2006 were 3.91%, 6.62%, 16.49%, 16.99% and 30.55% for State, School Teachers, State Police, VaLORS, and Judges, respectively.
- (8) Contributions actually paid in FY 2007 were 5.74%, 9.20%, 16.71%, 14.96% and 36.47% for State, School Teachers, State Police, VaLORS, and Judges, respectively.
- (9) Contributions actually paid in FY 2008 were 6.15%, 10.30%, 20.76%, 15.86% and 38.01% for State, School Teachers, State Police, VaLORS, and Judges, respectively.
- (10) State Police computed and paid rates reflect an increase of 2.87% resulting from an increase in the multiplier from 1.70% to 1.85% effective July 1, 2007.
- (11) Contributions actually paid in FY 2009 were 6.23%, 8.81%, 20.05%, 14.23% and 34.51% for State, School Teachers, State Police, VaLORS, and Judges, respectively.
- (12) Contributions actually paid in FY 2010 were 6.26%, 8.81%, 20.05%, 14.23% and 34.51% for State, School Teachers, State Police, VaLORS, and Judges, respectively. In addition, these contributions were suspended for state employee groups for April, May and the first half of June 2010, and for school teachers for the entire fourth quarter of FY 2010.
- (13) Contributions actually paid in FY 2011 were 2.13%, 3.93%, 7.76%, 5.12% and 28.81% for State, School Teachers, State Police, VaLORS, and Judges, respectively.
- (14) Contributions actually paid in FY 2012 are 6.33% for School Teachers and 2.08%, 7.73%, 5.07% and 28.65% for State, State Police, VaLORS, and Judges, respectively for the period July 2011 through March 2012 and 6.58%, 21.16%, 13.09%, and 42.58% for State, State Police, VaLORS, and Judges, respectively for April, May and June 2012.
- (15) Contributions actually paid in FY 2013 and FY 2014 were 8.76%, 11.66%, 24.74%, 14.80% and 45.44% for State, School Teachers, State Police, VaLORS, and Judges, respectively.
- (16) Contributions actually paid in FY 2015 were 12.33%, 14.50%, 25.82%, 17.67% and 51.66% for State, School Teachers, State Police, VaLORS, and Judges, respectively.
- (17) Contributions actually paid in July 2015 were 12.33%, 14.06%, 25.82%, 17.67% and 49.62% for State, School Teachers, State Police, VaLORS, and Judges, respectively. Contributions actually paid in August 2015 were 13.28%, 14.06%, 26.83%, 18.34% and 49.82% for State, School Teachers, State Police, VaLORS, and Judges, respectively. Contributions actually paid in September 2015 through June 2016 were 14.22%, 14.06%, 27.83%, 19.00% and 50.02%, for State, School Teachers, State Police, VaLORS, and Judges, respectively.
- (18) Contributions actually paid in FY 2017 were 14.66% for School Teachers. For FY 2018, Teacher contributions were paid at 100% of the actuarial requirements 16.32%. Other groups paid employer contributions at 100% of actuarial requirements for both FY 2017 and FY 2018.
- (19) Contributions for all employer groups were 100% of the actuarially determined rate from the June 30, 2017 actuarial valuation.
- (20) Contribution for all employer groups were 100% of the actuarially determined rate from the June 30, 2019 actuarial valuation.

Source: Virginia Retirement System.

Effective October 1, 1983, the Commonwealth assumed the 5 percent employee contribution previously paid by its employees who are members of the VRS, SPORS, VaLORS and JRS. The total contribution rate actually being paid by the Commonwealth for Commonwealth employees, state police officers, state law enforcement and correctional officers other than state police officers, and judges through the 2010 fiscal year is, therefore, higher by that amount than what is shown in the summary. Effective July 1, 2011, Commonwealth employees (except elected officials), state police officers, and state law enforcement and correctional officers other than state police officers began paying the 5% employee contribution through payroll deduction.

The latest valuations of the pension plans were performed by Gabriel, Roeder, Smith & Company under the provisions of the new Government Accounting Standards Board (GASB) Statement No. 67 using June 30, 2021 data, rolled forward to June 30, 2022. The plan fiduciary net position as a percentage of the total pension liability was 86.44% for the VRS state plan, 85.46% for the VRS teacher plan, 97.25% for the aggregate total of the VRS political subdivision plans, 81.27% for SPORS, 78.18% for VaLORS and 90.17% for JRS. The calculations reflect an assumed rate of return on investments of 6.75%. For further discussion of the funding of the pension programs, see "Retirement and Pension Systems" in the Annual Comprehensive Financial Report for the Fiscal Year Ended June 30, 2022.

Investments Allocations and Returns. The target asset allocation is set by the Board of Trustees, with no legal limit imposed by the General Assembly. The actual allocation takes into account that private market investments are made gradually in order to prudently reach the target level over multiple years. Amounts not yet invested in private markets are currently allocated to public equity and fixed income.

Asset Allocation for FY 2022

	Actual allocation as of 06/30/2021	Target allocation range
Public Equity	37.0%	-32% - 42%
Credit Strategies	14.0%	9 %- 19%
Fixed Income	16.0%	13% - 21%
Real Assets	14.0%	9% - 19%
Private Equity	14.0%	8% - 18%
MAPS – Multi-Asset Public Strategies	13.0%	2% - 4%
PIP – Private Investment Partnership	2.0%	1% - 4%
Cash	1.0%	0%-5%
Total	100.0%	

Source: Virginia Retirement System.

As of June 30, 2022, the historical rates of return (on an unaudited basis, expressed in percentages and net of fees) on the System's investments are as follows:

	<u>1 Yr.</u>	<u>3 Yr.</u>	<u>5 Yr.</u>	<u>10 Yr.</u>
Total VRS Fund	0.6%	9.2%	8.3%	8.7%

Source: Virginia Retirement System.

The System's rate of return on investments during the fiscal year ended June 30, 2022, was 0.6% compared to a return of 27.5% for the fiscal year ending June 30, 2021. The decrease was due primarily to the performance of the public and private equity fixed income investments in the portfolio.

OTHER LONG-TERM LIABILITIES

Employee Benefits Other than Pension Benefits

Employees of the Commonwealth accrue annual leave at a rate of four to nine hours semi-monthly, depending on their length of service. The maximum accumulation is dependent on years of service, but in no case may it exceed 54 days. All employees hired after January 1, 1999, are required to enroll in the Virginia Sickness and Disability Program (“VSDP”). Under the VSDP, employees receive a specified number of sick and personal leave hours, depending on their length of service, and any balances at the end of the calendar year revert. Individuals employed at January 1, 1999, had the option of converting to the VSDP or remaining in the original sick leave plan. If converting, the employee’s sick leave balance could be used to purchase retirement credits or be converted to disability credits. If an employee opted to remain in the original sick leave program, sick leave accrues at a rate of five hours semimonthly. Employees who leave State service after a minimum of five years employment receive the lesser of 25 percent of the value of their disability credits or accumulated sick leave at the current earnings rate or \$5,000. All employees leaving State service are paid for accrued annual leave up to the lesser of the maximum calendar year limit or 42 days at their current earnings rate.

The VSDP was established for all full-time, classified state employees, including state police officers, and other state law enforcement and correctional officers. Part-time, classified state employees who work at least 20 hours per week on a salaried basis and who accrue leave are also covered. After a seven calendar-day waiting period following the first incident of disability, the VSDP provides short-term disability benefits from 60% to 100% of compensation up to a maximum of 125 work days. After a 180 calendar day waiting period, eligible employees receive long-term disability benefits equal to 60% of compensation until they return to work, until age 65 (age 60 for state police officers and other state law enforcement and correctional officers), or until death. Eligibility periods for non-work related disability coverage and certain income replacement levels apply for employees hired on or after July 1, 2009.

In addition to providing pension benefits, the Commonwealth provides life insurance for active and retired employees and a retiree health insurance credit to offset a portion of the cost of health insurance premiums for qualifying state retirees under VRS, SPORS, JRS and VaLORS. The estimated costs of these benefits are funded over the working lives of the employees through employer contributions and investment income.

Self-Insurance

The Commonwealth provides several types of self-insurance for the benefit of state agencies and institutions. The Department of the Treasury, Division of Risk Management, administers self-insurance programs for general (tort) liability, medical malpractice and automobile liability. The Department of Human Resource Management administers the state employee health care self-insurance fund. At June 30, 2022, \$568.8 million was reported as the combined estimated claims payable for self-insurance.

Medicaid Payable

The Department of Medical Assistance Services estimates, based on past experience, the total amount of claims that will be paid from the Medicaid program in the future that relate to services provided before year end. At June 30, 2022, the estimated liability related to normal operations totaled \$2.3 billion. Of this amount, \$479.8 million is reflected in the General Fund, \$1.6 billion in the Federal Trust Special Revenue Fund and \$1,890 million in the Health and Social Services Fund (nonmajor special revenue).

For a more detailed explanation of Other Long-Term Liabilities, see "Notes to the Financial Statements" in The Commonwealth Annual Comprehensive Financial Report for the Fiscal Year Ended June 30, 2022.

Other Post-Employment Benefits (OPEB) – Financial Statement Reporting

The Commonwealth currently has five postemployment benefit programs other than the retirement plans described above (“OPEB Programs”). They are: Retiree Health Insurance Credit, Group Life Insurance, Virginia Sickness and Disability Program, Pre-Medicare Retiree Health Insurance Program and Line of Duty Death and Health Insurance Benefit.

The Governmental Accounting Standards Board (GASB) issued accounting and reporting standards for other postemployment benefits. The VRS implemented GASB Statement No. 74, *Financial Reporting for Post-Employment Benefit Plans Other Than Pension Plans*, in their published financial statements for the fiscal year ended June 30, 2017. The Commonwealth, as an employer, implemented GASB Statement No. 75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions* for the fiscal year ended June 30, 2018. Updated data has been included by VRS and the Commonwealth in their reports for subsequent fiscal years.

The Commonwealth's OPEB programs promise benefits to individuals who perform services for government today to be paid following the conclusion of their service. Historically, the Commonwealth and most other government employers financed other post-employment benefit programs on a pay-as-you-go basis. The new reporting standards require expenses associated with these programs to be calculated and reported on an actuarial basis even though payment is deferred until after an individuals' service ends. As of June 30, 2022, the Commonwealth's estimated annual required OPEB contribution was \$560.2 million and the estimated Net OPEB liabilities were \$3.5 billion.

For a more detailed explanation of Other Post-Employment Benefits (OPEB), see "Notes to the Financial Statements" in Commonwealth Annual Comprehensive Financial Report for the Fiscal Year Ended June 30, 2022.

LABOR RELATIONS

It is against public policy for Commonwealth or local officials to recognize any labor union as a representative of public employees or to engage in collective bargaining with any labor union. Public employee of the Commonwealth do not have a legal right to strike, and no strike by employees of the Commonwealth has ever taken place. Any such employee who engages in any organized strike or willfully refuses to perform his duties shall, according to state law, be deemed to have terminated his employment. However, the General Assembly in the 2020 session, passed a bill permitting counties, cities, towns, and local school boards to adopt a local ordinance to permit collective bargaining by employees of those governing bodies. The bill was signed into law by the Governor with an effective date of May 1, 2021.

LITIGATION

The Commonwealth, its officials and employees are named as defendants in legal proceedings that occur in the normal course of governmental operations, some of which involve claims for substantial amounts. It is not possible at the present time to estimate the ultimate outcome or liability, if any, of the Commonwealth with respect to these lawsuits. However, any ultimate liability resulting from these suits is not expected to have a material adverse effect on the financial condition of the Commonwealth.

INTRODUCTION

The following demographic and economic information is provided by the Commonwealth of Virginia, its agencies, institutions and authorities (the "Commonwealth"). The data were compiled by the Department of the Treasury and were not independently verified; however, the Department of the Treasury has no reason to believe that such data are not true and correct in all material respects.

DEMOGRAPHIC CHARACTERISTICS

General

The Commonwealth is divided into five distinct geographic regions. The Tidewater region is a coastal plain cut into peninsulas by four large tidal rivers. It includes the Eastern Shore and estuaries of the Chesapeake Bay. The Piedmont Plateau is the largest geographical land of the state, and is characterized by low, rolling hills. The Blue Ridge Mountains, which lie to the west of the Piedmont region, are the main eastern mountain range of the Appalachian Mountains. The Appalachian Ridge and Valley Region stretch from southwest to northeast along Virginia's western border and include the Shenandoah Valley. The Appalachian Plateau region lies in the far southwestern portion of Virginia. In Kentucky it is called the Cumberland Plateau. The topography of this region is characterized by rivers, streams, and forests. Approximately one-third of all land in Virginia is used for farming and other agricultural services. This variety of terrain, the location of the Commonwealth on the Atlantic Seaboard at the southern extremity of the northeast population corridor, and its close proximity to the nation's capital have had a significant influence on the development of the present economic structure of the Commonwealth.

According to the U.S. Census Bureau, the Commonwealth's 2022 estimated population was 8,683,619, which was 2.61 percent of the United States total population. Among the 50 states, it ranked twelfth in population size. With 39,490 square miles of land area, its 2022 population density was 220 persons per square mile, compared with 94.34 persons per square mile for the United States generally.

Population Trends

From 2013 to 2022, Virginia's population increased 5.1 percent versus 5.4 percent for the nation. Population trends since 2013 for the Commonwealth and the United States are shown in the following table:

POPULATION TRENDS

Virginia			United States	
		Increase Over Preceding		Increase Over Preceding
<u>Year</u>	<u>Population</u>	<u>Year</u>	<u>Population</u>	<u>Year</u>
2013	8,260,405	0.9	316,234,505	0.7
2014	8,326,289	0.8	318,622,525	0.8
2015	8,382,993	0.7	321,039,839	0.8
2016	8,414,380	0.4	323,405,935	0.7

*2020 - 2022 estimates through July 1, 2022, Data Release Date: December 2022.

Age Distribution of Population

Compared to the national average, a higher proportion of the Commonwealth's population is in the adult/working ages of 20 through 64. Similarly, a lower proportion of Virginia's population is comprised of persons ages 65 and older and of persons ages 5 through 19. In 2021, the population of the Commonwealth and of the United States was distributed by age as follows:

AGE DISTRIBUTION 2021

<u>Age</u>	<u>Virginia</u>	<u>United States</u>
Under 5 years	5.68 %	5.62 %
5 through 19 years	18.76	19.18
20 through 44 years	33.69	33.20
45 through 64 years	25.63	25.16
65 years and older	<u>16.24</u>	<u>16.84</u>
	100.0 %	100.0 %

United States 2021 Data: U.S. Census Bureau, 2022 Not Yet Available.*

Geographic Distribution of Population

The Commonwealth has a high percentage of its citizens living in urban areas. Virtually all the Commonwealth's population growth between 1950 and 1970 occurred in urban areas. During the 1970s, however, non-metropolitan areas grew at a slightly faster rate than metropolitan areas. Since 1980, this trend has reversed with the metropolitan areas growing at three times the rate of the rest of the Commonwealth. Of the Commonwealth's total population, 78 percent resides in eleven metropolitan statistical areas (MSAs).

The largest and fastest growing metropolitan area in the Commonwealth is the Northern Virginia portion of the Washington-Arlington-Alexandria MSA. In 2021 the entire metropolitan area had an estimated population of 6,356,434, of which, approximately 68% lived in the Northern Virginia portion. Northern Virginia has long been characterized by the large number of people employed in both civilian and military work with the federal government. It is also one of the nation's leading high-technology centers for computer software and telecommunications. This region is also the home of George Mason University, Virginia's largest university and the Commonwealth's largest public research university by student population.

Spanning Hampton Roads is the Virginia Beach-Norfolk-Newport News MSA, which has large military installations and major port facilities. It had an estimated 2021 population of 1,803,328 and is an important center of manufacturing and tourism. The Richmond MSA is the third largest metropolitan area with an estimated 2021 population of 1,324,062. The Richmond MSA is a leading center of diversified manufacturing activity including chemicals, tobacco, printing, paper, metals and machinery. Richmond is also the capital of the Commonwealth and its financial center, which includes the Fifth District Federal Reserve Bank. The Roanoke MSA is the manufacturing, trade and transportation center for the western part of the Commonwealth. It had an estimated 2021 population of 314,496. Also in the western part of the Commonwealth are the Lynchburg and Kingsport-Bristol-Bristol MSAs, which are both manufacturing centers, and had estimated 2021 populations of 262,258 and 308,661, respectively. The Kingsport-Bristol-Bristol population includes Tennessee portions of the MSA. Located at the foot of the Blue Ridge Mountains is the Charlottesville MSA, a community with an estimated 2021 population of 222,688 and home of the University of Virginia and significant manufacturing industries. Just west of the Charlottesville MSA is the Staunton-Waynesboro MSA with an estimated 2021 population of 125,774.

The Winchester MSA is located at the northernmost tip of Virginia and had an estimated 2021 population of 145,155. The Harrisonburg MSA, a community with an estimated 2021 population of 135,824, is located in western central Virginia. It is a major retail, service and manufacturing center in the Shenandoah Valley. With an estimated 2021 population of 165,293, the Blacksburg-Christiansburg-Radford MSA is located in the New River Valley in southwestern Virginia. The town of Blacksburg is the home of

Virginia Polytechnic Institute & State University, Virginia's second largest university and ranked as one of the nation's leading research institutions. The 2021 population figures for all eleven Commonwealth MSAs are shown below:

Distributed throughout Virginia are smaller urban areas, most of which historically have been trade centers for the surrounding areas and continue to be so today. These communities have attracted many of the new manufacturing facilities located in the Commonwealth in recent years. The remainder of the Commonwealth's population lives in rural areas, including most of the towns and the remaining smaller cities.

**POPULATION AND PER CAPITA INCOME
2021**

MSA	Population	Per Capita Income
Blacksburg-Christiansburg-Radford	165,293	\$44,904
Charlottesville	222,688	77,070

ECONOMIC FACTORS

Taxable Retail Sales

Over the past ten years, taxable retail sales in Virginia increased by \$25.3 billion, or 27.1 percent. This growth is greater than the cumulative rate of inflation for this same period, which was 18.2 percent. The following table illustrates the changes in taxable retail sales for calendar years 2012 through 2021.

Taxable Retail Sales 2012-2021		
<u>Calendar Year</u>	<u>Taxable Retail Sales</u>	<u>% Change</u>
2012	93,335,660,137	4.8
2013	94,597,893,918	1.4
2014	96,243,826,673	1.7
2015	100,219,956,703	4.1
2016	101,740,768,841	1.5
2017	103,741,107,029	2.0
2018	106,075,146,508	2.2
2019	107,779,678,044	1.6
2020	104,358,304,833	(3.2)
2021	118,655,571,778	13.7

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

Personal Income

According to the U.S. Bureau of Economic Analysis, estimated personal income for all Virginians in 2021 was over \$573 billion. This results in a Commonwealth per capita income of \$66,305, ranking twelfth among all fifty states and greater than the national average of \$64,143.

From 2012 to 2021, the Commonwealth averaged an annual rate of growth of 3.4 percent in per capita income, which was lower than the national average annual rate of growth of 4.2 percent. Virginia and United States per capita personal income data are shown in the following table and graph:

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

Residential Construction

The majority of residential construction has typically been concentrated in three of the state's eleven MSAs. The Virginia portions of the Washington-Arlington-Alexandria MSA, the Virginia Beach-Norfolk-Newport News MSA, and the Richmond MSA accounted for approximately 86 percent of the state's total residential construction on average over the last ten years.

AGGREGATE VALUE OF AND BUILDING PERMITS ISSUED FOR RESIDENTIAL CONSTRUCTION IN VIRGINIA ⁽¹⁾

Assessed Value of Locally Taxed Property

The Constitution of Virginia provides that real estate, coal and other mineral lands and tangible personal property, except the rolling stock of public service corporations, are reserved for taxation by cities, counties, towns, and other local government entities. Shown below is the assessed value of real estate and personal property as determined by the various taxing jurisdictions and the combined value of real estate and personal property for public service corporations as determined by the State Corporation Commission. Cities and counties are required by law to assess real estate at 100 percent of market value.

ASSESSED VALUES OF REAL ESTATE AND TANGIBLE PERSONAL PROPERTY

Tax Year Ended 31-Dec	Real Estate	Public Service Corporations	Personal Property	Total
2011	\$949,019,441,456	\$38,455,832,384	\$71,600,491,421	\$1,059,075,765,261
2012	954,082,225,088	40,142,313,094	76,551,011,940	1,070,775,550,122
2013	968,744,700,482	41,415,115,231	73,286,019,303	1,083,445,835,016
2014	1,001,173,297,581	42,105,842,848	81,234,501,278	1,124,513,641,707
2015	1,031,975,708,795	44,154,961,529	84,093,951,056	1,160,224,621,380
2016	1,060,436,113,127	46,266,995,318	88,866,533,959	1,195,569,642,404
2017	1,091,729,146,412	48,006,343,392	92,876,379,259	1,232,611,868,863
2018	1,130,944,150,752	50,028,306,681	97,202,215,738	1,278,174,673,171
2019	1,172,449,791,555	49,209,543,843	98,726,651,736	1,320,385,987,134
2020	1,218,079,093,525	51,149,852,247	100,052,236,313	1,369,281,182,085

Employment

As of December 2022, 4.1 million residents of the Commonwealth were estimated to be in the civilian labor force, which includes agricultural and nonagricultural employment, the unemployed, the self-employed and residents who commute to jobs in other states.

Virginia is a “right-to-work” state with diverse sources of income. In part because of its proximity to Washington DC, Virginia has a larger share of federal and military employees than most states. More than ten percent of Virginia’s workers are federal employees or active military. The following table and chart indicates the distribution by category of nonagricultural employment in the Commonwealth and the table shows comparative information to the United States.

DISTRIBUTION OF NONAGRICULTURAL EMPLOYMENT 2022

	<u>Virginia</u>		<u>United States</u>	
Natural Resource & Mining	0.2%	%	0.3	%
Construction	5.1		4.2	
Manufacturing	5.9		7.0	
Wholesale Trade	3.8		3.2

Unemployment

The Commonwealth is one of 26 states with a Right-to-Work Law and has a record of good labor-management relations. The Commonwealth's favorable business climate is reflected in the relatively small number of strikes and other work stoppages it experiences.

The Commonwealth is one of the least unionized of the more industrialized states. Three major reasons for this situation are: the Right-to-Work Law; the importance of manufacturing industries such as textiles, apparel, electric and electronic equipment and lumber, which are not highly unionized in the Commonwealth; and the importance of federal civilian and military employment. Typically, the percentage of nonagricultural employees belonging to unions in the Commonwealth has been approximately half the U.S. average.

During 2022, Virginia experienced job growth in ten metropolitan statistical areas (MSAs) reported on by the Virginia Employment Commission, including in Charlottesville, Blacksburg-Christiansburg-Radford, Lynchburg, Roanoke Winchester, Harrisonburg, Staunton and Richmond. The largest increase of the ten MSAs occurred in Northern Virginia up 30,700 jobs, followed by Virginia Beach-Norfolk-Newport News up 20,200 jobs.

The following table shows the size of the Commonwealth's total civilian labor force from 2013 through 2022, the percentage unemployed during this period and the comparable national unemployment rate.

UNEMPLOYMENT TRENDS

<u>Year</u>	<u>Virginia's Civilian Labor Force ⁽¹⁾</u>	<u>Unemployment in Virginia ⁽²⁾</u>	<u>Unemployment in United States ⁽³⁾</u>
2013	4,240,111	5.5%	7.4%
2014	4,238,540	4.5	5.6
2015	4,222,819	4.2	5.0
2016	4,261,091	4.2	4.6
2017	4,308,950	3.7	4.1
2018	4,359,062	2.8	3.7
2019	4,441,018	2.6	3.5
2020	4,286,658	4.9	6.7
2021	4,259,504	3.4	4.2
2022	4,357,319	3.0	3.5

MAJOR ECONOMIC SECTORS

2022 Energy Plan

As directed by the Virginia General Assembly, every four years the Virginia Department of Energy develops a comprehensive energy plan. On behalf of the Department, Governor Youngkin released in October 2022 the new “Commonwealth of Virginia’s 2022 Energy Plan” (the “Plan”). The Plan describes its purpose as providing (i) an analytical assessment of the current state of the Commonwealth’s energy economy, (ii) a practical approach for Virginia to base future policy decisions, and (iii) a series of commonsense recommendations for policymakers and industry participants. The Plan recommends that the Commonwealth pursue an “all of the above” approach to energy production with the intent of providing a flexible path to respond to the changing and growing needs of customers. The Plan describes its guiding principles as reliability, affordability, innovation, competition, and environmental stewardship. The Plan recommends requiring periodic reassessments of Virginia’s energy portfolio to remain current with the evolution of energy production and transmission. Further, the Plan recommends that the Commonwealth make strategic investments in innovative, emerging technologies, including hydrogen, carbon capture, storage and utilization, and small modular nuclear reactors (“SNRs”). In particular, the Plan supports the goal of deploying a commercial SNR in southwestern Virginia within ten years. The Plan also supports leveraging Virginia’s planned offshore wind project to add additional offshore wind generation. The Plan advocates that the Commonwealth encourage competition within the current regulatory structure to provide customers flexibility while considering the cumulative impacts of energy generation on land, air, and water.

Utilities: Over the last decade, Virginia opened the door to electric utility deregulation; however, the competition has not materialized as anticipated. Therefore, the Virginia General Assembly enacted "re-regulation legislation," which has re-established retail rate regulation. The legislation permits provider choice for large commercial and industrial customers with demands exceeding five megawatts (MW). The measure provides flexible and innovative forms of ratemaking that could provide incentives for utility operational efficiencies and for generation plant construction. The legislation also creates incentives for the development of renewable energy resources and for energy efficiency and conservation programs.

Virginia’s electric rates remain competitive in relation to neighboring states. In September 2022, the average cost per unit of electricity for the industrial sector was 8.92 cents in Virginia, compared to 9.34 cents for the national average. More than 4,300 megawatts of additional electric generating power is planned or under construction statewide. All transmission-owning utilities in Virginia have taken the important step of joining PJM, North America’s largest regional transmission manager, which oversees the grid across a vast area from Illinois to North Carolina.

Electric power is available throughout the Commonwealth through the investor-owned utilities of Dominion Virginia Power (Dominion) and Appalachian Power (APCO), 13 electric cooperatives that distribute power in rural districts, and 16 municipalities that have their own distribution systems with power purchased primarily from the previously mentioned companies. The electric utilities serving the Commonwealth are interconnected with neighboring utilities, both within and outside of the Commonwealth, for reliability of service.

Virginia is served by eight regulated natural gas utility companies that provide an extensive network of underground pipes and other gas facilities. In 2014, Virginia’s industrial sector accounted for nearly 20 percent of natural gas consumption in the state. Virginia’s natural gas suppliers specialize in serving industrial customers and provide expert advice in engineering, construction and inspection.

With few exceptions, municipalities and several highly urbanized counties own their own waterworks systems. In some instances, the municipality’s system also serves nearby communities and suburban areas. Most subdivision systems are privately owned and operated. Some federal installations and many industrial plants have their own water supplies. Larger municipalities usually depend on surface water or surface water supplemented by groundwater. There are approximately 2,700 public community water supplies in Virginia, serving approximately 87 percent of the state's population. Virginia has more than 50,000 miles of freshwater streams producing greater than 25 billion gallons per day of freshwater flow.

All cities, many towns, and some counties have their own sewage collection systems. Existing or planned facilities provide wastewater treatment that meets or will meet established water quality standards.

Transportation

Strategically located on the U.S. East Coast and adjacent to Washington, D.C., Virginia's integrated transportation system of highways, railroads, airports, and seaports provide logistical advantages for companies in every industry. As a result of the Commonwealth having the second densest interstate system Southeast, one of the deepest, widest and most active of the East Coast ports, more than 3,000 miles of railway with two Class 1 Railroads, and nonstop connections to more than 150 destinations by air daily, the Commonwealth is recognized annually for its favorable business climate and its quality-of-life opportunities.

Rail: In January 2022, the Commonwealth announced the finalized definitive agreement with Norfolk Southern Corporation to expand passenger rail services to the New River Valley area of southwestern Virginia for the first time since 1979. The investment of Southwest Virginia's rail network, called the "Western Rail Initiative", will add a second state-supported round-trip train between Roanoke and Boston later in 2022, which will be extended to the New River Valley upon completion of a new station, track and signal improvements. The expanded intercity rail service, which will create significant economic benefits and provide additional multimodal options for travelers along the Interstate 81 and Route 29 corridors, is expected to allow a third train to operate in the future and add approximately 80,000 new passengers in the first year after service is extended to the New River Valley. Norfolk Southern Corporation's Heartland Corridor double-stack rail project is a \$290 million public private partnership that offers efficient routing between the Port of Virginia and the Midwest markets. In a major engineering feat, clearances were raised in 29 tunnels to make way for double stacked intermodal trains. Cargo can now be transported via double-stack rail with next morning service to Columbus, Ohio and second-morning service to Chicago, Illinois while existing rail lines can handle increasing container volumes.

Norfolk Southern's Crescent Corridor Project, a \$2.5 billion infrastructure project, expanded the existing 2,500-mile rail network with thirty new lanes to enhance the Company's high-capacity intermodal system. The Crescent Corridor traverses 11 states from Louisiana to New Jersey and touches 26 percent of the nation's population and 26 percent of the nation's manufacturing output. To increase rail capacity on the Crescent's route through Virginia, Norfolk Southern spent \$47.1 million to upgrade track and signals.

In December 2019, the Commonwealth and CSX signed an agreement to expand reliability and service on Virginia's rail lines, creating a pathway to separate passenger and freight operations along the Richmond to Washington D.C. corridor. The agreement between the Commonwealth and CSX outlines a \$3.7 billion investment that includes building a new Virginia-owned Long Bridge across the Potomac River with tracks dedicated exclusively to passenger and commuter rail; the acquisition of more than 350 miles of railroad right-of-way and 225 miles of track; and 37 miles of new track improvements, including a Franconia-Springfield bypass. Two of the nation's largest Class I railroads operate in Virginia: CSX Corporation Railroad has offices in Richmond, and Norfolk Southern Corporation is headquartered in Norfolk. Both have extensive infrastructure throughout the Commonwealth. Eight shortline railroads also provide freight rail service. Nearly 3,400 miles of railway (excluding trackage rights) traverse the state.

Air: Virginia is served by 16 commercial airports (including those just across the state line at Bluefield, West Virginia; Blountville, Tennessee; Greensboro and Raleigh-Durham, North Carolina; and Baltimore, Maryland). Scheduled commercial airline service is provided to over 100 domestic destinations around the world. Two of the nation's largest airports, Dulles International and Ronald Reagan Washington National offer flights to more than 50 destinations on a daily basis. The commercial airports are supplemented by 57 general aviation airports licensed for public use throughout the Commonwealth. Washington Dulles International has been one of the fastest growing airports in the country.

Location: The state's location in the Eastern Time Zone puts Virginia within one day's travel of 47% of the entire U.S. population. As the nation's third largest state-maintained transportation network, Virginia's highway system includes more than 70,000 miles of primary and secondary roads and six major north-south and east-west interstate routes. The Commonwealth is within easy reach of the nation's leading industrial and distribution centers. For example, Richmond is only 338 miles from New York City to the north, 623 miles from Detroit to the west, and 521 miles from Atlanta to the south.

Port Facilities

The Port of Virginia is largely responsible for the Commonwealth's strong ties with international commerce. After completion of a \$1.4 billion modernization and expansion project, the Port of Virginia will be the deepest port on the East Coast and one of the most advanced in the world. The Port is serviced by more than 30 international steamship lines with connections to more than 200 Countries around the world. In addition to having the distinction of being a Hub Port, the Port of Virginia is also the largest intermodal Rail Port on the East Coast. Since 2017 more than 34% of the cargo arriving and departing the Port do so by rail. Class 1 rail partners, Norfolk

Southern and CSX offer double stack intermodal service on almost 7 miles of on dock track to key inland markets in the Midwest, Ohio Valley and Southeast.

Craney Island. In 2012, the Port of Virginia and the U.S. Army Corps of Engineers signed a partnership agreement for the Craney Island Eastward Expansion project in Portsmouth, Virginia. The future Craney Island Marine Terminal is the largest fully permitted port expansion project on the East Coast. The need for additional container terminal capacity in Virginia is necessitated by global growth, the arrival of larger vessels and expansion in international trade. Widening of the Panama Canal and the potential future influx of cargo to the East Coast means that the Port of Virginia will work to position itself with additional capacity to be the front-runner, among competing ports, to take advantage of these new opportunities. The future Craney Island Marine Terminal is expected to maximize the natural advantages the port has with its deep water, absence of overhead restrictions and prime distribution position along the Mid-Atlantic Coast. This multi-phase project is expected to result in the newest, most modern marine terminal in the United States. The terminal will be built in four phases with Phase One completion scheduled in 2040.

Norfolk International Terminals (NIT). Located in Hampton Roads Harbor on 567 acres along the Elizabeth and Lafayette Rivers, NIT is the Port of Virginia's largest terminal and has fourteen of the biggest, most efficient cranes in the world. The General Assembly in 2016 authorized the financing of a \$350 million expansion of the cargo capacity at NIT. The money will be used to reconfigure the South Berth, increasing the cargo capacity at NIT by 46% to approximately two million twenty-foot equivalent units (TEU). With the purchase of additional rail mounted gantry cranes, capacity and efficiency increased. The main channel leading to the terminal is 50 feet deep and the Virginia Port Authority (VPA) has the authorization to dredge to 55 feet when needed. Slightly down the river from NIT is VPA's second largest terminal.

Portsmouth Marine Terminal (PMT). PMT has 3,540 feet of wharf, three berths, and six cranes, direct access to both CSX and Norfolk Southern railways, and will soon connect to the Commonwealth Railway, a 19-mile short line. Located in Newport News, Virginia, the Newport News Marine Terminal provides 42,720 feet of direct cargo loading on and off ships to and from the CSX break-bulk rail service, and 3,480 feet of total pier space serviced by four cranes, covered storage, container storage, and accessibility from three major Virginia roadways.

Virginia International Gateway (VIG). In 2019, the VPA completed a \$320 million 800-foot berth extension at VIG container terminal in Portsmouth, Virginia. This project included a 20-year lease with VIG, formerly APM Terminals North America, which was executed in 2010. In late 2016, the VPA amended its lease with VIG extending the term to 2065 and allowing VPA to assume operations at the VIG facility. The 576-acre terminal is recognized as the most technologically advanced marine cargo facility in the Americas and provides on-site rail with links to Norfolk Southern and CSX. VIG has a current capacity of over one million TEUs annually. The project also includes 26 new rail-mounted gantry cranes, which support 13 new container stacks, increasing cargo and container capacity at its two major terminals. In January 2018, four new 170-foot-tall ship-to-shore cranes arrived at the Port, which are the largest on the U.S. East Coast and will be able to service container vessels, regardless of their size, for decades to come. The VPA generates an estimated \$92 billion of economic impact annually throughout the Commonwealth of Virginia.

The Virginia Inland Port (VIP). In Front Royal is an intermodal container transfer facility that complements the Port of Virginia's marine terminal services. VIP occupies 161 acres of land and is approximately 60 miles west of Washington, D.C. The terminal brings the Port of Virginia 220 miles closer to inland markets by providing rail service to the terminals in Hampton Roads. It also consolidates and containerizes local cargo for export. VIP serves markets in northern Virginia, West Virginia, Maryland, Pennsylvania and Eastern Ohio. The facility also contains 17,820 feet of on-site rail served by Norfolk Southern and is located within one mile of I-66 and five miles of I-81. The VIP is a U.S. Customs-designated port of entry and provides the full range of customs functions to customers.

Ports of Entry: Virginia also has five Port of Entry facilities and one Service Port facility to serve businesses: Front Royal, New River Valley Airport in Dublin, Norfolk-Newport News (Service Port), Richmond-Petersburg, Tri-Cities near Bristol in northeastern Tennessee and Washington-Dulles in Northern Virginia.

Virginia Commercial Space Flight Authority. The Virginia Commercial Space Flight Authority (VCSFA), also known as 'Virginia Space,' was created by the General Assembly of the Commonwealth of Virginia in 1995, with the legislated mission of promoting commercial space activity, economic development and aerospace research within the Commonwealth. Virginia Space began its lease at Wallops Island in 1997 and continually expanded the Mid-Atlantic Regional Spaceport (MARS) facilities to its present-day level of capabilities, with two launch facilities (one mid-class and one small class launch facility), as well as access to support

infrastructure facilities through agreements with NASA, such as vehicle and payload processing integration facilities, support instrumentation and emergency facilities. MARS is licensed by the FAA Office of Commercial Space Transportation for launches to orbital trajectories. MARS is only one of four spaceports in the U.S. that is currently licensed to launch to orbit and is only one of two on the East Coast. Building upon a 55-year legacy of experience gained during over 16,000 rockets launched from NASA Wallops Flight Facility (WFF), MARS provides a competitive alternative for responsive, cost effective, reliable, and mission capable Space Access.

Virginia Space and other organizations that operate in the WFF contribute \$820 million each year to the Virginia and Maryland counties surrounding the WFF and around 6,000 direct and indirect jobs. The total economic impact of the activity in and around the WFF is about \$1.37 billion. Virginia Space highlights include the following events:

In August 2021, Northrup Grumman launched the NG-16 Cygnus Cargo Vehicle, the S.S. Ellison Onizuka, on a mission from WFF's Mid-Atlantic Regional Spaceport Pad OA to the International Space Station (ISS). The mission was the 16th resupply mission to the ISS from the facility. The vehicle was named in honor of Onizuka, NASA's first Asian-American Astronaut. Onizuka and six crewmates were lost in the 1986 Space Shuttle Challenger mission. The activation of Rocket Lab's first launch facility in the United States, located at Wallops Island, was announced in December 2019. Rocket Lab is a global leader in small satellite launch. The company began construction on the launch pad, known as Launch Complex 2 (LC-2) in February 2019, together with the (VCSFA). The LC-2 consists of a pad made from more than 1,400 cubic yards of concrete, a 66-ton launch platform, and a 44-foot, 7.6-ton "strongback," which lifts the rocket into a launch position. The site is used to launch Rocket Lab's 57-foot-tall Electron rocket capable of carrying up to 500 pounds of satellite payload to orbit. An Integration and Control Facility located at Wallops Research Park is also under construction. The facility will be able to accommodate the simultaneous integration of multiple Electron launch vehicles containing an operations control center connected to LC-2. In July 2018, the Commonwealth opened the Mid Atlantic Regional Spaceport Payload Processing Facility (MARS PPF) at WFF. The Commonwealth, through the VCSFA and in partnership with NASA, has invested heavily in the development of the MARS PPF. The MARS PPF will provide government and commercial business with secure mission processing for multiple payloads in one facility from arrival to encapsulation. The Commonwealth has invested over \$80 million in state funds that were used for the construction of the new Pad OA to support Orbital Science Corporation's contract with NASA for eight resupply missions to the International Space Station. With NASA turning to the commercial aerospace industry to conduct many of its mission critical activities, the Commonwealth believes that it is well situated to serve a vital role in the future of the nation's space program. MARS PPF, with its strategic location, serves not only as a valuable asset to the U.S. space program, but also as a crucial link in Virginia's job creation and economic development efforts.

Telecommunications/Broadband

Virginia is reported to be one of the most "connected" states in the nation with access to a robust fiber network that matches or exceeds virtually every domestic market and most major financial centers around the world. The Commonwealth hosts prominent commercial internet exchange points, and 70 percent of the world's internet traffic passes through the Metropolitan Area Exchange East located in Ashburn, Virginia. The Richmond area has been connected to Ashburn with "dark fiber," opening opportunities along the I-95 corridor. In Southern and Southwest Virginia, the benefits of a 1,500+ mile advanced fiber-optic broadband network connects more than 100 certified GigaParks.

Customers in the Commonwealth have access to a full range of high quality, technologically advanced communication services. Virtually all major cities and towns are linked by fiber-optic lines crisscrossing the Commonwealth, which, in turn, are tied into recently constructed national fiber optic networks. In the 2018 Digital States Survey, the latest biennial survey, Virginia received a ranking of "A-".

Since 2006, the Mid-Atlantic Broadband Cooperative (MBC), nationally renowned as a model for rural economic development, has provided world-class fiber-optic backbone network infrastructure to Southern Virginia. This cable network provides opportunities for the region to connect directly with major Tier 1 peering and carrier collocation centers. MBC owns and operates more than 1,800 miles of advanced, open-access fiber network in 31 counties in Southern Virginia that reaches 100% of the business, industrial, and technology parks in the region. Backed by grants from the U.S. Department of Commerce and the Virginia Tobacco Commission, MBC continues to grow and expand.

Efforts are underway to further expand and enhance Southwest Virginia's technological capabilities. Grants from the Virginia Tobacco Commission and the Virginia Coalfield Economic Development Authority are expected to enable electronic upgrades as well as "last mile" connections.

The Bristol Virginia Utilities (BVU) Authority is a public utility company in Southwest Virginia that expanded its broadband infrastructure 900 miles into eight neighboring counties. That network – called OptiNet and CPC OptiNet in four of the counties – now provides fiber-optic speeds of up to 1 Gbps (gigabit per second) to customers in the city of Bristol and the counties of Bland, Buchanan, Dickenson, Russell, Smyth, Tazewell, Washington and Wythe, positioning Southwest Virginia for economic growth. Monetary grant awards of nearly \$40 million from the Virginia Tobacco Commission since 2003 have helped to fund the existing 900-mile OptiNet infrastructure. In July 2010, the Virginia Tobacco Commission continued its support of OptiNet by providing another \$5 million, facilitating acquisition of a Recovery Act grant of \$22 million from the National Telecommunications and Information Administration. The monies have been applied toward construction of 388 miles of middle-mile fiber into seven of OptiNet's rural counties. This project paves the way for eventual fiber-to-the-home connectivity across Southwest Virginia. In August 2018, Sunset Digital Communications completed the \$50 million acquisition of all of BVU Authority's OptiNet and CPC OptiNet assets, which are now owned and operated by the private Duffield, Virginia-based firm and ITC Capital Partners of Georgia. Sunset Digital Communications has reported plans to add more than 30,000 customers within the next five years.

Citizens is a regional full-service communications provider offering land-line telephone, VoIP, IPTV Video, web and e-mail hosting, DSL, and FTTP (Fiber to the Premises: Business Ethernet and FTTH, Fiber to the Home), serving seven counties in Southwest Virginia. In addition, Citizens operates a 248-mile regional open access fiber network in six Virginia counties including eight industrial parks. Citizens provides wholesale transport and internet bandwidth to a variety of service providers and partners with other open access networks, like MBC and BVU, to provide high-capacity optical transport services that are necessary to assist in the economic revitalization efforts of Southwest and Southside Virginia.

Research and Development

The Commonwealth is home to many internationally recognized research and development (R&D) facilities. Federally funded R&D facilities, coupled with the research from Virginia universities, provide Virginia businesses access to leading researchers and technologies. Virginia is home to hundreds of private sector R&D operations, 11 federally funded R&D Centers, and 23 Federal Laboratory Consortium Laboratories such as the Homeland Security Institute, NASA Langley Research Center, and the Thomas Jefferson National Accelerator Facility. Unique university research parks across the state offer private companies' opportunities for co-location and cooperative relationships with Virginia universities, federal labs and other research consortia.

The Virginia BioTechnology (Bio+Tech) Park in downtown Richmond is home to nearly 70 life science companies, research institutes and state/federal labs, employing over 2,400 scientists, engineers and researchers. The Park features nine buildings on a 34-acre campus adjacent to the medical campus of Virginia Commonwealth University, a "Top 100" life sciences research center. Members include early and mid-stage companies; multinational pharmaceutical, environmental and consumer product companies; national healthcare organizations, such as the Altria Center for Research and Technology and the United Network for Organ Sharing, as well as a number of international companies. The Bio+Tech Park is the hub of Activation Capital; a political subdivision of the Commonwealth originally named the Virginia Biotechnology Research Partnership Authority when it was established in 1993. Activation Capital's mission is to grow life sciences and other advanced technology innovations by promoting scientific research and economic development that attracts and creates new jobs and companies.

The National Institute of Aerospace (NIA) is a non-profit research and graduate education institute headquartered in Hampton, Virginia, near NASA's Langley Research Center. NIA's mission is to conduct leading-edge aerospace and atmospheric research, develop new technologies for the nation and help inspire the next generation of scientists and engineers. NIA was formed in 2002 by a consortium of research universities to ensure a national capability to support NASA's mission by expanding collaboration with academia and leveraging expertise inside and outside of NASA. NIA performs research in a broad range of disciplines including space exploration, systems engineering, nanoscale materials science, flight systems, aerodynamics, air traffic management, aviation safety, planetary and space science, and global climate change.

SRI Shenandoah Valley in Harrisonburg, Virginia focuses on health and biomedical research and drug discovery and development with the ultimate goal of bringing new therapies and diagnostics to market. As part of SRI Biosciences, the research complements capabilities at other SRI locations, including SRI's Menlo Park, California headquarters. SRI's state-of-the-art 40,000-

square-foot research facility is located on a 25-acre campus in the Innovation Village at Rockingham. The facility provides a convenient base for collaboration with academia, entrepreneurs, government, industry, and investors in Virginia and the greater Washington, D.C. area. SRI moved into its Shenandoah Valley laboratory facility in 2009 and further expanded in 2011 and 2013 to accommodate growth in its R&D programs. Scientific research at SRI Shenandoah Valley focuses on prevention, detection and treatment of diseases. Activities span basic research in emerging infectious disease, metabolic disease and proteomics; applied research in therapeutics including drugs, biologics, and vaccines; and personalized medicine through the development of companion diagnostics and biomarkers.

The Commonwealth Center for Advanced Manufacturing (CCAM) located in a state-of-the-art research facility in Prince George County, Virginia, is an applied research center that bridges the gap between fundamental research typically performed at universities and product development routinely performed by companies. CCAM provides production-ready advanced manufacturing solutions to member companies across the globe. Members guide the research, leveraging talent and resources within CCAM and at Virginia's top universities, through a collaborative model that enables them to pool R&D efforts to increase efficiencies.

Following the model of CCAM, the Commonwealth Center for Advanced Logistics Systems was established in 2013 in Prince George County, Virginia. This public-private alliance focuses on solving logistics challenges and bringing solutions to market more quickly by partnering Virginia's leading universities and logistics companies. Founding members include Longwood University, the University of Virginia, Virginia Commonwealth University, Virginia State University, Logistics Management Resources, and LMI.

Business Climate

As of July 2022, Virginia is headquarters to 22 Fortune 500 companies and 34 Fortune 1000 companies and is ranked highly in two of the most comprehensive and impartial independent studies evaluating America's top states for business: Forbes.com and CNBC.

According to CNBC, Virginia is one of "America's Top States for Business" ranking #3 in 2022 and #1 in 2021. The Commonwealth has now earned the top spot five times in 2007, 2009, 2011, 2019, and 2021, more than any other state. For the second straight year the 2022 study also ranked the Commonwealth # 2 for Education. All 50 states are ranked on 60 measures of competitiveness, using input from business groups, economic development experts, companies, and the states themselves. The network separates those measures into 10 broad categories: cost of doing business, workforce, quality of life, economy, infrastructure, technology and innovation, education, business friendliness, access to capital, and cost of living.

Forbes.com released the "2019 Best States for Business Study" and ranked Virginia fourth in the nation, unchanged from 2018 and up from fifth in the 2017 study. In the 2019 study, Forbes ranked Virginia first in the Quality of Life and third in Labor Supply and Regulatory Environment in these categories. Virginia received the 2018 top ranking for Regulatory Environment and Quality of Life, up from the No. 2 and No. 8 ranking in these categories, respectively. The review examines multiple objective measurements, including business cost, regulatory climate, quality of the workforce, and economic growth. Forbes.com is the official Internet site of the Forbes family of business publications.

In August 2022, Business Facilities Magazine (BFM) ranked the Commonwealth of Virginia second in State rankings for "Overall Business Climate". In December 2021, Virginia had been ranked first for Overall Business Climate. In 2022, The Commonwealth retained its No. 1 ranking in two other categories, Tech Talent Pipeline and Cybersecurity. Additionally, Virginia was ranked in the Top Ten in Installed Solar Capacity (M/W) for 2022. These results were founded on the work done by the local and statewide economic development councils as part of the Virginia Tech Talent Accelerator Program, launched in 2019, by the Virginia Economic Development Partnership (VEDP). Coupled with Virginia's quality higher education institutions as well as proximity to federal government agencies and resources, the Tech Talent Investment Program has become a powerful strategic initiative for the Commonwealth. BFM cited Virginia's coordinated focus in the cybersecurity sector and the fact that nearly 50 Virginia colleges and universities have established cyber degrees, as an example of the Commonwealth's focus on expanding tech talent to meet a specific need.

In 2022, Site Selection Magazine awarded the Commonwealth first place for the "Best State Business Climate" and for the second year in a row the Commonwealth ranked No. 1 for "Regional Workforce Development, South Atlantic Region". In a March 2022 summary of Cushman & Wakefield's "Global Data Center Market Comparison" release in January 2022, the Magazine noted that Virginia had finished first in overall ranking for the third year in a row.

U.S. News has completed its Best States survey and ranked Virginia seventh in 2021 and 2019, a thirteenth spot jump from twentieth in 2018. The calculation rankings are of eight categories assigned weightings based on the average of three years of data from an annual national survey that asked a total of more than 50,000 people to prioritize each subject in their state. In addition to healthcare and education, the metrics consider a state's economy, infrastructure, fiscal stability, public safety, natural environment, and the opportunity it affords its residents. Virginia experienced the most significant improvements in its rankings from 2018 to 2019 in the categories of healthcare (from 29th to 18th), education (from 12th to 7th), economy (from 30th to 25th), and fiscal stability (from 14th to 8th).

Education/Information Technology

Virginia has been “Top Ranked” in CNBC’s Annual State Competitiveness Rankings more than any other state since the study began in 2007. One of the state’s greatest strengths has been the ability to nurture and retain workforce talent. Virginia offers employers one of the best-educated workforces in the country with 39% of workers holding a bachelor’s degree or higher. The Commonwealth also boasts the nation’s third -highest concentration of science, technology, engineering and math (STEM) workers, according to the U.S. Bureau of Labor Statistics.

Working in coordination with the Virginia Economic Development Partnership, the Virginia Department of Labor and the Virginia Department of Education as well as many others, the Virginia Office of Education Economics (VOEE) leverages data to inform educational programming, policy and workforce partnerships across the Commonwealth. Products such as the “High Demand Occupations Dashboard” provide a unified, consistent source of data analysis for policy development and implementation which allows for a better understanding of education and labor markets, and their alignment as it relate to talent development.

Virginia is committed to technology and innovation and is already at the forefront of emerging sectors like cloud computing and cybersecurity. Virginia is the leading data center market in the U.S. and is home to more than 20% of all known hyperscale data centers worldwide. With its proximity to the federal government, it is no surprise Virginia has emerged as a leader in areas such a cybersecurity and has amassed the highest concentration of tech workers in the nation. The Commonwealth is preparing for future growth in “next generation” IT through its top-ranked higher education system’s ability to continue to recruit and develop a pipeline of technology talent.

The Constitution of Virginia vests the supervision of public elementary and secondary schools in local school boards. The State Board of Education is, however, required to prescribe standards of quality and has prescribed minimum competency tests for high school graduation. Virginia's public schools are financed through a combination of state, local and federal funds. The private sector also contributes through partnerships with schools and school divisions. The apportionment of the state funds for public education is the responsibility of the General Assembly, through the Appropriations Act. General fund appropriations serve as the mainstay of state support for the commonwealth's public schools, augmented by retail sales and use tax revenues, state lottery proceeds, and other sources. Historically, state funding for public education represents about one-third of the state general fund budget.

Counties, cities and towns comprising school divisions also support public education by providing the locality's share to maintain an educational program meeting the commonwealth's Standards of Quality. While public education is primarily a state and local responsibility, the federal government provides assistance to state and local education agencies in support of specific federal initiatives and mandates.

In the 2022-23 academic year, an estimated 370,838 students were enrolled in the Commonwealth's 39 public colleges, community colleges and universities. Of these students, an estimated 198,351 attended 23 community colleges on 40 campuses within the Virginia Community College System. A total of 1,251,970 students attended public elementary and secondary schools. The following table illustrates enrollment levels for all educational levels for the last 10 academic years.

**ENROLLMENT FOR PUBLIC AND PRIVATE INSTITUTIONS OF HIGHER EDUCATION
AND PUBLIC PRIMARY AND SECONDARY SCHOOLS**

Academic Year	Higher Education ⁽¹⁾			Public ⁽²⁾ Primary and Secondary
	Public	Private	Total	
2012-13	409,069	123,144	532,213	1,264,880
2013-14	403,975	125,343	529,318	1,273,211
2014-15	398,689	135,591	534,280	1,279,773
2015-16	393,545	135,121	528,666	1,284,680
2016-17	388,749	132,144	520,893	1,288,481
2017-18	388,334	133,110	521,444	1,293,049
2018-19	384,200	137,271	521,471	1,290,513
2019-20	383,865	141,470	525,335	1,298,083
2020-21	224,551	145,628	370,179	1,252,752
2021-22	221,121	149,717	370,838	1,251,970

In 2022, Smart Asset ranked Virginia No. 2 in its best states for Higher Education after being ranked No. 1 in 2021. This makes eight years in a row in which Virginia was ranked the best or second-best state for higher education. The study compares four-year public colleges and universities in each state using multiple metrics, including the undergraduate graduation rate, the average net price, the 20-year return on investment and the student-faculty ratio. Of these metrics Virginia had the highest graduation rate in the study at 73%.

Natural Resources

Virginia's geologic resources provide a wealth of opportunities for mineral and energy development. The historic contributions of these resources to economic growth is measured not only in the dollar value of the minerals produced each year, but also in the direct and indirect benefits of jobs created, support industries, new business opportunities, and revenues for local governments that provide community services. The total value of energy and mineral resources produced in 2021 was estimated to be \$3.3 billion. The value of mined coal was estimated to be \$1.3 billion, while oil and natural gas production was valued at \$403 million. The US Geological Survey estimated the value of non-fuel mineral production in 2021 to be about \$1.6 billion. Non-fuel minerals include crushed stone, sand and gravel aggregate, clays and shale, and a diverse range of industrial minerals such as kyanite, vermiculite, dimension stone, titanium and zirconium sands, among others. Energy markets continue to evolve with greater utilization of renewable sources. Natural gas and coal will remain important fuels for electricity generation in the near future.

For 2021 the total economic impact, direct and indirect, of Virginia Forestry was valued at \$106 billion with approximately 490,000 Virginians employed in the sector. Total direct economic benefit for the year was valued at \$55 billion and 185,000 employed. In addition, the nearly 16 million acres of forestland provide citizens environmental benefits, such as water quality and air quality, habitat for wildlife and plants, recreational opportunities, aesthetic beauty and long-term carbon sequestration through forest management.

The Virginia seafood industry is one of the oldest industries in the United States and Virginia is one of the largest seafood production states on the East Coast. According to the most recent economic impact study by the Virginia Seafood Agricultural Research and Extension Center (VSAREC), the Seafood Industry provided a \$1.1 billion boost to the Virginia Economy in 2019. According to the U.S Department of Commerce and the National Marine Fisheries Service, in 2020, the Port of Reedville, Virginia was ranked 4th nationally for Port Volume and 10th for value of seafood landed at \$64 million. Overall, Virginia ports are rarely closed in the winter. Virginia's catch is widely diversified, preventing dependence on any one species. Among the 50 commercially valuable seafood species harvested from some 620,000 acres of water in or around Virginia are sea scallops, eastern oysters, blue crabs, menhaden, northern quahog clam, summer flounder, striped bass and Atlantic croaker. Also, in 2020 the Commonwealth was ranked 6th nationally for Recreational Trips with nearly 8.2 million angler trips.

Agriculture: The agricultural industry is Virginia's largest private industry, with an has an economic impact of \$82.3 billion annually and provides nearly 382,000 jobs in the Commonwealth. The industries of agriculture and forestry together have a total economic impact of almost \$106 billion. Every job in agriculture and forestry supports 1.6 jobs elsewhere in the Virginia economy.

Production agriculture employs nearly 55,000 farmers and workers in Virginia and generates approximately \$3.8 billion in total output. Value-added industries, those that depend on farm commodities, employ an additional 69,000 workers. When the employment and value-added impact of agriculture and forestry are considered together, they make up 9.3 percent of the state's total gross domestic product.

Wine and Craft Beer: A 2022 National Economic Impact Study of the Wine Industry commissioned by Wine America: the National Association of Wineries, showed that a burgeoning wine industry is proving to be increasingly important to Virginia's economy. The study reported that close to \$6.4 billion in total economic activity could be attributed to the Virginia Wine Industry. The study reported that industries as varied as farming, banking, accounting, manufacturing, packaging, transportation and tourism all depend on the wine industry as part of their livelihoods. Virginia's wine industry is comprised of 274 wine producers operating on 578 acres of vineyards. The industry directly employs as many as 25,961 people with an additional 8,716 jobs involved in supplier and ancillary industries. Virginia's wine country generated 1.45 million tourist visits in 2022 with an estimated \$492.7 million in tourist expenditures.

Another burgeoning industry in the Commonwealth is the Craft Beer Industry. With 314 licensed craft breweries, the industry generated \$1.7 billion in total economic impact and employs over 14,000 Virginians. Virginia is ranked No. 1 in the South for breweries per capita and ranks 17th on the national scale.

Tourism: Another of Virginia's most important economic assets is the travel and tourism industry. In the 2021 Economic Impact Study commissioned by the Virginia Tourism Corporation, tourism's total economic impact in Virginia in 2021 was valued at \$39.4 billion with employment estimated at nearly 275,000 jobs, including employment in such travel-related businesses as lodging establishments, restaurants, museums, amusement parks, retail stores and gasoline service stations. In direct expenditures, the state's visitors spent more than \$25 billion across the Virginia economy, a 44% increase from 2020, with overnight visitation up 31% vs 2020. Travelers spent \$69 million per day in Virginia in 2021, up from \$48 million per day in 2020. Tourism is also a significant source of government revenues and was responsible for \$1.8 billion in combined state and local tax revenues in 2021, a 28% increase over 2020.

ECONOMIC DEVELOPMENT ANNOUNCEMENTS

In January 2022, Kamine Development Corporation and Nicollet Industries, LLC, green infrastructure and sustainable development leaders, announced the investment of \$267 million to establish a joint venture paperboard recycling and production facility, Celadon Development Corporation, at the Chesapeake Deepwater Terminal site in the City of Chesapeake, Virginia. The capital investment is expected to create 210 new jobs and environmental stewardship opportunities, while building a cleaner economy. Celadon Development Corporation's state-of-the-art operation will produce in-demand fibers from recycled paper products, benefitting the environment and positioning Chesapeake and the Commonwealth's recycling technology in the U.S. Celadon's 335,000 square-foot facility will utilize the most efficient processes, creating a closed loop, waste-free industry. At the facility's peak, the operations may use up to 300 rail cars per month and export 80,000 TEUs, or twenty-foot equivalent units, per year, equivalent to 10 cargo ships, through The Port of Virginia. At full capacity, Celadon would represent one of the largest exporters in Virginia, with approximately \$200 million in export value annually.

CoStar Group, Inc., (NASDAQ: CSGP) a leading provider of real estate information and analytics, and an online marketplace, announced in December 2021 its investment of \$460 million to expand its operations, including a research and technology center expansion, in Richmond, Virginia. The Company broke ground on the project in November 2022. CoStar plans to establish a Corporate Campus that will include sales, marketing, software development, customer service and support functions on four acres adjacent to its current facility, which serves as the company's headquarters for research and data analytics. The new campus will represent approximately 750,000 square feet of new office and retail space and is expected to include a 26-story, LEED-certified office building and a six-story, multipurpose building for a central location for employee amenities. The expansion project is expected to create 2,000 new jobs in the Commonwealth.

In October 2021, Siemens Gamesa Renewable Energy signed an agreement to establish the first offshore wind turbine blade facility in the United States, propelling construction of the county's largest new renewable energy project. The project represents an estimated total cost of \$200 million, including over \$80 million in investments for buildings and equipment. The Virginia-based

Dominion Energy had previously selected the company as its partner for the energy generation project more than 27 miles off the coast of Virginia Beach. The company will lease more than 80 acres of the Commonwealth's Portsmouth Marine Terminal and will build a facility to produce turbine blades supplying offshore wind projects in North America. The facility will create an estimated total of 310 new jobs, of which roughly 50 will be service jobs to support the Coastal Virginia Offshore Wind Project. The project is expected to be completed by the year 2026.

Nestle Purina Pet Care Company, a leading manufacturer of pet care products, announced in June 2021 that it will invest \$182 million to expand its manufacturing operation in King William County. Purina is expected to add 138,000 square feet to increase capacity and enhance business operations in the U.S. and Canada for its Tidy Cats litter products, including the LightWeight formulas such as Free & Clean Unscented. The project will also include an additional 100,000 square feet of warehouse space leading to more efficient logistics management and expedited delivery products. The factory expansion is expected to be completed by late 2023.

In May 2021, Breeze Airways, a new U.S. based airline providing low-cost, nonstop service to midsize markets, invested \$5.2 million to establish an operations center in the City of Norfolk and created an estimated 116 new jobs. By March 2022 the airline had nine routes out of Norfolk flying to 13 cities. Norfolk serves as one of Breeze Airways' four operations based in the United States. The airline also serves four destinations out of Richmond International Airport with plans to add new destinations in 2023. Breeze Airlines is based out of Salt Lake City, Utah.

In January 2021, the nonprofit pharmaceutical manufacturer, Civica, announced that it will invest \$124.5 million to establish its first in-house pharmaceutical manufacturing operation in the City of Petersburg, creating approximately 186 new jobs. Civica was launched in 2018 to address the problem of chronic generic drug shortages and high drug prices and is a key partner for the new U.S. government-funded partnership with Phlow Corporation, Medicines for All Institute, and AMPAC Fine Chemicals. Civica has announced plans to construct a 120,000 square-foot state-of-the-art manufacturing facility adjacent to Phlow's future operation and AMPAC's existing facility. In September 2022 the Company announced plans to invest \$27.8 million to establish a new laboratory testing facility in Chesterfield County. The 55,000 square foot facility will create approximately 51 new jobs and support the Company's Petersburg operation.

Total Fiber Recovery (TFR) first announced in February 2020 its intent to establish its first recycled pulp production facility in the City of Chesapeake. In July 2020, Total Fiber Recovery of Chesapeake (TFRC) started construction of an \$80 million facility in the City. The Virginia Small Business Financing Authority authorized the issuance of \$65 million of Green Bonds to finance the construction. TFRC is a joint venture of TFR and Cellmark Inc, a privately-owned, Swedish supply chain services company with business in more than 30 countries. TFRC is expected to begin operations in fourth quarter, 2023 and annually process 300,000 tons of mixed paper and other recycled fiber from the region's materials recovery facilities (MRF). The company is expected to increase the region's capacity to process recycled fiber.

In January 2023, Amazon Web Service (AWS), Amazon Inc's cloud services division, announced plans to invest \$35 billion by 2040 to expand data centers in Virginia. AWS reports that the investment will create 1,000 new jobs. The new investment is expected to add to the \$35 billion investment and 3,500 jobs AWS reports to have created in Virginia between 2011-2021. In 2018, Amazon had announced its intention to house the Company's second headquarters (HQ2) in Virginia, with eventual employment of up to 25,000. As of April 2022, employment at the site was approaching 5,000. HQ2 construction began in 2020 with completion still slated for 2023. With the announcement to establish the second Amazon headquarters, the cities of Alexandria, Fairfax, Falls Church, Manassas, Manassas Park and the counties of Arlington, Fairfax, Fauquier, Loudoun, and Prince William announced in September 2019 the formation of the Northern Virginia Economic Development Alliance. Arlington County is working diligently with officials from Amazon both on permitting and inspecting building renovation work for its initial occupancy in Crystal City, as well as the planning and entitlement of its new construction projects in Pentagon City (commonly known as the Metropolitan Park site). Current plans for the first phase of the new headquarters include two new LEED-Platinum certified buildings, new retail space for area businesses, and open, community space, transforming the site from a block of vacant warehouses into a mixed-use neighborhood. The Commonwealth is committing up to \$1.1 billion to more than double the annual number of graduates with bachelor's and master's degrees in computer science and closely related fields, estimated to create an additional 31,000 graduates in excess of current levels over the next 20 years. The Commonwealth of Virginia, Arlington County, and the City of Alexandria have committed funding for transportation investments to support mobility in the region, and several transportation improvements are already underway. The Washington Metropolitan Area Transit Authority and Arlington County completed the development and analysis of alternative site locations for the Crystal City Metrorail station's new east entrance and are now finalizing the concept design plan. This new Metro entrance is expected to help alleviate crowding and streamline pedestrian traffic through the station.

The announcement was made in February 2022, Rocket Lab USA selected Wallops Island as the location for its launch site and extensive manufacturing and operations facilities for its Neutron rocket, creating up to 250 jobs.

Thermo Fisher Scientific announced in March 2022, plans to expand its existing bioanalytical laboratory operations into three new locations in the greater Richmond region. The \$97 million project is expected to create more than 500 new jobs.

In June 2022, the LEGO Group announced plans to invest \$1 billion to establish first U.S. manufacturing plant in Chesterfield County, including new 1.7 million-square-foot precision manufacturing facility creating over 1,760 new jobs.

Aerospace leaders Boeing and Raytheon Technologies announced in June 2022 plans to move their global headquarters to Arlington, VA from Chicago and Boston respectively. The new office will be located in Arlington's Rosslyn neighborhood alongside the existing Intelligence and Space business.

In August 2022, Hilton Worldwide Holdings Inc. announced it plans to expand its Fairfax County Corporate Headquarters, creating 350 new jobs over the next five years.

DroneUp LLC, announced in August 2022, plans to expand its Virginia Beach Headquarters and establish a testing, training, and R&D center at Richard Bland College in Dinwiddie County (VA), representing an investment of \$27.2 million and 655 total new jobs.

Demonstrating Virginia's emerging position as a leader in a growing controlled environment agriculture industry, Plenty Unlimited Inc., announced plans in September 2022, to build world's largest indoor vertical farming campus Virginia, a \$300 million investment that will create 300 jobs in Chesterfield County.

In September 2022, Beanstalk Farms Inc. announced the recent opening of the company's new indoor farm and distribution facility in Herndon, Virginia, and AeroFarms officially began operations in a state-of-the-art, 140,000 square-foot indoor farming facility in Danville-Pittsylvania County.

DISCLOSURE STATEMENTS

Cyber Security Risk

Computer networks and data transmission and collection are vital to the efficient operation of the Commonwealth and the provision of government services. The Virginia Information Technologies Agency (VITA) is charged with the development, delivery and maintenance of information technology, security, policy and governance, and procurement services for Virginia's executive branch. VITA develops and manages a portfolio of tools and processes designed to secure Commonwealth data and systems against unauthorized use, disclosure, modification, damage or loss.

Despite the implementation of various security measures across the networks used by the Commonwealth and its agencies, the Commonwealth's computer and information technology systems may be vulnerable to deliberate attacks by hackers, malware, ransomware or computer viruses, or may otherwise be breached due to employee error, malfeasance or other disruptions. Any such attack or breach could compromise the networks used by the Commonwealth and its agencies, and the information stored thereon could be disrupted, accessed, publicly disclosed, lost or stolen. Further, a successful cyberattack or an unintentional breach may require the Commonwealth to expend an unpredictable amount of money and time to resolve, substantially interrupting operations of the Commonwealth and its agencies and subjecting the Commonwealth to legal action.

As cybersecurity threats continue to evolve, the Commonwealth anticipates a continuing need to provide additional resources to modify and strengthen security measures, investigate and remediate potential vulnerabilities, and invest in new technology designed to mitigate security risks.

Environmental and Severe Weather Risks

The natural resources of the Commonwealth are integral to the agricultural, industrial and commercial sectors of the Virginia economy, as well as necessary to the promotion of continued economic development. To ensure the continued vitality of these valuable resources, the Virginia Department of Environmental Quality administers state and federal laws and regulations to promote and improve air quality, water quality, water supply, renewable energy and land protection, as well as to mitigate various environmental risks.

Certain geographic areas of the Commonwealth are susceptible from time to time to the effects of coastal and inland flooding, wind damage, widespread power outages and other damaging effects resulting from severe weather events such as tornadoes, winter storms and hurricanes. The coastal areas of the Commonwealth may also experience increased mitigation costs and declining real property values as a result of rising sea levels over the long-term. The Commonwealth has been able to respond effectively to prior weather events through a combination of its emergency response systems, existing programs to address weather and environmental risks, and state-level financial resources, supported as well as by federal disaster relief programs.

There is no basis to predict the frequency or scope of future severe weather events and the effect on the Commonwealth's economy, finances and operations. Further, there is no basis to estimate the direct and indirect costs to be incurred by the Commonwealth from its ongoing efforts to mitigate other known and unknown risks to the environment.

Financial Section

Independent Auditor's Report	24
Management's Discussion and Analysis	27
Basic Financial Statements	
Government-wide Financial Statements	
Statement of Net Position	40
Statement of Activities	42
Fund Financial Statements	
Balance Sheet - Governmental Funds	46
Reconciliation of the Balance Sheet - Governmental Funds to the Government-wide Statement of Net Position	48
Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds	50
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds to the Government-wide Statement of Activities	52
Statement of Fund Net Position - Proprietary Funds	54
Statement of Revenues, Expenses, and Changes in Fund Net Position - Proprietary Funds	56
Statement of Cash Flows - Proprietary Funds	58
Statement of Fiduciary Net Position - Fiduciary Funds	64
Statement of Changes in Fiduciary Net Position - Fiduciary Funds	65
Statement of Net Position - Component Units	68
Statement of Activities - Component Units	70
Index to the Notes to the Financial Statements	73
Notes to the Financial Statements	74
Required Supplementary Information	
Schedule of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual - General and Major Special Revenue Funds	200
Schedule of Changes in Employers' Net Pension Liability	204
Schedule of Employer Contributions - Pension Plans	216
Schedule of Changes in Employers' Net Other Postemployment Benefit Liability (Asset)	219
Schedule of the Commonwealth's Proportionate Share of the Net Other Postemployment Benefit Liability	222
Schedule of Employer Contributions - Other Postemployment Benefit Plans	226
Schedule of Changes in Employers' Total Other Postemployment Benefit Liability	229
Claims Development Information	230
Combining and Individual Fund Statements and Schedules	
Nonmajor Governmental Funds	
Combining Balance Sheet - Nonmajor Governmental Funds	240
Combining Statement of Revenues, Expenditures, and Changes in Fund Balance - Nonmajor Governmental Funds	244
Schedule of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual - Nonmajor Special Revenue Funds	248
Nonmajor Enterprise Funds	
Combining Statement of Fund Net Position - Nonmajor Enterprise Funds	252
Combining Statement of Revenues, Expenses, and Changes in Fund Net Position - Nonmajor Enterprise Funds	256
Combining Statement of Cash Flows - Nonmajor Enterprise Funds	260

Internal Service Funds	
Combining Statement of Fund Net Position - Internal Service Funds	268
Combining Statement of Revenues, Expenses, and Changes in Fund Net Position - Internal Service Funds	270
Combining Statement of Cash Flows - Internal Service Funds	272
Fiduciary Funds	
Combining Statement of Fiduciary Net Position - Private Purpose Trust Funds	278
Combining Statement of Changes in Fiduciary Net Position - Private Purpose Trust Funds	280
Combining Statement of Fiduciary Net Position - Pension and Other Employee Benefit Trust Funds	282
Combining Statement of Changes in Fiduciary Net Position - Pension and Other Employee Benefit Trust Funds	284
Combining Statement of Fiduciary Net Position - Custodial Funds - External Investment Pool	286
Combining Statement of Changes in Fiduciary Net Position - Custodial Funds - External Investment Pool	287
Combining Statement of Fiduciary Net Position - Custodial Funds - Other	288
Combining Statement of Changes in Fiduciary Net Position - Custodial Funds - Other	290
Nonmajor Component Units	
Combining Statement of Net Position - Nonmajor Component Units	294
Combining Statement of Activities - Nonmajor Component Units	302
Debt Schedules	
Summary Schedule - Total Debt and Other Long-term Obligations of the Commonwealth	306
Tax-Supported Debt and Other Long-term Obligations	307
Debt and Other Long-term Obligations Not Supported by Taxes	308
Authorized and Unissued Tax-Supported Debt	309
Tax-Supported Debt - Annual Debt Service Requirements	310
Tax-Supported Debt - Detail of Long-term Indebtedness	312

Statistical Section

Ten-Year Schedule of Revenues and Expenditures - Modified Accrual Basis - General Governmental Revenues by Source and Expenditures by Function	324
Net Position by Component - Accrual Basis of Accounting	326
Changes in Net Position - Accrual Basis of Accounting	328
Fund Balance, Governmental Funds - Modified Accrual Basis of Accounting	332
Changes in Fund Balance, Governmental Funds - Modified Accrual Basis of Accounting	334
Comparison of General Fund Balance	336
Personal Income Tax Rates	338
Effective Tax Rates	338
Personal Income Tax Filers and Liability by Income Level	339
Personal Income by Industry	340
Taxable Sales by Business Class	342
Sales Tax Revenue by Business Class	344
Ratios of Outstanding Debt by Type	346
Ratios of General Obligation Bonded Debt Outstanding	347
Computation of Legal Debt Limit and Margin	348
Schedule of Pledged Revenue Bond Coverage - Primary Government 9(d) General Long-term Debt	350

COMMONWEALTH of VIRGINIA

LEWIS R. McCABE, CPA, CGFM, CGMA
COMPTROLLER

Office of the Comptroller

P. O. BOX 1971
RICHMOND, VIRGINIA 23218-1971

December 15, 2022

The Honorable Glenn Youngkin, Governor
Members of the Virginia General Assembly
Citizens of Virginia

It is my pleasure to present the Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2022, in accordance with Section 2.2-813 of the *Code of Virginia*. This report consists of management's representations concerning the Commonwealth of Virginia's finances. Management assumes full responsibility for the completeness and reliability of all information presented. This report reflects my commitment to you, to the citizens of the Commonwealth, and to the financial community to maintain our financial statements in conformance with accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board (GASB). Data presented in this report is believed to be accurate in all material respects, and all disclosures that are necessary to enable the reader to obtain a thorough understanding of the Commonwealth's financial activities have been included.

The 2022 ACFR is presented in three sections. The Introductory Section includes this transmittal letter and organization charts for state government. The Financial Section includes the State Auditor's Report, management's discussion and analysis (MD&A), audited government-wide and fund financial statements and notes thereto, required supplementary information other than MD&A, and the underlying combining and individual fund financial statements and supporting schedules. The Statistical Section sets forth selected unaudited economic, financial trend, and demographic information for the Commonwealth on a multi-year basis.

The Commonwealth's management is responsible for the establishment and maintenance of internal accounting controls that ensure assets are safeguarded and financial transactions are properly recorded and adequately documented. To ensure that the costs of controls do not exceed the benefits obtained, management is required to use cost estimates and judgments to attain reasonable assurance as to the adequacy of such controls. The Commonwealth's established internal controls fulfill these requirements and provide reasonable, but not absolute assurance, that the accompanying financial statements are free of material misstatement.

In accordance with Section 30-133 of the *Code of Virginia*, the Auditor of Public Accounts has audited the Commonwealth's financial statements for the year ended June 30, 2022. The audit was conducted in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards issued by the Comptroller General of the United States. The auditor's opinion is included in the Financial Section of this report. Audit testing for compliance with the U. S. Office of Management and Budget Compliance Supplement and the related Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, is performed at the statewide level. The Commonwealth's Single Audit Report will be issued at a later date. I would like to acknowledge the Auditor of Public Accounts' staff for their many contributions to the preparation of this report.

GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of MD&A. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. In addition to the financial analysis addressing the Commonwealth's governmental and business-type activities, the MD&A focuses on the Commonwealth's major funds: General, Commonwealth Transportation Special Revenue, Federal Trust Special Revenue, Literary Special Revenue, Virginia Lottery, Virginia College Savings Plan, and Unemployment Compensation. The Commonwealth's MD&A can be found on page 27 immediately following the independent auditor's report.

PROFILE OF THE GOVERNMENT

Reporting Entity

For financial reporting purposes, the Commonwealth's reporting entity consists of (1) the primary government, (2) component unit organizations for which the primary government is financially accountable or for which the resources of the component unit primarily benefit the primary government (blended component units), and (3) other component unit organizations for which the nature and significance of their relationship with the primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete (discrete component units). The funds and accounts of all agencies, boards, commissions, foundations, and authorities that have been identified as part of the primary government or a component unit have been included. Further information can be found in Note 1.B. to the Financial Statements.

Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards* describes the criteria for determining which organizations, functions, and activities should be considered part of the Commonwealth for financial reporting purposes. The basic criteria include appointing a voting majority of an organization's governing body, as well as the Commonwealth's ability to impose its will on that organization, or the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the Commonwealth. The Commonwealth's discretely presented major component units are the Virginia Housing Development Authority, Virginia Public School Authority, Virginia Resources Authority, and Virginia College Building Authority.

The Commonwealth and its component units provide a wide range of services and funding to its citizens, including elementary, secondary and higher education; health and human services; economic development; environmental and natural resources; public safety, corrections, and regulation; transportation; agriculture; and general government services. The financial activities associated with these services are reflected in both summary and detail throughout the ACFR.

Budgetary Control

In addition to the internal controls previously discussed, the Commonwealth maintains budgetary controls to ensure compliance with the legal provisions of the Commonwealth's Appropriation Act, which reflects the General Assembly's approval of a biennial budget. The financial transaction process begins with development and approval of the budget, after which budgetary control is maintained through a formal appropriation and allotment system. The budgeted amounts reflected in the accompanying financial statements represent summaries of agency budgets.

The Commonwealth's budget is prepared principally on a cash basis and represents appropriations as authorized by the General Assembly on a biennial basis at the program level. The Commonwealth monitors spending activity to ensure the expenditures do not exceed the appropriated amounts at the agency level. The State Comptroller maintains a central general ledger that records total appropriations and related expenditures for all agencies and institutions included in the approved budget. Systemic controls are in place to prevent disbursements that exceed authorized appropriations. Additional information regarding the Commonwealth's budgetary process can be found in Note 1.E. to the Financial Statements.

ECONOMIC REVIEW

Local Economy

Introduction

This overview of the economy of the Commonwealth of Virginia was prepared by the Weldon Cooper Center for Public Service at the University of Virginia. In fiscal year 2022, Virginia's economy continued to rebound from the negative effects of the COVID-19 pandemic. Because of prior pandemic federal fiscal stimulus and relief policies, accommodative Federal Reserve actions, supply chain disruptions, labor shortages, and commodity supply shocks, the inflation rate climbed to levels last seen nearly 40 years ago. Many measures of state economic activity such as Gross Domestic Product, employment, and taxable sales showed significant improvement. Unemployment rates dropped to near pre-pandemic levels, but this change partly reflected the fact that labor force participation had failed to fully recover from the pandemic. The Virginia housing picture was more mixed, with slowing home permit growth and declining home sales. At the same time, housing inventory remained more limited, which contributed to rapid home price appreciation. Continued tightening of monetary policy in an effort by the Federal Reserve to quell inflation is expected to substantially slow economic growth in the next fiscal year with either a "soft landing" or shallow recession representing the most likely outcomes. International factors, including economic tensions surrounding the Russian-Ukrainian conflict and a slowdown in China's growth, represent significant downside risks to the economy.

Gross Domestic Product

Gross Domestic Product is the broadest measure of overall economic activity. It represents the value of all finished goods and services produced in the economy. **Figure 1** shows that Gross Domestic Product grew in Virginia by 3.7 percent in fiscal year 2022, which was an improvement over 2.2 percent in fiscal year 2021. The state's rate of growth rate was slightly slower than the nation (4.0 percent) in fiscal year 2022. Virginia typically experiences less volatility in economic activity than the nation due to its higher concentration of federal government and skilled services employment.

Figure 1
Annual Percentage Change in Real Gross Domestic Product
 Fiscal Years 2017 – 2022

Source: U.S. Bureau of Economic Analysis, Billions of Chained 2012 Dollars

Employment

Employment recovered rapidly during fiscal year 2022, growing at a rate of 3.1 percent after two consecutive years of employment loss due to the pandemic (**Figure 2**). The national rate of employment growth was 4.5 percent.

Figure 2
Annual Percentage Change in Nonfarm Payroll Employment
 Fiscal Years 2017 – 2022

Source: U. S. Bureau of Labor Statistics

Virginia gained approximately 120,800 jobs in fiscal year 2022 after losing a total of about 155,500 jobs during the previous two fiscal years. The gains were broad-based recovery, but particularly rapid rebounds occurred in service sectors that consumers avoided due to pandemic-related health and safety concerns such as leisure and hospitality.

Figure 3 illustrates changes in Virginia's nonfarm employment by industry for fiscal years 2017 through 2022, along with the employment change between fiscal years 2021 and 2022 for Virginia and the U.S. Virginia's changes generally mirrored those of the U.S. The largest employment gains occurred in leisure and hospitality (55,100). Though this gain represented a growth rate of nearly 17.0 percent, it had still recovered only 93.7 percent of its pre-pandemic fiscal year (2019) employment level. Other growing sectors included professional and business services (19,600), education and health services (14,000), state and local government (10,900), and retail trade (6,100). Rounding out the sectors with job growth were other services (5,500), transportation and utilities (5,200), wholesale trade (2,800), information (2,200), construction (1,200), manufacturing (500) and mining and logging (200). Two sectors that were less affected by the pandemic, federal government (-1,700) and financial services (-800) experienced small employment losses. In general, goods producing sectors such as manufacturing grew slower than services sectors that involve greater customer contact as consumers shifted their spending from goods to services when pandemic concerns abated.

Figure 3
Nonfarm Payroll Employment in Virginia's Industries
Fiscal Years 2017 – 2022

Industry*	Virginia Employment (000)						Change, FY 2021 to FY 2022

* North American Industry Classification System (NAICS)

Figure 4 shows the annual percentage change in nonfarm employment for 10 of the 11 Metropolitan Statistical Areas (MSAs) in Virginia. The Kingsport-Bristol MSA is not included in this table because most of it is located in Tennessee, and data for this indicator are not reported separately for the Virginia portion of the MSA. All 10 of the remaining Virginia metropolitan areas saw employment growth during the fiscal year. The largest percentage increases occurred in Blacksburg MSA (6.4 percent) followed by the Charlottesville (4.2 percent), Harrisonburg (4.1 percent), Northern Virginia (3.5 percent) and Winchester MSAs (3.3 percent). The remaining metropolitan areas experienced growth rates below the Virginia average of 3.1 percent, including Richmond and Staunton-Waynesboro (2.6 percent), Lynchburg (2.2 percent), Virginia Beach-Norfolk-Newport News (1.9 percent), and Roanoke (1.7 percent).

Figure 4
Annual Percentage Change in Nonfarm Payroll Employment in Virginia's MSAs
Fiscal Years 2017 – 2022

Area	2017	2018	2019	2020	2021	2022
Virginia	1.1%	1.2%	1.2%	-1.7%	-2.2%	3.1%
Metropolitan areas (a)

Source: U. S. Bureau of Labor Statistics; some prior year numbers were revised to reflect the incorporation of newly available and revised source data

(a) Excludes Kingsport-Bristol MSA, and TN-VA, most of which is located in Tennessee

(b) Includes portion in North Carolina

(c) Includes portion in West Virginia

Personal Income

Personal income provides another important gauge of the health of Virginia's economy. While personal income is traditionally a key determinant of consumer spending and strongly correlated with state government revenues such as income tax and retail sales tax collections, it is slightly more disconnected from consumer spending potential in the current environment because of federal government relief programs that provided a temporary fillip to household incomes and savings. As a result, household balance sheets and creditworthiness markedly improved, which provides a financial cushion for households to draw on for current and future consumer spending.

As shown in **Figure 5**, state personal income growth dropped 2.7 percent in fiscal year 2022 compared to 4.3 percent increases in fiscal years 2020 and 2021. Personal income shrunk by a similar relative magnitude (2.8 percent) at the national level in fiscal year 2022 after rapid growth the previous two fiscal years. These drops reflect a sharp decrease in personal current transfer receipts due to the expiration of COVID-19 relief programs that supported payments to individuals such as expanded unemployment benefits and multiple rounds of stimulus checks. Virginia transfer receipts decreased by 16.7 percent in fiscal year 2022 compared to growth in excess of 20.4 percent during each of the previous two fiscal years. Real wages and salaries, which make up most of total personal income and better reflect the state of the economy during the fiscal year, grew 2.1 percent in fiscal year 2022, which is in line with an average 2.1 percent growth rate during the previous five fiscal years (2017-2021).

Figure 5
Annual Percentage Change in Real Personal Income
 Fiscal Years 2017 – 2022

Source: U.S. Bureau of Economic Analysis, Billions of Chained 2012 Dollars

Unemployment

Virginia's unemployment rate dropped precipitously during fiscal year 2022. **Figure 6** shows that the state unemployment decreased from an average of 5.3 percent in fiscal year 2021 to an average of 3.1 percent in fiscal year 2022. This rate was only slightly higher than the 2.8 percent rate seen in the pre-pandemic fiscal year (2019). The state unemployment rate was lower than the national rate (4.2 percent). Rapidly declining unemployment rates were supported by a growing economy as well as a labor force that failed to keep pace with the increased economic activity due to temporary and permanent exits from the workforce resulting from the pandemic.

Figure 6
Civilian Unemployment Rate
 Fiscal Years 2017 – 2022

Source: U.S. Bureau of Labor Statistics

Figure 7 shows unemployment rates for Virginia's metropolitan and non-metropolitan regions. Every region experienced a substantial decrease in the unemployment rate. The metropolitan area unemployment average decreased from 5.2 percent in fiscal year 2021 to 3.1 percent in fiscal year 2022. Three metropolitan areas had unemployment rates above the statewide average, including the Virginia Beach-Norfolk-Newport News (3.6 percent), Richmond (3.4 percent), and Lynchburg (3.3 percent) metropolitan areas. These same three metro areas have experienced unemployment rates persistently above the statewide average throughout the past six fiscal years (2017-2022). The nonmetropolitan area unemployment rate decreased to 3.6 percent in fiscal year 2022 from 5.7 percent the fiscal year before.

Figure 7
Civilian Unemployment Rate for Virginia's MSAs
Fiscal Years 2017 – 2022

Area	2017	2018	2019	2020	2021	2022
Virginia	4.0%	3.3%	2.8%	4.4%	5.3%	3.1%
Metropolitan Areas	3.8%	3.2%	2.8%	4.4%	5.2%	3.1%

Figures 8a and 8b show changes in the spatial pattern of unemployment rates in Virginia during the last two fiscal years using locality-level data. The maps illustrate that the regions with unemployment rates above 4.0 percent receded from an area encompassing most of the state to 25 dispersed independent cities and rural counties. The state's highest unemployment rates were found in several independent cities, including Petersburg (8.4 percent), Emporia (6.5 percent), Martinsville and Hopewell (6.0 percent each). All 133 of Virginia's localities experienced unemployment rate decreases in fiscal year 2022.

Taxable Sales

Changes in state retail sales are represented here using information on real taxable sales. This measure is a useful proxy for retail sales, but omits some goods (e.g., motor vehicles, motor fuel sales) that appear in the comparable national measure and includes some services (e.g., restaurant sales, lodging sales) not included in that measure. **Figure 9** shows that the real taxable sales increased by 4.6 percent during fiscal year 2022. This was up from a 3.4 percent rate of increase the previous fiscal year and represents the largest increase in real taxable sales in 15 years.

Figure 9
Annual Percentage Change in Real Taxable Sales in Virginia
Fiscal Years 2017 - 2022

Source: Virginia Department of Taxation.

Taxable sales are adjusted for inflation using the Bureau of Labor Statistics Consumer Price Index for All Urban Consumers, All Items.

Housing Market

Virginia housing market outcomes were mixed during fiscal year 2022. Sales of existing homes decreased while the growth rate of home building permit issuance slowed. According to data available from the Virginia Association of Realtors, sales of single-family homes, townhomes, and condos decreased from 156,251 units in fiscal year 2021 to 146,015 units in fiscal year 2022. This represents a 6.6 percent rate of decrease compared to a 27.1 percent rate of increase in fiscal year 2021. Building permit data show the number of new privately-owned housing units authorized for construction in Virginia grew by 4.8 percent in fiscal year 2022 (**Figure 10**). This represents a slowing from the 11.4 percent increase in fiscal year 2021 and was lower than the 6.3 percent rate of increase experienced nationwide in fiscal year 2022.

Housing prices published by the Federal Housing Finance Agency indicate that prices continued to grow rapidly during the fiscal year. **Figure 11** shows the percentage change in housing prices for Virginia and the nation. Virginia housing prices increased 14.9 percent in fiscal year 2022, up from 11.6 percent in fiscal year 2021. This is the highest rate of price appreciation since the 15.8 percent rate of increase in fiscal year 2005 before the real estate bubble that precipitated the Great Recession. This rate was lower than the 18.2 percent national growth rate in fiscal year 2022. Consumer demand for housing was dampened by higher mortgage rates during the second half of the fiscal year. Throughout the fiscal year homebuilders continued to grapple with labor and material shortages and housing inventories remained low.

Conclusion

Virginia's economy continued to rebound from the effects of the COVID-19 pandemic in fiscal year 2022. However, the effects of the pandemic could still be felt during the fiscal year in the form of depressed labor force participation, supply chain bottlenecks, consumer spending reallocation from goods to services, and the residual effects of fiscal and monetary stimulus policies introduced during the pandemic. These factors contributed to a more inflationary environment, with inflation measured by the Consumer Price Index (CPI) reaching nearly 9.0 percent by the end of the fiscal year. The pace of state Gross Domestic Product growth picked up further from the year before. While personal incomes decreased due to the expiration of pandemic relief programs, wages and salaries continued to grow at a steady rate. Moreover, savings accumulated due to pandemic restrictions and federal relief programs resulted in improved household balance sheets that supported robust consumer spending. The Virginia housing market showed mixed performance. Existing home sales decreased, and the growth rate of building permit issuance slowed. However, housing prices increased more rapidly than the previous year due to continued builder challenges in securing labor and materials and low housing inventories.

By the end of fiscal year 2022, the nation's economy was growing, but was on more uncertain footing due to inflationary conditions, more restrictive Federal Reserve monetary policy, and unfavorable global economic developments. Economic activity is expected to slow or even decrease in the next fiscal year, as interest rates ratchet upward and consumer spending plateaus due to erosion in real household incomes from inflation and the gradual depletion of accumulated excess savings. Global economic conditions may exert an additional drag. The European Union economy has been hampered by an energy crisis resulting from the Russian-Ukrainian conflict, while China's growth has significantly slowed due to its Zero-Covid policy and housing market turmoil.

MAJOR INITIATIVES

The ACFR has received unmodified audit opinions from fiscal year 1986 through fiscal year 2021. During this period, the Commonwealth has also received the Government Finance Officers Association Certificate of Achievement for Excellence in Financial Reporting. While we are very proud of these unmodified audit opinions and awards, we must be mindful of the fact that they are not automatic. The successes of the State Comptroller's office are directly attributable to not only the professionalism, experience and integrity of the State Comptroller's technical and accounting personnel, but also to the professionalism, experience and integrity of the financial and accounting personnel throughout the Commonwealth. These major initiatives will support efforts to continue our legacy of quality financial management.

Long-term Financial Planning

In 1992, an amendment to the Constitution of Virginia required the establishment of a Revenue Stabilization Fund. Annually, revenue collections are evaluated to determine whether deposits are required to the Fund. Withdrawals can only occur if the general fund revenues appropriated exceed the revised general fund revenue forecast by more than 2.0 percent of the certified tax revenues collected in the most recently ended fiscal year. Additionally, a withdrawal from the Fund cannot compensate for more than one-half of the difference between the general fund appropriations and revised estimate nor can it exceed more than one-half of the Fund balance. Further, pursuant to the constitutional amendment of Article X, Section 8, effective January 1, 2011, the amount on deposit cannot exceed 15.0 percent of the Commonwealth's average annual tax revenues derived from taxes on income and retail sales for the preceding three fiscal years. This is an increase of the previous limit of 10.0 percent.

During fiscal year 2018, the *Code of Virginia* established the Revenue Reserve Fund to mitigate certain anticipated revenue shortfalls when appropriations based on previous revenue forecasts exceed expected revenues in subsequent forecasts. Annually, revenue collections are evaluated to determine whether deposits are required to the Fund. Generally, withdrawals can only occur if a revised general fund revenue forecast is less than appropriated general fund revenues and the decrease is 2.0 percent or less of general fund revenues collected in the most recently ended fiscal year. Additionally, a withdrawal from the Fund may not exceed more than one-half of the Fund balance. The combined balance of the Revenue Reserve Fund and Revenue Stabilization Fund cannot exceed 20.0 percent of the Commonwealth's average annual tax revenues derived from taxes on income and retail sales for the preceding three fiscal years. Pursuant to Chapter 1, 2022 Acts of Assembly Special Session I, this is an increase to the previous 15.0 percent limit.

During fiscal year 2022, a deposit of \$498.7 million was made to the Revenue Reserve Fund pursuant to Chapter 1, 2022 Acts of Assembly Special Session I. This amount represents an advance reservation for the fiscal year 2024 mandatory deposit to the Revenue Stabilization Fund. This amount will be transferred from the Revenue Reserve Fund to the Revenue Stabilization Fund during fiscal year 2024.

Enterprise Application Project

The Cardinal Project represents a shared vision between the offices of the Secretary of Transportation, Secretary of Finance, Secretary of Administration, and the Virginia Information Technologies Agency to replace aging statewide enterprise applications. This effort began with the effort to replace the Commonwealth's financial system (CARS) and the Virginia Department of Transportation's (VDOT) financial system with a modern, enterprise-wide financial system (base financial system). The base financial system provides a solid foundation for the Commonwealth to expand system functionality and facilitates better integration

of key administrative systems across the state. This foundation enables the Commonwealth to re-engineer activities to include taking advantage of shared services, increasing functionality for better fiscal management, and reducing redundant agency financial systems and related cost. This phase of the Cardinal Application Project has been completed. Effective July 1, 2016 (fiscal year 2017), Cardinal became the official general ledger accounting system for the Commonwealth, and CARS was retired.

The next phase of this project involves a partnership between the Department of Accounts (DOA) and the Department of Human Resource Management (DHRM) to replace the existing statewide payroll system (CIPPS), along with the Commonwealth's statewide Personnel Management Information System (PMIS) and Benefits Eligibility System (BES), and integrate these statewide systems into Cardinal. The Human Capital Management System (HCM) was implemented in phases. The first phase was implemented October 2, 2021, and second phase was implemented April 4, 2022. The third and final phase of the Cardinal HCM project was implemented October 3, 2022. Cardinal HCM is now the official payroll, benefits, human resource and absence management system for the Commonwealth. Additionally, Cardinal HCM serves over 231,000 users in 233 state agencies and 363 localities. I, as State Comptroller, chair the Cardinal Steering Committee, and both DOA and DHRM have assigned full-time resources to this project. A Cardinal Governance Committee is being formed, and an evaluation to identify the next phase of the Cardinal Enterprise Project will begin shortly.

AWARDS AND ACKNOWLEDGMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to the Commonwealth for its ACFR for the fiscal year ended June 30, 2021. The Certificate of Achievement is a prestigious national award that recognizes conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized annual comprehensive financial report that conforms to program standards. Such reports must satisfy both accounting principles generally accepted in the United States of America and all applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. The Commonwealth has received a Certificate of Achievement for the last 36 consecutive years (fiscal years 1986-2021). I believe that this year's report continues to conform to the Certificate of Achievement program requirements and we are submitting it to GFOA.

This report could not have been prepared without the full cooperation of all state agencies within the Executive Branch, the Legislature, the Judiciary, the Component Units, and especially the dedication and professionalism of the financial reporting staff in the Department of Accounts.

Respectfully submitted,

Lewis R. McCabe
Comptroller of the Commonwealth of Virginia

INDEPENDENT AUDITOR'S REPORT

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Commonwealth of Virginia, as of and for the year ended June 30, 2022, and the related notes to the financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Commonwealth of Virginia as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Virginia College Savings Plan (major fund and private purpose trust fund,) which is discussed on pages 53 and 276, and certain blended and discretely presented component units of the Commonwealth, which are discussed at Note 1.B. The Virginia College Savings Plan and component units account for the following percentages of total assets and deferred outflows of resources; revenues, additions, and other financing sources; and net position/fund balance of the opinion units affected as of June 30, 2022.

Opinion Unit	Total Assets and Deferred Outflows	Net Position/Fund Balance	Revenues, Additions, and Other Financing Sources
Governmental Activities	2.85 %	5.31 %	2.26 %
Business-type Activities	53.22 %	47.71 %	-1.01 %
Virginia College Savings Plan Major Enterprise Fund	100.00 %	100.00 %	100.00 %
Aggregate Remaining Fund Information	6.81 %	7.43 %	6.22 %
Aggregate Discretely Presented Component Units	30.00 %	23.32 %	13.37 %

Those financial statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as they relate to the amounts included for the Virginia College Savings Plan and certain blended and discretely presented component units, are based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Commonwealth of Virginia, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

The financial statements of Danville Science Center Inc., Library of Virginia Foundation, Science Museum of Virginia Foundation, and Virginia Museum of Fine Arts Foundation, which were audited by other auditors upon whose reports we are relying, were not audited in accordance with Government Auditing Standards.

Emphasis of Matters

Change in Accounting Principle

As discussed in Note 2 of the accompanying financial statements, in fiscal year 2022 the Commonwealth of Virginia implemented the Governmental Accounting Standards Board's Statement No. 87, *Leases*. The government-wide and fund statements have been restated to reflect the provisions of this standard. Our opinions are not modified with respect to this matter.

Correction of 2021 Financial Statements

As discussed in Note 2 of the accompanying financial statements, the fiscal year 2021 governmental activities, nonmajor governmental and private purpose trust funds have been restated to correct misstatements. Our opinions are not modified with respect to this matter.

Investments with Values that are not Readily Determined

As discussed in Note 7, the Pension and Other Employee Benefit Trust Funds include investments valued at approximately \$46.2 billion (34.2% of the aggregate remaining fund information's total assets, respectively), whose fair values have been estimated by management using a roll-forward process in the absence of readily determinable fair values. In addition, the Virginia College Savings Plan major enterprise fund includes investments valued at \$1.8 billion (58.1% and 31.1% of the major enterprise fund and business-type activity total assets, respectively) and \$299.7 million for the private purpose trust fund (0.2% of the aggregate remaining fund information's total assets), whose fair values have been estimated by management based on information provided by the fund managers or the general partners. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commonwealth of Virginia's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commonwealth of Virginia's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commonwealth of Virginia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the following be presented to supplement the basic financial statements: Management's Discussion and Analysis on pages 27 through 37; Schedule of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual - General and Major Special Revenue Funds, the Schedule of Changes in Employer's Net Pension Liability, Schedule of Employer Contributions - Pension Plans, Schedule of Changes in Employers' Net Other Postemployment Benefit Liability (Asset), Schedule of the Commonwealth's Proportionate Share of the Net Other Postemployment Benefit Liability, Schedule of Employer Contributions - Other Postemployment Benefit Plans, Schedule of Changes in Employers' Total Other Postemployment Benefit Liability, and Claims Development Information on pages 200 through 236. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commonwealth of Virginia's basic financial statements. The Combining and Individual Fund Statements and Schedules are presented for the purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Combining and Individual Fund Statements and Schedules are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, our report dated December 15, 2022, on our consideration of the Commonwealth of Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters is issued in the Commonwealth of Virginia Single Audit Report. We anticipate releasing that report on or before February 13, 2023. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Commonwealth of Virginia's internal control over financial reporting and compliance.

AUDITOR OF PUBLIC ACCOUNTS

Management's Discussion and Analysis

(Unaudited)

The following is a discussion and analysis of the Commonwealth of Virginia's (the Commonwealth) financial performance, including an overview and analysis of the financial activities of the Commonwealth for the fiscal year ended June 30, 2022. Readers should consider this information in conjunction with the transmittal letter, which is located in the Introductory Section of this report, and the Commonwealth's financial statements, including the notes to the financial statements, which are located after this analysis.

Financial Highlights

Government-wide Highlights

The primary government's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at June 30, 2022, by \$42.2 billion. Net position of governmental activities increased by \$7.5 billion and net position of business-type activities increased by \$1.1 billion. Component units reported an increase in net position of \$753.5 million from June 30, 2021.

Fund Highlights

At the end of the fiscal year, the Commonwealth's governmental funds reported a combined ending fund balance of \$20.9 billion, an increase of \$6.6 billion in comparison with the prior year. Of this total fund balance, \$472.7 million represents nonspendable fund balance, \$6.3 billion represents restricted fund balance, \$10.9 billion represents committed fund balance, and \$3.2 billion represents assigned fund balance. The Enterprise Funds reported net position at June 30, 2022, of \$3.0 billion, an increase of \$1.1 billion during the year which is primarily attributable to increases for the Unemployment Compensation Fund (major) offset by a decrease for the Virginia College Savings Plan (major). See page 33 for additional information regarding the Virginia College Savings Plan and Unemployment Compensation Fund.

The General Fund recognized higher total fund assets, total fund liabilities, revenues, and expenditures when compared to fiscal year 2021. See page 34 for additional information.

Long-term Debt

The Commonwealth's total debt rose during the fiscal year to \$53.7 billion, an increase of \$1.1 billion, or 2.1 percent. During the fiscal year, the Commonwealth issued new debt in the amount of \$2.7 billion and \$3.5 billion for the primary government and component units. However, for the primary government, the new issuances, coupled with debt retirements, decreased the total debt balance to \$17.4 billion. Debt balances for the component units increased to \$36.3 billion.

Overview of the Financial Statements

This discussion and analysis is an introduction to the Commonwealth's basic financial statements, which include three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. The report also contains additional required supplementary information and other information.

Government-wide Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Commonwealth's finances in a manner similar to a private-sector business. The statements provide both short-term and long-term information about the Commonwealth's financial position which helps readers determine whether the Commonwealth's financial position has improved or deteriorated during the fiscal year. These statements include all non-fiduciary financial activity on the full accrual basis of accounting. This means that all revenue and expenditures are reflected in the financial statements even if the related cash has not been received or paid as of June 30.

The Statement of Net Position (pages 40 and 41) presents information on all of the Commonwealth's assets and deferred outflows of resources, and liabilities and deferred inflows of resources; net position represents the difference between all other elements in a statement of financial position and is displayed in three components – net investment in capital assets; restricted; and unrestricted. Over time, increases or decreases in net position may indicate whether the financial position of the Commonwealth is improving or deteriorating.

The Statement of Activities (pages 42 through 44) presents information showing how the Commonwealth's net position changed during fiscal year 2022. All changes in net position are reported as soon as the underlying event giving rise to the change occurs,

regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both the Statement of Net Position and Statement of Activities report three separate activities. These activities are described as follows:

Governmental Activities – account for functions of the Commonwealth that are primarily supported by taxes and intergovernmental revenues. The majority of the Commonwealth's basic services, such as education, individual and family services, transportation, resources and economic development, administration of justice, and general government, fall within this category.

Business-type Activities – account for functions that are intended to recover all or a significant portion of their costs through user fees and charges. The major business-type activities of the Commonwealth include the Virginia Lottery, Virginia College Savings Plan, and Unemployment Compensation Fund.

Discretely Presented Component Units – account for functions of legally separate entities for which the Commonwealth is financially accountable. The Commonwealth has 26 non-higher education component units and 21 higher education institutions that are reported as discretely presented component units. Information regarding the individual financial statements of the component units is presented in the notes to the financial statements.

This report includes two schedules (pages 48 and 52) that reconcile the amounts reported on the governmental fund financial statements (modified accrual accounting) with governmental activities on the appropriate government-wide statements (full accrual accounting). The following indicates some of the reporting differences between the government-wide financial statements and the fund financial statements.

- Capital assets used in governmental activities are not reported on governmental fund statements.
- Long-term liabilities, unless due and payable, are not included in the fund financial statements. These liabilities are only included in the government-wide statements.
- Internal service funds are reported as governmental activities in the government-wide statements, but are reported as proprietary funds in the fund financial statements.
- Other long-term assets that are not available to pay for current period expenditures are deferred in the governmental fund statements, but not deferred in the government-wide statements.
- Capital outlay spending results in capital assets on the government-wide statements, but is reported as expenditures in the fund financial statements.
- Bond proceeds provide current financial resources on the fund financial statements, but are recorded as long-term liabilities in the government-wide financial statements.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Commonwealth, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the Commonwealth's funds can be divided into three categories: governmental, proprietary, and fiduciary. Each of these categories uses different accounting approaches. Fund financial statements begin on page 46 and provide detailed information about the major individual funds.

- **Governmental funds** – Most of the basic services provided by the Commonwealth are reported in the governmental funds. These statements provide a detailed, short-term view of the functions reported as governmental activities in the government-wide financial statements. The government-wide financial statements are reported using the full accrual basis of accounting, but the governmental fund financial statements are reported using the modified accrual basis of accounting. This allows the reader to focus on assets that can be readily converted to cash and determine whether there are adequate resources to meet the Commonwealth's current needs.

Because the focus of governmental funds is more limited than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. This comparison can help readers better understand the long-term impact of the Commonwealth's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are presented on the page immediately following each governmental fund financial statement.

The Commonwealth reports 15 individual governmental funds. Information is presented separately in the governmental fund statements for the General, Commonwealth Transportation, Federal Trust, and Literary funds, which are all considered major funds. Data from the other 11 governmental funds are aggregated into a single column on the fund statements. Individual fund data for these nonmajor governmental funds is provided in the combining financial statements immediately following the required supplementary information.

- **Proprietary funds** – The Commonwealth maintains two different types of proprietary funds: enterprise and internal service. These funds report activities that operate more like those of private-sector business and use the full accrual basis of accounting.

Enterprise funds report activities that charge fees for supplies or services to the general public like the Virginia Lottery. Enterprise funds are reported as business-type activities on the government-wide financial statements. The enterprise funds use the full accrual basis of accounting and the only differences between amounts reported on the government-wide statements and the enterprise fund statements are due to internal service fund activity (see reconciliations on pages 54 and 56).

Internal service funds report activities that charge fees for supplies and services to other Commonwealth agencies, like Fleet Management. Internal service funds are reported as governmental activities in the government-wide statements because these types of services predominantly benefit governments rather than business-type functions.

The Commonwealth reports 27 individual proprietary funds. Information is presented separately in the proprietary fund statements for the Virginia Lottery, Virginia College Savings Plan, and Unemployment Compensation Funds, all of which are considered major funds. Data from the other enterprise funds is aggregated into a single column on the fund statements. All internal service funds are aggregated into a single column on the fund statements. Individual fund data for all nonmajor proprietary funds is provided in the combining financial statements immediately following the required supplementary information.

- **Fiduciary funds** – These funds are used to account for resources held for the benefit of parties outside the government and use the full accrual basis of accounting in accordance with GASB Statement No. 84, *Fiduciary Activities*. Fiduciary funds are excluded from the government-wide financial statements because the resources of these funds are restricted and cannot be used to finance the Commonwealth's operations. The Commonwealth's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position beginning on page 64.

The Commonwealth's fiduciary funds are the:

- Private Purpose Trusts, which reports the activities for four separate funds and accounts for transactions of trust arrangements in which the principal and income benefit individuals, private organizations, or other governments;
- Pension and Other Employee Benefit Trusts, which reports the activities of nine separate pension and other employment retirement plans for employees;
- Custodial Funds - External Investment Pool, which accounts for the activity of the external investment pool not meeting the GASB Statement No. 84 trust criteria; and,
- Custodial Funds - Other, which accounts for 10 separate funds similar to Private Purpose Trust Funds except they do not have a trust that meets GASB Statement No. 84 criteria.

Individual fund data for all fiduciary funds is provided in the combining financial statements immediately following the required supplementary information.

- **Component Units** – The government-wide financial statements report information for all component units aggregated in a single column. Information is provided separately in the component unit fund statements for the Virginia Housing Development Authority, Virginia Public School Authority, Virginia Resources Authority, and Virginia College Building Authority, all of which are considered major component units. Data from the other component units is aggregated into a single column on the fund statements. Individual fund data for all nonmajor component units is provided in the combining financial statements immediately following the required supplementary information.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the component unit fund financial statements.

Required Supplementary Information

The basic financial statements are followed by a section of required supplementary information. This section includes budgetary comparison schedules reconciling the statutory and generally accepted accounting principles fund balances at June 30. It also includes information concerning net pension liability, other postemployment benefit liability plans, and employer contributions for pension and other postemployment benefit plans, as well as trend information for Commonwealth-managed risk pools.

Other Information

The combining statements referred to earlier in connection with nonmajor funds and component units can be found beginning on page 240 of this report. The individual fund information is aggregated into a single total on the combining financial statements, which carries forward to the fund financial statements.

Government-wide Financial Analysis

The primary government's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$42.2 billion during the fiscal year. The net position of the governmental activities increased \$7.5 billion, or 23.5 percent, primarily due to increases in cash and investments in the General Fund (major), increases in capital assets, and decreases in long-term liabilities outstanding offset by increases in deferred inflows of resources. The General Fund is discussed further on page 34. Capital assets are discussed further on page 35, and long-term liabilities are discussed further on page 36. Business-type activities had an increase of \$1.1 billion, or 58.0 percent, primarily due to increases in the Unemployment Compensation Fund (major) offset by a decrease for the Virginia College Savings Plan (major). See page 33 for additional information regarding the Virginia College Savings Plan and Unemployment Compensation Funds. As discussed in Note 2, the government-wide beginning balance was restated for GASB Statement No. 87, *Leases*, and the correction of prior year errors to arrive at a restated beginning balance of \$33.7 billion.

Total net position	\$ 39,183,638	\$ 31,721,315	\$ 3,051,713	\$ 1,931,809	\$ 42,235,351	\$ 33,653,124

The largest portion of the primary government's net position reflects its investment in capital assets (e.g., land, buildings, equipment, infrastructure, construction-in-progress, right-to-use intangible assets, and intangible assets including water rights, easements and software), less any related outstanding debt and deferred inflows of resources used to acquire those assets. These assets are recorded net of depreciation in the financial statements. The primary government uses these capital assets to provide services to citizens; therefore, these assets are not available for future spending. Although the primary government's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities (**Figure 12**).

An additional portion of the primary government's net position represents restricted net position. These resources are subject to external restrictions or constitutional provisions specifying how they may be used. The remaining balance of \$9.1 billion is unrestricted net position (**Figure 12**). The significant increase in restricted net position is primarily due to the Unemployment Compensation Fund and the required constitutional deposit to the Revenue Stabilization Fund discussed in Note 5.

Approximately 48.7 percent of the primary government's total revenue came from taxes. While the primary government's expenses cover many services, the largest expenses are for education and individual and family services. General revenues normally fund governmental activities. For fiscal year 2022, program and general revenues exceeded governmental expenses by \$6.4 billion. Program revenues exceeded expenses from business-type activities by \$2.2 billion. The following condensed financial information (**Figure 13**) was derived from the Government-wide Statement of Activities and provides detail regarding the change in net position (see page 42).

Governmental Activities Revenues

Figure 14 is a graphical representation of the Statement of Activities revenues for governmental activities. Governmental activities revenues increased by \$3.6 billion, or 5.6 percent. The net increase is mainly attributable to increases in the General Fund, which are discussed on page 34.

Figure 14
Revenues by Source – Governmental Activities
Fiscal Year 2022

Governmental Activities Expenses

Figure 15 is a graphical representation of the Statement of Activities expenses for governmental activities. Governmental activities expenses increased by \$536.1 million, or 0.9 percent. While there were increases in multiple expense types, the largest increase was in Education. See pages 34 and 35 for additional information.

Figure 15
Expenses by Type – Governmental Activities
Fiscal Year 2022

Net Position of Business-type Activities

Net position of business-type activities increased by \$1.1 billion during the fiscal year. As shown in **Figure 16**, highlights of the changes in net position for the major enterprise funds were as follows:

- Lottery sales were \$3.8 billion, an increase of \$493.4 million over the prior year. Income before transfers was \$802.0 million, an increase of \$24.9 million (3.2 percent) from fiscal year 2021. Sales of scratch games increased by \$23.0 million (1.8 percent) and non-scratch game sales increased by \$470.5 million (24.0 percent). Total expenses also increased by \$468.2 million (18.9 percent), primarily attributable to the cost of prizes.
- Virginia College Savings Plan's net position decreased by \$194.8 million (11.8 percent) during the fiscal year as a result of total expenses incurred exceeding revenues. While Prepaid529 is closed to new participants, existing customers are still being serviced. Additionally, the Tuition Track Portfolio activity grew during fiscal year 2022 and is expected to continue growing in future years. However, the current year change was not significant to the total fund change. During the fiscal year, the majority of the net position decrease is attributed to investment losses.
- Unemployment Compensation Fund net position increased by \$1.3 billion during fiscal year 2022, as a result of operating revenues exceeding benefits paid by \$235.9 million and COVID-19 related additional funding of \$1.1 billion.

Over the one-year period from July 1, 2021, to June 30, 2022, the unemployment rate dropped from 4.3 percent to 2.8 percent. Additionally, there were approximately 499,348 less initial unemployment claims filed than in the previous year, as well as the average benefit duration decreasing from 13.6 weeks to 7.1 weeks. These decreases were offset by an increase in the average weekly benefit amounts from approximately \$279.74 to \$326.17 in fiscal year 2022. These multiple influences led to a decrease in the total benefit payments of \$1.0 billion over the prior year.

Program Revenues and Expenses
Fiscal Year 2022
(Dollars in Thousands)

Fund Statements Financial Analysis

As of the end of the fiscal year, the primary government's governmental funds reported combined ending fund balances of \$20.9 billion. The fund balance includes nonspendable, restricted, committed, or assigned to indicate that it is not available for new spending.

General Fund Highlights

At the end of the fiscal year, the General Fund reported a combined ending fund balance of \$11.7 billion, an increase of \$4.6 billion in comparison with the prior year. Of this total fund balance, \$187.8 million represents nonspendable fund balance, \$2.7 billion represents restricted fund balance, \$5.7 billion represents committed fund balance, and \$3.1 billion represents assigned fund balance.

Fiscal year 2022 General Fund revenues were 11.9 percent, or \$3.1 billion, higher than fiscal year 2021 revenues. This revenue change results from increases of \$3.7 billion primarily attributable to individual and fiduciary income taxes (\$2.4 billion), which was reduced by the Individual Income Tax Rebate of \$1.0 billion, sales and use taxes (\$629.7 million), corporation income taxes (\$408.3 million), other revenue predominantly related to prior year expenditures refunded in the current fiscal year (\$138.7 million), and premiums of insurance companies taxes (\$56.7 million). This was offset by decreases of \$614.6 million primarily attributable to interest, dividends, and rents (\$512.9 million), tobacco master settlement (\$37.7 million), deeds, contracts, wills, and suits taxes (\$29.2 million), tobacco product taxes (\$11.5 million), and communications sales and use taxes (\$11.3 million).

Fiscal year 2022 expenditures increased by 9.4 percent, or \$2.2 billion, when compared to fiscal year 2021. While all expenditures categories increased during fiscal year 2022, the largest increases were primarily attributable to education, general government and individual and family services expenditures of \$1.3 billion, \$333.9 million and \$234.0 million, respectively. Net other financing sources and uses decreased by \$124.1 million, which is primarily due to higher transfers out to nongeneral funds offset by increases in transfers in from nongeneral funds and long-term leases issued.

Budget Highlights

The General Fund began the year with an original revenue budget that was \$559.7 million, or 2.4 percent, higher than the final fiscal year 2021 revenue budget. Additionally, the final revenue budget was higher (\$4.3 billion or 17.7 percent) than the original budget. The change between the original and final budget was primarily attributable to increases in the final budget for individual and fiduciary income taxes (\$2.6 billion), corporation income taxes (\$738.0 million), sales and use taxes (\$522.3 million), and deeds, contracts, wills, and suits taxes (\$190.7 million). This was offset by decreases in the final budget for communications sales and use taxes (\$13.0 million). Total actual General Fund revenues were higher than final budgeted revenues by \$2.0 billion primarily due to individual and fiduciary income taxes (\$1.8 billion) and sales and use taxes (\$132.3 million) which were offset by decreases in communications sales and use taxes (\$33.6 million) and corporation income taxes (\$30.9 million).

Total final budget expenditures were higher than original budget expenditures by \$857.4 million, or 3.3 percent. This change between the original and final budget was primarily attributable to increases of budgeted expenditures for education of \$899.4 million, transportation of \$171.9 million and administration of justice of \$150.8 million. This was offset by decreases for individual and family services of \$673.6 million.

The Commonwealth spent less than planned so actual expenditures were \$1.6 billion, or 6.1 percent, lower than final budget expenditures. This was primarily attributable to education (\$325.7 million), general government (\$287.6 million), resources and economic development (\$267.0 million) and individual and family services (\$253.5 million).

Budget Outlook

Virginia's economy continued to recover in fiscal year 2022 from the negative effects of the COVID-19 pandemic. State economic activity such as Gross Domestic Product, employment, and taxable sales showed significant improvement. Unemployment dropped to rates closely resembling pre-pandemic levels. The housing market showed a decline in home sales and home permit issuance. Home sales declined and home permit growth slowed, although housing inventory remained limited, contributing to a rise in home appreciation. The Federal Reserve's efforts to keep inflation from rising is expected to substantially slow economic growth and produce a shallow recession. The Russian-Ukrainian conflict and a slowdown in China's growth could also continue to negatively affect Virginia's economy. During fiscal year 2022, the two General Fund revenue sources most closely tied to current economic activity - individual income taxes and retail sales taxes - experienced increases when compared to the 2021 collections by \$3.1 billion (18.0 percent) and \$391.9 million (9.4 percent), respectively. The individual income tax collections were more than the estimated revenue by \$1.8 billion (9.8 percent) and the retail sales taxes were more than the estimated revenue by \$120.5 million (2.7 percent).

The fiscal year 2022 revenue collections exceeded fiscal year 2021 and the fiscal year 2022 collections estimate. Based on the July 2022 General Fund revenue estimate, the fiscal year 2023 revenue is projected to decrease by 14.0 percent when compared to the fiscal year 2022 revenue collections. This projected planned decrease is primarily a result of the economic uncertainty arising from the expected shallow recession and Russian-Ukrainian conflict. The Governor will release his amendments to the 2023-2024 biennial budget on December 15, 2022.

Major Special Revenue Fund Highlights

The Commonwealth Transportation Fund ended the fiscal year with a fund balance of \$4.5 billion. Approximately \$4.9 billion is contractually committed for various highways, public transportation, and rail preservation projects; \$1.5 billion for individual contracts awarded with a contract value of \$1.0 million or more for operational and tolling services, facilities, and other non-highway construction-type contracts (see Note 21). Additionally, revenues increased \$798.2 million, or 10.6 percent, and expenditures increased \$564.1 million, or 8.2 percent. The revenue increase was primarily due to increases in tax collections of \$810.5 million, or 16.9 percent and federal income of \$280.6 million, or 30.8 percent, offset by a decrease in receipts from localities of \$280.9 million, or 29.3 percent. Expenditures increased mainly for highway maintenance, acquisition, and construction.

The Federal Trust Fund balance decreased by \$136.9 million, or 27.8 percent during the current year. The change is primarily due to a decrease in Federal Grants and Contracts revenue of approximately \$1.5 billion, or 5.6 percent, offset by a decrease of \$1.1 billion, or 4.2 percent in expenditures. This change in the Federal Grants and Contracts revenue was mainly attributed to decreases in funding received from the federal government for COVID-19 (\$4.2 billion) to assist the Commonwealth in navigating the economic difficulties caused by the pandemic and Unemployment funding (\$1.4 billion) this was offset by an increase in Medicaid funding (\$1.8 billion). The remaining difference is distributed over many other federal programs. Expenditures decreased primarily due to Unemployment spending, which was offset by increased Medicaid spending. Net other financing sources and uses experienced an increase of \$7.8 million, or 3,251.5 percent, primarily attributable to lower transfers out to other funds.

The Literary Fund ending balance increased by \$192.7 million, or 388.2 percent. The increase is primarily due to an increase of transfers from unclaimed property and lottery for \$142.1 million, or 149.2 percent. Expenditures exceeded net receipts by only \$44.7 million in fiscal year 2022, which is \$141.1 million less than fiscal year 2021. Additionally, loans of \$188.4 million owed to the Virginia Public School Authority (major component unit) increased by \$2.9 million, or 1.6 percent.

Capital Asset and Long-term Debt

Capital Assets. The primary government's investment in capital assets for its governmental and business-type activities as of June 30, 2022, amounts to \$36.7 billion (net of accumulated depreciation and amortization totaling \$18.2 billion). This investment in capital assets includes land, buildings, improvements, equipment, infrastructure, construction-in-progress, and intangible assets including water rights, easements, and software, as well as intangible right-to-use assets. Infrastructure assets are items that are normally immovable such as roads, bridges, drainage systems, and other similar assets. The increase in the primary government's net investment in capital assets was primarily attributable to the addition of right-to-use intangible assets of \$657.0 million resulting from the implementation of GASB Statement No. 87, *Leases*. The primary government reports equipment with a value of \$50,000 or greater and an expected useful life of two or more years. The primary government capitalizes all land, buildings, infrastructure, and non right-to-use intangible assets that have a cost or value greater than \$100,000 and an expected useful life of two or more years. In addition, the primary government reports right-to-use intangible assets of equipment, land, and buildings with a present value of \$50,000 or greater and an expected useful life of greater than one year. Additional information on the primary government's capital assets can be found in Note 13, Capital Assets.

Total	<u>\$ 36,364,626</u>	<u>\$ 340,530</u>	<u>\$ 36,705,156</u>

Long-term Debt. The Commonwealth is prohibited from issuing general obligation bonds for operating purposes. At the end of the current fiscal year, the Commonwealth had total debt outstanding of \$53.7 billion, including total tax-supported debt of \$21.2 billion and total debt not supported by taxes of \$32.5 billion. Bonds backed by the full faith and credit of the government and tax-supported total \$1.1 billion. Debt is considered tax-supported if Commonwealth tax revenues are used or pledged for debt service payments. An additional \$929.9 million is considered moral obligation debt which is not tax-supported. The Commonwealth has no direct or indirect pledge of tax revenues to fund reserve deficiencies. However, in some cases, the Commonwealth has made a moral obligation pledge to consider funding deficiencies in debt service reserves that may occur. The remainder of the Commonwealth's debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

During fiscal year 2022, the Commonwealth issued \$6.2 billion of new debt for various projects. Of this new debt, \$2.7 billion was for the primary government and \$3.5 billion for the component units. In addition, long-term liability balances for primary government and component units increased due to the implementation of GASB Statement No. 87, *Leases*. Additional information on the Commonwealth's outstanding debt can be found in Note 27, Long-Term Liabilities, as well as in the Debt Schedules beginning on page 306. The Commonwealth maintains a "triple A" bond rating for general obligation debt from the three rating agencies: Moody's Investors Service, S & P Global Ratings, and Fitch Ratings.

State statutes limit the amount of general obligation debt the Commonwealth may issue for each specific type of debt. The 9(a) bonds, which may be issued to fund the defense of the Commonwealth, to meet casual deficits in revenue or in anticipation of the collection of revenues, or to redeem previous debt obligations, are limited to 30.0 percent of 1.15 times the annual tax revenues for fiscal year 2022. The 9(b) bonds, which have been authorized by the citizens of Virginia through bond referenda to finance capital projects, are limited to 1.15 times the average of selected tax revenues for fiscal years 2020, 2021, and 2022. The 9(c) bonds, which have been issued to finance capital projects that will generate revenue upon their completion, are limited to 1.15 times the average of selected tax revenues for fiscal years 2020, 2021, and 2022. The current debt limitation for the Commonwealth is shown below for the 9(a), 9(b), and 9(c) general obligation bond issues. These limits significantly exceed the Commonwealth's outstanding general obligation debt.

Economic Factors and Review

The Commonwealth's economy showed continued improvement during fiscal year 2022. The Gross Domestic Product grew by 3.7 percent, which was an improvement over the 2.2 percent during the prior year. State personal income growth dropped 2.7 percent, which closely matched the -2.8 percent national rate. Both drops were due in part to a decrease in personal current transfer receipts resulting from the expiration of COVID-19 relief programs that supported payments to individuals such as expanded unemployment benefits and multiple rounds of stimulus checks. The average state unemployment rate for fiscal year 2022 dropped to 3.1 percent, almost reaching the pre-pandemic levels of 2.8 in 2019. Total taxable sales increased by 4.6 percent during fiscal year 2022 from 3.4 percent in the prior year, representing the largest increase in taxable sales in 15 years. The Virginia housing market was mixed, with a decrease in sales of existing single-family homes and issuance of home building permits. Single-family homes, townhomes and condos decreased by 6.6 percent, compared to an increase of 27.1 percent in fiscal year 2021. Virginia's economy is expected to slow or decrease in the next fiscal year as interest rates continue to climb and consumer spending levels off due to inflation. The global climate is also expected to affect Virginia's economy, with the Russian-Ukrainian conflict and China's economic decline because of its housing market crisis and Zero-Covid policy.

Requests for Information

This financial report is designed to provide a general overview of the Commonwealth's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the State Comptroller's Office, Commonwealth of Virginia, P. O. Box 1971, Richmond, Virginia 23218. This report is also available for download at www.doa.virginia.gov.

The Commonwealth's component units issue their own separate financial statements. Contact information regarding each component unit is provided in Note 1.B.

Governmental Funds

General Fund

The General Fund accounts for transactions related to resources received and used for those services traditionally provided by a state government, which are not accounted for in any other fund.

Special Revenue Funds

Special Revenue Funds account for specific revenue sources that are restricted or committed to finance particular functions and activities of the Commonwealth.

The Commonwealth Transportation Fund accounts for the revenues and expenditures associated with highway operations, maintenance, construction, and other transportation related activities. Funding for these programs is provided from highway user taxes, fees, and funds received from the federal government.

The Federal Trust Fund accounts for all federal dollars, including the COVID-19 funding, received by the Commonwealth except those received by the Commonwealth Transportation Fund, the Unemployment Compensation Fund, certain Medicaid reimbursements recorded in the

General Fund, the Grant Anticipation Revenue Notes and Build America Bond Subsidies reported in the Debt Service Fund, and institutions of higher education. The entire fund is restricted pursuant to federal regulations.

The Literary Fund accounts for revenues from fines, forfeitures, and proceeds from unclaimed property used primarily to support public education in the Commonwealth. This fund provides low interest loans to school divisions for construction, renovations, and expansion of school buildings. The entire fund is constitutionally restricted for public schools.

Nonmajor Governmental Funds include those Special Revenue, Debt Service, Capital Projects, and Permanent Funds listed on page 239 in the Combining and Individual Fund Statements and Schedules section of this report.

Reconciliation of the Balance Sheet – Governmental Funds to the Government-wide Statement of Net Position

June 30, 2022

(Dollars in Thousands)

Total fund balances - governmental funds (see Balance Sheet - Governmental Funds)	\$ 20,864,951
--	----------------------

When the amount employers have paid into an other post-employment benefit (OPEB) plan combined with the plan's assets exceeds the amount that is required to pay the actuarially determined future benefits, the cost of employer contributions are reported as expenditures in the governmental funds. However, the Statement of Net Position includes the Net OPEB asset among the assets of the primary government as a whole.	201,690
---	---------

When capital assets (land, buildings, equipment, construction-in-progress, intangible assets, right-to-use intangible assets, and/or infrastructure) that are to be used in governmental activities are purchased or constructed, the costs of those assets are reported as expenditures in governmental funds. However, the Statement of Net Position includes those capital assets among the assets of the primary government as a whole.	
---	--

Nondepreciable Capital Assets	9,774,070
Other Capital Assets	26,007,542

Assets to be received for Long-term Debt Service requirements are not reported in the fund statements.	53,730
--	--------

Deferred outflows associated with pension and other postemployment benefit related costs are long-term in nature and, therefore, not reported in the funds.	1,262,612
---	-----------

Deferred outflows associated with loss on debt refundings are long-term in nature and, therefore, not reported in the funds.	38,005
--	--------

Long-term liabilities applicable to the primary government's governmental activities are not due and payable in the current period and, accordingly, are not reported as fund liabilities. All liabilities, both current and long-term, are reported in the Statement of Net Position.	
Net Pension Liability	(2,689,301)
Net OPEB Liability	(775,863)
Total OPEB Liability	(243,700)
Long-term Leases	(60,369)
Installment Purchases	(77,541)
Compensated Absences	(324,557)
Uninsured Employer's Fund	(22,961)
Bonds	(10,617,182)
Accrued Interest Payable	(84,136)
Other Obligations	(5,356)
Pollution Remediation Liability	(8,685)

Internal service funds are used by the primary government to charge costs to individual funds. The assets and deferred outflows, and liabilities and deferred inflows of internal service funds are included in governmental activities in the Statement of Net Position.	292,800
---	---------

Other long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.	(790,084)
--	-----------

Deferred inflows are not available to pay for current period expenditures and, therefore, are not reported in the funds.	2,052,733
--	-----------

Deferred inflows associated with Service Concession Arrangements capital assets are long-term in nature and, therefore, not reported in the funds.	(3,089,537)
--	-------------

Deferred inflows associated with pension and other postemployment benefit related costs are long-term in nature and, therefore, not reported in the funds.	(2,575,223)
--	-------------

Net position of governmental activities (see Government-wide Statement of Net Position)	\$ 39,183,638

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Funds to the Government-wide Statement of Activities

For the Fiscal Year Ended June 30, 2022

(Dollars in Thousands)

Net Change in fund balances - total government funds (See Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds)	\$ 6,598,775
--	---------------------

When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in governmental funds. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. As a result, fund balance decreases by the amount of financial resources expended, whereas net position decreases by the amount of depreciation and amortization expense charged for the year.

Nondepreciable Capital Assets Constructed/Acquired	2,060,116
Nondepreciable Capital Assets Disposed	(28,505)
Other Capital Assets Acquired	346,694
Other Capital Assets Disposed	(15,701)
Depreciation and Amortization Expense	(1,453,074)

Debt proceeds provide current financial resources to governmental funds by issuing debt, which increases long-term debt in the Statement of Net Position.

Debt Issuance	(2,068,401)
Long-term Lease Proceeds	(20,460)
Bond Premiums	(327,620)
Refunding Bonds Issued	(179,665)
Installment Purchase Proceeds	(1,686)

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term debt in the Statement of Net Position.	464,234
---	---------

In-substance debt defeasance	417,562
------------------------------	---------

Payment to Refunded Bond Escrow Agent is an expenditure in the governmental funds, but the refunding reduces long-term debt in the Statement of Net Position.	215,333
---	---------

Some revenues in the Statement of Activities do not provide current financial resources and, therefore, are deferred inflows of resources in the funds. Also, revenues related to prior periods that became available during the current period are reported in the funds but are eliminated in the Statement of Activities. This amount is the net adjustment.	547,694
---	---------

Increases/decreases of expenses reported in the Statement of Activities that do not require the use of, or provide, current financial resources and, therefore, are not reported in the governmental funds.

Increase (Decrease) in Net OPEB Asset	18,638
(Increase) Decrease in Net Pension Liability	312,198
(Increase) Decrease in Net OPEB Liability	19,547
(Increase) Decrease in Total OPEB Liability	119,476
(Increase) Decrease in Other Long-term Liabilities	(4,649)
(Increase) Decrease in Compensated Absences	13,492
(Increase) Decrease in Interest Expense, Amortization of Long-term Debt premium and discounts, and Accrued Interest Liability	148,808
(Increase) Decrease in Other Liabilities	(86,384)

Net (increase) decrease in Due to Component Units for capital and other projects resulting from appropriation reductions or amounts which are not reported as expenditures in the fund statements.	(66,180)
--	----------

Net revenue (expenses) of certain activities of internal service funds is reported within governmental activities.	374,585
--	---------

Deferred inflows and outflows associated with pension and OPEB costs are not included in the funds.	6,648
---	-------

Amortization of deferred inflows and/or outflows associated with Service Concession Arrangements capital assets are not included in the funds.	50,848
--	--------

Change in net position of governmental activities (See Government-wide Statement of Activities)	\$ 7,462,323
--	---------------------

The accompanying notes are an integral part of this financial statement.

Proprietary Funds

The Proprietary Funds account for operations that are financed and operated in a manner similar to private business enterprises. It is the intent that the cost of providing such goods or services will be recovered through user charges.

Major Enterprise Funds

The Virginia Lottery accounts for all receipts and expenses from the operations of the Virginia Lottery.

The Virginia College Savings Plan administers the Defined Benefit 529 Program, which consists of two savings options: Prepaid529 and Tuition Track Portfolio. Prepaid529 services contracts that provide for full future tuition and mandatory fee payments at Virginia's higher education institutions and differing payouts at private or out-of-state institutions using actuarially determined amounts. Prepaid529 is closed to

new contracts. The Tuition Track Portfolio allows for the purchase of units to be redeemed for future tuition costs. The value of a unit is tied to the average tuition inflation rate of Virginia four year institutions. Eide Bailly, LLP, audits the Plan, and a separate report is issued.

The Unemployment Compensation Fund administers the temporary partial income replacement payments to unemployed covered workers.

Nonmajor Enterprise Funds include those operations of state agencies which are listed on page 251 in the Combining and Individual Fund Statements and Schedules section of this report.

Internal Service Funds include those operations of state agencies which are listed on page 267 in the Combining and Individual Fund Statements and Schedules section of this report.

Fiduciary Funds

Private Purpose Trust Funds

Private Purpose Trust Funds reflect funds that benefit individuals, organizations, and other governments; have a trust that meets GASB Statement No. 84, Fiduciary Activities, criteria; and are not required to be reported in another fiduciary fund type.

Pension and Other Employee Benefit Trust Funds

Pension and Other Employee Benefit Trust Funds reflect activities of the pension, other postemployment, and employee benefit plans with trusts that meet GASB Statement No. 84 criteria, and are administered by the Virginia Retirement System.

Custodial Funds - External Investment Pool

Custodial Funds - External Investment Pool reflects the external portion of the Local Government Investment Pool sponsored by the Commonwealth. This fund does not have a trust that meets GASB Statement No. 84 criteria.

Custodial Funds - Other

Custodial Funds - Other reflect funds that are similar to Private Purpose Trust Funds except they do not have a trust that meets GASB Statement No. 84 criteria.

A listing of all Fiduciary Funds is located on pages 276-277 in the Combining and Individual Fund Statements and Schedules section of this report. Combining financial statements for all Fiduciary Funds begin on page 278.

Component Units

Component Units are organizations that are legally separate from the primary government. Each discrete component unit serves or benefits those outside of the primary government.

The Virginia Housing Development Authority provides financing for the acquisition, construction and rehabilitation of affordable housing for home ownership or occupancy by low or moderate income Virginians.

The Virginia Public School Authority provides financing to cities and counties for capital construction of primary and secondary schools.

The Virginia Resources Authority provides financing for the construction of local water supply and wastewater treatment facilities and other local infrastructure projects.

The Virginia College Building Authority provides financing of capital projects and equipment purchases by state-supported colleges and universities.

Nonmajor Component Units include those listed on pages 292-293 in the Combining and Individual Fund Statements and Schedules section of this report.

Notes to the Financial Statements

June 30, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying financial statements have been prepared in conformance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the Financial Accounting Standards Board (FASB).

B. Reporting Entity

For financial reporting purposes, the Commonwealth of Virginia's (the Commonwealth's) reporting entity consists of (1) the primary government, (2) component unit organizations for which the primary government is financially accountable or for which the resources of the component unit primarily benefit the primary government (blended component units), and (3) other component unit organizations for which the nature and significance of their relationship with the primary government is such that exclusion would cause the reporting entity's financial statements to be misleading, and they are financially accountable to the primary government (discrete component units). The funds of all agencies, boards, commissions, foundations, and authorities that have been identified as part of the primary government or a component unit have been included. GASB standards require the inclusion of numerous organizations that raise and hold funds for the direct benefit of the primary government.

Section 2100 of the *GASB Codification of Governmental Accounting and Financial Reporting Standards* (GASB Codification) describes the criteria for determining which organizations, functions, and activities should be considered part of the Commonwealth for financial reporting purposes. The basic criteria include appointing a voting majority of an organization's governing body, and the Commonwealth's ability to impose its will on that organization or the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the Commonwealth. Additionally, in instances where the voting majority is not appointed, the above benefit/burden criteria apply. If the organization's assets are also held for, or can be accessed by, the Commonwealth, the organization is considered part of the reporting entity.

(1) Primary Government – A primary government consists of all the organizations that make up its legal entity. All funds, organizations, institutions, agencies, and departments are, for financial reporting purposes, part of the primary government.

(2) Blended Component Units – Though legally separate entities, these component units are, in substance, part of the primary government's operations. The blended component units serve or benefit the primary government almost exclusively. Financial information from these units is combined with that of the primary government. The Commonwealth's blended component units are:

Virginia Public Building Authority (nonmajor governmental fund) – The Authority was created as a body politic and corporate and is fiscally independent. A government instrumentality, the Authority finances the acquisition and construction of buildings for the use of the Commonwealth and other approved purposes. The Governor appoints the 7-member board, and the primary government is able to impose its will on the Authority. The Auditor of Public Accounts audits the Authority, and a separate report is issued from the Department of the Treasury, Post Office Box 1879, Richmond, Virginia 23218-1879.

Hampton Roads Transportation Accountability Commission (nonmajor governmental fund) – The Commission is a political subdivision of the Commonwealth of Virginia, created by the Hampton Roads Transportation Accountability Commission Act. The Commission has a 23-member board comprised primarily of representatives from participating localities in Planning District 23. Its primary function is determining how the Hampton Roads Transportation Fund regional sales and use tax and fuel tax monies will be invested in new construction projects to provide the greatest impact on reducing congestion for the greatest number of citizens residing within Planning District 23. Based on the projects that the Commission is presently funding, the majority of capital assets constructed by the Commission are reported as Commonwealth assets by the Virginia Department of Transportation (VDOT) (part of primary government). Accordingly, while the Commonwealth is not obligated to pay the Commission's debt, it would be misleading to exclude the Commission from the Commonwealth's financial statements. The administrative offices of the Commission are located at 723 Woodlake Drive, Chesapeake, Virginia 23320. The Commission is audited by PBMares, LLP.

Virginia Alcoholic Beverage Control Authority (nonmajor enterprise fund) – The Authority was created as an independent political subdivision of the Commonwealth, exclusive of the legislative, executive, or judicial branches of

state government. A government instrumentality, the Authority controls the possession, sale, transportation, distribution, and delivery of alcoholic beverages in the Commonwealth. The Governor appoints the 5-member board, and while an independent entity, the Authority works in concert with all branches of the government. Additionally, all net profits of the Authority are transferred to the General Fund of the Commonwealth after required disbursements are made in accordance with the Appropriations Act. The administrative offices of the Authority are located at 7450 Freight Way, Mechanicsville, Virginia 23116. The Auditor of Public Accounts audits the Authority, and a separate report is issued.

- (3) Discrete Component Units** – Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the primary government. They are financially accountable to the primary government, or have relationships with the primary government such that exclusion would cause the reporting entity's financial statements to be misleading. These discrete component units serve or benefit those outside of the primary government.

GASB statements generally require any organization that raises and holds economic resources for the direct benefit of the reporting entity to be reported as a component unit, even if the reporting entity is not financially accountable for the organization. The entities are included in the Commonwealth's reporting entity as nonprofit charitable organizations and exist solely to support the Commonwealth's higher education institutions and certain state agencies. The higher education institution nonprofit organizations are included in the applicable higher education institution's column in the accompanying financial statements. In all instances where separate disclosure of these nonprofit organizations is required in the accompanying footnotes, the entities' totals are aggregated and disclosed as "foundations".

The criteria for reporting certain component units as major component units focuses on the nature and significance of the component unit's relationship to the primary government versus other component units.

Discretely presented component units are:

Virginia Housing Development Authority (major) – The Authority was created as a political subdivision and instrumentality of the Commonwealth and is granted both political and corporate powers by the *Code of Virginia*. The Governor appoints a majority of the Authority's board members and the remaining board members are ex-officio. The Commonwealth may make grants to the Authority including, but

not limited to, reserve funds, which is a potential financial benefit/burden to the primary government. The Commonwealth is not legally obligated by the debt of the Authority. The Authority was created in the public interest to provide the financing for the acquisition, construction, and rehabilitation of affordable housing for home ownership or occupancy by low or moderate income Virginians. The administrative offices of the Authority are located at 601 South Belvidere Street, Richmond, Virginia 23220. CliftonLarsonAllen, LLP audits the Authority, and a separate report is issued.

Virginia Public School Authority (major) – The Authority was created as a public body corporate, and an agency and instrumentality of the Commonwealth to finance capital projects of city and county school boards. The Governor appoints the board members, who serve at his pleasure. Therefore, the primary government is able to impose its will on the Authority. The Auditor of Public Accounts audits the Authority, and a separate report is issued from the Department of the Treasury, Post Office Box 1879, Richmond, Virginia 23218-1879.

Virginia Resources Authority (major) – The Authority was created as a public body corporate and a political subdivision of the Commonwealth to provide financing of infrastructure projects for water supply, wastewater, storm water, solid waste treatment, airports, public safety, brownfields remediation and redevelopment, and other infrastructure projects. The Governor appoints the 11-member board and the Executive Director of the Authority. The primary government is able to impose its will on the Authority, and there is a financial benefit/ burden to the primary government. The Commonwealth does not guarantee any bonds issued by the Authority, however, the Authority has outstanding bonds that are backed by the moral obligation of the Commonwealth. The administrative offices of the Authority are located at 1111 East Main Street, Suite 1920, Richmond, Virginia 23219. CliftonLarsonAllen, LLP audits the Authority, and a separate report is issued.

The Authority issued bonds through the Virginia Green Communities Program (VGCP), which uses the Commonwealth's allocation of Qualified Energy Conservation Bonds to provide subsidized financing for energy efficiency, renewable energy, alternative fueling, and other qualified conservation purposes. The Authority is a conduit issuer for public borrowers with a third-party funding source providing financing for eligible projects. The terms of the VGCP bonds stipulate that the Authority does not guarantee repayment of principal and interest to the bondholders. The Authority has elected to show these bonds as liabilities, and the associated loans from local borrowers as assets, in their separately issued financial statements.

Accordingly, the associated assets and liabilities are included in the accompanying financial statements.

Virginia College Building Authority (major) – The Authority was created as a public body corporate, a political subdivision, and an agency and instrumentality of the Commonwealth. The Governor appoints a majority of the board and members serve at his pleasure. Therefore, the primary government is able to impose its will on the Authority. The Authority finances certain capital projects and equipment purchases of state-supported colleges and universities. The Auditor of Public Accounts audits the Authority, and a separate report is issued from the Department of the Treasury, Post Office Box 1879, Richmond, Virginia 23218-1879.

Only the activity of the Authority that relates to the financing of capital projects and equipment purchases by state-supported colleges and universities is included in the accompanying financial statements. The state-supported colleges and universities reported revenue from the Authority of \$526.2 million as Program Revenue Capital Grants and Contributions for the 21st Century Program and \$78.0 million as Program Revenue Operating Grants and Contributions for equipment. The Authority reported Operating Appropriations from Primary Government of approximately \$489.3 million. In addition, the Authority reported approximately \$31.5 million in payments from the state-supported colleges and universities for 21st Century and Equipment Program debt service costs and approximately \$4.8 million in interest on Build America Bonds.

The Authority assists private institutions of higher education in the financing and refinancing of a broad range of facilities. The Authority is authorized to issue obligations and lend the proceeds to private institutions; however, such financings or refinancings are not obligations of the primary government nor the Authority, but are payable solely from the revenues pledged by the respective private institution. This indebtedness, totaling \$532.0 million, is not included in the accompanying financial statements.

Higher Education Institutions (nonmajor) – The Commonwealth's higher education institutions are granted broad corporate powers by state statutes. The Governor appoints the members of each institution's board of trustees. In addition to the annual appropriations to support the institutions' operations, the Commonwealth provides funding for, and construction of, major academic plant facilities for the institutions. Institutions reported Operating Appropriations from Primary Government of approximately \$2.5 billion. Therefore, there is a financial benefit/burden to the primary government. The higher education

institutions are: the University of Virginia, including the University of Virginia Medical Center and the University of Virginia's College at Wise; Virginia Polytechnic Institute and State University; Virginia Commonwealth University, including the Virginia Commonwealth University Health System Authority; the College of William & Mary, including Richard Bland College and the Virginia Institute of Marine Science; Virginia Military Institute; Virginia State University; Norfolk State University; University of Mary Washington; James Madison University; Radford University; Old Dominion University; George Mason University; Virginia Community College System; Christopher Newport University; and Longwood University. The Southwest Virginia Higher Education Center, Roanoke Higher Education Authority, Institute for Advanced Learning and Research, Southern Virginia Higher Education Center, and New College Institute are also included as higher education institutions. The colleges and universities are funded through state appropriations, tuition, federal grants, and private donations and grants. As previously noted, certain foundations are considered component units of the higher education institutions, and are included in the accompanying financial statements as well as the higher education institutions' separately issued financial statements. The Auditor of Public Accounts (APA) does not audit the Roanoke Higher Education Authority, the Institute for Advanced Learning and Research, and the component units of the higher education institutions, including foundations, but relies on the reports issued by other auditors to render her opinion.

The APA audits the colleges and universities, and individual reports are issued under separate cover. Complete financial statements for each institution may be obtained from their respective administrative offices. The addresses for these institutions may be obtained from the Department of Accounts, 101 North 14th Street, Richmond, Virginia 23219-3638.

Virginia Innovation Partnership Authority (nonmajor) - The Authority provides a collaborative, consistent, and consolidated approach that assists the Commonwealth in identifying its entrepreneurial strengths, including the identification of talents and resources that make Virginia a unique place to grow and attract technology-based business. The Governor and Joint Rules Committee appoint the 11-member board, and the primary government can impose its will on the Authority. The Authority's combined financial statements include the accounts of the Virginia Innovation Partnership Corporation (VIPC) after elimination of all significant intercompany balances and transactions. VIPC is a non-stock, not-for-profit corporation, which acts as the operating arm of the Authority. The address for the administrative offices of the

Authority is 2214 Rock Hill Road, Suite 600, Herndon, Virginia 20170. The Auditor of Public Accounts audits the Authority, and a separate report is issued.

Virginia Economic Development Partnership (nonmajor) – The Partnership was created as a body corporate and operates to encourage, stimulate, and support the development and expansion of both domestic and international commerce in the Commonwealth. The Governor and the General Assembly appoints the 17-member board, and there is a financial benefit/burden to the primary government. The administrative offices are located at 901 East Cary Street, Suite 900, Richmond, Virginia 23219. The Auditor of Public Accounts audits the Partnership, and a separate report is issued.

Virginia Outdoors Foundation (nonmajor) – The Foundation was created as a body politic and is administratively assigned to the Department of Conservation and Recreation (part of primary government) and charged with promoting preservation through the acceptance of donated conservation easements and raising funds for the purchase of preservation land. The Governor appoints the 7-member board of trustees, and the primary government can impose its will on the Foundation. The administrative offices of the Foundation are located at 39 Garrett Street, Suite 200, Warrenton, Virginia 20186. Hicok, Brown & Company CPAs audits the Foundation, and a separate report is issued.

Virginia Port Authority (nonmajor) – The Authority was established as a political subdivision of the Commonwealth of Virginia and operates to serve the citizens and promote, develop and increase commerce at the ports of Virginia and other port related industries in the Commonwealth. The Governor appoints a majority of the 13-member board, and the primary government is able to impose its will on the Authority. There is also a financial benefit/burden to the primary government. The administrative offices of the Authority are located at 600 World Trade Center, Norfolk, Virginia 23510. PBMares, LLP, audits the Authority, and a separate report is issued.

Virginia Passenger Rail Authority (nonmajor) – The Authority is responsible for promoting, sustaining, and expanding the availability of passenger and commuter rail service including the administration of the capital expansion, infrastructure, and land acquisitions related to the Commonwealth's Transforming Rail in Virginia initiative. The Governor appoints the majority of the board, and the primary government is able to impose its will on the Authority. The address for the administrative offices of the Authority is 919 East Main Street, Suite 2400 Richmond, Virginia 23219. Cherry

Bekaert, LLP audits the Authority, and a separate report is issued.

Virginia Tourism Authority (nonmajor) – The Authority was created as a public body corporate and as a political subdivision of the Commonwealth. The Authority encourages, stimulates, and promotes tourism and film production industries of the Commonwealth. The Governor appoints all of the board members, and there is a financial benefit/burden to the primary government. The administrative offices are located at 901 East Cary Street, Suite 900, Richmond, Virginia 23219. The Auditor of Public Accounts audits the Authority.

Virginia Foundation for Healthy Youth (nonmajor) – The Foundation was created as a body corporate and as a political subdivision of the Commonwealth. The Foundation was established to determine the appropriate recipients of monies in the Virginia Tobacco Settlement Fund and to distribute monies in this fund for such efforts as restricting the use of tobacco products by minors and the enforcement of laws restricting the distribution of tobacco products to minors. The Governor appoints the majority of the board, and there is a financial benefit/burden to the primary government. The administrative offices are located at 701 East Franklin Street, Suite 500, Richmond, Virginia 23219. The Auditor of Public Accounts audits the Foundation.

Tobacco Region Revitalization Commission (nonmajor) – The Commission was created as a body corporate and as a political subdivision of the Commonwealth. The Commission was established to determine the appropriate recipients of the monies in the Tobacco Indemnification and Community Revitalization Fund. This fund provides monies to revitalize tobacco dependent communities. The Governor appoints the majority of the board, and there is a financial benefit/burden to the primary government. The administrative offices are located at 701 East Franklin Street, Suite 501, Richmond, Virginia 23219. The Auditor of Public Accounts audits the Commission.

Hampton Roads Sanitation District Commission (nonmajor) – The Commission was established as a political subdivision of the Commonwealth and a government instrumentality. The Commission, which is the governing board of the district, was granted corporate powers by the *Code of Virginia*. The Governor appoints the Commission members, who serve at his pleasure. Therefore, the primary government is able to impose its will on the Commission. The Commonwealth is not obligated by the debt of the Commission. The Commission was established to benefit the inhabitants of the district and operates a wastewater treatment system for 20 localities in

the Chesapeake Bay area. The address for the administrative offices of the Commission is 1434 Air Rail Avenue, Virginia Beach, Virginia 23455. Cherry Bekaert, LLP, audits the Commission, and a separate report is issued.

Virginia Biotechnology Research Partnership Authority (nonmajor) – The Authority is a legally separate, political subdivision of the Commonwealth created by the General Assembly to assist in the development of a biotechnology research park. The Governor appoints the board members of the Authority, and there is a potential financial benefit/burden to the primary government. The administrative offices of the Authority are located at 800 East Leigh Street, Richmond, Virginia 23219. The Auditor of Public Accounts audits the Authority, and a separate report is issued.

The Authority issued Series 2002 revenue bonds for specific customers. The Series 2002 revenue bonds were for a facility built specifically for the United Network for Organ Sharing. This bond is secured by a letter of credit and is payable solely from the payments made by the borrower under the loan agreement. None of these bonds constitutes a debt or pledge of the Authority or the Commonwealth. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

Virginia Small Business Financing Authority (nonmajor) – Section 2.2-2280 of the *Code of Virginia* established the Authority as a public body corporate and a political subdivision of the Commonwealth. The Governor appoints the 11-member board, and the primary government is able to impose its will on the Authority. The Authority was created to assist small businesses in the Commonwealth in obtaining financing for new businesses or the expansion of existing businesses. The Authority provides financial assistance to small businesses by providing loans, guarantees, insurance, and other assistance, thereby assisting small businesses in the Commonwealth with access to financing. The Authority provides direct loans to small businesses as defined by the *Code of Virginia* and to local governments for economic development purposes. The Authority also guarantees loans and provides credit support for loans made to small businesses by banks. The administrative offices of the Authority are located at 101 North 14th Street, 11th Floor, Richmond, Virginia 23218-0446. The Auditor of Public Accounts audits the Authority.

The Authority issues tax-exempt and taxable private activity bonds to provide financial assistance to private sector entities for the acquisition, construction, and expansion of capital projects deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments

received on the underlying mortgage loans. Neither the Authority nor the Commonwealth is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities on the accompanying financial statements.

Virginia School for the Deaf and Blind Foundation (nonmajor) – The Foundation operates as a nonprofit educational and fundraising organization solely in connection with, and exclusively for the benefit of, the Virginia School for the Deaf and Blind (part of primary government). The Foundation uses a December 31 calendar year-end. The administrative offices are located at Post Office Box 2069, Staunton, Virginia 24402.

Science Museum of Virginia Foundation (nonmajor) – The Foundation is a non-stock, nonprofit corporation established to implement and fund programs, projects, and operations that are authorized and approved by the trustees of the Science Museum of Virginia (part of primary government). There is a financial benefit/burden relationship to the primary government, and the economic resources of the Foundation are entirely for the direct benefit of the Commonwealth and its citizens. The administrative offices of the Foundation are located at 2500 West Broad Street, Richmond, Virginia, 23220. Keiter, CPAs, audits the Foundation, and a separate report is issued.

Virginia Commercial Space Flight Authority (nonmajor) – The Authority is a legally separate political subdivision of the Commonwealth created by the General Assembly to facilitate and coordinate scientific and technological research and development and to promote the industrial and economic development of the Commonwealth. The Governor appoints the 9-member board, and there is a potential financial benefit/burden to the primary government. The Commonwealth plans to transfer 1.0 percent of the Transportation Trust Fund revenue to the Authority annually. The administrative offices of the Authority are located at 4111 Monarch Way, Suite 303, Norfolk, Virginia 23508. Brown Edwards & Company, LLP, audits the Authority, and a separate report is issued.

Danville Science Center, Inc. (nonmajor) – The Center is a nonprofit corporation formed in 1994, for the purpose of implementing and funding those programs, projects and operations which are authorized and approved by the trustees of the Science Museum of Virginia (part of primary government). There is a financial benefit/burden to the primary government, and the economic resources of the Center are entirely for the direct benefit of the Commonwealth and its citizens. The administrative offices of the Center are located at 677 Craghead Street, Danville, Virginia 24541. Harris, Harvey, Neal & Company,

LLP, audits the Organization, and a separate report is issued.

Virginia Museum of Fine Arts Foundation (nonmajor) – The Foundation operates as a nonprofit corporation under the laws of Virginia to fund exhibitions, programs, and capital asset expansion to ensure that the Virginia Museum of Fine Arts (part of primary government) has the space and resources for art to help improve the quality of life for many. There is a financial benefit/burden to the primary government, and the economic resources of the Foundation are entirely for the direct benefit of the Commonwealth and its citizens. The administrative offices of the Foundation are located at 200 N. Arthur Ashe Boulevard, Richmond, Virginia 23220. FORVIS audits the Foundation, and a separate report is issued.

A. L. Philpott Manufacturing Extension Partnership (nonmajor) – The Partnership (operating as GENEDGE Alliance) has the mission to foster economic growth by enhancing the competitiveness of Virginia's manufacturers. GENEDGE provides manufacturing firms with fee-based technology consulting services, access to business modernization resources, and support for interfirm collaboration. Further, GENEDGE provides direct assistance to increase sales, decrease costs, and improve quality, productivity, and competitiveness. GENEDGE has a 24-member board of trustees, of which 21 are currently serving. The board consists of the presidents of two public four-year institutions of higher education; three community college presidents; one president of a private four-year institution of higher education; the director of Virginia Innovation Partnership Corporation; two members of the Governor's cabinet; and 15 citizen members, representing manufacturing industries, appointed by the Governor. There is also a financial benefit/burden to the primary government. The administrative office is located at 32 Bridge Street South, Suite 200B, Martinsville, Virginia 24112-6216. The Joachim Group CPAs & Consultants, LLC audits GENEDGE and a separate report is issued.

Fort Monroe Authority (nonmajor) – The Authority is a legally separate, political subdivision of the Commonwealth created by the General Assembly to assist in implementing a reuse plan for Fort Monroe. The Governor appoints a majority of the 14-member board, and there is a potential financial benefit/burden to the primary government. The administrative offices of the Authority are located at 20 Ingalls Road, Fort Monroe, Virginia 23651. Cherry Bekaert, LLP audits the Authority, and a separate report is issued.

Assistive Technology Loan Fund Authority (nonmajor) – The Authority was created as a political subdivision and public body corporate by

the *Code of Virginia*. The Governor appoints the board of directors as directed by the *Code*, and the primary government is able to impose its will on the Authority. The Authority manages a fund to provide loans to Virginians with disabilities to acquire assistive technology, other equipment, or other authorized purposes designed to help these individuals become more independent. The administrative offices are located at 1602 Rolling Hills Drive, Suite 107, Richmond, Virginia 23229. The Auditor of Public Accounts audits the Authority.

Virginia Land Conservation Foundation (nonmajor) – The Foundation was created as a body politic and corporate to serve the Department of Conservation and Recreation (DCR) (part of primary government) by acquiring interests in preservation land and providing grants to other entities to acquire interests in preservation land. The Governor appoints the 19-member board, and the primary government can impose its will on the Foundation. The administrative offices of the Foundation are located at 600 East Main Street, 24th Floor, Richmond, Virginia 23219. The Auditor of Public Accounts audits the Foundation as part of DCR.

Virginia Arts Foundation (nonmajor) – The Foundation was created as a body politic and corporate to serve the Virginia Commission for the Arts (part of primary government) by promoting the arts in the Commonwealth. The Governor appoints the board of trustees for the Virginia Commission for the Arts, which also serves as the board for the Virginia Arts Foundation. The Director of the Virginia Commission for the Arts serves as the board chairman. In addition, the primary government can impose its will on the Foundation. The administrative offices of the Foundation are located at 600 East Main Street, Suite 330, Richmond, Virginia 23219. The Auditor of Public Accounts audits the Foundation as part of the Virginia Commission for the Arts.

Library of Virginia Foundation (nonmajor) – The Foundation was created as a private, nonprofit 501(c)(3) corporation supporting the Library of Virginia (part of primary government). The articles of incorporation stipulate that the Foundation shall at all times be operated solely in connection with, and exclusively for the benefit of, the Library of Virginia. The Foundation is governed by a separate board of directors, and promotes and supports the Library of Virginia in all activities. The administrative offices of the Foundation are located at 800 East Broad Street, Richmond, Virginia 23219. Frank Barcalow CPA, PLLC, audits the Foundation, and a separate report is issued.

Virginia Health Workforce Development Authority (nonmajor) – The Authority is a legally separate public body corporate and a political

subdivision of the Commonwealth created by the General Assembly. The Authority facilitates the development of a statewide health professions pipeline. The Governor appoints a majority of the board members, and the primary government is able to impose its will on the Authority. The administrative offices of the Authority are located at 7818 E. Parham Road, Richmond, Virginia 23294. The Auditor of Public Accounts audits the Authority.

- (4) **Related Organizations** – Organizations for which the primary government appoints a majority of the board, but is not financially accountable, are related organizations. Related organizations are:

Tobacco Settlement Financing Corporation – The Corporation was created by the Tobacco Settlement Financing Corporation Act, Chapters 482 and 488 of the Acts of the General Assembly during the 2002 General Assembly Session. The Corporation is a public body corporate entity and an independent instrumentality of the Commonwealth, managed by a 6-member board, including the State Treasurer. The Corporation purchased all of the future tobacco settlement revenue allocated to the Tobacco Region Revitalization Commission (nonmajor component unit). Neither the Commonwealth's nor the Virginia Foundation for Healthy Youth's (nonmajor component unit) tobacco revenue was securitized. The administrative offices of the Corporation are located at 101 North 14th Street, 3rd Floor, Post Office Box 1879, Richmond, Virginia 23218-1879. CliftonLarsonAllen, LLP, audits the Corporation, and a separate report is issued.

Jamestown-Yorktown Educational Trust – The Trust was created as a nonprofit corporation by the *Code of Virginia* to assist the Jamestown-Yorktown Foundation (Foundation). The Trust board consists of no more than six members selected by the Foundation's board of trustees. Several Commonwealth officials serve as ex-officio members of the Foundation's board, and the Governor appoints 12 members. The Trust operates the Jamestown Settlement and American Revolution Museum at Yorktown gift shops and café. The address for the administrative offices of the Trust is Post Office Box 3605, Williamsburg, Virginia 23187. Keiter, CPAs audits the Trust, and a separate report is issued.

Virginia Birth-Related Neurological Injury Compensation Program – The Program was created to provide a no-fault alternative for birth-related neurological injuries. The Governor appoints the 9-member board. The administrative offices of the Program are located at 7501 Boulders View Drive, Suite 210, Richmond, Virginia 23225. Yount, Hyde &

Barbour, PC, audits the Program, and a separate report is issued.

Chesapeake Bay Bridge and Tunnel Commission – The Commission was created to establish policy and administer operations of the Chesapeake Bay Bridge Tunnel District. Any of the 11 members of the Commission appointed or reappointed on or after July 1, 1998, shall be appointed by the Governor, subject to confirmation by each house of the General Assembly. The administrative offices of the Commission are located at 32386 Lankford Highway, Cape Charles, Virginia 23310. Cherry Bekaert, LLP audits the Commission, and a separate report is issued.

C. Government-wide and Fund Financial Statements

The government-wide financial statements, the Statement of Net Position and the Statement of Activities, report information on all nonfiduciary activities of the primary government and component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Also, the primary government activity is reported separately from the legally separate component units for which the Commonwealth is financially accountable.

The Statement of Activities demonstrates the degree to which direct expenses of a specific function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function, segment, or component unit. In addition, to the extent that indirect costs are allocated to the various functions, the program expenses will include both direct and indirect costs. Program revenues include charges to customers who purchase, use, or directly benefit from goods or services provided by a given function, segment, or component unit, as well as investment income generated by operations. Program revenues also include grants, contributions, and investment income that are restricted to meeting the operational or capital requirements of a particular function, segment, or component unit. Taxes and other items properly excluded from program revenues are reported as general revenues.

Fund equity is restricted when constraints are placed on them that are imposed by external parties or constitutional provisions. When both restricted and unrestricted resources are available for use, the Commonwealth's policy is to use the restricted resources first. Some component units may follow a different policy. When committed, assigned, and unassigned resources are available for use, the Commonwealth's policy is to use the committed

resources first, assigned resources next, and unassigned resources last.

Separate financial statements are provided for governmental funds, proprietary funds, fiduciary funds, and component units. However, fiduciary funds are not included in the government-wide statements. Major governmental funds, enterprise funds, and component units are reported in separate columns in the fund financial statements, with nonmajor funds being aggregated into a single column.

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

Government-wide Financial Statements – The government-wide financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements – The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the primary government considers revenues to be available if they are collected within 60 days of the end of the current fiscal year (or one year for Medicaid). Significant revenues subject to accrual include federal grants and income and sales taxes. Income tax revenues for tax underpayments are only recognized to the extent of the primary government's estimated refunds for tax overpayments received. Revenues that the primary government earns by incurring obligations are recognized in the same period as when the obligations are recognized.

Expenditures generally are recorded when a liability is incurred, as under full accrual accounting. However, expenditures related to debt service, compensated absences, and claims and judgments are recorded only when the payment is due.

The primary government reports the following major governmental funds:

General Fund – Accounts for the transactions related to resources received and used for those services traditionally provided by a state government, and which are not accounted for in any other fund. These services include general government, legislative and judicial activities, public safety, health and behavioral health programs, resources and economic

development, licensing and regulation, and primary and secondary education.

Commonwealth Transportation Special Revenue Fund – Accounts for the revenues and expenditures associated with highway operations, maintenance, construction, and other transportation related activities. Funding for these programs is received from highway user taxes, fees, and funds received from the federal government.

Federal Trust Special Revenue Fund – Accounts for all federal dollars, including COVID-19 funding, received by the Commonwealth except those received by the Commonwealth Transportation Fund, the Unemployment Compensation Fund, certain Medicaid reimbursements recorded in the General Fund, the Grant Anticipation Revenue Notes and Build America Bond Subsidies reported in the Debt Service Fund, and component units.

Literary Fund Special Revenue Fund – Accounts for revenues from fines, forfeitures, and proceeds from unclaimed property used primarily to support public education in the Commonwealth. This fund provides low interest loans to school divisions for construction, renovations, and expansion of school buildings.

Proprietary Funds, Fiduciary Funds, and Component Units Financial Statements – The financial statements of the proprietary funds, fiduciary funds, and component units are reported using the economic resources measurement focus and the full accrual basis of accounting. As with the government-wide statements, revenues are recorded when earned and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Revenues and expenses not meeting this definition are reported as nonoperating.

Foundations' (component units) financial statements are prepared using the economic resources measurement focus and the full accrual basis of accounting. The financial statements are prepared under FASB rather than GASB standards. In some instances, activities of the foundations (component units) are reported separately within the footnotes because of the different reporting standards. Also, some foundations (component units) have an August 31st, December 31st, or

March 31st year-end rather than a fiscal year-end. Foundations (component units) with different year-ends are included in these financial statements for the year ending August 31, 2021, December 31, 2021, or March 31, 2022. Significant intrafund activity/balances between each higher education institution and their foundations have been eliminated.

The following amounts could not be eliminated due to the differing year-ends:

- University of Virginia (nonmajor component unit):
 - institution revenue of \$24.7 million
 - foundation assets of \$1.7 million
 - foundation liabilities of \$1.4 million
 - foundation expenses of \$17.6 million
- Old Dominion University (nonmajor component unit):
 - institution liabilities of \$42.9 million
 - foundation assets of \$36.0 million
- Longwood University (nonmajor component unit):
 - foundation assets of \$22.1 million
 - institution liabilities of \$21.8 million

The primary government reports the following major enterprise funds:

Virginia Lottery Fund – Accounts for all receipts and expenses of the Virginia Lottery.

Virginia College Savings Plan Fund – Administers the Defined Benefit 529 Program.

Unemployment Compensation Fund – Accounts for receipts from employers and expenses incurred to provide benefits to eligible unemployed workers.

Additionally, the primary government reports the following fund types:

Governmental Fund Types:

Special Revenue Funds – Account for transactions related to resources received and used for restricted, committed, or specific purposes.

Debt Service Funds – Account for transactions related to resources retained and used for the payment of interest and principal on bonds. Additionally, this fund includes the activity of the Hampton Roads Transportation Accountability Commission (blended component unit).

Capital Project Funds – Account for transactions related to resources received and used for the acquisition, construction, or improvement of capital facilities not reported in

the other governmental or proprietary funds with the exception of certain Virginia Public Building Authority (blended component unit) disbursements. The primary resource for these funds is the proceeds of bond issues and energy performance contracts. Principal uses are for construction and improvement of state office buildings, correctional and behavioral health facilities, and parks. Additionally, this fund includes the activity of the Hampton Roads Transportation Accountability Commission (blended component unit) for construction projects related to new or existing highways, bridges or tunnels in the localities comprising Planning District 23.

Permanent Funds – Account for transactions of the Commonwealth Health Research Fund and the Behavioral Health Endowment Funds whose principal must remain intact and whose income is used to benefit the Commonwealth's citizens and behavioral health patients.

Proprietary Fund Types:

Enterprise Funds – Account for transactions related to resources received and used for financing self-supporting activities of the primary government that offer products and services on a user-charge basis to external users.

Internal Service Funds – Account for transactions related to the financing and sale of goods or services provided by the agencies of the primary government to other agencies and institutions of the Commonwealth. Activities include the provision of information technology, manufacturing activities, insurance programs, fleet services, facilities and property management, engineering and payroll services.

Fiduciary Fund Types:

Private Purpose Trust Funds – Account for transactions that benefit individuals, organizations, and other governments; have a trust that meets GASB Statement No. 84 criteria; and are not required to be reported in another fiduciary fund type. These trusts include those for the Commonwealth-sponsored educational savings plan and other purposes.

Pension and Other Employee Benefit Trust Funds – Account for transactions of the Virginia Retirement System administered pension plans, other postemployment and employee benefit plans with trusts that meet GASB Statement No. 84 criteria.

Custodial Funds - External Investment Pool – Accounts for the external portion of the Local Government Investment Pool (LGIP) that is sponsored by the Commonwealth and does not have a trust that meets GASB Statement No. 84 criteria.

Custodial Funds - Other - Accounts for transactions similar to Private Purpose Trust Funds except they do not have a trust that meets GASB Statement No. 84 criteria. These funds include collection of sales tax and fees imposed by and distributed to localities, deposits of insurance carriers, child support collections, and other miscellaneous accounts.

E. Budgetary Process

Budgetary amounts shown in the Required Supplementary Information and Combining and Individual Fund Statements and Schedules sections represent the total of the original budgeted amounts and all supplemental appropriations. The Commonwealth's budget is prepared principally on a cash basis and represents appropriations as authorized by the General Assembly. Unexpended appropriations at the end of the fiscal year generally lapse. However, they may be reappropriated for expenditure in the following fiscal year. The Governor, as required by the *Code of Virginia*, submits a budget composed of all proposed expenditures for the Commonwealth, and of estimated revenues and borrowing for a biennium, to the General Assembly. Budgets are adopted for the General and Special Revenue Funds, except for the Literary (major special revenue) and Unclaimed Property (nonmajor special revenue) Funds. Formal budgetary integration is not employed for the Capital Projects (nonmajor governmental), Debt Service (nonmajor governmental), Permanent (nonmajor governmental), Literary (major special revenue) and Unclaimed Property (nonmajor special revenue) Funds because effective budgetary control is alternatively achieved through the General Fund and the remaining special revenue funds.

The budget is prepared on a biennial basis; however, the budgets of the General and Special Revenue Funds contain separate appropriations for each year within the biennial budget, as approved by the General Assembly and signed into law by the Governor. For management control purposes, the lowest level of budgetary control is the program level. The Governor may transfer an appropriation within a state agency or from one state agency to another, provided that total fund appropriations, as contained within the budget, are not exceeded without further General Assembly action. Additionally, the Governor may reduce appropriations up to 15.0 percent without further General Assembly action. Increases in General Fund appropriations must be approved by the General Assembly.

Appropriations for programs funded from Special Revenue Funds may allow expenditures in excess of the original appropriations to the extent that revenues of the funds exceed original budget estimates and such additional expenditures are approved by the Governor through supplemental appropriations.

F. Cash, Cash Equivalents, Investments and Derivatives

Cash

In order to maximize the Commonwealth's earning potential, the majority of the primary government's cash balances are pooled together in the general account for investment purposes. The amounts required for operations are liquidated as needed. Since all amounts not required for operations are held in investment securities, it is possible that the cash balances could be negative due to timing differences in liquidating the investments.

As of June 30, 2022, the General Fund had a negative cash balance of \$13.5 billion. In order to properly reflect the general account position, this negative cash balance has been eliminated in the accompanying statements and offset against the primary government's cash equivalents and investments (see Note 7).

Cash Equivalents

Cash equivalents are investments with an original maturity of 90 days or less.

Investments

Investments are principally comprised of monies held by component units, the Virginia Retirement System (the System), and monies held by the State Treasurer in both the general account and other fiduciary accounts. The System aggregates all funds that the Board of Trustees is responsible for investing and commingles these amounts for investing purposes. The System's pooled investments represent all cash and investment amounts reported in the Pension and Other Employee Benefit Trust Funds, the VRS Investment Portfolio and Volunteer Firefighters Rescue Squad Workers (custodial funds - other), the Commonwealth Health Research Board (permanent), and Federal Special Revenue (major).

The primary government's policy for managing interest rate risk, with the exception of the Virginia College Savings Plan (Virginia529) and the System, uses the segmented time distribution method.

Virginia529, for its investment portfolio reported as Defined Benefit 529 Program (major enterprise fund) and Defined Contribution 529 Program (private purpose trust fund), and the System, for the System's pooled investments, manage the interest rate risk using the effective duration methodology. To be consistent with management practices for each portfolio, the Commonwealth has elected to disclose the interest rate risk exposures, using the segmented time distribution for the primary government (excluding Defined Benefit 529, Defined Contribution 529, and the System's pooled investments) and the effective duration method for Defined Benefit 529, Defined Contribution 529, and the System's pooled investments. The Commonwealth discloses the

component unit's interest rate risk using the segmented time distribution method (see Note 7).

Governmental and proprietary funds, both primary government and component units, report investments in money market and in the Commonwealth sponsored investment pools at amortized cost which approximates fair value. All other investments, including investments in the Commonwealth sponsored Extended Maturity portfolio, are reported at fair value, in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, as amended by GASB Statement No. 72, *Fair Value Measurement and Application*. GASB Statement No. 72 provides guidance for determining fair value measurements using the level of fair value hierarchy and valuation techniques (see Note 7).

Investments administered by the System are reported at fair value, except for certain cash equivalents and other short-term, highly liquid investments are reported at amortized cost. The cost of investments sold is the average cost of the aggregate holding of the specific investment sold. For investments in limited partnerships, the System's share of the partnership's earnings or losses for the period are included in investment income.

Derivatives

Derivative instruments are financial contracts whose values depend on the values of one or more underlying assets, reference rates, or financial indexes (see Note 15).

G. Assets Held Pending Distribution

Assets held pending distribution include various assets that have been placed in safekeeping until final disposition has been determined.

H. Receivables

Receivables in the governmental funds consist primarily of the accrual of taxes and amounts relating to the Opioid Settlement, as well as receivables of the primary government's Medicaid program and up-front amounts to be received for a Service Concession Arrangement. Additionally, receivables include amounts to be received for debt service payments related to certain bonds. Receivables in the proprietary funds consist primarily of educational contribution receivables and unemployment compensation. Receivables of fiduciary funds are primarily the accrual of security transactions in the Pension and Other Employee Benefit Trust Funds. Receivables of the component units consist primarily of mortgage receivables, loans receivable, local school bonds receivable, patient receivables, student receivables, and lease receivables, for further details see the individually published financial statements. Receivables are recorded net of allowances for doubtful accounts (see Note 8).

I. Contributions Receivable, Net

Contributions Receivable reported by the foundations (component units) represents pledges or unconditional promises to give that have been discounted (see Note 9).

J. Internal Balances

Interfund receivables and payables have been eliminated from the Statement of Net Position, except for the residual amounts due between governmental and business-type activities (see Note 10).

K. Inventory

Inventories consist of materials and supplies and are reported as expenditures when consumed. These assets are classified as nonspendable fund balance. Inventories exceeding \$1.0 million of the General and the Special Revenue Funds are maintained at cost using the first-in, first-out (FIFO) methodology, except for the following:

- Department of Emergency Management (VDEM)
- Department of Health (VDH)
- Department of State Police (VSP)
- Virginia Department of Transportation (VDOT)

VDEM supply inventories are recorded in the Federal Trust Fund (major special revenue) using the average cost methodology and maintained at average cost. VDH supply inventories are recorded in the General (major), Federal Trust (major special revenue), and Health and Social Services (nonmajor special revenue) Funds using the FIFO methodology and are maintained at either cost or current market cost. VSP inventories are recorded in the General (major) and Other (nonmajor special revenue) Funds using the average cost methodology and are maintained at cost. VDOT inventories are recorded in the Commonwealth Transportation Fund (major special revenue) using the FIFO and average cost methodologies and are maintained at either cost or average cost.

In addition to inventories maintained as stated above, the following agencies reported donated inventory balances on hand as of June 30, 2022:

- Department of Behavioral Health and Developmental Services (DBHDS)
- Department of Health (VDH)
- Department of Juvenile Justice (DJJ)
- Virginia Department of Transportation (VDOT)

Inventories maintained by the Virginia Lottery (major enterprise fund) and the Virginia Industries for the Blind (nonmajor enterprise fund) are stated at cost using the average cost methodology.

Inventories maintained by the Virginia Museum of Fine Arts and the Consolidated Laboratory (nonmajor enterprise funds) are stated at cost using FIFO.

Inventories maintained by the Science Museum of Virginia (nonmajor enterprise fund) are stated at cost using LIFO.

Inventories maintained by the Alcoholic Beverage Control (nonmajor enterprise fund) are stated at average cost using the weighted average method.

Inventories maintained by Virginia Correctional Enterprises (internal service fund) are stated at the lower of cost or market using FIFO. Inventories maintained by the internal service funds except for Virginia Correctional Enterprises are stated at cost using FIFO.

Institutions of higher education (nonmajor component units) use several methods for inventory valuations, including cost using FIFO, the lower of cost or market using FIFO, or weighted average methods. Inventories maintained by the Virginia Port Authority and the Danville Science Center (nonmajor component units) are reported using the moving average unit cost methodology. Inventories at the gift shop run by the Library of Virginia Foundation and at the Hampton Roads Sanitation District Commission (nonmajor component units) are stated at lower of cost or market using the average cost methodology.

L. Prepaid Items

Prepaid assets for rent, insurance, and similar items are recognized when purchased and expensed when used.

M. Loans Receivable/Payable

Loans Receivable/Payable represents working capital advances between the primary government and component units (see Note 10).

N. Other Assets

Other Assets include those balances of a miscellaneous nature that are not specifically classified elsewhere. Additionally, it includes the Virginia Sickness and Disability Program Net Other Postemployment Benefit Plan Asset applicable to the proprietary funds (see Note 11).

O. Capital Assets

Capital assets of governmental funds are recorded as expenditures at the time of purchase and capitalized in the governmental activities column of the Government-wide Statement of Net Position. Capital assets of the other funds and component units are capitalized in the fund in which they are utilized. All other capital assets are depreciated/amortized on the straight-line basis over their useful lives (see Note 13).

Capital assets are stated at historical cost or, in some instances, estimated historical cost. Assets received pursuant to service concession arrangements and donated capital assets from entities external to the reporting entity are stated at acquisition value when

they are placed in service or at the time of donation, respectively. Asset transfers or donations from within the reporting entity are recorded at the carrying value of the transferring entity as required by GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*. The primary government capitalizes all equipment that has a cost or value greater than \$50,000 and expected useful life of greater than two years. The primary government capitalizes all land, water rights/easements, buildings, infrastructure, and software that have a cost or value greater than \$100,000 and an expected useful life of greater than two years. In addition, the primary government reports right-to-use intangible assets of equipment, land, and buildings with a present value of \$50,000 or greater and an expected useful life of more than one year. Selected agencies, business-type entities, and component units utilize a capitalization limit lower or higher than the primary government's established thresholds for various reasons. Accordingly, reported capital assets may include some items that cost less than those thresholds. Infrastructure, including highways, bridges, and rights-of-way, is capitalized using the historical approach and includes any assets acquired prior to fiscal year 1980.

The amortization of long-term lease contracts related to right-to-use intangible assets are reported separately from other capital assets as required by GASB Statement No. 87, *Leases*.

The primary government's capitalization policy regarding works of art/historical treasures is that capitalization is encouraged, but not required, for works of art/historical treasures that meet the following conditions:

- The collection is held for public exhibition, education, or research in furtherance of public service, rather than financial gain;
- The collection is protected, kept unencumbered, cared for and preserved; and,
- The collection is subject to an organizational policy that requires the proceeds from sales of collection items to be used to acquire other items for the collection.

The primary government capitalizes construction-in-progress when project expenditures, including construction of intangible assets, exceed \$100,000.

Expenditures are classified as construction-in-progress if:

- (1) They extend the asset life, improve productivity, or improve the quality of service; and,
- (2) They fall into the planning, acquisition, construction, improvement, renovation, repair, replacement, relocation, or demolition phase of the asset life.

The estimated lives of capital assets are as follows:

	<u>Years</u>
Buildings	10–75
Equipment	2–50
Infrastructure	5–50
Software	5–35

Selected agencies, business-type entities, and component units may utilize estimated lives and policies that differ from the above for various reasons.

P. Deferred Outflows of Resources

Deferred outflows of resources are a consumption of net assets by the government that is applicable to a future reporting period. Deferred outflows have a natural debit balance and, therefore increase net position similar to assets (see Notes 14, 15, 16, and 18).

Q. Accounts Payable

Accounts payable represent amounts, including salaries and wages, owed for goods and services received prior to year-end. In accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, accounts payable also includes payments for nonexchange transactions that met eligibility requirements prior to fiscal year-end (see Note 25).

R. Unearned Revenue

Unearned revenue represents monies received or revenues accrued but not earned as of June 30, 2022.

In the special revenue funds, unearned revenue is composed primarily of prepaid toll revenue, contributions from localities and private sectors for highway construction projects, multi-year vehicle registrations recorded in the Commonwealth Transportation Fund (major), federal grants (including COVID-19 funding) in the Federal Trust Fund (major), and multi-year motor vehicle safety inspections, emission inspections, mining permits, and hunting, fishing, and trapping licenses recorded in the Other and Health and Social Services Funds (nonmajor).

In the enterprise funds, a majority of unearned revenue represents online ticket monies received by the Virginia Lottery (major) for which corresponding drawings have not been held, test kits and certifications from Consolidated Labs (nonmajor) which are paid for prior to shipping and certification being performed, and online sales of product where customers prepay before picking up and gift cards in the Alcoholic Beverage Control (nonmajor).

Unearned revenue in the internal service funds primarily represents unearned premiums in the Risk Management Fund; advanced customer receipts in the Technology and Data Services Fund; and prepaid rent and work orders in the Property Management Fund.

Unearned revenue reported by higher education institutions (nonmajor component units) is primarily composed of revenue for student tuition accrued in advance of the semester and advance payments on grants and contracts. Unearned revenues in the other component units consist primarily of prepaid fees related to various future activities.

S. Unearned Taxes

Unearned taxes represent income taxes related to the period January through June 2022. This amount is the estimate to be refunded (overpayments by taxpayers) reduced by the estimate to be received (underpayments from taxpayers) that will be finalized when income tax returns are filed in subsequent years. Individual income tax estimated overpayments total \$994.1 million and estimated underpayments total \$1.8 billion. When underpayments exceed overpayments, revenue on the fund statements is only recognized to the extent of estimated overpayments. Since underpayments exceed overpayments for the individual income taxes, the unearned tax amount is zero for the fiscal year.

Corporate income tax estimated overpayments total \$63.5 million and estimated underpayments total \$125.9 million. When underpayments exceed overpayments, revenue on the fund statements is only recognized to the extent of estimated overpayments. Since underpayments exceed overpayments for the corporate income taxes, the unearned tax amount is zero for the fiscal year.

T. Obligations Under Securities Lending Program

In accordance with GASB Statement No. 28, *Accounting and Financial Reporting for Securities Lending Transactions*, liabilities resulting from these transactions have been recorded as obligations under securities lending transactions.

U. Due to Claimants, Participants, Escrows and Providers

Due to claimants, participants, escrows and providers represent monies that the Commonwealth is holding on behalf of third parties as of June 30, 2022. In governmental funds, the majority of the amount

represents unemployment benefit claims and estimated unclaimed and escheat property that the Commonwealth is holding until claimed by the rightful owner.

In the enterprise funds, the amounts represent payments due to benefit claimants and employers for tax overpayments in the Unemployment Compensation Fund (major) and to participants of the Defined Benefit 529 Program in the Virginia College Savings Plan (major).

In the private purpose trust funds, the amounts represent payments due to participants in the Defined Contribution 529 Program offered by the Virginia College Savings Plan.

In the Custodial Funds - Other, the amounts represent accounts of inmates, residents, and patients of the Commonwealth's correctional, and juvenile facilities.

V. Other Liabilities

Other liabilities represent amounts owed for various governmental and proprietary activities. Some of these amounts will be paid shortly after fiscal year-end (see Note 26).

W. Claims Payable

Claims payable, reported in the proprietary funds of the primary government, represent both health and liability insurance claims payable as of June 30, 2022. This includes both actual claims submitted, as well as actuarially determined claims incurred but not reported. Claims relating to the primary government's liability insurance programs are reported in the Risk Management – internal service fund and the Risk Management – nonmajor enterprise fund. Also, health insurance claims are reported in the Health Care – internal service fund, the Local Choice Health Care – nonmajor enterprise fund and Line of Duty – internal service fund and nonmajor enterprise fund (see Notes 24.A. and 24.B.). Claims payable reported by the Virginia Commonwealth University Health System Authority (a blended component unit of the Virginia Commonwealth University – nonmajor component unit) represents estimated malpractice, workers' compensation, and other insurance coverages claims payable amounts.

X. Long-term Liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or business-type activities column. The governmental fund statements reflect the portion of long-term liabilities that will be paid from expendable resources that represent payments to employees for separations that occurred prior to June 30, 2022. The proprietary fund statements and discrete component unit statements reflect total long-term liabilities and distinguish between those portions payable within one year and those payable in future years (see Note 27).

Bond premiums and discounts are amortized over the life of the bond. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs, excluding prepaid insurance, are expensed.

Expenditures for principal and interest payments for governmental fund general obligation bonds and revenue bonds are recognized in the Debt Service Fund (nonmajor) when due. In the General Fund (major) and special revenue funds, expenditures for principal and interest payments are recognized for long-term leases and installment purchases. In the fund statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures (see Note 27).

Y. Deferred Inflows of Resources

Deferred inflows of resources are an acquisition of net assets by the government that is applicable to a future reporting period. Deferred inflows have a natural credit balance and, therefore decrease net position similar to liabilities (see Notes 14, 15, 16, 18, and 38).

Z. Nonspendable Fund Balances

Nonspendable fund balances indicate that portion of fund balance that cannot be spent because it is either not in spendable form or is legally or contractually required to be maintained intact.

AA. Restricted Fund Balances

Restricted fund balances are amounts that have constraints placed on the use of resources that are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

BB. Committed Fund Balances

Committed fund balance includes amounts that must be spent for specific purposes that have been legislatively mandated by the Governor and General Assembly. Further action by the Governor and the General Assembly would be required to modify these commitments.

CC. Assigned Fund Balances

Assigned fund balances are amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. Assignments are identified by Commonwealth management pursuant to the

delegation of authority granted by the General Assembly and Governor specified in the Appropriation Act.

DD. Unassigned Fund Balances

Unassigned fund balance is the amount of fund balance that has not been assigned to other funds and has not been restricted, committed or assigned to specific purposes within the General Fund (major). The General Fund is the only fund that could potentially report a positive unassigned fund balance amount. For fiscal year 2022, there are no unassigned balances in the governmental funds.

EE. Cash Management Improvement Act

Included in Amounts Due to Other Governments is the Commonwealth's Cash Management Improvement Act (CMIA) interest liability to the federal government, which is calculated in accordance with the interest calculation and exchange provisions of the Federal Cash Management Improvement Act of 1990. The Commonwealth's interest liability is subject to review and final confirmation by the Bureau of the Fiscal Service (BFS) of the U.S. Treasury. If required, the payment is to be made on March 31 of the following year. Payment will be made from a sum sufficient appropriation authorized for this purpose by the Appropriation Act. The CMIA interest rate of exchange is based by law on the average of the bond equivalent rates of 13-week Treasury Bills auctioned during the annual reporting period as calculated by BFS.

FF. Investment Income

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, all investment income reported in the accompanying financial statements include changes in the fair value of investments and the amount reported may be negative. Additionally, the Commonwealth's policy is to record all unrealized gains or losses for the State Treasurer's Portfolio in the General Fund.

GG. Intrafund Eliminations

Eliminations have been incorporated into the report to eliminate intrafund transactions within the related fund type. These eliminations prevent overstatement of financial activity.

HH. Interfund Activity

Generally, the effect of interfund activity has been eliminated from the government-wide statements, with the exception of interfund services provided and used between functions. Elimination of these

activities would distort the direct costs and program revenues for the functions.

In the fund financial statements, transfers represent the movement of resources or the accrual to move resources between funds. For example, transfers are recorded when a fund receives revenue and subsequently disburses the resources to another fund for expenditure.

2. RESTATEMENT OF BEGINNING BALANCES

The beginning balance restatements resulted from the following:

Government-wide Activities

Governmental Activities

- The Commonwealth implemented GASB Statement No. 87, *Leases*, for the fiscal year ended June 30, 2022. This implementation resulted in the restatement of Governmental Activities by \$437,000.
- Capital Asset balances were restated by a total of \$25.7 million. The net asset overstatement is primarily attributable to errors by the Virginia Department of Transportation, Department of State Police, and Department of General Services.
- The Health and Social Services Fund (nonmajor special revenue) has been restated by \$11.3 million due to amounts that were previously reported in the Private Purpose Trust Fund relating to the Opioid Settlement.

Fund Statements

- The Health and Social Services Fund (nonmajor special revenue) has been restated by \$11.3 million as previously discussed.
- The Private Purpose Trust Fund has been restated by \$11.3 million due to amounts relating to the Opioid Settlement being reclassified to a Special Revenue Fund.
- The Property Management Fund (internal service) has been restated due to GASB Statement No. 87, by \$2,438, as previously discussed.

Component Units

The government-wide and fund statements were restated for GASB Statement No. 87 as mentioned previously.

- Virginia Housing Development Authority (major) has been restated by \$186,980.
- Various nonmajor component units have been restated by \$221.9 million.

3. NET POSITION/FUND BALANCE CLASSIFICATIONS

Fund Balance

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, improved the reporting of fund balance so that classifications are more easily understood and can be applied consistently between information reported in the government-wide financial statements and the governmental fund financial statements. The governmental fund balance classifications defined in GASB Statement No. 54 are: Nonspendable, Restricted, Committed, Assigned, and Unassigned.

Nonspendable fund balance includes inventories, prepaid items, and the principal of a permanent fund. These funds are not available for expenditure in the current or following period.

Restricted fund balance includes amounts that have constraints placed on the use of resources by the Constitution of Virginia or a party external to the Commonwealth.

Committed fund balance includes amounts that must be spent for specific purposes that have been legislatively mandated by the Governor and General Assembly.

Assigned fund balance represents amounts that the Commonwealth has identified for planned purposes but for which the intended use is not legislatively mandated. The assignments are identified by Commonwealth management pursuant to the delegation of authority granted by the General Assembly and Governor specified in the Appropriation Act. The following schedule includes committed and assigned amounts that share the same purpose and title. The distinction between these classifications results from whether there is a statutory restriction on certain amounts contained within the fund.

Unassigned fund balance for the General Fund represents the residual classification. As of June 30, no unassigned fund balance is reported for the General Fund (major). Additionally, a negative amount indicates that restricted and committed amounts exceed the available modified accrual basis fund balance. For fiscal year 2022, there are no unassigned balances in the governmental funds.

The governmental fund balance classifications and amounts as of June 30, 2022, are shown in the following table.

Governmental Fund Balance Classifications

(Dollars in Thousands)

	General Fund	Commonwealth Transportation	Federal Trust	Literary	Nonmajor Governmental	Total
Nonspendable						
Inventory	\$ 46,141	\$ 107,326	\$ 98,023	\$ —	\$ 6,520	\$ 258,010

4. DEFICIT FUND BALANCES/NET POSITION

The Virginia Lottery (major enterprise fund), the Department of General Services' Consolidated Laboratory Services Fund, the Department of Environmental Quality's Title V Air Pollution Permit Fund, the Virginia Museum of Fine Arts Gift Shop (nonmajor enterprise funds), the Personnel Management Information System Fund, and the Payroll Service Bureau (internal service funds) ended the year with deficit net positions of \$27.6 million, \$3.2 million, \$8.1 million, \$1.8 million, \$801,939, and \$2.5 million, respectively. This was solely attributable to the net pension liability resulting from GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, and the other postemployment benefits (OPEB) obligation resulting from GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

The Risk Management Fund (nonmajor enterprise fund) ended the year with a deficit net position balance of \$11.9 million. The deficit was a result of previous increases in claims liability for constitutional officers' programs exceeding premiums collected. Further, there are noncurrent liabilities related to net pension liabilities and other postemployment benefit obligations.

The Enterprise Application Fund (internal service fund) ended the year with a deficit net position balance of \$34.7 million. The deficit was a result of working capital advances for the Human Capital Management System and noncurrent liabilities related to net pension liabilities and other postemployment benefit obligations.

The Property Management Fund (internal service fund) ended the year with a deficit net position balance of \$24.3 million. The deficit was a result of the implementation of GASB Statement No. 87, *Leases*, where the lease liabilities exceeded the amortized lease assets. Further, there are noncurrent liabilities related to net pension liabilities and other postemployment benefit obligations.

The Risk Management Fund (internal service fund) ended the year with a deficit net position balance of \$215.3 million. The deficit was the result of the Worker's Compensation Program having estimated claims payable exceeding the available equity in the fund. Claims are paid on a pay-as-you-go basis. To the extent that claims exceed current resources, they will ultimately become a liability of the fund from which the claim originated. Further, there are noncurrent liabilities related to net pension liabilities and other postemployment benefit obligations.

The Virginia College Building Authority (major component unit) ended the year with a deficit net position balance of \$5.1 billion. This deficit occurs because the Authority issued bonds for the 21st Century College and Equipment programs subject to future appropriations from the General Fund of the Commonwealth without any other security. These future appropriations are not included as assets of the Authority. The General Assembly has never failed to appropriate funds to the Authority for payment of debt service on the Authority's bonds.

The Southern Virginia Higher Education Center (nonmajor component unit) ended the year with a deficit net position balance of \$2.3 million. This deficit is solely attributable to net pension liability and other postemployment benefit obligations.

5. REVENUE STABILIZATION FUND

In accordance with Article X, Section 8 of the Constitution of Virginia, the amount estimated as required for deposit to the Revenue Stabilization Fund must be appropriated for that purpose by the General Assembly.

Under the provisions of Article X, Section 8 of the Constitution of Virginia, a deposit of \$1.1 billion is required during fiscal year 2023 based on fiscal year 2021 revenue collections. Further, a deposit of \$904.7 million is required during fiscal year 2024 based on fiscal year 2022 revenue collections reduced by the estimated rebate amount that will be provided to taxpayers as required by Chapter 1, 2022 Acts of Assembly Special Session I, Item 3-5.24. The fiscal year 2022 revenue collections and mandatory deposit was certified by the Auditor of Public Accounts on October 31, 2022. The mandatory deposit of \$1.1 billion and deposit of \$904.7 million are reported as restricted components of fund balance.

In addition, Chapter 1, Item 274. C1, appropriated an advance reservation of \$498.7 million, which is included in the mandatory deposit of \$904.7 million, for any required deposit attributable to actual tax collections for fiscal year 2022 for deposit to the Revenue Stabilization Fund during the 2022-2024 biennium (see Note 6). This amount is included as part of the restricted component of fund balance.

Section 2.2-1829(b) of the *Code of Virginia* requires an additional deposit into the Fund when specific criteria have been met. The specified criteria were not met for fiscal year 2022 when using the original fiscal year 2023 revenue estimate established in Chapter 2. However, in anticipation of a revised fiscal year 2023 revenue estimate that may require an additional deposit, \$452.3 million was intended to be an assigned component of fund balance. However, since the negative unassigned fund balance resulting from modified accrual activity was offset against assignments pursuant to GASB reporting requirements, this amount is not part of assigned fund balance.

The Revenue Stabilization Fund has principal and interest on deposit of \$640.9 million restricted as a part of General Fund balance. Pursuant to the constitutional amendment of Article X, Section 8, effective January 1, 2011, the amount on deposit cannot exceed 15.0 percent of the Commonwealth's average annual tax revenues derived from taxes on income and retail sales for the preceding three fiscal years. As of June 30, 2022, the constitutional maximum is \$3.5 billion.

6. REVENUE RESERVE FUND

As of June 30, 2022, the fund has principal and interest on deposit of \$2.0 billion recorded in the Commonwealth's general ledger and reported as cash on the Balance

Sheet. Pursuant to Chapter 1, Item 274. C2, the general ledger balance includes the advance reservation of \$498.7 million for the fiscal year 2024 deposit to the Revenue Stabilization Fund (see Note 5). Accordingly, only \$1.5 billion of the general ledger cash balance is included as a committed component of fund balance. This amount is set aside to mitigate certain anticipated revenue shortfalls when appropriations based on previous revenue forecasts exceed expected revenues in subsequent forecasts.

Section 2.2-1831.2 and 2.2-1831.3 of the *Code of Virginia* established the Revenue Reserve Fund and specified required deposits to the Fund. Whenever there is a fiscal year in which there is not a mandatory deposit to the Revenue Stabilization Fund, a deposit is required if the general fund revenue exceeds the official estimate. No deposit is required in the Revenue Reserve Fund since there is a mandatory deposit for the Revenue Stabilization Fund based on fiscal year 2022 revenues.

Additionally, any required annual deposit cannot exceed 1.0 percent of the total general fund revenues for the prior fiscal year. The combined balance of the Revenue Reserve Fund and the Revenue Stabilization Fund cannot exceed 20.0 percent of the total Commonwealth's average annual tax revenues derived from taxes on income and retail sales for the preceding three fiscal years. As of June 30, 2022, the calculated maximum balance for the Revenue Reserve Fund is \$4.0 billion.

7. CASH, CASH EQUIVALENTS, AND INVESTMENTS

As of June 30, 2022, the carrying amount of cash for the primary government (including the Virginia Retirement System Pooled Investments) was \$12.6 billion and the bank balance was \$966.0 million. The carrying amount of cash for component units was \$3.5 billion and the bank balance was \$1.9 billion. Cash equivalents are investments with an original maturity of 90 days or less. Cash and cash equivalents for foundations (component units) totaled \$843.4 million as of year-end. A portion of this amount and some balances during the year exceeded Federal Deposit Insurance Corporation (FDIC) insurance coverage. Foundation investments are disclosed in the Interest Rate Risk section of this note. Note 7 includes investment derivatives for the primary government and excludes derivatives for the component units. For additional information concerning derivative instruments, see Note 15.

For purposes of this note, primary government includes governmental, business-type activities, and fiduciary funds. The deposits of the primary government and the component units, excluding foundations (component units), are secured in accordance with the provisions of the Virginia Security for Public Deposits Act, Section 2.2-4400 et seq. of the *Code of Virginia*. The act requires any public depository that receives or holds public deposits to pledge collateral to the Treasury Board to cover public deposits in excess of Federal deposit insurance. The required collateral percentage is determined by the Treasury Board and ranges from 50.0 percent to 100.0 percent for financial institutions choosing

the pooled method of collateralization, and from 105.0 percent to 130.0 percent for financial institutions choosing the dedicated method of collateralization. As stated in Note 1.FF, unrealized gains or losses for the State Treasurer's Portfolio are recorded in the General Fund. Public Depositors are required to secure their deposits pursuant to several applicable provisions of the law.

The Local Government Investment Pool Act, Section 2.2-4600 of the *Code of Virginia*, created the Local Government Investment Pool (Pool) program for the benefit of public entities of the Commonwealth. The Treasury Board of Virginia is granted administration of the Local Government Investment Pool (LGIP) and Local Government Investment Pool – Extended Maturity (LGIP EM) on behalf of the participating public entities of the Commonwealth. Participation in this pool is voluntary. Both LGIP and LGIP EM offer two professionally managed investment portfolios in accordance with the Investment of Public Funds Act. The LGIP portfolio is a diversified portfolio structured to provide public entities an investment alternative that seeks to minimize the risk of principal loss while offering daily liquidity, a stable Net Asset Value (NAV), and a competitive rate of return. The LGIP is not registered with the Securities Exchange Commission (SEC) as an investment company. The LGIP EM portfolio is a diversified portfolio with fluctuating NAV structured to provide an investment alternative to public entities who wish to invest monies not needed for daily liquidity. The fair value of the Commonwealth's position in the Pool is the same as the value of the Pool shares for all except for the LGIP EM whose shares fluctuate with changes in the market value of the portfolio.

Certain deposits are held by trustees in accordance with the Trust Subsidiary Act, Section 6.2-1057 of the *Code of Virginia*. The act requires that cash held by trustees while awaiting investment or distribution is not to be used by an affiliate bank of the trustee in the conduct of its business unless the affiliate bank delivers securities to the trust department as collateral that is at least equal to the fair value of the trust funds held on deposit in excess of amounts insured by the FDIC.

The Commonwealth is authorized, in accordance with the guidelines set forth in Section 2.2-4500 et seq. of the *Code of Virginia*, to invest public funds in the following:

- U.S. Treasury and agency securities
- Corporate debt securities
- Asset-backed securities
- Mortgage-backed securities
- Municipal securities
- AAA rated obligations of foreign governments
- Bankers' acceptances and bank notes
- Negotiable certificates of deposit
- Repurchase agreements
- Money market funds

Permitted investments include agency mortgage-backed securities, corporate or private label mortgage-backed securities, and asset-backed securities, which by definition usually expose the investor to prepayment risk. Prepayment risk, or the prepayment option granted the borrower, can create uncertainty concerning cash flows,

can affect the price of the security causing negative convexity, and can expose the investor to reinvestment risk. Similarly, many agency and corporate securities are callable after some predetermined date at a predetermined price. The call options in regular agency debentures and some corporate securities can be open ended and may significantly impact cash flows, security pricing, and reinvestment risks of these securities.

As of June 30, 2022, the State Treasurer held no security that was in default as to principal or interest. The State Treasurer, with the exception of one security in one component unit portfolio with a maturity of April 1, 2027, had no securities that were out of compliance with guidelines.

Public funds held by the Commonwealth, public officers, municipal corporations, political subdivisions, and any other public body of the Commonwealth shall be held in trust for the citizens of the Commonwealth. Any investment of such funds shall be made solely in the interest of the citizens of the Commonwealth and with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims.

Certain investments held in trust by the State Treasurer in accordance with bond indentures and resolutions may have more restrictive investment policies. Investment policies of component units are established by the entity's governing boards.

The information presented for the external investment pool was obtained from audited financial statements. Copies of the LGIP report may be obtained from the Department of the Treasury website at www.trs.virginia.gov.

The Board of Trustees (the Board) of the Virginia Retirement System (the System) (part of primary government) has full power to invest and reinvest the trust funds in accordance with Section 51.1-124.30 of the *Code of Virginia*, as amended. This section requires the Board to discharge its duties solely in the interests of members, retirees, and beneficiaries. It also requires the Board to invest the assets with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims. The Board must also diversify such investments so as to minimize the risk of large losses, unless under the circumstances, it is clearly prudent not to do so. The Board does not have investment policies that place specific restrictions on investments related to custodial risk, interest rate risk, credit risk, or foreign currency risk. The System's investment portfolio is intended to be managed through diversification and prudent judgment, rather than through specific policy restrictions.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of a depository bank failure, the Commonwealth may not be able to recover deposits or collateral securities that are in the possession of an outside party. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the Commonwealth may not be able to recover the value of its investment or collateral securities that are in the possession of an outside party.

Policies related to custodial credit risk pertaining to the Commonwealth's securities lending program are found in the securities lending section of this note.

As of June 30, 2022, the primary government (excluding the System's pooled investments) had \$16.5 million in bank balances that were uninsured and uncollateralized. There is no deposit policy that addresses custodial credit risk.

As of June 30, 2022, investment securities for the System (excluding cash equivalents and repurchase agreements held as securities lending collateral) were registered and held in the name of the System for the benefit of the System's trust and custodial funds and were not exposed to custodial credit risk. It is the standard practice and policy of the System, through the relevant provisions in its contracts and agreements with third parties, to minimize all known and reasonably foreseeable custodial credit risks.

As of June 30, 2022, component units had \$30.8 million in bank balances that were uninsured and uncollateralized, and \$17.9 million in bank balances that were uninsured and collateralized with securities held by the pledging financial institution. In addition, the Virginia Housing Development Authority (major) and Virginia Port Authority (nonmajor) held \$326.7 million and \$424.2 million, respectively, of investments, primarily commercial paper, that were uninsured and held by the counterparty as of June 30, 2022.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. As discussed in Note 1.F., the Commonwealth discloses the risk for its debt investments using the segmented time distribution method for the primary government (excluding the Virginia College Savings Plan's Defined Benefit 529 and Defined Contribution 529 programs and the Virginia Retirement System Pooled Investments) and component units and the effective duration method for Virginia College Savings Plan (Defined Benefit 529 and Defined Contribution 529 programs) and the System (Virginia Retirement System Pooled Investments).

The State Treasurer's guidelines limit the following maximum durations for any single security of the following investment types:

Security Type	Maximum Duration
Corporate Security	15 years
Asset-Backed Securities	5 years
Sovereign Government Obligations (excluding U.S.)	5 years
Negotiable Certificates of Deposit and Negotiable Bank Notes	5 years

The State Treasurer's guidelines further describe target durations for the overall general account portfolio of 1.7 years.

The Virginia College Savings Plan (Virginia529) manages the risk for fixed income investment securities held in its Defined Benefit 529 and Defined Contribution 529 programs using the effective duration methodology. Virginia529's Statements of Investment Policy and Guidelines do not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Although not an explicit requirement, duration of fixed income portfolios, if applicable, is expected to be within 20.0 percent of each portfolio's designated benchmark.

The System also manages the risk within its portfolio using the effective duration methodology. It is widely used

in the management of fixed income portfolios in that it quantifies, to a much greater degree, the risk of interest rate changes. The methodology takes into account optionality on bonds and scales the risk of price changes on bonds depending on the degree of change in rates and the slope of the yield curve. All of the System's fixed-income portfolios are managed in accordance with the System's investment guidelines, most of which are specific as to the degree of interest rate risk that can be taken.

As of June 30, 2022, the System's investments included \$2.1 billion, primarily in corporate bonds and notes, U.S. Treasury and agency securities, and supranational and non-U.S. Government bonds and notes, which are highly sensitive to interest rate fluctuations in that they have an option adjusted duration of greater than ten years. The resulting reduction in expected total cash flows affects the fair value of these securities.

As of June 30, 2022, the Commonwealth's investments subject to interest rate risk had the following maturities and weighted average effective durations.

Primary Government Investments

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The State Treasurer places emphasis on securities of high credit quality and marketability. At the time of purchase, the following limitations are in place:

- Bankers acceptances: At least two ratings of P-1/A-1/F1 by Moody's Investors Service (Moody's), Standard & Poor's (S&P), or Fitch
- Negotiable CDs and bank notes:
 - maturities of one year or less: At least two ratings of P-1/A-1/F1 by Moody's, S&P, or Fitch
 - maturities over one year: At least two ratings of Aa/AA/AA by Moody's, S&P, or Fitch
- Commercial paper: At least two ratings of P-1/A-1/F1 by Moody's, S&P, or Fitch
- Corporate Notes and Bonds: At least two ratings of A-3/A-/A- by Moody's, S&P, or Fitch. However, each external investment manager may invest up to 10.0 percent of their portfolio in Baa2/BBB rated bonds which, must be rated by two rating agencies and one of the two qualifying ratings shall be at least Baa2/BBB/BBB by Moody's, S&P, or Fitch.
- Municipal Bonds: A-3/A- or equivalent by two nationally recognized rating agencies, one of which must be Moody's or S&P
- Asset-backed securities: One of the two qualifying ratings shall be at least Aaa/AAA/AAA by Moody's, S&P, or Fitch
- Dollar denominated obligations of sovereign governments: Must be rated by two rating agencies with two qualifying ratings of at least Aaa/AAA/AAA by Moody's, S&P, or Fitch
- Commercial Mortgage-Backed Securities (CMBS) and Collateralized Mortgage Obligations (CMOs): Must be rated at least Aaa or AAA by two rating agencies. One of the two qualifying ratings shall be at least Aaa/AAA/AAA by Moody's, S&P, or Fitch.

The System's policy for credit risk is based on the concept of a risk budget rather than specific limitations related to the rating of an individual security. The System's risk budget is allocated among the different investment strategies.

Credit risk for derivative instruments held by the Commonwealth results from counterparty risk assumed by the Commonwealth. This is essentially the risk that the borrower will be unable to meet its obligation. Information regarding the Commonwealth's credit risk related to derivatives is found in Note 15.

Policies related to credit risk pertaining to the Commonwealth's securities lending program are found in the Securities Lending section of this note.

The following tables present the credit ratings for the investments of the primary government (excluding the Virginia Retirement System Pooled Investments), the System (Virginia Retirement System Pooled Investments), and component units as of June 30, 2022. The ratings presented are using Moody's, S&P, and Fitch rating scales. They are displayed from short-term to long-term.

Concentration of Credit Risk

Primary Government

Concentration of credit risk is related to the risk of loss that may be attributed to the magnitude of a government's investment in a single issuer. The State Treasury and the System have individual investment policies limiting the amounts that may be invested in any single issuer.

It is the State Treasurer's policy that each portfolio will be diversified with no more than 4.0 percent of the value of the fund invested in the securities of any single issuer. This limitation shall not apply to the U.S. Government, or agency thereof, or U.S. Government sponsored corporation securities and fully insured and/or collateralized certificates of deposit. Certain portfolios are limited to amounts less than 4.0 percent of the value of the fund invested in the securities of any single issuer. As of June 30, 2022, more than 5.0 percent of the Commonwealth's investments were in the Federal Farm Credit Bank, which totaled \$2.8 billion. Since these securities are exempted from the State Treasury investment policies, all investments are compliant with investment policies.

The System's investment guidelines for each specific portfolio also limit investments in any corporate entity to no more than 5.0 percent of the market value of the account for both the internally and externally managed portfolios. The System has no investments in any commercial or industrial organization whose fair value equals 5.0 percent or more of the System's fiduciary net position.

Foreign Currency Risk

Primary Government

Foreign currency risk is the risk that changes in exchange rates will adversely impact the fair value of an investment. All primary government investments exposed to foreign currency risk were part of the System, the Virginia College Savings Plan's (Virginia529) Defined Benefit 529 Program (major enterprise fund) and Defined Contribution 529 Program (fiduciary fund), and the Unclaimed Property (nonmajor special revenue fund) portfolios as of June 30, 2022. There is no investment policy related to foreign currency risk for the Unclaimed Property portfolio. Virginia529 has direct exposure to foreign currency risk through several investment mandates. Investment managers use currency forward contracts to hedge risks associated with currency fluctuations.

The System's foreign currency risk exposures, or exchange rate risk, primarily exist in the international and global equity investment holdings. The net realized gains and losses resulting from the settlement of foreign currency transactions and unrealized gains and losses associated with unsettled transactions are recorded in Investment Income in the Statement of Changes in Fiduciary Net Position. The Commonwealth's exposure to foreign currency risk as of June 30, 2022 is highlighted in the following tables.

Component Units

All nonmajor component unit investments exposed to foreign currency risk were part of James Madison University, the Virginia Economic Development Partnership, and the Virginia School for the Deaf and Blind Foundation as of June 30, 2022. None of these entities have investment policies related to foreign currency risk.

Fair Value Measurements

Primary Government

GASB Statement No. 72, *Fair Value Measurement and Application*, requires disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. The fair value hierarchy is based on the valuation inputs used to measure the fair value of assets.

- Level 1 inputs are quoted prices in active markets for identical assets;
- Level 2 inputs are significant other observable inputs and may include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, or model-driven valuations;
- Level 3 inputs are derived using valuation techniques that have significant unobservable inputs.

Investments that do not have a readily determinable fair value are excluded from the fair value hierarchy and instead are valued by using the net asset value (NAV) per share (or its equivalent). In instances where inputs used to measure fair value fall into different levels in the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant in the valuation.

The following tables summarize recurring fair value measurements for the cash equivalents and investments reported by the primary government (excluding Virginia Retirement System Pooled Investments) and the System (Virginia Retirement System Pooled Investments) as of June 30, 2022.

Fair Value Measurements - Primary Government (Excluding Virginia Retirement System Pooled Investments) (Dollars in Thousands)

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

- (1) Debt securities are classified as follows:
- Level 1 - valued using unadjusted quoted prices in active markets for those securities.
 - Level 2 - valued using a matrix pricing model and observable prices using dealer quotes for similar securities traded in active markets.
- (2) Equity securities are classified as follows:
- Level 1 - valued using unadjusted quoted prices in active markets for those securities.
 - Level 2 - valued using dealer quotes for similar securities traded in active markets.
 - Level 3 - valued using independent appraisals.
- (3) Investments reported at fair value established using the NAV were all part of the Virginia College Savings Plan's (Virginia529) Defined Benefit 529 and Defined Contribution 529 programs. The following tables (dollars in thousands) summarizes Defined Benefit 529 and Defined Contribution 529's investments measured at the NAV and related disclosures as of June 30, 2022. In some cases, the actual NAV has not been determined by the external fund or investment managers as of the fiscal year end and must be projected using a roll-forward process. The projected NAV is the value at the end of the prior quarter, adjusted for any contributions or distributions and an estimate of income and management fees. There is no adjustment for realized and unrealized gains and losses. Additional information is available in the Virginia529 individually published financial statements, which may be obtained at www.virginia529.com.

- **Equity Real Estate** – This investment type includes two limited partnerships. The UBS Trumbull Property Fund and The Related Real Estate Fund III's investment strategy is to invest primarily through direct equity-owned real estate assets. The funds also have flexibility to invest in joint venture and debt investments. Investments are generally acquired on an all-cash basis, however, debt may be used where these managers determine leverage is prudent and is expected to enhance total return without undue risk. The fair values of investments in this type have been determined using the NAV per share of Virginia529's ownership of the partnerships.
- **Private Debt and Private Equity Funds of Funds** – This investment type includes private equity funds of funds managed by 13 managers and four private debt funds. These investments cannot be redeemed from the fund. Capital is generally expected to be called during the initial four to five years and is expected to be returned through liquidations of underlying fund investments during the 3rd through 15th years. Secondary funds of funds may have an accelerated capital call and return of capital profile. Virginia529 invests in multiple funds with three of its private equity investment managers and is also diversified by vintage year with respect to these investments. The fair values of investments in this type have been determined using the March 31, 2022 NAV of Virginia529's ownership of the partnership, adjusted for cash flows (capital calls and distributions) through June 30, 2022.
- **Common Trust Funds & Other** – This investment type includes three common trust funds and one limited partnership. The fair value of investments in this type have been determined using the NAV per share of the investments.

Description of Defined Contribution 529 Investments Measured at the NAV:

Investments Measured at NAV	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common Trust Funds & Other				
Wellington Management Co. LLP	\$ 201,967	\$ —	Daily	N/A
Equity Real Estate				
UBS Realty Investors	32,695	—	Quarterly	60 Days
Blackstone Property Partners	65,008	—	Quarterly	90 Days
Total Investments Measured at the NAV	<u>\$ 299,670</u>			

- **Common Trust Funds & Other:** This investment type includes one common trust fund. The fair value of investments in this type have been determined using the NAV per share of the investments.
- **Equity Real Estate** – This investment type includes two limited partnerships. The UBS Trumbull Property Fund's investment strategy is to invest primarily through direct equity-owned real estate assets. The fund also has flexibility to invest in joint venture and debt investments. Investments are generally acquired on an all-cash basis, however, debt may be used where UBS determines leverage is prudent and is expected to enhance total return without undue risk. Blackstone Property Partners is an open ended commingled fund seeking core plus real estate investments in the U.S. and Canada. The fair values of investments in this type have been determined using the NAV per share of Virginia529's ownership of the partnership.

- (1) Debt securities are classified as follows:
- Level 1 - valued using unadjusted quoted prices in active markets for those securities.
 - Level 2 - valued using bid evaluations or matrix pricing techniques. Inputs to the valuation techniques may include market participants' assumptions, quoted prices for similar assets, benchmark yield curves, market corroborated inputs, and other data inputs.
 - Level 3 - valued using proprietary information.
- (2) Equity securities are classified as follows:
- Level 1 - valued using unadjusted quoted prices in active markets for those securities.
 - Level 2 - valued using quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; or model-driven valuations in which all significant inputs are observable.
 - Level 3 - valued using proprietary information or single source pricing. When observable inputs are not available, this results in using one or more valuation techniques, such as the market approach, the income approach, and/or the cost approach, for which sufficient and reliable data is available. Within this level, the use of the market approach generally consists of using comparable market transactions or other data, while the use of the income approach generally consists of the net present value of estimated future cash flows. The cost approach is often based on the amount that would currently be required to replace an asset with one of comparable utility.
- (3) The following table (dollars in thousands) summarizes the System's investments measured at the NAV per share (or its equivalent) and as a practical expedient are not classified in the fair value hierarchy. Cash equivalents and certain other short-term, highly liquid investments that are measured at amortized cost are also not classified in the fair value hierarchy. In some cases, the actual NAV has not been determined by the external fund or investment managers as of the System's fiscal year end and must be projected using a roll-forward process. The projected NAV is the value at the end of the prior quarter, adjusted for any contributions or distributions and an estimate of income and management fees. There is no adjustment for realized and unrealized gains and losses.

- **Equity Long/Short Hedge Funds** – This type included investments in ten hedge funds at June 30, 2022, which invest in global long and short equity positions. Management of each hedge fund has the ability to invest from value to growth strategies, from small to large capitalization stocks and may vary net exposure considerably. The fair values of the investments in this type have been determined using the NAV per share of the investments. Investments representing approximately 25.0 percent of the value of the investments in this type of fund cannot be redeemed because the investments include restrictions that do not allow redemption in the first 12 to 60 months after acquisition. The remaining restriction period for these investments was within 12 months at June 30, 2022.
- **Equity Long-Only Hedge Funds** – This type included an investment in four hedge funds at June 30, 2022, which invest in global long-only equity positions. These hedge funds are generally fully invested and only very occasionally may take short positions for hedging purposes. The fair value of the investment in this type has been determined using the NAV per share of the investments. Investments representing approximately 61.0 percent of the value of the investments in this type of fund cannot be redeemed because the investments include restrictions that do not allow redemption in the first 12 to 60 months after acquisition. The remaining restriction period for these investments was less than 12 months at June 30, 2022.
- **Credit Hedge Funds** – This type included investments in one hedge fund at June 30, 2022, which invests in event-driven, distressed and special situation credit opportunities. The fair values of the investments in this type have been determined using the NAV per share of the investments. At June 30, 2022, there were no restrictions preventing the redemption of any of the investments in this category during the next 12 months.
- **Multi-Strategy Hedge Funds** – This type included investments in eight hedge funds at June 30, 2022, which invest in multiple asset classes, combining exposure to balance risks. Such exposure can include traditional and alternative investments. The fair values of the investments in this type have been determined using the NAV per share of the investments. Investments representing approximately 9.0 percent of the value of the investments in this type of fund cannot be redeemed because the investments include restrictions that do not allow redemption in the first 12 to 48 months after acquisition. The remaining restriction period for these investments was 1 to 12 months at June 30, 2022.
- **Credit Strategies Funds** – This type consists of many fund categories, including bank loan and direct lending funds, distressed debt funds, mezzanine debt funds, multi-strategy funds and opportunistic funds. The fair value of the investments in these funds have been determined using the NAV per share of the investments. The nature of the investments in this type is that distributions are received through the liquidation of the underlying assets in the fund. It is expected that hold periods for the underlying fund assets will range from 3 to 8 years.
- **Private Equity Funds** – This type consists of many fund categories including Venture Capital, Buyout, Subordinated Debt, Growth Capital, Turnaround, Energy and Special Situations. The fair value of the investments in these funds have been determined using the NAV per share of the investments. The nature of the investments involves receiving distributions through liquidation of the underlying fund assets. It is expected that hold periods for the underlying fund assets will range from 3 to 8 years.
- **Equity International Commingled Funds** – This type includes investments in eight institutional investment funds at June 30, 2022, which invest in international equities. These funds employ a variety of investment strategies in global developed and emerging markets. The fair values of the investments in these funds have been determined using the NAV per share of the investments. Redemptions can be made from these funds, given the appropriate notice, any regular trading day on the NYSE.
- **Fixed Income Commingled Funds** – This type consists of nine institutional investment funds that invest in U.S. and multi-national fixed income markets. The fair values of the investments in these funds have been determined using the NAV per share of the investments.
- **U.S. Equity Commingled Funds** – This type includes an investment in two institutional investment funds at June 30, 2022, which invest in domestic equities. The fair values of the investments in these funds have been determined using the NAV per share of the investment. Redemptions can be made from these funds, given the appropriate notice, any regular trading day on the NYSE.
- **Real Assets** – This type includes investments in many fund categories including Private Investment Real Estate, Private Real Estate Investment Trusts, Infrastructure and Natural Resources. The fair value of the investments in these funds have been determined using the NAV per share of the investments. The nature of the investments in this type is that distributions are received through income as well as the liquidation of the underlying assets in the fund. If these investments were held, it is expected that the underlying assets of the funds would be liquidated over 1 to 14 years.

Component Units

The following table summarizes fair value measurements for the cash equivalents and investments reported by the component units as of June 30, 2022. The table excludes cash equivalents and investments measured at fair value by the foundations that follow FASB standards.

(1) Debt securities are classified as follows:

- Level 1 - valued using unadjusted quoted prices in active markets for those securities.
- Level 2 - valued based on quoted prices for similar securities in active markets or quoted prices for identical or similar securities in markets that are not active.

(2) Equity securities are classified as follows:

- Level 1 - valued using unadjusted quoted prices in active markets for those securities.
- Level 2 - valued using significant other observable inputs.
- Level 3 - valued using unobservable inputs and may include assumptions of management.

(3) The following nonmajor component units reported investments at fair value established using the NAV: Old Dominion University, Virginia Commonwealth University (VCU), Virginia Commonwealth University Health System Authority (blended component unit of VCU), College of William and Mary, Virginia Military Institute, Virginia State University, Virginia Biotechnology Research Partnership Authority, Virginia Outdoors Foundation, and Virginia Polytechnic Institute and State University. Additional information is available in the separately issued financial statements.

Securities Lending

The State Treasury's securities lending program is managed by Deutsche Bank AG, New York (Deutsche Bank), under a contract dated March 28, 2014, amended February 22, 2022. The enabling legislation for the securities lending program is Section 2.2-4506 of the *Code of Virginia*. No violations of legal or contractual provisions were noted during the year. The general account participated in a securities lending program for the entire fiscal year.

All securities lending loans are on an open-ended or one-day basis and may be terminated by the State Treasury with a 24-hour notice or are term loans with the right of substitution. While all securities may be recalled on a daily basis, securities are often on loan for much longer periods. Generally, cash reinvestments security maturities do not match the maturities of loans. Per the contract with Deutsche Bank, all cash collateral reinvestment securities attributable to loans made on the Commonwealth's behalf shall be maintained by Deutsche Bank, and the State Treasury cannot pledge or sell such collateral absent a default.

The State Treasury's contract with Deutsche Bank provides for loss indemnification against insolvency default with respect to lending transactions and in the case of reverse transactions (Repurchase Agreements) as defined in the applicable Agency Securities Lending and Repurchase Agreement. Additionally, Deutsche Bank AG is liable for any losses experienced from reinvestment of cash collateral in investments not authorized by the provisions of the investment guidelines for the Commonwealth of Virginia agreed upon by both parties and made a part of the Agency Securities Lending and Repurchase Agreement. There were no realized losses resulting from default during this reporting period.

When securities are loaned, the collateral received is at least 100.0 percent of fair value of the securities loaned and must be maintained at 100.0 percent or greater. There are no stated restrictions on the amount of securities that may be loaned, but the basic composition of the general account portfolio effectively restricts the maximum percentage of the portfolio that may be loaned. During the last fiscal year, approximately 11.0 percent of the general account securities were on loan.

During the past year, a combination of U.S. Treasury, agency, agency mortgage and corporate securities have been loaned, with the majority of the loaned securities being U.S. Treasury and agency securities. As of June 30, 2022, all collateral received was in the form of cash.

Securities loaned for the State Treasurer's cash collateral reinvestment pool, which consisted of 97.8 percent general account funds and 2.2 percent Virginia Lottery funds as of June 30, 2022, had a carrying value of \$2.96 billion and a fair value of \$2.86 billion. The fair value of the collateral received was \$2.90 billion providing for coverage of 101.5 percent. At year-end, the State Treasury's securities lending program had no credit risk exposure to borrowers because the amounts it owed the borrowers exceeded the amounts the borrowers owed Treasury's securities lending program. All securities are marked to market daily. The carrying value of the cash collateral reinvestment pool received was \$2.90 billion and the cost of the investments purchased with the cash collateral was \$2.90 billion. As of June 30, 2022, the State Treasurer's cash collateral reinvestment pool had an unrealized gain of \$1.5 million, and is recorded in the General Fund as stated in Note 1.FF. This amount is included in the total State Treasurer's Portfolio discussed earlier in this note.

Cash collateral reinvestment guidelines were amended effective April 16, 2014. Approved investment instruments include Indemnified Repurchase Agreements marked to market daily and preapproved Government Money Market Funds. Term repurchase agreements are limited to 93 days. As of June 30, 2022, 94.3 percent of cash collateral reinvestments were in indemnified repurchase agreements and 5.7 percent were in BlackRock FedFunds Constant NAV Money Market fund.

As of June 30, 2022, the cash collateral reinvestment portfolio had a weighted average maturity to reset date of one day. Using the expected maturity date, the weighted average maturity was 34 days and using the final maturity date, which assumes no pay downs on any asset-backed or mortgage-backed securities, the weighted average maturity was 34 days.

As of June 30, 2022, the cash collateral reinvestment portfolio was in compliance with the State Treasury's current cash collateral reinvestment guidelines.

Under authorization of the Board, the System lends its fixed income and equity securities to various broker-dealers on a temporary basis. This program is administered through an agreement with the System's custodial agent bank. All security loan agreements are collateralized by cash, securities, or an irrevocable letter of credit issued by a major bank, and have a fair value equal to at least 102.0 percent of the fair value for domestic securities and 105.0 percent for international securities. Securities received as collateral cannot be pledged or sold by the System unless the borrower defaults. Contracts require the lending agents to indemnify the System if the borrowers fail to return the securities lent and related distributions and if the collateral is inadequate to replace the securities lent. All securities loans can be terminated on demand by either the System or the borrowers.

The majority of loans are open loans, meaning the rebate is set daily. This results in a maturity of one or two days on average, although securities are often on loan for longer periods. The maturity of loans generally does not match the maturity of collateral investments, which averages 6.6 days. At year-end, the System had no credit risk exposure to borrowers because the amounts it owes the borrowers exceeded the amounts the borrowers owe the System. All securities are marked to market daily and carried at fair value. The fair value of securities on loan as of June 30, 2022, was \$8.0 billion. The June 30, 2022, balance was composed of U.S. Government and agency securities of \$3.1 billion, corporate and other bonds of \$1.2 billion, common and preferred stocks of \$3.7 billion and supranational and non-U.S. Government bonds of \$49.2 million. The value of collateral (cash and non-cash) as of June 30, 2022, was \$8.6 billion.

As of June 30, 2022, the invested cash collateral had a fair value of \$4.6 billion and was composed of negotiable certificates of deposit of \$380.6 million, floating rate notes of \$2.1 billion, commercial paper of \$520.3 million, time deposits of \$731.6 million, supranational and non-U.S. government bonds of \$45.1 million, fixed-rate corporate and other bonds of \$3.1 million and repurchase agreements of \$889.3 million.

8. RECEIVABLES

The following schedule (dollars in thousands) details the accounts, loans, local school bonds, interest, taxes, educational contributions, security transactions, service concession arrangement upfront payments, and other receivables presented in the major funds, aggregated nonmajor funds by type, internal service funds, fiduciary funds, major component units, and aggregated nonmajor component units, as of June 30, 2022.

	Accounts Receivable	Loans / Mortgage Receivable	Local School Bonds Receivable	Interest Receivable	Taxes Receivable
Primary Government:					
General (1)	\$ 1,364,478	\$ 239	\$ —	\$ 570,281	\$ 3,118,712
Major Special Revenue Funds:					
Commonwealth Transportation (2)	172,183	223,244	—	747	426,128
Federal Trust	3,776,224	—	—	—	—
Literary	306,575	50,070	—	47,022	—
Nonmajor Governmental Funds (2) (3)	659,796	7,221	—	25,819	11,510
Major Enterprise Funds:					
Virginia Lottery	56,094	—	—	—	—
Virginia College Savings Plan	12,343	—	—	6,659	—
Unemployment Compensation	407,254	—	—	—	—
Nonmajor Enterprise Funds	61,767	—	—	—	—
Internal Service Funds	28,890	—	—	—	—
Private Purpose Trust Funds	14	—	—	14,184	—
Pension and Other Employee Benefit Trust Funds (4)	280,875	—	—	229,591	—
Custodial Funds - External Investment Pool	—	—	—	6,438	—
Custodial Funds - Other (4)	4	83	—	156	243,882
Total Primary Government (5)	\$ 7,126,497	\$ 280,857	\$ —	\$ 900,897	\$ 3,800,232
Discrete Component Units:					
Virginia Housing Development Authority (6)	\$ —	\$ 6,777,286	\$ —	\$ 28,500	\$ —
Virginia Public School Authority (7)	—	—	3,698,556	56,854	—

Virginia College Building Authority	—	—	—	15,924	—
Nonmajor Component Units (8)	2,822,083	127,508	—	6,265	7,642
Total Component Units	\$ 2,822,083	\$ 11,355,832	\$ 3,698,556	\$ 141,553	\$ 7,642

Note (1): The General Fund (major) reports pending investment transactions of \$121,256 (dollars in thousands) as Other Receivables.

Note (2): The loans receivable in the Commonwealth Transportation Fund (major) includes \$184.6 million from the Virginia Transportation Infrastructure Bank as discussed in Note 21.D. In the nonmajor governmental funds, it represents the amounts to be received for current debt service requirements. The amount to be received for long-term debt service requirements of \$53.7 million is included in the government-wide statements but excluded from the above amounts.

Note (3): Nonmajor governmental funds includes \$378.5 million in account receivables, which includes \$275.5 million that will be received greater than one year. This receivable represents the Commonwealth's share of the National Opioid Settlement that will assist with the abatement of the opioid epidemic.

Note (4): In the Pension and Other Employee Benefit Trust Funds and Custodial Funds - Other, Interest Receivable of \$229,747 (dollars in thousands) also includes dividends receivable. Additionally, of the total reported as Other Receivables, \$56,876 (dollars in thousands) are made up of \$25,744 (dollars in thousands) in pending investment transactions, which includes \$1,903 (dollars in thousands) in external investment manager receivable, \$8,751 (dollars in thousands) in foreign exchange receivable, \$13,163 (dollars in thousands) in real assets, and \$1,927 (dollars in thousands) in securities lending; and \$31,132 (dollars in thousands) in other receivables related to benefit plans.

Note (5): Fiduciary net receivables in the amount of \$2,991,238 (dollars in thousands) are not included in the Government-wide Statement of Net Position.

Note (6): The Virginia Housing Development Authority (major component unit) reports \$6,404,851 (dollars in thousands) as Restricted Loans/Mortgage Receivable, \$25,507 (dollars in thousands) as Restricted Interest Receivable, and \$470,995 as Restricted Other Receivables.

Note (7): The Virginia Public School Authority (major component unit) reports \$3,698,556 (dollars in thousands) as Restricted Local School Bonds Receivable and \$56,827 (dollars in thousands) as Restricted Interest Receivable. This amount will be used to repay the Authority's bonds.

Note (8): Other Receivables of the nonmajor component units are primarily comprised of the following (dollars in thousands): pledges receivable of \$199,805 reported by the University of Virginia; third-party settlements and non-patient receivables of \$91,307 reported by Virginia Commonwealth University Health System Authority (blended component unit of Virginia Commonwealth University-VCUHS); \$51,991 reported by foundations of the higher education institutions representing FASB reporting entities defined in Note 1.B.; and \$146,549 reported by the Virginia Port Authority (VPA), \$14,862 reported by Fort Monroe Authority (FMA), and \$4,204 reported by the Virginia Museum of Fine Arts Foundation. \$61.6 million and \$14.4 million of the amounts reported by VPA and FMA, respectively, were for lease receivables. Other receivables also include lease receivables of \$48.3 million reported by various higher education institutions, excluding foundations.

Educational Benefits Receivable	Security Transactions	Service Concession Arrangement Upfront Payments	Other Receivables	Allowance for Doubtful Accounts	Net Accounts Receivable	Amounts to be Collected Greater than One Year

9. CONTRIBUTIONS RECEIVABLE, NET

The following schedule details the contributions receivable for foundations⁽¹⁾ included with the nonmajor component units, as of June 30, 2022. The major component units reported no contributions receivable for fiscal year 2022.

(Dollars in Thousands)

	Due in Less Than One Year	Due Between One and Five Years	Due in More Than Five Years	Subtotal	Present Value Discount (2)	Allowance for Doubtful Accounts	Contributions Receivable, Net
Discrete Component Units:							
Nonmajor Component Units	\$ 240,100	\$ 300,890	\$ 130,475	\$ 671,465	\$ (53,117)	\$ (31,950)	\$ 586,398
Total Component Units	<u>\$ 240,100</u>	<u>\$ 300,890</u>	<u>\$ 130,475</u>	<u>\$ 671,465</u>	<u>\$ (53,117)</u>	<u>\$ (31,950)</u>	<u>\$ 586,398</u>

Note (1): Foundations represent FASB reporting entities defined in Note 1.B.

Note (2): The discount rate used to determine present value ranges from 0.1 percent to 6.0 percent.

10. INTERFUND AND INTER-ENTITY ASSETS / LIABILITIES

Due from/to Other Funds

Due from Other Funds are amounts to be received from one fund by another fund for goods sold or services rendered. Due to Other Funds are amounts owed by one fund to another fund for goods purchased or services obtained.

The following line items are included in the category "Due from Other Funds":

- Due from Other Funds
- Due from Internal Parties (Governmental Funds and Business-type Activities)
- Due from External Parties (Fiduciary Funds)

The following line items are included in the category "Due to Other Funds":

- Due to Other Funds
- Due to Internal Parties (Governmental Funds and Business-type Activities)
- Due to External Parties (Fiduciary Funds)

The following schedule shows the Due from/to Other Funds as of June 30, 2022.

Schedule of Due from/to Other Funds

Total Primary Government	<u>\$ 350,084</u>	Total Primary Government	<u>\$ 350,084</u>

Due from/to Primary Government and Component Units

Included in this category is activity between the Commonwealth and its component units, as well as activity between component units.

A due from primary government amount that is due from the Commonwealth Transportation Fund (major special revenue) to the Virginia Passenger Rail Authority (nonmajor component unit) of \$16.5 million is for Commonwealth Rail Funds.

A \$106.7 million due from primary government amount that is due from the General Fund (major governmental) to the higher education institutions (nonmajor component units) is for payments awaiting disbursements and appropriations available for capital projects and other programs. The General Fund reports \$7.9 million in the fund financial statements and an additional \$98.8 million in the government-wide financial statements.

A due from primary government amount that is due from the Virginia Public Building Authority (capital projects fund - nonmajor governmental fund) to the Virginia Port Authority (nonmajor component unit) of \$20.8 million represents bond revenue to be used for capital projects.

A \$15,521 due to primary government amount from the Virginia Passenger Rail Authority (nonmajor component unit) to the Commonwealth Transportation Fund (major special revenue) is for reimbursement of administrative support and grant expenditures.

A \$27.9 million due from component units in the Health Care Fund (internal service fund) represents amounts due from the nonmajor component units.

A \$1.7 million due from component units represents monies owed for administrative and project expenses from the Science Museum of Virginia Foundation (nonmajor component unit) to a nonmajor governmental fund. The entire nonmajor governmental amount is reported in the government-wide financial statements.

The \$113.3 million due from component units amount represents amounts due from the Virginia College Building Authority (major component unit) for the Department of the Treasury's reimbursement programs to higher education institutions (nonmajor component units).

Due from/to Component Units and Fiduciary Funds

A \$42.7 million due from component units in the Pension and Other Employee Benefit Trust Funds (fiduciary funds) represents amounts due from nonmajor component units.

Loans Receivable/Payable Between Primary Government and Component Units

The \$188.4 million in loans receivable from primary government represents loans from the Virginia Public School Authority (VPSA) (major component unit) to the Literary Special Revenue Fund (major governmental fund). The VPSA makes grants to local school divisions to finance the purchase of educational technology and security equipment. The VPSA makes these grants using the proceeds of notes issued for that purpose, which will be repaid from appropriations to be made by the Virginia General Assembly from the Literary Special Revenue Fund (major governmental fund).

11. OTHER ASSETS

The following table summarizes Other Assets as of June 30, 2022.

(Dollars in Thousands)

	Cash and Travel Advances	Net OPEB Asset (1)	Other Assets	Total Other Assets
Primary Government:				
General	\$ 1,497	\$ —	\$ —	\$ 1,497
Major Special Revenue Funds:				
Commonwealth Transportation	281	—	—	281
Federal Trust	1,874	—	—	1,874
Nonmajor Governmental Funds	671	—	—	671
Major Enterprise Funds:				
Virginia Lottery	1	1,614	—	1,615
Virginia College Savings Plan	—	814	—	814
Nonmajor Enterprise Funds	430	6,187	40	6,657
Internal Service Funds (2)	—	3,667	43,354	47,021
Custodial Funds - Other (3)	—	—	2	2
Total Primary Government	<u>\$ 4,754</u>	<u>\$ 12,282</u>	<u>\$ 43,396</u>	<u>\$ 60,432</u>
Discrete Component Units:				
Virginia Housing Development Authority (4)	\$ —	\$ —	\$ 59,924	\$ 59,924
Virginia Resources Authority	—	—	530	530
Nonmajor Component Units (5)	3,945	—	150,881	154,826
Total Component Units	<u>\$ 3,945</u>	<u>\$ —</u>	<u>\$ 211,335</u>	<u>\$ 215,280</u>

- Note (1): Other noncurrent assets in the proprietary funds represent the Virginia Sickness and Disability Program Net OPEB Asset applicable to the respective fund. The proprietary fund amounts are reclassified to Other Restricted Assets in the Government-wide Statement of Net Position.
- Note (2): Of the \$43,354 (dollars in thousands) shown above, \$41,818 (dollars in thousands) and \$1,536 (dollars in thousands) represent Technology and Data Services and Virginia Correctional Enterprises, respectively, amounts due from various governmental funds that will not be received within 60 days. These amounts are reclassified to an internal balance on the Government-wide Statement of Net Position.
- Note (3): Custodial Funds - Other amount of \$2,000 shown above is not included in the Government-wide Statement of Net Position.
- Note (4): Other Assets of the Virginia Housing Development Authority are comprised primarily of mortgage servicing rights and other real estate owned.
- Note (5): Other Assets of the nonmajor component units are primarily comprised of miscellaneous items spread among the higher education institutions and related foundations as well as the nonmajor component units as follows:
- Virginia Commonwealth University Health System Authority (blended component unit of the Virginia Commonwealth University) includes investments in Virginia Premier Health Plan of \$55.9 million;
 - University of Virginia includes primarily \$12.1 million of Licensing & Ventures Group (LVG) seed funds at cost; and
 - Related foundations of Longwood University, Virginia Polytechnic Institute and State University, and the University of Virginia include \$22.6 million, \$15.9 million, and \$10.9 million, respectively, primarily for cash insurance value of life insurance policies, deferred tax assets, net investment in direct financing leases, intangibles, and right-of-use asset.

12. RESTRICTED ASSETS

Restricted assets represent monies or other resources that must be used for specific legal or contractual requirements. The governmental funds reported \$3.1 billion in restricted cash, cash equivalents, and investments primarily related to bond agreements. Of this amount, \$2.5 billion relates to transportation projects, \$569.6 million pertains to capital projects, and \$44.2 million pertains to debt service requirements. The governmental and business-type activities funds reported other restricted assets of \$205.5 million and \$8.6 million, respectively, for the Virginia Sickness and Disability Program Net OPEB Asset. See Note 11, Other Assets, for more information related to the Enterprise and Internal Service Funds.

The Virginia Housing Development Authority, the Virginia Public School Authority, and the Virginia College Building Authority (all major component units) reported restricted assets totaling \$2.7 billion, \$358.5 million, and \$493.2 million, respectively. These major component units' assets are restricted for debt service under a bond indenture or other agreement, or for construction and equipment.

The Virginia Resources Authority (major component unit) reported restricted assets of \$872.2 million. Of this amount, \$864.4 million is restricted for loans to local governments, bond indentures, or federal and state regulations for various revolving funds, and \$7.8 million is restricted for the Operating Reserve Fund for the Virginia Pooled Financing Program.

The Virginia Port Authority (nonmajor component unit) reported restricted assets of \$159.0 million primarily for debt service under bond agreements, construction and other project funds.

The Tobacco Region Revitalization Commission (nonmajor component unit) reported restricted assets of \$169.6 million to be used for financial aid to tobacco growers and to foster community economic growth. This includes Other Restricted Assets of \$60,567 for the Virginia Sickness and Disability Program Net OPEB asset.

The Hampton Roads Sanitation District Commission (nonmajor component unit) reported restricted assets of \$33.1 million to be used for debt service.

The Virginia Small Business Financing Authority (nonmajor component unit) reported restricted assets of \$37.0 million for gifts and grants. This includes Other Restricted Assets of \$41,647 for the Virginia Sickness and Disability Program Net OPEB asset.

The higher education institutions (nonmajor component units) reported restricted assets totaling approximately \$8.6 billion primarily for endowment and other contractual obligations. Included in this amount is approximately \$7.2 billion of foundations' restricted assets. This includes Other Restricted Assets of \$129.0 million for the Virginia Sickness and Disability Program Net OPEB asset. The Virginia Commonwealth University Health System Authority (Authority) (a blended component unit of Virginia Commonwealth University—nonmajor component unit) includes \$19.2 million for a beneficial trust and \$5.8 million for an equity interest in a foundation as Other Restricted Assets. These Authority assets are classified as Level 3 on the fair value hierarchy. For additional information, see the Authority's separately issued financial statements.

The two museum foundations, the Virginia Museum of Fine Arts Foundation (nonmajor component unit) and the Science Museum of Virginia Foundation (nonmajor component unit) had restricted assets of \$248.1 million and \$26.9 million, respectively, primarily for donor-imposed restricted endowments.

The remaining \$9.9 million is spread among the following nonmajor component units: the Virginia Outdoors Foundation, the Virginia Passenger Rail Authority, the Danville Science Center, the Fort Monroe Authority, the Virginia Arts Foundation, the Virginia Biotechnology Research Partnership Authority, the Virginia Economic Development Partnership, the Virginia Tourism Authority, the Virginia Foundation for Healthy Youth, and the Library of Virginia Foundation. Included in this amount is approximately \$1.6 million for the Virginia Sickness and Disability Program Net OPEB asset.

13. CAPITAL ASSETS

The following schedule presents the changes in the Capital Assets as of June 30, 2022 (dollars in thousands).

Schedule of Changes in Capital Assets Governmental Activities

(Dollars in Thousands)

	Balance July 1 as restated (1)	Increases	Decreases	Balance June 30

Note (1): Beginning balances have been restated by \$2.8 billion predominately for the implementation of GASB Statement No. 87, *Leases*. Various component units had an implementation date of July 1, 2020, because the separately issued financial statements include comparative statements. In addition, beginning balances have been restated for reclassifications of \$535.9 million among Nondepreciable Capital Asset line items.

Note (2): Foundations represent FASB reporting entities defined in Note 1.B. Since foundations follow FASB rather than GASB reporting requirements, no amounts are reported in the software and other intangible assets categories for foundations.

14. DEFERRED OUTFLOWS AND DEFERRED INFLOWS OF RESOURCES

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, requires certain items to be classified as either deferred outflows or deferred inflows of resources. Additionally, deferred outflows or deferred inflows of resources are also required by other GASB statements. While all deferred outflows or deferred inflows of resources applicable to the Commonwealth are listed below, see Notes 15, 16, 18, and 38 for additional information regarding these items.

Deferred Outflows

Deferred outflows of resources are a consumption of net assets by the government that is applicable to a future reporting period.

Deferred Inflows

Deferred inflows of resources are an acquisition of net assets by the government that is applicable to a future reporting period.

The following tables summarize deferred outflows and deferred inflows of resources as of June 30, 2022.

15. DERIVATIVE INSTRUMENTS

GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, requires additional reporting and disclosures for derivative instruments.

Primary Government

Derivative instruments are financial contracts whose values depend on the values of one or more underlying assets, reference rates or financial indexes. They include futures, forwards, options and swap contracts. Some traditional securities, such as structured notes, can have derivative-like characteristics. In this case, the return may be linked to one or more indexes and asset-backed securities, such as collateralized mortgage obligations (CMOs), which are sensitive to changes in interest rates and prepayments. Futures, forwards, options and swaps generally are not recorded on the financial statements, whereas structured notes and asset-backed investments generally are recorded.

Virginia College Savings Plan (Virginia529)

GASB Statement No. 53 defines stable value investment vehicles as synthetic guaranteed investment contracts. Stable value funds are invested in a high quality, diversified, intermediate term, fixed income portfolio that is protected against interest rate volatility by wrap or investment contracts from banks and insurance companies that guarantee the payment of benefits at book value (cost plus accrued interest), which enables the entire investment to be carried at its book value. The Virginia529 utilizes stable value investments in the Defined Contribution 529 and Access and Affordability Programs (Private Purpose Trust Fund). Virginia529's stable value investments meet the definition of fully benefit-responsive synthetic guaranteed investment contracts and are reported at contract value. As of June 30, 2022, Virginia529 had the following stable value investments outstanding (dollars in thousands) in the respective programs as shown in the table below.

Stable Value Investments

Fund	Wrap Provider	Notional	Effective	Maturity Date	Credit	June 30, 2022	June 30, 2021
		Amount	Date		Rate	Fair Value	Fair Value
Private Purpose	American General Life	\$ 262,438	1/16/2014	Open ended	1.6 %	\$ 1,577,653	\$ 1,658,901

	State Street Bank	262,439	5/1/2002	Open ended	1.6 %		
	Voya Retirement And Annuity	262,856	10/5/2012	Open ended	1.7 %		

Pursuant to its investment management agreement, Schroders Investment Management may invest in derivative instruments for hedging and duration management. The portfolio's notional exposure to derivative instruments, as measured on a net market value basis, is limited to 10.0 percent of the market value of the account. U.S. Treasury futures used to hedge duration are excluded from the 10.0 percent limit. At June 30, 2022, the only derivative instruments held in the account were U.S. Treasury futures. The following table contains information relating to fair value, changes in fair value and notional value of these derivative instruments. Credit risk is mitigated with these instruments as they are exchange traded. The following table (dollars in thousands) contains information relating to fair value, changes in fair value, and notional value for U.S. Treasury Futures Contracts.

Investment Derivative Instruments - U.S. Treasury Futures Contracts

Changes in Fair Value			Fair Value at June 30, 2022		
Fund	Classification	Amount	Classification	Amount	Notional Amount
Enterprise	Revenue	\$ 12	Investment	\$ 12	\$ 58,385

Pursuant to its investment management agreement, Advent Capital Management, LLC (Advent) may invest in derivatives for hedging purposes or for efficient portfolio management. Synthetic positions are not allowed and the use of derivatives should not be considered as an alpha generator. Advent primarily uses forward foreign exchange contracts to hedge the value of investments denominated in non-U.S. dollar currencies. Similarly, the Schroders, Loomis, Sayles & Company and Acadian Asset Management accounts are permitted to use these instruments. Credit risk of exchange traded currency contracts lies with the clearinghouse of the exchange at which the contracts are traded, while credit risk of currency contracts traded over the counter lies with the counterparty. Counterparty risk exposure is generally equal to the unrealized gain on in-the-money contracts. The following table (dollars in thousands) contains a breakdown of these forward contracts by currency.

Enterprise Fund Currency Forwards

Currency	Cost	Foreign Exchange Purchases	Foreign Exchange Sales	Market Value
Danish Krone	\$ 5	\$ 5	\$ —	\$ 5
Euro	(86,471)	7,376	(90,778)	(83,402)

Total	\$ —	\$ 128,546	\$ (125,418)	\$ 3,128

Pursuant to its investment agreement, PGIM Fixed Income may invest in derivative instruments for hedging, duration and cash management. The portfolio's exposure to derivative instruments, as measured on a net market value basis, is limited to 10.0 percent of the market value of the high-yield account. Both the Defined Benefit and Defined Contribution 529 Programs' PGIM Fixed Income accounts held credit default swaps at June 30, 2022. The following table (dollars in thousands) contains information relating to fair value, changes in fair value, and notional value for credit default swaps. Credit risk is mitigated with these instruments as they are centrally cleared derivatives.

Investment Derivative Instruments - Credit Default Swaps

Changes in Fair Value			Fair Value at June 30, 2022		
Fund	Classification	Amount	Classification	Amount	Notional Amount
Enterprise	Revenue	\$ 56	Investment	\$ 108	\$ (5,140)
Private Purpose	Revenue	(37)	Investment	(1)	(355)

At June 30, 2022, PGIM Fixed Income also held U.S. Treasury futures, which are permissible to hedge duration and excluded from the 10.0 percent limit. The following table (dollars in thousands) contains information relating to fair value, changes in fair value, and notional value of these derivative instruments. Credit risk is mitigated with these instruments as they are exchange traded.

Investment Derivative Instruments - U.S. Treasury Futures Contracts

Pursuant to its investment management agreement, Loomis, Sayles & Company may invest in derivative instruments for hedging and duration management. The portfolio's notional exposure to derivative instruments, as measured on a net market value basis, is limited to 10.0 percent of the market value of the account. The Defined Benefit 529 Program's Loomis, Sayles & Company Multi-Asset Credit Accounts held U.S. Treasury futures, which are permissible to hedge duration at June 30, 2022. The following table (dollars in thousands) contains information relating to fair value, changes in fair value and notional value of these derivative instruments. U.S. Treasury Futures used to hedge duration are excluded from the 10.0 percent limit. Credit risk is mitigated with these instruments as they are exchange traded.

Investment Derivative Instruments - U.S. Treasury Futures Contracts

Fund	Changes in Fair Value		Fair Value at June 30, 2022		Notional Amount
	Classification	Amount	Classification	Amount	
Enterprise	Revenue	\$ (5)	Investment	\$ (5)	\$ 1,235

Pursuant to its investment management agreement, Neuberger Berman may invest in derivative instruments for hedging and duration management. The portfolio's notional exposure to derivative instruments, as measured on a net market value basis, is limited to 10.0 percent of the market value of the account. The Defined Contributions 529 Programs' Neuberger Berman Emerging Markets Debt account held U.S. Treasury futures, which are permissible to hedge duration. The following table (dollars in thousands) contains information relating to fair value, changes in fair value and notional value of these derivative instruments. U.S. Treasury futures used to hedge duration are excluded from the 10.0 percent limit. Credit risk is mitigated with these instruments as they are exchange traded.

Additional information is available in the Virginia529 separately issued financial statements, which may be obtained at www.virginia529.com.

Virginia Retirement System

All derivatives held by the Virginia Retirement System (the System) are considered investments. The fair value of all derivative financial instruments is reported on a net basis on the Statement of Fiduciary Net Position. The derivative instruments are either subject to an enforceable master netting arrangement or similar agreement. The master netting arrangements allow the System to net applicable liabilities or payment obligations to counterparties to the derivative contracts against amounts owed to the System by the counterparties.

The System holds investments in swaps and futures and enters into forward foreign currency exchange contracts. Swaps, futures and currency forwards contracts provide

the System with the opportunity to build passive benchmark positions, manage portfolio duration in relation to various benchmarks, adjust portfolio yield curve exposure and gain market exposure to various indexes in a more efficient way and at lower transaction costs. Derivatives that are exchange-traded are not subject to credit risk, but all over-the-counter derivatives, such as swaps and currency forwards, do expose the System to counterparty credit risk. Counterparty credit risk for the System's investments in derivatives instruments (inclusive of foreign currency forwards) is summarized in the table on page 132. Market risks arise from adverse changes in market prices, interest rates and foreign exchange rates. The System's level of exposure to interest rate risk through derivative instruments and the System's investments in derivative instruments as of June 30, 2022, are summarized in the tables below (dollars in thousands).

Derivative Instrument Investments Summary

Futures Contracts

Futures contracts are contracts to deliver or receive securities at a specified future date and at a specified price or yield. Futures contracts are traded on organized exchanges (exchange-traded) and require an initial margin (collateral) in the form of cash or marketable securities. The net change in the futures contract value is settled daily, in cash, with the exchanges. The net gains or losses resulting from the daily settlements are included in the Statement of Changes in Fiduciary Net Position. Holders of futures contracts look to the exchange for performance under the contract and not to the entity holding the offsetting futures position. Accordingly, the amount at risk posed by nonperformance of counterparties to futures contracts is minimal. Information on the System's investments in fixed income, commodities, and equity index futures as of June 30, 2022, is shown in the Summary table on the previous page.

Currency Forwards

Currency forwards represent foreign exchange contracts and are used by the System to effect settlements and to protect the base currency (\$U.S.) value of portfolio assets denominated in foreign currencies against fluctuations in the exchange rates of those currencies. A forward foreign currency exchange contract is a commitment to purchase or sell a foreign currency at a future date at a negotiated price. The credit risk of currency contracts that are exchange-traded lies with the clearinghouse of the exchange where the contracts are traded. The credit risk of currency contracts traded over the counter lies with the counterparty, and exposure usually is equal to the unrealized profit on in-the-money contracts. The market risk in foreign currency contracts is related to adverse movements in currency exchange rates. The net realized gains or losses arising from the differences between the original values of the foreign currency contracts and the closing values of such contracts are included in the net appreciation/depreciation in fair value of investments in the Statement of Changes in Fiduciary Net Position. Information on the currency forward contracts as of June 30, 2022, is shown in the following table and in the Summary table on the previous page.

Swap Agreements

Swaps are negotiated contracts between two counterparties for the exchange of payments at certain intervals over a predetermined timeframe. The payments are based on a notional principal amount and calculated using either fixed or floating interest rates or total returns from certain instruments or indexes. Swaps are used to manage risk and enhance returns. To reduce the risk of counterparty nonperformance, the System generally requires collateral on any material gains from these transactions. During fiscal year 2022, the System had

activity in credit default, total return, inflation, and interest swaps. Gains and losses on swaps are determined based on fair values and are recorded in the Statement of Changes in Fiduciary Net Position. Information on the System's swap balances as of June 30, 2022, is shown in the Summary table on page 129, and the terms, fair values and notional values of the System's investments in swap agreements that are highly sensitive to interest rate changes are disclosed in the following tables (dollars in thousands).

Derivatives Instruments Highly Sensitive to Interest Rate Changes

Derivative instruments are classified as Level 1 and Level 2 in the fair value hierarchy. Derivative instruments classified as Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. The derivative instruments in Level 1 consist of futures contracts on commodities, currencies, U.S. Treasury bonds and notes, non-U.S. government bonds, and U.S. and non-U.S. equity indexes. Derivative instruments classified as Level 2 are valued using a number of modeling approaches that take into account observable market levels, benchmark rates, and foreign exchange rates.

Additional information is available in the System's separately issued financial statements, which may be obtained from www.varetire.org.

Component Units

Investment Derivative Instruments

The Virginia Housing Development Authority (major component unit) enters into forward sales contracts for the delivery of GNMA and FNMA securities in order to lock in the sales price for the securitization of certain homeownership mortgage loans. The contracts offset changes in interest rates between the time of the loan reservations and the securitization of such loans into GNMA and FNMA securities. These contracts are considered investment derivative instruments, such that their change in fair value is reported as investment derivative gains or losses in the accompanying financial statements. Fair values of the forwards are based on observable market prices for similar instruments traded on the secondary mortgage loan markets. The Authority's portfolio of investment derivatives is classified as Level 2 in the fair value hierarchy. The outstanding forward contracts, summarized by counterparty rating as of June 30, 2022, were as follows:

Counterparty Rating	Par	Concentration	Notional Amount	Market Value	Fair Value Asset (Liability)
A-1+/AA+	\$ 29,000,000	6.0 %	\$ 28,941,250	\$ 28,631,094	\$ 310,156
A-1/A+	209,578,692	43.1 %	206,882,467	204,911,814	1,970,653
A-1/A+	122,900,000	25.3 %	121,596,043	120,191,625	1,404,418
A-2/BBB+	96,000,000	19.8 %	92,780,840	91,356,641	1,424,199
A-2/BBB+	28,257,973	5.8 %	28,115,205	27,888,129	227,076
	<u>\$ 485,736,665</u>	<u>100.0 %</u>	<u>\$ 478,315,805</u>	<u>\$ 472,979,303</u>	<u>\$ 5,336,502</u>

Investment Derivative Instruments – Ineffective Hedges

During fiscal year 2015, the University of Virginia (UVA) (nonmajor) refunded the Series 2003A bonds and the commercial paper associated with the fixed-payer interest rate swaps which terminated hedge accounting. The fixed-payer interest rate swaps were no longer effective hedges. As of June 30, 2022, the negative fair value of the swaps of \$17.0 million is included in other liabilities and the change in fair value of positive \$22.1 million was reported as investment earnings in the accompanying financial statements. The derivative instruments are classified as Level 2 of the fair value hierarchy. Additional information regarding the institution's derivative instruments is available at www.virginia.edu.

Hedging Derivative Instruments

As of June 30, 2022, Virginia Commonwealth University Medical Center (VCUMC), which is a division of the Virginia Commonwealth University Health System Authority (a blended component unit of VCU), had two interest rate swap agreements with a notional amount of \$112.2 million. The swaps are used as cash flow hedges by VCUMC in order to provide a hedge against changes in interest rates on variable rate Series 2013B bonds. As of June 30, 2022, the negative fair value of VCUMC's two swaps of \$20.5 million is included in other liabilities and the cumulative change in fair value of these swaps of \$9.9 million is included in deferred inflows of resources in the accompanying financial statements. The derivative instruments are classified as Level 2 in the fair value hierarchy. Additional information is available in the separately issued financial statements of the higher education institution.

Various foundations of higher education institutions have derivative instruments. The foundations follow FASB rather than GASB reporting requirements. Disclosures for the foundations' derivatives can be found in the separately issued financial statements of the foundations.

16. RETIREMENT AND PENSION SYSTEMS

A separately issued financial report that includes financial statements and required supplementary information for each of the individual plans discussed below is publicly available. Copies may be obtained from the Virginia Retirement System website at www.varetire.org.

A. Administration

The Virginia Retirement System (the System) is an independent agency of the Commonwealth that administers pension plans, other employee benefit plans, and other funds for Commonwealth employees, teachers, political subdivision employees, and other qualifying employees. The Board of Trustees is responsible for the general administration and operation of the plans. The Board consists of five members appointed by the Governor and four members appointed by the Joint Rules Committee, all subject to confirmation by the General Assembly. The Board of Trustees appoints a director to serve as the chief administrative officer of the System and a chief investment officer to direct, manage, and administer the investment of the System's funds. The Board of Trustees has appointed BNY Mellon as the custodian of designated assets of the System.

The System administers four pension trust funds: the Virginia Retirement System (VRS); State Police Officers' Retirement System (SPORS); Virginia Law Officers' Retirement System (VaLORS); and the Judicial Retirement System (JRS). In addition to the pension plans, the System administers five Other Employee Benefit Plans: Group Life Insurance Fund; Retiree Health Insurance Credit Fund; the Virginia Sickness and Disability Program (VSDP); the Line of

Duty Act Trust Fund; and the Virginia Local Disability Program (VLDP).

B. Summary of Significant Accounting Policies (Virginia Retirement System)

Basis of Accounting

The financial statements of the pension and other employee benefit trust funds are prepared using the flow of economic resources measurement focus and the accrual basis of accounting consistent with the plans. Employee and employer contributions are recognized when due, pursuant to formal commitments, as well as statutory or contractual requirements. Investment income is recognized as earned by the plans. Benefits and refunds are recognized when due and payable in accordance with the terms of the plans.

Method Used to Value Investments

Investments are reported at fair value as determined by the System's master custodian, BNY Mellon, from its Global Pricing System. This pricing system assigns a price source, based on asset type and the vendor pricing products to which the master custodian subscribes, for every security held immediately following its acquisition. Prices supplied by these sources are monitored on a daily basis by the master custodian.

When a pricing source is unable to provide a price, quotes are sought from major investment brokers and market-making dealers; or internal calculations are applied if feasible. As a last resort, the master custodian will contact investment managers for a price. The master custodian prices commingled funds, partnerships, and real estate assets from statements received from the funds, partnerships, or investment managers.

The pricing sources utilized by the master custodian provide daily prices for equity securities, corporate, government and mortgage-backed fixed income securities, private placement securities, futures and options on futures, open-ended funds, and foreign exchange rates. Depending on the vendor, collateralized mortgage obligations (CMOs), adjustable rate mortgages (ARMs) and asset-backed securities are priced daily, weekly or twice a month and at month-end. Municipal fixed income securities and options on Treasury/Government National Mortgage Association securities are priced at month-end.

The System's investment guidelines for each specific portfolio limits investments in any corporate entity to no more than 5.0 percent of the market value of the account for both the internally and externally managed portfolios. There is no concentration of investments in any one organization that represents 5.0 percent or more of plan net position available for benefits.

C. Plan Description

The Virginia Retirement System (VRS) is a qualified governmental retirement plan that administers three retirement benefit structures: Plan 1, Plan 2, and Hybrid Plan, for state employees, public school board employees, employees of participating political subdivisions, and other qualifying employees. VRS is a combination of mixed-agent and cost-sharing, multiple-employer retirement plans. Each plan's accumulated assets may legally be used to pay all the plan benefits provided to any of the plan's members, retirees, and beneficiaries. Contributions for fiscal year 2022 were \$4.3 billion with a reserve balance available for benefits of \$93.8 billion. The contributions include one-time payments from the Commonwealth in June 2022 of \$219.2 million to the State Employee Plan and \$442.4 million to the Teacher Employee Plan. These special payments were authorized by Chapter 1, 2022 Acts of Assembly Special Session I, Item 277. As of June 30, 2022, VRS had 832 contributing employers.

The Commonwealth also administers the following single-employer retirement plans and benefit structures:

- State Police Officers' Retirement System (SPORS) – Plan 1 and Plan 2
- Virginia Law Officers' Retirement System (VaLORS) – Plan 1 and Plan 2
- Judicial Retirement System (JRS) – Plan 1, Plan 2, and Hybrid Plan

All full-time, salaried permanent employees of VRS participating employers are automatically covered under VRS, SPORS, VaLORS or JRS with the following exceptions: (1) certain full-time faculty and administrative staff of public colleges and universities; and (2) eligible classified employees of the two state teaching hospitals. These employees have the option to elect not to participate in the Virginia Retirement System. Benefit provisions and all other requirements are established by Title 51.1 of the *Code of Virginia*.

Benefits vest for all plans after five years of service credit. Vested VRS members in the VRS Plan 1 are eligible for an unreduced retirement benefit at age 65 with at least five years of service credit or age 50 with at least 30 years of service credit as elected by the employer. Vested VRS members in the VRS Plan 2 and the Hybrid Plan are eligible for unreduced retirement benefits at normal social security retirement age with at least five years of service credit or when age and service credit equal 90. Vested SPORS and VaLORS members in both the VRS Plan 1 and the VRS Plan 2 are eligible for an unreduced benefit at age 60 with at least five years of hazardous duty service credit or age 50 with at least 25 years of total service credit.

Annual retirement benefits are payable monthly for life in an amount equal to 1.7 percent of eligible members' average final compensation (AFC) for each year of service credit. Under the VRS Plan 2, the

multiplier for general employees was reduced to 1.65 percent beginning January 1, 2013. Under the Hybrid Plan, the multiplier for the defined benefit component is 1.0 percent. AFC is the average of the member's 36 consecutive months of highest creditable compensation for members under the VRS Plan 1. Under the VRS Plan 2 and the Hybrid Plan, a member's AFC is the average of the member's 60 consecutive months of highest creditable compensation. The benefit for members of SPORS is calculated using a 1.85 percent multiplier. Members of SPORS also are eligible for a hazardous duty supplement, paid monthly, until they reach full Social Security retirement age.

Members of VaLORS hired before July 1, 2001, were allowed to make a one-time election to increase the multiplier from 1.7 to 2.0 percent instead of receiving a monthly hazardous duty supplement. VaLORS members who elected to retain the 1.7 percent multiplier are eligible for the supplement until age 65. Members of VaLORS hired after June 20, 2001, have their benefit computed using the 2.0 percent multiplier and are not eligible for the supplement.

Members of JRS receive weighted years of service credit for each year of actual service under JRS. VRS, SPORS, VaLORS, and JRS also provide death and disability benefits.

A cost-of-living allowance (COLA), based on changes in the Consumer Price Index and limited to 5.0 percent per year for VRS Plan 1 and 3.0 percent for VRS Plan 2 and Hybrid Plan, is granted on July 1 of the second calendar year after retirement and is effective each July 1 thereafter. Beginning January 2013, a member who retires with less than 20 years of service must receive an allowance for one full calendar year after reaching unreduced retirement age to be eligible for a COLA. Members within five years of eligibility for an unreduced benefit as of January 1, 2013 were grandfathered.

Benefits for all vested members are actuarially reduced if they retire before becoming eligible for an unreduced retirement benefit, provided they meet age requirements for a reduced retirement benefit.

As required by Title 51.1 of the *Code of Virginia*, members contribute 5.0 percent of their annual compensation to the retirement plans. If a member leaves covered employment, the accumulated contributions plus earned interest may be refunded to the member. Each participating employer is required by state statute to contribute the remaining amounts necessary to fund the retirement plans using the entry age normal actuarial cost method adopted by the Board of Trustees. Contributions for fiscal year 2022 were \$54.6 million, \$32.3 million, and \$111.1 million, and reserved balances available for benefits were \$1.0 billion, \$657.0 million, and \$1.8 billion, for SPORS, JRS, and VaLORS, respectively. Contributions include special one-time payments from the Commonwealth in June 2022 of approximately \$11.0 million, \$6.3 million and \$19.9 million to

SPORS, JRS, and VaLORS, respectively. These special payments were authorized by Chapter 1, 2022 Acts of Assembly Special Session I, Item 277. State statute may be amended only by the General Assembly. To the extent that the employer's long-term obligation to provide pension benefits (total pension liability) is larger than the value of the assets available in the plan to pay these benefits (fiduciary net position), there is a net pension liability which is reported in the accompanying financial statements as a component of Long-term Liabilities Due in More than One Year.

The Hybrid Plan is the default benefit structure for new employees in the VRS and JRS plans. The Hybrid Plan benefit structure includes a defined benefit component and a defined contribution component. For Hybrid Plan members, 4.0 percent of the statutory member contribution of 5.0 percent is directed to the defined benefit component of the plan and 1.0 percent is directed to the mandatory defined contribution component of the plan. In addition, 1.0 percent of the total actuarially determined employer contribution is directed to the mandatory defined contribution component of the plan. The Hybrid Plan members may also elect to contribute an additional amount up to 4.0 percent to a voluntary defined contribution plan. The voluntary component also has a mandatory employer match of 0.5 to 2.5 percent that is deducted from the total actuarially determined employer contribution. For the fiscal year 2022, the mandatory and voluntary member contributions for the defined contribution component of the Hybrid Plan totaled \$176.3 million and related mandatory employer contributions totaled \$138.0 million. The statutory authority for the Hybrid plan is set out in the *Code of Virginia*, Section 51.1-169. This section also highlights the various plan provisions, including vesting and forfeiture. The total amount contributed by the employer shall vest to the employee's benefit according to the following schedule:

- a. Upon completion of two years of active participation, 50.0 percent.
- b. Upon completion of three years of active participation, 75.0 percent.
- c. Upon completion of four years of active participation, 100.0 percent.

If an employee ceases to be a member prior to achieving 100.0 percent vesting, contributions made by an employer on behalf of the employee under subdivision 2 that are not vested shall be forfeited. The Defined Contribution plan component of the Hybrid plan has a fixed employer contribution that is a percentage of covered payroll. There is no additional employer liability for this component at year end.

Further information about the benefits provided in these retirement plans and their different benefit structures can be found in the Virginia Retirement System's Annual Comprehensive Financial Report.

The following table provides participant information.

	VRS	SPORS	VaLORS	JRS	2022 Total
Retirees and Beneficiaries Receiving Benefits	61,655	1,511	5,673	546	69,385

Non-Vested	25,366	354	3,253	87	29,060
Total	<u>76,156</u>	<u>1,875</u>	<u>7,342</u>	<u>459</u>	<u>85,832</u>

D. Funding Policy

The funding policy of the retirement plans provides for periodic employer contributions at actuarially determined rates, which will remain relatively level over time as a percentage of payroll and will accumulate sufficient assets to meet the cost of all basic benefits when due. Contribution rates are developed using the entry age normal cost method for both normal cost and amortization of the unfunded actuarial accrued liability. Gains and losses are reflected in the unfunded actuarial accrued liability that is being amortized as a level percentage of payroll within 30 years or less.

The System's actuary, Cavanaugh MacDonald Consulting, LLC, computed the amount of contributions to be provided by state agency employers, state police and other Virginia law employers. The contribution rates for fiscal year 2022 were based on the actuary's valuation as of June 30, 2019. Employer contributions by the Commonwealth to VRS, SPORS, VaLORS, and JRS were 14.5 percent, 26.3 percent, 21.9 percent, and 29.8 percent, respectively.

In addition to determining contribution requirements, the actuarial computations present an estimate of the discounted present value of the prospective accrued liability contributions that employers will have to pay in the future so that such contributions, together with the assets on hand, the normal contributions to be made in the future by employers and members and the income earned by investing funds, will be sufficient to provide all benefits to be paid to present members in the future as well as the annuitants and their designated beneficiaries.

E. Changes in Net Pension Liability

The total pension liability was determined based on the actuarial valuation as of June 30, 2020, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021. The following tables (dollars in thousands) show the Commonwealth's total pension liability, plan fiduciary net position, and net pension liability in total and individually for the VRS, SPORS, JRS, and VaLORS for the current and prior year.

Primary Government

The amounts in the previous tables include governmental, business-type, and component unit activity for the Commonwealth's VRS State Plan. All component unit tables exclude the non-VRS State Plan net pension liability of \$6.1 million for all component units.

The 2020 actuarial valuations were prepared using the entry age normal cost method. The actuarial assumptions included (a) 6.8 percent investment rate of return, per year compounded annually; (b) projected salary increases ranging from 3.5 percent to 6.0 percent, including a 2.5 percent inflation

component and (c) COLA of 2.5 percent for Plan 1 and 2.3 percent for Plan 2 and Hybrid. The actuarial assumption for mortality rates was based on the Pub-2010 with modified MP-2020 Improvement Scale. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

For more detailed actuarial information, refer to the Virginia Retirement System's financial statements, including mortality rates shown in the "Actuarial Assumptions and Methods – Pension Plans" schedule.

F. Changes to and Sensitivity of Discount Rate

The discount rate used to measure the total pension liability was 6.8 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be based on the actuarially determined rates based on the Board's funding policy, which certifies the required rates under Title 51.1 of the *Code of Virginia*. Beginning on July 1, 2018, all agencies are assumed to contribute 100.0 percent of the actuarially determined contribution rates. Based on those assumptions, the fiduciary net position was projected to be available to make all of the projected future benefit payments of current plan members.

Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of the projected benefit payments to determine the total pension liability. In accordance with GASB Statement No. 67, *Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25*, regarding the disclosure of the sensitivity of the net pension liability to changes in the discount rate, the table below presents the employers' net pension liability for each of the plans calculated using the discount rate of 6.8 percent, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is 1.0 percent lower (5.8 percent) or 1.0 percent higher (7.8 percent) than the current rate. The following table (dollars in thousands) shows the Commonwealth's changes in the discount rate.

Primary Government

VRS			SPORS		
Net Pension Liability			Net Pension Liability		
1.0% Decrease (5.8%)	Current Discount Rate (6.8%)	1.0% Increase (7.8%)	1.0% Decrease (5.8%)	Current Discount Rate (6.8%)	1.0% Increase (7.8%)
\$ 3,804,542	\$ 2,031,117	\$ 545,075	\$ 404,844	\$ 242,029	\$ 106,212

JRS			VaLORS		
Net Pension Liability			Net Pension Liability		
1.0% Decrease (5.8%)	Current Discount Rate (6.8%)	1.0% Increase (7.8%)	1.0% Decrease (5.8%)	Current Discount Rate (6.8%)	1.0% Increase (7.8%)
\$ 147,357	\$ 73,351	\$ 9,701	\$ 768,155	\$ 477,074	\$ 238,592

Component Units

VRS			VaLORS		
Net Pension Liability			Net Pension Liability		
1.0% Decrease (5.8%)	Current Discount Rate (6.8%)	1.0% Increase (7.8%)	1.0% Decrease (5.8%)	Current Discount Rate (6.8%)	1.0% Increase (7.8%)
\$ 2,989,727	\$ 1,596,113	\$ 428,336	\$ 71,829	\$ 44,611	\$ 22,310

The long-term expected rate of return on the System's investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The long-term target allocations are based on the Strategic Asset Allocation Implementation Schedule and Allowable Ranges document, which was approved by the VRS Board of Trustees on October 10, 2019. Best estimates of arithmetic real rates of return for each major asset class included in the System's long-term target asset allocation are summarized in the following table.

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
Public Equity	34.0 %	5.0%	1.7 %
Fixed Income	15.0 %	0.6%	0.1 %
Credit Strategies	14.0 %	4.5%	0.6 %
Real Assets	14.0 %	4.8%	0.7 %
Private Equity	14.0 %	9.9%	1.4 %
MAPS - Multi-Asset			
Public Strategies	6.0 %	3.3%	0.2 %
PIP-Private Investment			
Partnerships	3.0 %	6.8%	0.2 %
Total	100.0 %		4.9 %
	Inflation		2.5 %
	Expected arithmetic nominal return		7.4 %

The allocation in the previous table provides a one-year expected return of 7.4 percent. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the pension system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.9 percent, including expected inflation of 2.5 percent. On October 10, 2019, the VRS Board of Trustees elected a long-term rate of return of 6.8 percent which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a mean of 7.1 percent, including expected inflation of 2.5 percent.

G. Pension Related Deferred Outflows and Deferred Inflows

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, requires certain pension related items to be reported as either deferred outflows or deferred inflows of resources. The following tables (dollars in thousands) summarize these amounts as of June 30, 2022, in total and by individual plan.

Primary Government (1)

- (1) During fiscal year 2022, the Commonwealth recognized pension expense for the primary government and component units of \$160,816 (dollars in thousands) and \$50,090 (dollars in thousands), respectively. The recognized pension expense by plan for the primary government was as follows (dollars in thousands): VRS \$77,265, SPORS \$11,895, JRS \$10,609, and VaLORS \$61,047. The recognized pension expense by plan for component units was as follows (dollars in thousands): VRS \$43,635 and VaLORS \$6,455.
- (2) This table includes deferred outflows of resources and deferred inflows of resources of \$56,963 and \$73,118, respectively, for the Hampton Roads Transportation Accountability Commission (nonmajor governmental), not related to the VRS State Plan.
- (3) The component unit amounts exclude deferred outflows of resources and deferred inflows of resources of \$22,828 (dollars in thousands) and \$46,650 (dollars in thousands), respectively, not related to the VRS State Plan.

Deferred Amounts to be Recognized in Fiscal Years Following Reporting Date

The following tables (dollars in thousands) provide the net estimated amount of the deferred inflows and deferred outflows of resources that will be recognized in the Commonwealth's pension expense for each of the next five fiscal years. These amounts exclude employer contributions made subsequent to the measurement date as those contributions will reduce the fiscal year 2023 net pension liability.

H. Defined Contribution Plan for Political Appointees

Officers appointed by the Governor, officers elected by popular vote or the General Assembly, and executive branch chief deputies and confidential assistants may participate in the deferred contribution plan for Political Appointees, rather than the VRS. This optional retirement plan is authorized by the *Code of Virginia* and offered through the MissionSquare. This is a defined contribution plan where the retirement benefits are based upon the Commonwealth's 12.3 percent and the employee's (5.0 percent) contributions, plus interest and dividends. The Commonwealth pays the required employee contributions. During the year ended June 30, 2022, the total contributions to this plan were \$1.5 million. As of June 30, 2022, the amount to be paid to participants upon retirement is \$22.2 million. The summary of significant accounting policies for the plan is in accordance with those discussed in Note 16.B.

I. Defined Contribution Plan for Public School Superintendents

The Public School Superintendent Plan is a defined contribution pension plan that provides optional postemployment benefits for school superintendents. This plan is authorized by the *Code of Virginia* and offered through the MissionSquare. School boards may elect to offer this plan as an option to the standard VRS plan that is available for school board members. Contributions are provided by the school board for credit to the member. As of June 30, 2022, there were two participants in this plan. There were no contributions to the plan for fiscal year 2022.

J. Virginia Supplemental Retirement Plan

The Public School Teacher Supplemental Retirement Plan is a defined contribution pension plan established by the Department of Education to provide an optional postemployment benefit plan for turnaround specialists in the public school system. This plan is utilized as an incentive to attract highly skilled teachers for participating public schools pursuant to Title 51.1-617 of the *Code of Virginia* and offered through the MissionSquare. School boards may elect to offer this plan as an option to the standard VRS plan that is available for school board members. Contributions are provided by the school boards for credit to the members. As of June 30, 2022, there were two participants in this plan. There were no contributions to the plan for fiscal year 2022.

K. Higher Education (Nonmajor Component Units)

The Commonwealth's colleges and universities participate in the retirement plans administered by VRS. In addition, full-time faculty and certain administrative staff of the Commonwealth's colleges and universities may participate in optional retirement plans as authorized by Section 51.1-126 of the *Code of Virginia* rather than the VRS retirement plans. These optional retirement plans are defined contribution plans offered through the Teachers

Insurance and Annuity Association (TIAA) and DCP. There are two defined contribution plans. Plan 1 is for employees hired prior to July 1, 2010, and retirement benefits received are based upon the employer's 10.4 percent contributions, plus net investment gains. Plan 2 is for employees hired on or after July 1, 2010, and retirement benefits received are based upon the employer's contribution, not to exceed 8.9 percent, and the employee's 5.0 percent contribution, plus net investment gains. For Plan 2, the employer contributions for fiscal year 2022 were 8.5 percent except for the University of Virginia (nonmajor) which were 8.9 percent. Vesting is full and immediate for both employer and employee contributions, except UVA employees hired after July 1, 2014, are fully vested in the UVA contributions after two years of continuous employment. For fiscal year 2022, total pension expense recognized was \$179.8 million and contributions were calculated using the base salary amount of \$1.9 billion. As of June 30, 2022, the Commonwealth's colleges and universities had accrued \$11.8 million in employer liabilities related to these plans.

University of Virginia Medical Center (part of the University of Virginia – nonmajor) employees hired after July 1, 1999, cannot participate in Plan 1 or Plan 2 noted above but have the option of participating in the Medical Center's Optional Retirement Plan. For information regarding this plan, see the institution's separately issued financial statements.

Certain employees of Virginia Commonwealth University (nonmajor) are participating in The Select Plan, which is a 401(a) defined contribution plan. Participation is limited to executives by invitation. For information regarding this plan, see the University's website at www.vcu.edu.

Prior to July 1, 1997, certain employees of the Virginia Commonwealth University Health System Authority (Authority) (a blended component unit of Virginia Commonwealth University – nonmajor) were eligible to participate in the VRS defined benefit pension plan. Effective July 1, 1997, the Authority established the Virginia Commonwealth University Health System Authority Defined Contribution Plan (VCUHS 401(a) Plan) and the Virginia Commonwealth University Health System Authority Health Care Providers Defined Contribution Plan (HCP Plan). The Authority and component units, MCV Associated Physicians (MCVAP), VCU Community Memorial Hospital (CMH), and the Children's Hospital participate in the VCUHS 401(a) as well as sponsor the VCUHS Savings Plan (VCUHS 457(b) Plan). The Authority also provides an executive defined contribution plan and deferred compensation retirement benefits for select executives of the Health System. MCVAP and CMH Physicians sponsor 401(a) defined contribution plans and 403(b) salary deferral plans. For information regarding these plans, see the Authority's separately issued financial statements.

L. Other Component Units

Note 1.B. outlines the component units included in the Commonwealth's reporting entity. The Virginia Public Building Authority (blended - primary government), the Virginia Public School Authority (major), and the Virginia College Building Authority (major), have no employees. The Virginia School for the Deaf and Blind Foundation (nonmajor) has one wage employee. Virginia Resources Authority (major) and the following nonmajor component units participate in the retirement plans administered by VRS: the Virginia Economic Development Partnership, the Virginia Small Business Financing Authority, the Hampton Roads Sanitation District Commission, the Virginia Biotechnology Research Partnership Authority, the Virginia Tourism Authority, the Tobacco Region Revitalization Commission, the Virginia Foundation for Healthy Youth, the Virginia Passenger Rail Authority, and the Fort Monroe Authority.

The Virginia Housing Development Authority (major) has three defined contribution plans. For additional information regarding these plans, see the Authority's website at www.vhda.com.

The Virginia Outdoors Foundation (nonmajor) maintains a 401(k) contribution plan and provides an employer contribution match of 1.0 percent to 4.0 percent with immediate vesting and from 5.0 percent to 10.0 percent after a 3 year vesting period. For information regarding this plan, see the Foundation's website at www.virginiaoutdoorsfoundation.org.

The Virginia Commercial Space Flight Authority (nonmajor) maintains a 401(a) contribution plan and provides an employer contribution to all eligible employees of 11.0 percent of their base salary. For information regarding this plan, see the Authority's separately issued financial statements.

The Virginia Port Authority (VPA) (nonmajor) maintains two defined benefit plans for its employees. Employees of record on July 1, 1997, had the option of continuing to maintain their benefit status as a State employee, and their benefits maintained under the VRS, or elect to be covered under a newly created pension plan (the VPA Defined Benefit Plan). The VPA Defined Benefit Plan covers all employees hired between July 1, 1997 and January 28, 2014. Employees hired after January 28, 2014, are eligible for a defined contribution plan only. On January 1, 2015, the plan was amended to add certain employees who transferred from the Virginia International Terminals (VIT) (referred to as "Legacy VIT Participants") to VPA. VIT (a blended component unit of VPA - nonmajor) has the Virginia International Terminals, LLC Pension Plan that is a single employer, noncontributory defined benefit pension plan administered by VIT. A stand-alone financial report is issued and is available upon request from VPA's administrative offices. For information regarding these plans, see the Authority's website at www.portofvirginia.com.

Employees of the Virginia Museum of Fine Arts Foundation (nonmajor) who are age 21 or older are eligible to participate in the Employee's Savings Plan, a 401(k) defined contribution profit sharing plan. Also, the Foundation entered into a supplemental retirement agreement to pay a key employee of the Museum upon retirement the difference between the amount accrued under the VRS retirement plan, based on salary, and the amount based on the supplemental salary. For additional information regarding these plans, see the Foundation's separately issued financial statements.

The Science Museum of Virginia Foundation (nonmajor) has a 403(b) defined contribution pension plan through the TIAA-CREF Retirement Plan for employees meeting age and service requirements. For additional information regarding this plan, see the Foundation's separately issued financial statements.

17. OTHER EMPLOYMENT BENEFITS

In addition to the pension plans, the Commonwealth participates in two other employment benefit plans, Group Life Insurance and the Virginia Sickness and Disability Program, which are administered by the Virginia Retirement System (the System). The significant accounting policies are the same as those described in Note 16 for pension plans. A separately issued financial report that includes financial statements for the Group Life Insurance and Virginia Sickness and Disability Program is publicly available. Copies may be obtained from the Virginia Retirement System website at www.varetire.org.

Group Life Insurance

The Group Life Insurance Plan was established for Commonwealth employees, teachers, employees of political subdivisions participating in the VRS, state police officers, other state law enforcement and correctional officers, judges, and other qualifying employees. The program provides life insurance for natural death coverage equal to a member's annual compensation rounded to the next highest \$1,000 and then doubled. Accidental death coverage is double the natural death benefit. The program also provides coverage for accidental dismemberment and accidental blindness, a safety belt benefit, a repatriation benefit, a felonious assault benefit and an accelerated death benefit for terminal conditions. Approximately 336,156 active members participate in the program as of June 30, 2022.

Participating employers and their covered employees are required by Title 51.1 of the *Code of Virginia* to contribute to the cost of group life insurance benefits. Employers may assume the employees' contributions.

An optional Group Life Insurance Fund was established for members covered under the group life program as a supplement to that plan. Members may purchase optional life insurance coverage for themselves, their spouses and/or their dependent children. The optional program provides natural death coverage equal to one, two, three or four times the member's annual compensation rounded to the next highest \$1,000, up to a maximum of \$800,000. Spouse coverage is available for up to one-half of the

member's optional insurance amount. Minor children who are at least 15 days old can be insured for \$10,000, \$20,000 or \$30,000, depending on the option chosen by the member. An additional accidental death and dismemberment benefit is payable for death or bodily injuries. Approximately 72,209 members were covered under this program as of June 30, 2022.

Optional group life insurance coverage ends for members when they retire or terminate their employment, or when their basic coverage ends. Optional life insurance amounts begin to reduce by 25.0 percent based on the retiree's age, beginning with the retiree's normal retirement age under his or her plan ending at age 80. Retirees may elect to continue coverage within 31 days of retirement. Spouse coverage terminates should a couple divorce or when the member leaves employment. Children's coverage ends with the termination of the member's coverage or when the child marries or turns 21 years of age (25 years of age for full-time college students).

Employers of members who elect optional life insurance coverage deduct the premiums from the members' paychecks, as required by Title 51.1 of the *Code of Virginia*. Premiums are based on the member's age and determined by the Board of Trustees. Because optional life insurance is an insured product, the carrier bills each employer directly, and the employer makes the contribution payments to the carrier. Any differences and adjustments are settled between the employer and the carrier.

Virginia Sickness and Disability Program

The System administers the Virginia Sickness and Disability Program (VSDP) to provide income protection in the event of a disability for eligible state employees hired on or after January 1, 1999. State agencies are required by Title 51.1 of the *Code of Virginia* to contribute to the cost of providing long-term disability benefits and administering the program.

VSDP benefits include sick, family and personal leave and short-term and long-term disability benefits. After a seven-calendar day waiting period following the first day of disability, eligible employees receive short-term disability benefits from 60.0 percent to 100.0 percent of their compensation. After 125 work days of short-term disability, eligible employees receive long-term disability benefits equal to 60.0 percent of their compensation. If the employee's condition becomes catastrophic, income replacement increases to 80.0 percent until the condition is no longer catastrophic. Long-term disability benefits continue until employees return to work, retire or reach age 65 (age 60 for state police officers and other state law enforcement and correctional officers) or die.

Full-time permanent salaried state employees, including state police officers and other Virginia law and correctional officers, are automatically enrolled in the VSDP. Part-time permanent salaried state employees who work at least 20 hours a week and accrue leave also are automatically enrolled. Teaching, administrative and research faculty of Virginia public colleges and universities who elect VRS as their retirement plan must

make an irrevocable election to participate in either the VSDP or the institution's disability program. If there is no institution program, the faculty member is covered under VSDP.

Eligible state employees and state police officers employed before January 1, 1999, had the option to elect to participate in the VSDP or remain under the Commonwealth's existing sick leave program and retain their eligibility for disability retirement benefits under VRS and SPORS. (Members of VaLORS have been automatically enrolled in the VSDP since October 1, 1999, when VaLORS was created.) Eligible employees enrolled in the VSDP are not eligible for disability retirement benefits under VRS, SPORS, or VaLORS. Employees hired or rehired on or after July 1, 2009, must satisfy eligibility periods before becoming eligible for non-work related short-term disability coverage and certain income replacement levels. Approximately 79,072 members were covered under the program as of June 30, 2022.

18. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

A. Virginia Retirement System (System-administered) OPEB Plans

1) Administration and Significant Accounting Policies

The System-administered defined benefit OPEB plans mentioned below have a trust that meets the requirements in GASB Statement No. 75, *Accounting and Financial Reporting for Post Employment Benefits Other than Pensions*. In addition, the net OPEB liability for these plans have a measurement date of June 30, 2021. As previously mentioned, a separately issued financial report that includes financial statements, notes and required supplementary information for each of the System-administered plans discussed below is publicly available. Copies may be obtained from the Virginia Retirement System website at www.varetire.org.

The administration and significant accounting policies for the System-administered OPEB plans are the same as those described in Note 16 for pension plans.

2) Plan Descriptions

Retiree Health Insurance Credit Program

The Retiree Health Insurance Credit Program is composed of a single-employer plan for state employees; a cost-sharing multiple-employer plan for teachers; three cost-sharing, multiple-employer plans for constitutional officers, social services employees and registrars; and an agent, multiple-employer plan for political subdivisions electing coverage. This note and the required supplementary information in this report is for the single-employer plan for state employees and also includes the state-funded noncontributing employer portion for constitutional officers, registrars, and their

employees, as well as local social service employees.

The Retiree Health Insurance Credit (RHIC) for state employees provides benefits for retired state employees, state police officers, other state law enforcement, correctional officers, and judges who have at least 15 years of service credit under the retirement plans. Members of JRS receive weighted years of service credit for each year of actual service under JRS. VRS, SPORS, VaLORS, and JRS also provide death and disability benefits. The program provides a credit reimbursement of \$4 per month per year of service credit against the monthly health insurance premiums of eligible retirees. There is no cap on the credit. Certain eligible employees who retire on disability or go on long-term disability under the Virginia Sickness and Disability Program are eligible for a credit not to exceed \$120.

The following is the approximate number of employees covered by the RHIC plan for state employees on the measurement date of June 30, 2021:

	RHIC for State Employees
Inactive employees currently receiving benefit payments	49,368
Inactive employees entitled to but not yet receiving benefit payments	1,962
Active employees	113,339
Total	164,669

The health insurance credit plan for general registrars, constitutional officers, and their employees as well as local social service employees (RHIC Non-State) provides \$1.50 per month per year of service with a maximum monthly credit of \$45. The Commonwealth funds this credit. Benefit provisions and eligibility requirements are established by Title 51.1 of the *Code of Virginia*. The amount required to fund all credits is financed by the employers based on contribution rates determined by the System's actuary.

Virginia Sickness and Disability Program

The Virginia Sickness and Disability Program (VSDP) is a single-employer plan. It is also known as the Disability Insurance Trust Fund. The Commonwealth provides OPEB disability insurance benefits, in accordance with state statutes, to eligible retired and terminated employees. Eligible employees include state employees hired before January 1, 1999, who elected to transfer to VSDP rather than retain their eligibility to be considered for VRS disability retirement and full-time and part-time, salaried state employees covered under VRS, SPORS, and VaLORS. State agencies are required by

Title 51.1 of the *Code of Virginia* to contribute to the cost of providing long-term disability benefits and administering the program. The following is the approximate number of employees covered by this plan on the measurement date of June 30, 2021:

	VSDP
Inactive employees currently receiving benefit payments	5,551
Inactive employees entitled to but not yet receiving benefit payments	—
Active employees	77,848
Total	83,399

Group Life Insurance Program

The Group Life Insurance Program (GLI) is a cost-sharing, multiple employer plan. Members whose employers participate in the Group Life Insurance Program are covered automatically under the Basic Group Life Insurance Program upon employment. This program was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program, including certain employers that do not participate in VRS for retirement. At retirement or termination, accidental death benefits cease and natural death coverage reduces at a rate equal to 25.0 percent on January 1 of the first full calendar year following retirement or termination and on January 1 of each year thereafter, until it reaches 25.0 percent of its original value. These group life insurance benefit provisions and requirements are established by Title 51.1 of the *Code of Virginia*. Participating employers and covered employees are required to contribute to the cost of group life insurance benefits. Employers may assume employees' contributions. A portion of the premium contributions collected during members' active careers is placed in an advance premium deposit reserve. This reserve is to fund the claims for eligible retired and deferred members.

Line of Duty Act Program

The Line of Duty Act Program (LODA) is a cost-sharing, multiple employer plan. It provides death and health insurance reimbursement benefits to eligible state employees and local government employees, including volunteers, who die or become disabled as a result of the performance of their duties as a public safety officer. Benefit provisions and eligibility requirements are established by Title 9.1 of the *Code of Virginia*. The System is responsible for managing the assets of the program. Participating employers made contributions to the program beginning in fiscal year 2012. The employer contribution rate was determined by the System's actuary using the anticipated costs and the number of covered individuals associated with all participating employers. The Department of Human Resource Management

administers the benefits and payment of claims under this program. The System manages the death benefit payments.

3) Funding

The contribution requirements are governed by the *Code of Virginia*, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Employer contributions by the Commonwealth for the RHIC and VSDP were 1.1 percent and 0.6 percent, respectively, of covered employee compensation. In addition, the contributions by the Commonwealth for the RHIC: Non-State for general registrars, constitutional officers, and their employees, and local social service employees were approximately 0.4 percent.

The total contribution rate for the GLI was 1.3 percent allocated into an employee and an employer component using a 60/40 split. The employee component was 0.8 percent and the employer component was 0.5 percent. Each employer's contractually required employer contribution rate for the year ended June 30, 2022, was 0.5 percent of covered employee compensation. Each employer's contractually required employer contribution rate for the LODA for the year ended June 30, 2022, was \$722.55 per covered full-time-equivalent employee.

All rates were based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. For RHIC and GLI, the actuarially determined rate was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. For VSDP, the actuarially determined rate was expected to finance the costs of benefits payable during the year, with an adjustment to amortize the accrued OPEB assets. For the LODA, the rate represents a pay-as-you-go funding rate and not the full actuarial cost of benefits under the program. The actuarially determined pay-as-you-go rate was expected to finance the costs and related expenses of benefits payable during the year.

Employer contributions by the Commonwealth to the RHIC, VSDP, GLI, LODA, and the RHIC Non-State plans were \$93.8 million, \$28.3 million, \$44.7 million, \$8.2 million, and \$4.5 million, respectively, for the year ended June 30, 2022. These contributions include special one-time payments made by the Commonwealth in June 2022 of approximately \$8.5 million, \$9.2 million and \$404,223 for RHIC, GLI, and the RHIC Non-State plans, respectively. These special payments were authorized by Chapter 1, 2022 Acts of Assembly Special Session I, Item 277.

4) Changes in Net OPEB Liability and Proportionate Share of Net OPEB Liability

The total OPEB liability for each plan was determined based on the actuarial valuation as of June 30, 2020, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021. The following tables (dollars in thousands) show the Commonwealth's total OPEB liability, plan fiduciary net position, and net OPEB liability (asset) for the RHIC and VSDP for the current and prior year, and the Commonwealth's proportionate share of the net OPEB liability for GLI, LODA, and RHIC Non-State plans. Since the VSDP has a net OPEB asset rather than a net OPEB liability, the net OPEB asset amount is not included in the total balance amount. The Commonwealth's Proportion for the GLI, LODA, and RHIC Non-State plans represents the percentage of the Commonwealth's share of Net OPEB Liability amount compared to the Net OPEB Liability amount for all employers of \$1.2 billion, \$441.0 million and \$40.0 million, respectively.

Total balance at June 30, 2022: (excludes VSDP net OPEB asset) (1) (4)		\$ 690,385

- (1) The VSDP net OPEB asset is included in Other Restricted Assets in the accompanying government-wide financial statements.
- (2) The primary government's aggregate OPEB liability is \$1,063,130 (dollars in thousands) as of June 30, 2022. This includes amounts for both the VRS-administered and DHRM-administered plans.
- (3) The primary government's proportion for Group Life Insurance and Line of Duty changed by -0.1 percent and -0.6 percent, respectively, while the component units' proportion changed by -0.3 percent and -0.1 percent, respectively, when compared to the prior year. The Commonwealth's proportion of the Retiree Health Insurance Credit: Non-State for the primary government did not change from the prior year.
- (4) The component unit's aggregate OPEB liability is \$966,267 (dollars in thousands) as of June 30, 2022. This includes amounts for both the VRS-administered and DHRM-administered plans as well as other OPEB plans.

The amounts in the previous tables include governmental, business-type, and component unit activity for the Commonwealth's VRS OPEB plans. The table excludes other net OPEB liability amounts of \$17.5 million for all other component units.

The net OPEB liabilities were based on an actuarial valuation as of June 30, 2020, using the entry age normal actuarial cost method. The actuarial assumptions included the following: (a) investment rate of return, net of OPEB plan investment expenses, including inflation: 6.8 percent for RHIC, VSDP, and GLI, and 2.2 percent for LODA; and (b) projected salary increases, including a 2.5 percent inflation component, ranging from 3.5 percent to 6.0 percent for VRS state, JRS, SPORS, and VaLORS employees, and teachers and political subdivision employees. For these OPEB plans, the teachers and political subdivision employees are not Commonwealth employees and, therefore, are excluded from the accompanying tables.

For more detailed actuarial information, refer to the Virginia Retirement System's financial statements, including the "Actuarial Assumptions and Methods – Other Post-Employment Benefit Plan Funds" schedule.

5) Changes to and Sensitivity of Discount Rate

The discount rate used to measure the total OPEB liability was 6.8 percent for the prefunded plans. These include the Group Life Insurance Program, the Retiree Health Insurance Credit Program, and the Disability Insurance Program.

The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be based on the actuarially determined rates based on the Board's funding policy, which certifies the required rates under Title 51.1 of the *Code of Virginia*. Based on those assumptions, the fiduciary net position was projected to be available to make all of the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of the projected benefit payments to determine the total OPEB liability. In accordance with GASB Statement No. 75 regarding the disclosure of the sensitivity of the net OPEB liability to changes in the discount rate, the following table (dollars in thousands) presents the employers' net OPEB liability for each of the plans calculated using the discount rate of 6.8 percent, as well as what the employers' net OPEB liability would be if it were calculated using a discount rate that is 1.0 percent lower (5.8 percent) or 1.0 percent higher (7.8 percent) than the current rate.

The Line of Duty Act Program is funded on a pay-as-you-go basis. As a result, the liabilities are valued using a discount rate of 2.2 percent, which approximates the risk-free rate of return. This rate decreased by 0.05 percent when compared to the prior year. The following table (dollars in thousands) shows the Commonwealth's changes in the discount rate and the healthcare trend rate.

Primary Government

(1) The VSDP net OPEB asset is included in Other Restricted Assets in the accompanying government-wide financial statements.

The long-term expected rate of return on the System's investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The long-term target allocations are based on the Strategic Asset Allocation Implementation Schedule and Allowable Ranges document, which was approved by the VRS Board of Trustees on October 10, 2019. Best estimates of arithmetic real rates of return for each major asset class included in the System's long-term target asset allocation are summarized in the following table.

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
Public Equity	34.0 %	5.0 %	1.7 %
Fixed Income	15.0 %	0.6 %	0.1 %
Credit Strategies	14.0 %	4.5 %	0.6 %
Real Assets	14.0 %	4.8 %	0.7 %
Private Equity	14.0 %	9.9 %	1.4 %
MAPS - Multi-Asset			
Public Strategies	6.0 %	3.3 %	0.2 %
PIP-Private Investment			
Partnerships	3.0 %	6.8 %	0.2 %
Total	100.0 %		4.9 %
	Inflation		2.5 %
	Expected arithmetic nominal return		7.4 %

The allocation in the previous table provides a one-year expected return of 7.4 percent. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the pension system, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.9 percent, including expected inflation of 2.5 percent. On October 10, 2019, the VRS Board of Trustees elected a long-term rate of return of 6.8 percent which is roughly at the 40th percentile of expected long-term results of VRS fund asset allocation at that time, providing a mean of 7.1 percent, including expected inflation of 2.5 percent.

The long-term expected rate of return on the LODA OPEB Program's investments was set at 2.2 percent for this valuation. Since LODA is funded on a current-disbursement basis, it is not able to use the VRS Pooled Investments 6.8 percent assumption. Instead, the assumed annual rate of return of 2.2 percent was used since it approximates the risk-free rate of return. This Single Equivalent Interest Rate (SEIR) is the applicable municipal bond index rate based on the Bond Buyer General Obligation 20-year Municipal Bond Index as of June 30, 2021.

6)

OPEB Related Deferred Outflows and Deferred Inflows

GASB Statement No. 75 requires certain OPEB related items to be reported as either deferred outflows or deferred inflows of resources. The following tables (dollars in thousands) summarize these amounts as of June 30, 2022, in total and by individual plan.

Primary Government (3)

	Totals (1)	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 50,702	\$ 216,345

- (1) These tables aggregate the deferred inflows of resources and deferred outflows of resources for both the VRS-administered and DHRM-administered plans.
- (2) The component unit amounts in the accompanying financial statements include deferred outflows of resources and deferred inflows of resources of \$21,080 (dollars in thousands) and \$14,013 (dollars in thousands), respectively, for other OPEB plans.
- (3) Additionally, during fiscal year 2022, the Commonwealth recognized OPEB expense for the primary government and component units of negative \$49,745 (dollars in thousands) and negative \$20,115 (dollars in thousands), respectively, for the VRS-administered OPEB plans and the DHRM-administered OPEB plans. The recognized OPEB expense by plan for the primary government was as follows for the VRS-administered OPEB plans (dollars in thousands): RHIC \$27,504; VSDP negative \$2,420; GLI \$5,221; LODA \$22,364; and RHIC: Non-State \$3,844. The recognized OPEB expense by plan for component units was as follows (dollars in thousands): RHIC \$44,722; VSDP negative \$1,365; GLI \$7,233; and LODA \$1,327. The Commonwealth recognized OPEB expense for the primary government and component units of negative \$106,258 (dollars in thousands) and negative \$72,032 (dollars in thousands) respectively, for the DHRM-administered OPEB plan.

Deferred Amounts to be Recognized in Fiscal Years Following Reporting Date

The following tables (dollars in thousands) provide the net estimated amount of the deferred inflows and deferred outflows of resources that will be recognized in the Commonwealth's OPEB expense for each of the next five fiscal years and thereafter. These amounts exclude employer contributions made subsequent to the measurement date as those contributions will reduce the fiscal year 2023 net OPEB liability (asset).

B. Department of Human Resource Management (DHRM-administered) OPEB Plan

1) Administration

The DHRM-administered defined benefit OPEB plan mentioned below does not have a trust that meets the requirements of GASB Statement No. 75. In addition, the total OPEB liability for this plan has a measurement date of June 30, 2021. A separately issued financial report for this DHRM-administered OPEB plan is not available.

2) Plan Description

The Commonwealth provides a Pre-Medicare Retiree Healthcare (PMRH) plan established by Title 2.2 of the *Code of Virginia* for retirees who are not yet eligible to participate in Medicare. It is the same health insurance program offered to active employees and managed by DHRM. After

retirement, the Commonwealth of Virginia no longer subsidizes the retiree's premium; however, since both active employees and retirees are included in the same pool for purposes of determining health insurance rates, retiree rates are effectively lower than what might otherwise be available outside of this benefit. Following are eligibility requirements for Virginia Retirement System (VRS) retirees:

- Retiring state employee who is eligible for a monthly retirement benefit from VRS;
- Start receiving (do not defer) retirement benefit immediately upon retirement;
- Last employer before retirement was the Commonwealth of Virginia;
- Eligible for (even if not enrolled) coverage as an active employee in the State Health Benefits Program until retirement date (not including Extended Coverage/COBRA); and
- Enroll no later than 31 days from retirement date.

Effective January 1, 2017, are the following eligibility requirements for Optional Retirement Plan (ORP) retirees:

- Terminating state employee who participates in one of the qualified Optional Retirement Plans;
- Last employer before termination was the Commonwealth of Virginia;
- Eligible for (even if not enrolled) coverage in the State Employee Health Benefits Program for active employees at the time of termination;
- Meet age and service requirements for an immediate retirement benefit under the non-ORP VRS plan that the retiree would have been eligible for on the date of hire had the retiree not elected the ORP; and
- Enroll in the State Retiree Health Benefits Program no later than 31 days from the date the retiree loses coverage (or loses eligibility for coverage) in the State Health Benefits Program for active employees due to termination of employment.

Eligibility for ORP retirees who terminated prior to January 1, 2017, would be based on the policy in place at the time of their termination.

This fund is reported as part of the Commonwealth's Health Care Internal Service Fund. Benefit payments are recognized when due and payable in accordance with the benefit terms. Pre-Medicare Retiree Healthcare is a single-employer defined benefit OPEB plan that is treated like a cost-sharing plan for financial reporting purposes, and is administered by the Department of Human Resource Management. There were approximately 4,100 retirees and

88,000 active employees in the program as of June 30, 2021. There are no inactive employees entitled to future benefits who are not currently receiving benefits. There are no assets accumulated in a trust to pay benefits.

3) Funding

The employer does not pay a portion of the retirees' healthcare premium; however, since both active employees and retirees are included in the same pool for purposes of determining health insurance rates, this generally results in a higher rate for active employees. Therefore, the employer effectively subsidizes the costs of the participating retirees' healthcare through payment of the employer's portion of the premiums for active employees.

4) Changes in Total OPEB Liability

The PMRH total OPEB liability of \$448.9 million as of June 30, 2022, was measured as of June 30, 2021, and was determined by an actuarial valuation as of June 30, 2021. The following tables (dollars in thousands) show the Commonwealth's total OPEB liability for the current and prior year:

Primary Government

	PMRH
	Increase (Decrease)
	Total OPEB Liability
Balances at June 30, 2021	\$ 325,917
Changes for the year	
Service cost	25,304
Interest cost	7,532
Changes of benefit terms	—
Differences between expected and actual experience	(11,973)
Changes of assumptions	(68,379)
Benefit payments	(21,076)
Net change	(68,592)
Balances at June 30, 2022	\$ 257,325

Component Units

	PMRH
	Increase (Decrease)
	Total OPEB Liability
Balances at June 30, 2021	\$ 242,907
Changes for the year	
Service cost	18,837
Interest cost	5,607
Changes of benefit terms	—
Differences between expected and actual experience	(8,914)
Changes of assumptions	(50,906)
Benefit payments	(15,964)
Net change	(51,340)
Balances at June 30, 2022	\$ 191,567

The amounts in the previous tables include governmental, business-type, and component unit activity for the DHRM-administered OPEB plan. The table excludes the non-DHRM OPEB plans' total OPEB liability of \$66.8 million for all other component units.

The PMRH total OPEB liability was based on an actuarial valuation with a valuation date of June 30, 2021. The Department of Human Resource Management selected the economic, demographic and healthcare claim cost assumptions. The actuary provided guidance with respect to these assumptions. Initial healthcare costs trend rates used were 6.8 percent for medical and pharmacy and 4.0 percent for dental. The ultimate trend rates used were 4.5 percent for medical and pharmacy and 4.0 percent for dental.

Actuarial Assumptions and Methods

Valuation Date of June 30, 2021

Measurement Date	June 30, 2021 (one year prior to the end of the fiscal year)
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level dollar, Closed
Effective Amortization Period	6.37 years
Discount Rate	2.2%
Projected Salary Increases	5.4% to 3.5% based on years of service from 1 year to 20 years or more
Medical Trend Under 65	Medical & Rx: 6.8% to 4.5% Dental: 4.0%
Year of Ultimate Trend	2033
Mortality	Mortality rates vary by participant status and gender
Pre-Retirement:	Pub-2010 Benefits Weighted General Employee Rates projected generationally with a Modified MP-2021 Improvement Scale; females set forward 2 years
Post-Retirement:	Pub-2010 Benefits Weighted General Healthy Retiree Rates projected generationally with a Modified MP-2021 Improvement Scale; 110% of rates for females
Post-Disablement:	Pub-2010 Benefits Weighted General Disabled Rates projected generationally with a Modified MP-2021 Improvement Scale; males and females set forward 3 years
Beneficiaries and Survivors:	Pub-2010 Benefits Weighted General Contingent Annuitant Rates projected generationally with a Modified MP-2021 Improvement Scale; 110% of rates for males and females

The discount rate was based on the Bond Buyers GO 20 Municipal Bond Index as of the measurement date which is June 30, 2021. The inflation rate used was 2.3 percent per year and there were no ad hoc postemployment benefit changes used to measure the total OPEB liability.

Changes of Assumptions

The following actuarial assumptions were updated since the June 30, 2020 valuation based on recent experience:

- Retiree participation - reduced the rate from 45.0 percent to 40.0 percent

Spousal coverage and retiree participation were based on a blend of recent experience and the prior year assumptions. The mortality table has been updated from adjusted RP-2014 mortality tables using Scale BB to adjusted Pub-2010 Headcount-Weighted mortality tables projected generationally with modified MP-2021 Improvement Scales. No excise tax has been reflected due to the SECURE Act. Among the provisions was a repeal of three taxes and fees that were originally intended to help fund the Affordable Care Act (ACA); i) the excise tax on high-cost health plans (Cadillac tax); ii) the annual fee on health insurance providers; and iii) the medical device excise tax. Trend rates were updated based on economic conditions as of June 30, 2021. Additionally, the discount rate was decreased from 2.21 percent to 2.16 percent based on the Bond Buyers GO 20 Municipal Bond Index as of June 30, 2022. There were no plan changes in the valuation since the prior year.

5) Changes to and Sensitivity of Discount Rate

The following table (dollars in thousands) shows the Commonwealth's changes in discount rate and the healthcare cost trend rates.

Primary Government

Changes in Discount Rate		
PMRH		
Total OPEB Liability		
1.0% Decrease (1.2%)	Current Discount Rate (2.2%)	1.0% Increase (3.2%)
\$ 270,525	\$ 257,325	\$ 243,963
Changes in Healthcare Cost Trend Rates		
PMRH		
Total OPEB Liability		
1.0% Decrease	Healthcare Cost Trend Rates	1.0% Increase
(5.8% decreasing to 3.5%)	(6.8% decreasing to 4.5%)	(7.8% decreasing to 5.5%)
\$ 232,129	\$ 257,325	\$ 286,578

Component Units

Changes in Discount Rate		
PMRH		
Total OPEB Liability		
1.0% Decrease (1.2%)	Current Discount Rate (2.2%)	1.0% Increase (3.2%)
\$ 201,394	\$ 191,567	\$ 181,620
Changes in Healthcare Cost Trend Rates		
PMRH		
Total OPEB Liability		
1.0% Decrease	Healthcare Cost Trend Rates	1.0% Increase
(5.8% decreasing to 3.5%)	(6.8% decreasing to 4.5%)	(7.8% decreasing to 5.5%)
\$ 172,811	\$ 191,567	\$ 213,346

6) OPEB Related Deferred Outflows and Deferred Inflows

The following tables (dollars in thousands) summarize the OPEB related items reported as deferred outflows or deferred inflows of resources:

Primary Government (2)

	PMRH	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ —	\$ 130,827
Changes of assumptions	—	247,480
Changes in proportion	27,681	39,274
Amounts associated with transactions subsequent to the Measurement Date	18,813	—
Total	\$ 46,494	\$ 417,581

Component Units (1) (2)

	PMRH	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ —	\$ 97,407
Changes of assumptions	—	184,261
Changes in proportion	25,213	13,619
Amounts associated with transactions subsequent to the Measurement Date	14,007	—
Total	\$ 39,220	\$ 295,287

- (1) The component unit amounts exclude deferred outflows of resources and deferred inflows of resources of \$4,442 and \$43,511 (dollars in thousands), respectively, for other OPEB plans.
- (2) Additionally, during fiscal year 2022, the Commonwealth recognized OPEB expense for the primary government and component units of negative \$106,258 (dollars in thousands) and negative \$72,032 (dollars in thousands), respectively, for the DHRM-administered OPEB plan.

Deferred Amounts to be Recognized in Fiscal Years Following Reporting Date

The following tables (dollars in thousands) provide the net estimated amount of the deferred inflows and deferred outflows of resources that will be recognized in the Commonwealth's OPEB expense for each of the next five fiscal years and thereafter. These amounts exclude amounts associated with transactions subsequent to the measurement date as those will reduce the fiscal year 2023 total OPEB liability.

Primary Government

	PMRH
2023 \$	(139,170)
2024	(118,853)
2025	(72,390)
2026	(36,793)
2027	(17,884)
Thereafter	(4,810)

Component Units

	PMRH
2023 \$	(96,400)
2024	(82,327)
2025	(50,142)
2026	(25,486)
2027	(12,387)
Thereafter	(3,332)

The Authority reported a total OPEB liability of \$1.0 million, a net OPEB liability of \$618,000, deferred outflows of resources of \$264,169 and deferred inflows of resources of \$517,375 as of June 30, 2022.

Hampton Roads Sanitation District (nonmajor component unit) offers a health and dental benefit plan for those employees who choose to participate. The District reported a net OPEB liability of \$16.5 million, deferred inflows of resources of \$7.3 million and deferred outflows of resources of \$12.0 million as of June 30, 2022.

The Virginia Biotechnology Research Partnership Authority (nonmajor component unit) offers an Optional Retirement Life Insurance Plan for those employees who choose to participate. The Authority reported a net OPEB liability of \$51,245, deferred outflows of resources of \$29,797, and deferred inflows of resources of \$21,174 as of June 30, 2022.

7) Other OPEB Plans

Higher Education

The University of Virginia (nonmajor component unit) has a Retiree Health Plan that covers employees who retire before becoming eligible for Medicare. In addition, an Optional Retirement Life Insurance Plan is offered to University faculty and Medical Center employees who participate in the Optional Retirement Plans. The University reported a total OPEB liability of \$65.8 million, deferred outflows of resources of \$4.4 million, and deferred inflows of resources of \$43.1 million as of June 30, 2022. Additional information on these plans can be found at the University's website at www.virginia.edu.

The Roanoke Higher Education Authority (nonmajor component unit) reported a net OPEB liability of \$60,395, deferred outflows of resources of \$25,665, and deferred inflows of resources of \$34,336 for Group Life Insurance and Retiree Health Insurance Credit OPEB Plans.

Other Component Units

The Virginia Housing Development Authority (major component unit) offers a medical, dental, and vision benefit plan, and reported deferred outflows of resources of \$8.8 million and deferred inflows of resources of \$6.5 million as of June 30, 2022.

The Virginia Resources Authority (major component unit) offers an optional Retirement Life Insurance Plan for those employees who choose to participate. The Authority reported a net OPEB liability of \$216,543, deferred outflows of resources of \$28,959, and deferred inflows of resources of \$37,598 as of June 30, 2022.

The Virginia Port Authority (nonmajor component unit) offers medical and dental benefits for retirees.

19. DEFERRED COMPENSATION PLANS

The Commonwealth offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457(b). The Virginia Retirement System (the System) administers the deferred compensation plan, pursuant to the Government Employees Deferred Compensation Plan Act, Section 51.1 of the *Code of Virginia*. The System contracts with private corporations or institutions subject to the standards set forth in the Code to provide investment products as well as any other goods and services related to the administration of the deferred compensation plan. The Department of Accounts is responsible for the accounting, reconciliation, payment to the plan through payroll deductions, and timely transfer of withheld funds to the trustee designated by the System for investment. The plan provides a number of investment options and is designed so that each participant retains investment control of his/her individual account. The plan, available to all state employees, permits them to defer a portion of their salary until future years. The deferred compensation is held in trust for the exclusive benefit of plan participants and their beneficiaries and is not available to employees until termination, retirement, death, unforeseeable emergency, or an in-service distribution at age 72 or later. Since the System has no fiduciary relationship with plan participants, plan assets as of June 30, 2022, of \$3.7 billion are not included in the accompanying financial statements.

In addition, the Commonwealth provides a cash match under Internal Revenue Code Section 401(a) for employees participating in the deferred compensation plan. The match amount for an employee was established at 50.0 percent of the voluntary contributions to the deferred compensation plan. During the current fiscal year, the maximum match was \$20 per pay period or \$40 per month. The fair value of assets in the cash match savings plan as of June 30, 2022, was \$545.7 million, which is also excluded from the accompanying financial statements. Employer

contributions under this plan were approximately \$14.6 million for fiscal year 2022.

Most employees of the Commonwealth's colleges and universities may participate in the Commonwealth's deferred compensation plan in accordance with Internal Revenue Code Section 457(b) and/or the institution's deferred compensation plan in accordance with Internal Revenue Code Section 403(b). Under either plan, the institution's cash match under the Internal Revenue Code Section 401(a) during fiscal year 2022 was a maximum match of up to \$20 per pay period or \$40 per month. This employer match is for either plan but not both plans. Employer contributions under these plans were approximately \$13.4 million for fiscal year 2022.

The deferred compensation plan for the University of Virginia Medical Center (part of the University of Virginia – nonmajor component unit) employees hired on or after September 30, 2002, allows employee contributions of up to 4.0 percent of their salary and the employer match is 50.0 percent of the 4.0 percent deferral not to exceed 2.0 percent of the employees' salary. Employer contributions under this plan were approximately \$6.1 million for fiscal year 2022. The University of Virginia provides executive deferred compensation retirement benefits for certain officers and executives of the University and the University Medical Center. The University makes contributions on behalf of each participant each plan year as determined by the Board of Visitors. The University contributed \$2.0 million to these accounts for fiscal year 2022.

The Virginia Housing Development Authority and the Virginia Resources Authority (major component units) have deferred compensation plans available to all employees created in accordance with Internal Revenue Section 457(b). The plan permits participants to defer a portion of their salary or wages until future years. The deferred compensation is not available to employees until termination, retirement, or death. The assets of the plan are in an irrevocable trust with an external trustee and, accordingly, no assets or liabilities are reflected in the accompanying financial statements.

The Virginia Port Authority (VPA) (nonmajor component unit) offers three deferred compensation plans and two matching savings plans under Internal Revenue Code Sections 457 and 401(a), respectively. For additional information, please see the Authority's website at www.portofvirginia.com.

The Assistive Technology Loan Fund Authority (nonmajor component unit) employees contribute an amount of their choosing into Deferred Compensation Plans administered by the Virginia Retirement System and into a qualified 403(b) plan.

20. STATE NON-ARBITRAGE POOL

The Commonwealth sponsors the Virginia State Non-Arbitrage Program (SNAP) for use by the Commonwealth and local governments to invest bond proceeds. The Treasury Board is responsible for the oversight of SNAP, procuring the following services: investment management, program administration,

arbitrage rebate and calculation, and custodial and depository services. The Commonwealth does not have fiduciary responsibility for SNAP.

The SNAP fund is a local government investment pool. PFM Asset Management LLC serves as the investment adviser of the SNAP fund. The SNAP individual investment portfolios are the responsibility of the SNAP investment manager and the governments investing proceeds in the portfolios. These investments are held solely in the SNAP participants' names. Since the Commonwealth has no fiduciary relationship with local governmental entities participating in the plan, these assets of \$3.8 billion are not included in the financial statements.

21. COMMITMENTS

A. Construction Projects

Primary Government

Highway Projects

As of June 30, 2022, the Department of Transportation had contractual commitments of approximately \$4.6 billion for construction of various highway projects. Funding for these expenditures is expected to be provided as follows: (1) State funds - approximately 66.6 percent or \$3.1 billion; (2) Proceeds from Bonds - approximately 19.8 percent or \$914.0 million; and, (3) Federal funds – approximately 13.6 percent or \$631.0 million.

Mass Transit Projects

As of June 30, 2022, the Department of Rail and Public Transportation had contractual commitments of approximately \$296.0 million for various public transportation and rail preservation projects. Funding of the future expenditures is expected to be as follows: 1) State funds – approximately 90.0 percent or \$266.0 million, and 2) Federal funds – approximately 10.0 percent or \$30.0 million.

Wastewater Treatment Projects

As of June 30, 2022, the Department of Environmental Quality was committed to grant contracts with localities to reimburse a portion of construction costs for nutrient reduction facilities at wastewater treatment plants totaling \$94.9 million provided by bond proceeds and the Water Quality Improvement Fund.

Other Construction Projects

As of June 30, 2022, the Department of Forensic Science had non-contractual commitments of approximately \$176.5 million for construction projects.

As of June 30, 2022, the Department of General Services had construction commitments of approximately \$133.9 million.

As of June 30, 2022, the Department of Behavioral Health and Developmental Services had construction contractual commitments of approximately \$21.3 million.

As of June 30, 2022, the Department of Conservation and Recreation had construction commitments of \$16.2 million for construction projects.

As of June 30, 2022, the Department of Veterans Services had construction commitments of \$13.6 million and non-construction commitments of \$13.5 million for construction projects.

As of June 30, 2022, the Department of Military Affairs had construction contractual commitments of approximately \$11.7 million.

Component Units

Port Projects

As of June 30, 2022, the Virginia Port Authority (nonmajor) was committed to construction contracts totaling \$91.1 million.

Wallops Island Project

As of June 30, 2022, the Virginia Commercial Space Flight Authority (nonmajor) was committed to construction programs totaling \$5.3 million, approximately \$3.3 million of which will be reimbursable under separate private and federal contract agreements and approximately \$300,000 of which are funded by the Commonwealth.

Treatment Plant

As of June 30, 2022, the Hampton Roads Sanitation District Commission (nonmajor) was committed to construction contracts totaling \$1.1 billion.

Higher Education Institutions

Colleges and universities (nonmajor) had construction commitments as of June 30, 2022, of approximately \$1.7 billion primarily for construction contracts. Higher education foundations' construction and other commitments total approximately \$62.4 million and \$63.6 million, respectively.

B. Long-term Leases

As of June 30, 2022, the Commonwealth has entered into long-term leases that have not yet commenced. Commitments for the primary government were \$32.0 million for lease payments due for governmental activities (including internal service funds). Business-type activities did not have lease commitments at June 30, 2022. Commitments for component units total \$488.1 million for higher education institutions, excluding

foundations, and \$4.8 million for other component units.

Lease agreements are for various terms and contain nonappropriation clauses indicating that continuation of the lease is subject to funding by the General Assembly.

C. Investment Commitments – Virginia Retirement System

The Virginia Retirement System extends investment commitments in the normal course of business, which, as of June 30, 2022, amounted to \$20.1 billion.

D. Virginia Transportation Infrastructure Bank

Section 33.2-1500 of the *Code of Virginia* states the Virginia Transportation Infrastructure Bank is intended to help alleviate a critical financing need for present and future highways within the Commonwealth. This includes toll facilities; mass transit; freight, passenger, and commuter rail; and port, airport and other transportation facilities.

As of June 30, 2022, \$184.6 million included as Loans Receivable in the accompanying statements represents loans to the City of Chesapeake for the Dominion Boulevard Project, Loudoun County for the Pacific Boulevard Project, the Chesapeake Bay Bridge and Tunnel District for the Parallel Thimble Shoal Tunnel, and the 95 Express Lanes LLC for the 395 Express Lanes Northern Extension. The Capital Beltway Express, LLC for the I-495 Express Lanes loan has been approved, but no disbursements were made as of June 30, 2022. Payments were made by the City of Chesapeake for \$11.0 million, Chesapeake Bay Bridge and Tunnel District for \$20,564, and the 95 Express Lanes LLC for \$827,624 in July 2022. All loans are coordinated through the Virginia Resources Authority (major component unit).

E. Tobacco Grants

The Tobacco Region Revitalization Commission (nonmajor component unit) had \$68.5 million in grant award commitments not reflected in the accompanying financial statements since eligibility requirements were not met as of June 30, 2022, in accordance with GASB Statement No. 33.

F. Other Commitments

Primary Government

As of June 30, 2022, the Virginia Department of Transportation had contractual commitments of approximately \$1.5 billion for individual contracts awarded with a contract value of \$1.0 million or more for operational services, facilities, tolling services and other non-highway construction type contracts.

The Virginia College Savings Plan (major enterprise fund) administers the Defined Benefit 529 Program. As of June 30, 2022, the Program had \$261.0 million in private equity commitments.

As of June 30, 2022, the Department of Corrections had contractual commitments of approximately \$192.9 million for detention services and medical care.

As of June 30, 2022, the Department of Behavioral Health and Developmental Services had contractual commitments of approximately \$57.1 million.

As of June 30, 2022, the Department of Motor Vehicles had contractual commitments of approximately \$46.1 million for driver's licenses and technology services.

As of June 30, 2022, the Virginia Employment Commission had contractual commitments of approximately \$22.0 million for information systems modernization projects and approximately \$17.7 million for other non-contractual commitments.

As of June 30, 2022, the Virginia Department of Health had commitments of approximately \$26.4 million to localities, trauma centers, grants to rescue squads, and water supply assistance grants.

The Virginia Wireless E-911 (nonmajor enterprise fund) had \$23.8 million in outstanding grants awarded but not yet disbursed to localities as of June 30, 2022, since all of the eligibility criteria have not been met in accordance with GASB Statement No. 33.

As of June 30, 2022, the Enterprise Applications (internal service fund) had \$10.5 million in contractually obligated commitments for the Human Capital Management replacement project.

Component Units

The Virginia Housing Development Authority (major) and Virginia Resources Authority (major) had \$1.1 billion and \$633.0 million, respectively, in commitments to fund new loans not reflected in the accompanying financial statements since eligibility requirements were not met as of June 30, 2022, in accordance with GASB Statement No. 33.

As of June 30, 2022, the Virginia Passenger Rail Authority (nonmajor) had capital grant commitments outstanding of \$284.5 million and other contractual commitments of \$76.6 million. The Authority also has \$22.7 million of funding committed to reimburse the Department of Rail and Public Transportation (part of primary government) for planned expenses related to grants managed by the Department.

The Virginia Small Business Financing Authority (nonmajor) had \$6.1 million in loan commitments to banks and borrowers not reflected in the accompanying financial statements since eligibility requirements were not met as of June 30, 2022, in accordance with GASB Statement No. 33.

22. ACCRUED LIABILITY FOR COMPENSATED ABSENCES

Employees accrue annual leave at a rate of four to nine hours semimonthly, depending on their length of service. The maximum leave accumulation is dependent upon years of service, but in no case may it exceed 432 hours at the end of the leave year. The maximum compensation for annual leave balances is also dependent upon years of service, but in no case may an employee be compensated for more than 336 hours upon separation.

All employees hired after January 1, 1999, are required to enroll in the Virginia Sickness and Disability Program (VSDP) (see Note 17). Under the VSDP, employees receive a specified number of sick and personal leave hours, depending on their length of service, and any balances at the end of the leave year revert. Individuals employed at January 1, 1999, had the option of converting to the VSDP or remaining in the traditional sick leave plan. If converting, the employee's sick leave balance could be used to purchase retirement credits or be converted to disability credits. If an employee opted to remain in the traditional sick leave program, sick leave accrues at a rate of five hours semimonthly. Employees who leave state service after a minimum of five years employment receive the lesser of 25.0 percent of the value of their disability credits or accumulated sick leave at their current earnings rate or \$5,000. All employees leaving state service are paid for accrued annual leave up to the maximum leave year limit at their current earnings rate.

In conformance with Section C60 of the GASB Codification, the monetary value of accumulated vacation, compensatory, overtime, recognition, and sick leave payable upon termination is included in the accompanying financial statements and is reported as Compensated Absences. In the government-wide statements, proprietary fund statements, and discrete component unit fund statements, compensated absence amounts are segregated into two components – the amount due within one year and the amount due in more than one year. Compensated absences due within one year consist of an estimate of the amount that will be used by active employees for paid time off

and/or paid upon termination, plus the actual amount paid after June 30 for employees terminating on or before June 30. In the governmental fund statements, amounts to be paid from expendable resources are recognized as fund liabilities in the applicable governmental fund types as long-term liabilities and represent payments to employees for separations that occurred on or before June 30. Amounts not payable from expendable resources are reflected in the governmental activities column in the Government-wide Statement of Net Position (see Note 27). All amounts related to the fiduciary funds are recognized in those funds.

The liability as of June 30, 2022, was computed using salary rates effective at that date, and represents vacation, compensatory, overtime, recognition, and sick leave earned, or disability credits held by employees, up to the allowable ceilings.

23. POLLUTION REMEDIATION OBLIGATIONS

The Commonwealth has pollution remediation obligations of \$8.7 million, of which \$1.8 million is due within one year. With the exception of the Department of Environmental Quality (DEQ), agencies estimated future obligations based on professional consultant estimates and/or historical project expenses of similar projects; however, there is the potential for change in estimates due to price increases or reductions, technology, or applicable laws and regulations. Remediations for DEQ are not estimates but contractual obligations between the Commonwealth and the U.S. Environmental Protection Agency (EPA), and any change due to a reconciliation of incurred costs requires mutual consent and contract amendment.

The estimated Commonwealth pollution remediation liability relates to the anticipated cost of cleanup relating to leakage of underground storage tanks, soil and groundwater contaminations, dump site cleanups, mold remediation and remediation relating to superfund state contracts.

Agencies involved in remediation include:

- Department of Conservation and Recreation (DCR)
- Department of Corrections (DOC)
- Department of Emergency Management (VDEM)
- Department of Environmental Quality (DEQ)
- Department of Juvenile Justice (DJJ)
- Department of Transportation (VDOT)

A Facility Lead Agreement was signed between the EPA and VDOT to resolve an issue concerning the storage of lab wastewater in an outdoor lined surface impoundment that operated between 1979 and 1983 for which contamination is present in soil and groundwater. DOC was fined by the EPA in September/October 2003. DOC proposed to conduct a Supplemental Environmental Project (SEP) which included the formation of the Pollution Prevention Section of the Environmental Services Unit, disclosure of all environmental deficiencies to both the EPA and DEQ and corrections of those deficiencies.

The following pollution remediation outlays could not reasonably be estimated as of June 30, 2022:

- VDEM relating to cleanup of an emergency fuel storage facility
- DJJ relating to petroleum storage tank removal
- VDOT relating to groundwater contamination

24. INSURANCE

A. Self-Insurance

The Commonwealth maintains three types of self-insurance plans. The first type of self-insurance is a health care plan administered by the Department of Human Resource Management for Commonwealth employees. The plan is accounted for in the Health Care Internal Service Fund. Interfund premiums are accounted for as internal activity receipts from other funds. As of June 30, 2022, \$117.7 million is reported as the estimated claims payable for this fund, which is undiscounted as nearly all healthcare claims are current in nature. The estimated liability is based upon actual claims that have been submitted as well as actuarially determined claims incurred but not reported as described in Note 1.W. Changes in the balances of claims liabilities (dollars in thousands) during the current and prior fiscal years are as follows:

	Balance July 1,	Current Year Claims and Changes in Estimates	Claim Payments	Balance June 30, (1)
2021-2022	\$ 116,457	\$ 1,528,780	\$ (1,527,580)	\$ 117,657
2020-2021	\$ 136,804	\$ 1,454,648	\$ (1,474,995)	\$ 116,457

- (1) The entire ending balance shown above is due within one year.

The second type of plan, Risk Management, is administered by the Department of the Treasury, Division of Risk Management and the Department of Human Resource Management, Worker's Compensation Program. These plans are accounted for in the Risk Management Internal Service Fund. The Department of the Treasury administers risk management programs providing property, general (tort) liability, medical malpractice, automobile and surety bond exposures for the Commonwealth of Virginia as provided in Sections 2.2-1834 through 1838 and Section 2.2-1840 of the *Code of Virginia*. Established subject to the approval of the Governor, risk management plans provide state agencies with protection through purchased insurance, self-insurance or a combination thereof. Interfund premiums for the fund are accounted for as internal activity receipts from other funds. The claims payable is an estimated liability based upon actual claims that have been submitted as well as actuarially determined claims incurred but not reported. As of June 30, 2022, \$451.1 million is reported as the estimated claims payable for the risk management plan. This amount is discounted to present value at a rate of 2.8 percent. Undiscounted claims payable as of June 30, 2022, is \$623.0 million. The estimated losses are based upon actual claims that have been submitted, as well as claims incurred but not reported. Changes in the balances of claims liabilities (dollars in thousands) during the current and prior fiscal years are as follows:

	Balance July 1,	Current Year Claims and Changes in Estimates	Claim Payments	Balance June 30, (1)
2021-2022	\$ 799,256	\$ (294,219)	\$ (53,889)	\$ 451,148
2020-2021	\$ 892,190	\$ (31,008)	\$ (61,926)	\$ 799,256

- (1) Of the balance shown above, \$59.9 million is due within one year.

For workers' compensation, the Commonwealth assumes the full risk of claims filed. For tort and automobile, liability is assumed at a maximum of \$2.0 million per occurrence. Medical malpractice is assumed at the maximum per occurrence recovery limited as stated in Section 8.01-581.15 of the *Code of Virginia*. Risk Management purchases commercial insurance to protect state-owned property with deductibles as stated in the insurance policies.

The third type of plan, Line of Duty, is administered by the Department of Human Resource Management for Line of Duty recipients. Per the amended Line of Duty Act Section 9.1-401 of the *Code of Virginia*, the Department of Human Resource Management is responsible for administration of the premium-free health benefits provided to eligible Line of Duty recipients. The plan is accounted for in the Line of Duty Internal Service Fund. All eligible employees, former employees, and eligible family members will be covered under one program, the Line of Duty Health Benefit Plans. Participating or non-participating refers to whether the employer participates in the Line of Duty Death and Health Benefits Trust Fund, administered by VRS. All state agencies are participating employers, but localities can be either participating or non-participating. As of June 30, 2022, \$406,893 is reported as the claims payable for the fund for state employees and participating localities, which is undiscounted as nearly all healthcare claims are current in nature. Changes in the balances of claims liabilities (dollars in thousands) during the current and prior fiscal years are as follows:

	Balance July 1,	Current Year Claims and Changes in Estimates	Claim Payments	Balance June 30, (1)
2021-2022	\$ 601	\$ 6,616	\$ (6,810)	\$ 407
2020-2021	\$ 592	\$ 7,515	\$ (7,506)	\$ 601

- (1) The entire ending balance shown above is due within one year.

The Commonwealth has not had any insurance settlements exceed the coverage during the past three years.

University of Virginia (nonmajor component unit) employees have the option to participate in the University's self-funded, comprehensive medical care benefits program. The cost of medical care is paid out of employee and employer contributions. Claims and expenses are reported when it is probable that a loss has occurred, and the amount

of the loss can be reasonably estimated. Those losses include an estimate of claims that have been incurred but not reported and the future costs of handling claims. The estimated liability for outstanding claims on June 30, 2022 was \$11.1 million. The University has contracted with several third-party claims administrators: Aetna for its medical claims, United Concordia for its dental claims, and OptumRx for its pharmacy claims.

As of June 30, 2022, the Virginia Commonwealth University Health System Authority (Authority) (a blended component unit of the Virginia Commonwealth University – nonmajor component unit) reports the following claims payable amounts: estimated workers' compensation claims of \$3.3 million and estimated losses on malpractice claims of \$3.4 million. Aries Insurance Captive (component unit of the Authority) reports claims payable of \$24.0 million for estimated losses on malpractice claims, \$5.7 million for estimated workers' compensation claims, and \$5.2 million for other insurance coverages. Additional information on claims payable can be found in the Authority's separately issued financial statements.

Virginia International Terminals, LLC (VIT) (a blended component unit of the Virginia Port Authority – nonmajor) participates in a workers compensation insurance pool and shares risk with other members of the pool. VIT remains obligated under its former self-insured plan for future losses as a result of accidents that occurred prior to April 12, 1999. VIT bears some self-insurance risk for health/medical insurance claims cost in excess of employee premiums/contributions received. Pursuant to a joint arrangement with the Virginia Port Authority, (VPA) (nonmajor) the entity carries stop loss insurance to mitigate exposure to significant claims. The stop loss policy is on a calendar year basis, with renewals effective each January 1. During the calendar year 2022 and 2021, the individual claim cost limit (deductible) under the policy for the Authority was \$150,000. The aggregate deductible for VIT and VPA combined claims in excess of the individual limit was \$6.1 million for calendar year 2022 and \$6.5 million for calendar year 2021.

B. Public Entity Risk Pools

The Commonwealth administers three types of public entity risk pools for the benefit of local governmental units: healthcare, risk management, and line of duty insurance. The Local Choice Health Care plan was established to make comprehensive healthcare insurance available to localities and political subdivisions at affordable rates and with stable premiums. During the fiscal year, there were 437 local government units participating in the pool. This includes 66 school districts, 38 counties, 135 cities/towns, and 198 other subdivisions. This program is accounted for in the Local Choice Health Care Enterprise Fund (nonmajor).

The Department of Human Resource Management, under Section 2.2-1204 of the *Code of Virginia*, has the authority to design, set rates, and administer the Local Choice Health Care fund. The pool's standard contract period is one year. However, a member group may withdraw on the last day of any month with three month's written notice. Contributions are based on the current necessary contribution and the amortization of experience adjustments in the pool. As of June 30, 2022, \$47.6 million is reported as the actuarially determined estimated claims payable for this fund based on claims incurred but not reported.

The actuarial liability is determined for the membership pool in total and then adjusted for each locality based on individual historic and demographic data. If the pool's assets were to be exhausted, the program participants would share the responsibility for any liabilities or deficits.

The Department of the Treasury, Division of Risk Management administers the VARisk and VARisk2 risk management programs for political subdivisions, constitutional officers and others in accordance with Section 2.2-1839 of the *Code of Virginia*. These pools were established to provide an economical, low-cost alternative to the commercial insurance market for the Commonwealth's political subdivisions. These risk programs are accounted for in the Risk Management Enterprise Fund (nonmajor). The pool is established subject to approval by the Governor. It may be insurance, self-insurance, or any combination thereof, and must provide protection and legal defense against liability. Participation is voluntary and open to those identified in Section 2.2-1839 of the *Code of Virginia*. As of June 30, 2022, there were 490 units of local government in the pool, including 13 towns and 23 counties. The remaining 454 units include a large variety of boards, commissions, authorities, and special districts.

The VARisk program is comprised of constitutional officers and regional jails, and participation is not mandated by the *Code of Virginia*. However, the Compensation Board (part of the primary government) requires participation by all constitutional officers.

The VARisk2 program is comprised of local governments and has a minimum membership period of one year. However, a member group can cancel membership and withdraw from the plan on their coverage anniversary date or at the end of the fiscal year with 30 days' notice.

No excess insurance or reinsurance is provided. The risk assumed by the VARisk and VARisk2 pool for liability is \$1.0 million per occurrence, with the exception of sheriffs and their deputies, which is \$1.5 million per occurrence.

As of June 30, 2022, \$43.7 million and \$4.6 million is reported as estimated claims payable for the

VARisk and the VARisk2 programs, respectively. These figures are actuarially determined for the funds in total and are reported at gross. They are based on the estimated ultimate cost of settling the claims, including the effects of inflation and other societal and economic factors. They do not reflect possible reimbursements for insurance recoveries.

Per the amended Line of Duty Act Section 9.1-401 of the *Code of Virginia*, the Virginia Department of Human Resource Management (DHRM) is

responsible for administration of the premium-free health benefits provided to eligible LODA recipients. All eligible employees, former employees, and eligible family members will be covered under one program, the LODA Health Benefits Plans. As of June 30, 2022, \$996,187 is reported as the actuarially determined estimated claims payable for the non-participating localities reported in this fund based on claims incurred but not reported.

The following schedule (dollars in thousands) shows the changes in claims liabilities for the past two fiscal years.

	Local Choice Health Care		Risk Management		Line of Duty	
	June 30, 2022	June 30, 2021	June 30, 2022	June 30, 2021	June 30, 2022	June 30, 2021
Unpaid Claims and Claim						
Adjustment Expenses at Beginning of Fiscal Year	\$ 49,932	\$ 50,486	\$ 48,916	\$ 47,609	\$ 1,472	\$ 1,450
Incurred Claims and Claim Adjustment Expenses:						
Provision for Insured Events of the Current Fiscal Year	445,550	450,897	15,653	13,845	16,196	18,398
Changes in Provision for Insured Events of Prior Fiscal Years	—	—	(5,387)	(4,255)	—	—
Total Incurred Claims and Adjustment Expenses	445,550	450,897	10,266	9,590	16,196	18,398
Payments:						
Claims and Claim Adjustment Expenses Attributable to Insured Events of the Current Fiscal Year	447,914	451,451	1,949	1,251	16,672	18,376
Claims and Claim Adjustment Expenses Attributable to Insured Events of the Prior Fiscal Year	—	—	9,854	7,055	—	—
Total Payments	447,914	451,451	11,803	8,306	16,672	18,376
Change in Provision for Discounts	—	—	947	23	—	—
Total Unpaid Claims and Claim Adjustment Expenses at End of the Fiscal Year (Discounted) (1) (2) (3) (4)	\$ 47,568	\$ 49,932	\$ 48,326	\$ 48,916	\$ 996	\$ 1,472
Total Unpaid Claims and Claim Adjustment Expenses at End of the Fiscal Year (Undiscounted)	\$ 47,568	\$ 49,932	\$ 51,559	\$ 49,000	\$ 996	\$ 1,472

Note (1): The entire balance for Local Choice Health Care, \$47,568 (dollars in thousands) is due within one year.

Note (2): Of the balance shown above for Risk Management, \$13,541 (dollars in thousands) is due within one year.

Note (3): The entire balance for Line of Duty, \$996,187 is due within one year.

Note (4): The interest rate used for discounting is 2.8 percent.

25. ACCOUNTS PAYABLE

The following table (dollars in thousands) summarizes Accounts Payable as of June 30, 2022.

	Vendor	Salary / Wage	Retainage	Other	Foundations (1)	Total
Primary Government:						
General	\$ 1,600,203	\$ 121,405	\$ 19	\$ —	\$ —	\$ 1,721,627
Major Special Revenue Funds:						
Commonwealth Transportation	455,893	38,934	1,757	—	—	496,584
Federal Trust	144,300	24,597	6,062	—	—	174,959
Nonmajor Governmental Funds	35,816	16,469	15,284	531	—	68,100
Major Enterprise Funds:						
Virginia Lottery (2)	14,878	1,998	—	8,141	—	25,017
Virginia College Savings Plan	347	821	—	341	—	1,509
Unemployment Compensation	—	—	—	39	—	39
Nonmajor Enterprise Funds	94,310	11,508	—	7	—	105,825
Internal Service Funds	85,877	3,566	1,238	—	—	90,681
Private Purpose Trust Funds	—	—	—	612	—	612
Pension and Other Employee Benefit Trust Funds (3)	—	3,545	—	47,390	—	50,935
Custodial Funds - Other	3,291	—	—	150	—	3,441
Total Primary Government (4)	\$ 2,434,915	\$ 222,843	\$ 24,360	\$ 57,211	\$ —	\$ 2,739,329
Discrete Component Units:						
Virginia Housing Development Authority (5)	\$ 3,327	\$ 6,160	\$ —	\$ 245,226	\$ —	\$ 254,713
Virginia Public School Authority	173	—	—	—	—	173
Virginia Resources Authority	82	5	—	—	—	87
Virginia College Building Authority	95	—	—	—	—	95
Nonmajor Component Units	795,938	583,651	56,958	411	146,371	1,583,329
Total Component Units	\$ 799,615	\$ 589,816	\$ 56,958	\$ 245,637	\$ 146,371	\$ 1,838,397

Note (1): Foundations represent FASB reporting entities defined in Note 1.B.

Note (2): Other Accounts Payable for the Virginia Lottery primarily represents unclaimed prizes attributable to multi-state games and player subscription wallets.

Note (3): Other Accounts Payable for the Pension and Other Employee Benefit Trust Fund consists of \$28,711 (dollars in thousands) in investment management fees and \$18,679 (dollars in thousands) in program benefit liabilities.

Note (4): Fiduciary liabilities of \$54,988 (dollars in thousands) are not included in the Government-wide Statement of Net Position. In addition, governmental fund liabilities of \$159,982 (dollars in thousands) are included in the Government-wide Statement of Net Position, but excluded from the above amounts.

Note (5): Other Accounts Payable for the Virginia Housing Development Authority of \$226,810 (dollars in thousands) predominantly represents federal pass-through grant awards that have not been disbursed to the recipients as of June 30.

26. OTHER LIABILITIES

The following tables (dollars in thousands) summarize Other Liabilities as of June 30, 2022.

Primary Government						
	General	Commonwealth Transportation	Federal Trust	Nonmajor Governmental Funds	Virginia Lottery	Virginia College Savings Plan (1)
Lottery Prizes Payable	\$ —	\$ —	\$ —	\$ —	\$ 96,375	\$ —
Medicaid Payable	479,772	—	1,607,617	189,047	—	—
Family Access to Medical Insurance Security Payable	16,236	—	36,826	—	—	—
Tax Refunds Payable	1,478,886	—	—	—	—	—
Accrued Interest Payable	—	—	—	50,328	—	—
Deposits Pending Distribution	9,116	3,469	9	27,100	—	—
Car Tax Payable	263,025	—	—	—	—	—
Other Liabilities	296	21,786	28	17,007	—	23,654
Total Other Liabilities	<u>\$ 2,247,331</u>	<u>\$ 25,255</u>	<u>\$ 1,644,480</u>	<u>\$ 283,482</u>	<u>\$ 96,375</u>	<u>\$ 23,654</u>

Note (1): Other Liabilities of \$23,654 (dollars in thousands) reported by the Virginia College Savings Plan represent amounts associated with pending investment trades and program distributions payable.

Note (2): Other Liabilities of \$12,208 (dollars in thousands) reported in Pension and Other Employee Benefit Trust Funds are made up of \$1,858 (dollars in thousands) in other payables related to the System benefit plans; and \$10,350 (dollars in thousands) in pending investment transactions consisting of: \$2,394 (dollars in thousands) in net foreign exchange contracts payable; \$4,194 (dollars in thousands) in other investment payables; \$2,831 (dollars in thousands) in foreign taxes payables related to the System benefit plans; and \$931,000 in dividends payable related to the System benefit plans.

Note (3): Fiduciary liabilities of \$13,689 (dollars in thousands) are not included in the Government-wide Statement of Net Position. Governmental fund liabilities of \$115,773 (dollars in thousands) are included in the Government-wide Statement of Net Position, but excluded from the above amounts.

Component Units						
	Virginia Housing Development Authority	Virginia Public School Authority	Virginia Resources Authority	Virginia College Building Authority	Nonmajor Component Units (4)	Total Component Units
Accrued Interest Payable	\$ 32,063	\$ 53,126	\$ 21,727	\$ 90,381	\$ 96,922	\$ 294,219
Deposits Pending Distribution	—	—	—	—	689,252	689,252

Note (4): Other Liabilities of nonmajor component units are predominantly comprised of Medicare advance payments as part of the CMS Accelerated and Advance Payments Program reported by University of Virginia (UVA) of \$25,361 (dollars in thousands), Virginia Commonwealth University Health System Authority (blended component unit of Virginia Commonwealth University) (VCUHA) of \$24,198 (dollars in thousands), and derivative instruments reported by the following: UVA of \$17,003 (dollars in thousands), VCUHA \$20,500 (dollars in thousands), and foundations of higher education institutions of \$19,462 (dollars in thousands). Other Liabilities also includes third party settlements reported by VCUHA of \$112,095 (dollars in thousands).

Medicaid Payable

Medicaid Payable represents services rendered but not billed by providers and potential liability resulting from cost reports not settled as of year-end. Providers subject to cost settlement are paid in the interim based on established per diem or diagnosis related group rates for services.

The Department of Medical Assistance Services (DMAS) estimates, based on past experience, the total amount of Medicaid claims that will be paid from the Medicaid program in the future which relate to services provided before year-end. As of June 30, 2022, the estimated liability related to Medicaid claims totaled \$2.3 billion in the fund financial statements. Of this amount, \$479.8 million is reflected in the General Fund (major governmental), \$1.6 billion in the Federal Trust Special Revenue Fund (major governmental), and \$189.0 million in the Health and Social Services Fund (nonmajor special revenue). Additionally, \$31.1 million is reported in the government-wide financial statements.

Family Access to Medical Insurance Security Payable

DMAS estimates the total amount of claims that will be paid from the Family Access to Medical Insurance Security program in the future which relate to services provided before year-end. As of June 30, 2022, the estimated liability related to claims totaled \$53.1 million. Of this amount, \$16.2 million is reflected in the General Fund (major governmental) and \$36.9 million in the Federal Trust Special Revenue Fund (major governmental).

Tax Refunds Payable

Tax refunds payable represent refunds due on individual tax returns filed for the calendar year ended on or before December 31, 2021, and on business tax returns filed for corporate fiscal years ending on or before June 30, 2022. The individual tax return filing deadline is May 1 of each year for the preceding calendar year. The corporate tax return filing deadline is the 15th day of the fourth month following the close of the corporate fiscal year. In fiscal year 2022, included in the tax refunds payable amount is \$1.0 billion relating to the individual income tax rebate provided to taxpayers as required by Chapter 1, 2022 Acts of Assembly Special Session I, Item 3-5.24.

Car Tax Refund Payable

During the year ended June 30, 1998, the General Assembly passed the Personal Property Tax Relief Act. Under the terms of this legislation, the Commonwealth assumed financial responsibility for a portion, ranging from 12.5 percent to 70.0 percent, of the personal property taxes assessed by localities.

During 2004, the General Assembly modified this legislation. Chapter 1 of Special Session 1 (2004) established a \$950.0 million limit on the amount the Commonwealth would appropriate for personal property tax relief, beginning in tax year 2006. It further established that each county, city, and town would

receive a fixed percentage of the \$950.0 million, with payments to begin on or after July 1, 2006 (fiscal year 2007). The accrued liability amount of \$263.0 million reflects payments owed to localities as of June 30 and paid in July.

Termination Benefits

During fiscal year 2022, the Commonwealth laid off 116 employees. The affected employees had the option of volunteering for enhanced retirement benefits or severance benefits. The enhanced retirement benefits option was elected by 17 employees, and the remaining 99 employees elected severance benefits. The severance benefits include salary payments based on years of service and insurance premium payments for health and life insurance. All severance benefits were initiated during fiscal year 2022 and will end no later than June 30, 2023. The benefit cost expended and the outstanding liability as of June 30, 2022 for governmental funds, are \$1.9 million and \$844,309, respectively. Since the severance benefits last for a maximum of 12 months, discounting of future cash flows is unnecessary. Additionally, the estimated payments are calculated using the Department of Human Resources' Termination Benefits Calculator and actual costs.

Short-term Debt

Short-term debt results from borrowings from anticipation notes, lines of credit, and similar loans with parties external to the primary government. The primary government's policy is to disclose activity related to short-term borrowings occurring during the fiscal year. For fiscal year 2022, the primary government's agencies did not participate in short-term borrowings with external parties.

GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, requires the disclosure of any unused lines of credit. The primary government does not have any unused lines of credit at June 30, 2022.

The Hampton Roads Transportation Accountability Commission (nonmajor governmental) has unused lines of credit of \$1.6 billion at June 30, 2022 for various Transportation Infrastructure Finance and Innovation Act (TIFIA) loans.

The Virginia Housing Development Authority (major component unit) has a direct borrowing from a line of credit of \$710.3 million. Virginia Polytechnic Institute and State University and Virginia Commonwealth University (nonmajor component units) have commercial paper of \$46.5 million and \$22.5 million, respectively, primarily for capital projects. Various higher education institution foundations (nonmajor component units) have lines of credit of \$72.0 million primarily for construction or property acquisition. The Virginia Museum of Fine Arts Foundation (nonmajor component unit) has borrowed \$1.9 million from a line of credit to purchase a building expected to be used by the Museum. Additionally, the Library of Virginia Foundation (nonmajor component unit) has a \$6,000

note with a related party. The balance of Other Liabilities is spread among various other funds.

The Virginia Housing Development Authority (major component unit) has an unused line of credit of \$250.0 million. The University of Virginia, Virginia Polytechnic Institute and State University, Virginia Commonwealth University Health System Authority (blended component unit of Virginia Commonwealth University), and Christopher Newport University (nonmajor component units) have unused lines of credit of \$500.0 million, \$368.0 million, \$100.0 million, and \$21,785, respectively. The Hampton Roads Sanitation District Commission and the Virginia Port Authority (nonmajor component units) have unused lines of credit of \$66.3 million and \$16.0 million, respectively. For the University of Virginia, in the event of default under revolving credit agreements, any outstanding advances, interest, and the value of the promissory note would be due and payable to the various banking institutions.

27. LONG-TERM LIABILITIES

Commonwealth bonds are issued pursuant to Section 9 of Article X of the Constitution of Virginia. Section 9(a) bonds have been issued to redeem previous debt obligations. Section 9(b) bonds have been authorized by the citizens of Virginia through bond referenda to finance capital projects. These bonds are retired through the use of state appropriations. Section 9(c) bonds are issued to finance capital projects which, when completed, will generate revenue to repay the debt. Section 9(a), 9(b), and 9(c) bonds are tax-supported general obligation bonds and are backed by the full faith and credit of the Commonwealth. No other long-term debt obligations are backed by the full faith and credit of the Commonwealth.

Section 9(d) bonds are revenue bonds that are not backed by the full faith and credit of the Commonwealth. These bonds are not general obligation bonds and are not deemed to constitute a legal liability of the Commonwealth. However, this debt may be supported by state appropriations in whole or in part, such as certain debt of the Commonwealth Transportation Board (primary government) and the Virginia Port Authority (nonmajor component unit). Other 9(d) revenue bonds are payable from general revenues of the component units, or from revenues of specific revenue-producing capital projects, such as the teaching hospitals, dormitories, student centers, and dining halls at the various colleges and universities (nonmajor component units).

Certain 9(d) bonds are considered, along with 9(a), 9(b), and 9(c) bonds, to be tax-supported debt of the Commonwealth. Tax-supported debt includes all bonds and short-term debt for which debt service payments are made or are ultimately pledged to be made from tax revenues (net of sinking fund requirements).

Other 9(d) revenue bonds are considered debt not supported by taxes. For this debt, the Commonwealth has no direct or indirect pledge of tax revenues. In certain limited cases, the Commonwealth has made a moral obligation pledge. A government's moral obligation pledge provides a deficiency make-up for bondholders in the event pledged revenues prove to be insufficient. If a revenue deficiency exists, monies held in a debt service reserve fund are used to pay bondholders. The issuer then requests that the legislative body provide an appropriation to replenish the reserve fund before subsequent debt service is due. The legislative body may, but is not legally required to, replenish the reserve fund.

GASB Statement No. 87, *Leases*, was implemented in fiscal year 2022 and resulted in significant changes to lease accounting and reporting requirements. Accordingly, beginning balances have been restated and long-term lease balances have increased substantially from the former capital lease obligation category.

GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, requires disclosures related to unused lines of credit (see Note 26), direct borrowings and placement debt, and specific disclosures related to debt default. Direct borrowings and placements have terms with an investor or lender and are not offered for public sale.

The following schedule presents the total long-term liabilities of the Commonwealth, and the portion of these amounts which are due within one year, as reported on the Government-wide Statement of Net Position.

Total Long-term Liabilities

June 30, 2022

<i>(Dollars in Thousands)</i>	Balance At June 30	Amount Due Within One Year

- Pursuant to GASB Statement No. 34, governmental activities include internal service funds. Business-type activities are considered enterprise funds.
- Total general obligation debt of the Commonwealth is \$1.1 billion.
- Amounts are net of any unamortized discounts and premiums.
- This debt includes \$1.1 billion that is not supported by taxes.
- This debt is not supported by taxes.
- This debt includes \$266.0 million for bonds that is not supported by taxes.
- This debt is not supported by taxes; however, \$929.9 million is considered moral obligation debt.
- Foundations represent FASB reporting entities defined in Note 1.B.
- This includes net pension liabilities that do not relate to the Virginia Retirement System's State Plan from the Hampton Roads Sanitation District Commission and Virginia Port Authority of \$2.1 million and \$4.0 million, respectively. This debt is not supported by taxes.
- This includes OPEB obligations that do not relate to the Virginia Retirement System's State Plan from the Hampton Roads Sanitation District Commission, Virginia Port Authority, Virginia Resources Authority, Roanoke Higher Education Authority, and Virginia Biotechnology Research Partnership Authority of \$16.5 million, \$618,000, \$216,543, \$60,395, and \$51,245, respectively. This debt is not supported by taxes.
- This includes OPEB obligations that do not relate to the Department of Human Resource Management from the University of Virginia of \$65.8 million and Virginia Port Authority of \$1.0 million. This debt is not supported by taxes.
- This includes \$366.2 million for governmental activities and \$188.9 million for component units that are supported by taxes.
- These generally represent split-interest agreements that represent donor contributed assets with the requirement that an annual distribution be made to the donor or specified beneficiary. The annual distributions are usually for a fixed dollar amount or a fixed percentage of the trust's fair market value. The present value of these commitments is reported as Trust and Annuity Obligations.

Primary Government

Transportation Facilities Debt

Transportation Facilities Bonds include \$3.8 billion of Transportation Facilities Section 9(d) debt. The Section 9(d) debt includes \$2.7 billion of Section 9(d) revenue bonds, \$979.8 million of Grant Anticipation Revenue Notes (GARVEES), and \$102.4 million of I-81 revenue bonds in addition to the outstanding Section 9(d) revenue bonds. There are no Section 9(c) bonds outstanding at June 30, 2022. Section 9(d) principal and interest requirements for the current year totaled \$358.3 million. The Section 9(d) Transportation Facilities Bonds were issued to fund the construction of State Route 28, U.S. Route 58, the Northern Virginia Transportation District Program, the Oak Grove Connector (Chesapeake), the Interstate 81 Improvement Program, and costs of certain transportation projects in the Commonwealth. The GARVEES were issued to finance various Federal Aid Transportation projects throughout the Commonwealth. The interest rates for these bonds range from 1.0 percent to 5.4 percent and the issuance dates range from October 10, 2002 to April 6, 2022.

The following schedule details the annual funding requirements necessary to amortize Transportation 9(d) debt. Pursuant to the American Recovery and Reinvestment Act, the Commonwealth expects to receive an interest subsidy to reimburse interest payments of \$42.6 million for Build America Bonds (BABs) issued. The BABs are applicable to Commonwealth of Virginia Transportation Series 2010A Capital Project Revenue Bonds. Additionally, the Commonwealth will receive the amounts required to pay the debt service on outstanding Series 2002 and Series 2012 bonds from the Route 28 Transportation Improvement District, annually. The Commonwealth will also receive a portion of the debt service amount for the Northern Virginia Transportation District from the localities where the projects are located, annually.

Fairfax Economic Development Authority Obligations

In fiscal year 2006, the Fairfax County Economic Development Authority (EDA) issued Section 9(d) revenue bonds to pay for the Commonwealth's (VDOT) costs of the planning, design and construction of a transportation infrastructure and related public safety operations complex to be developed on the contiguous sites in the county commonly referred to as "Camp 30" for the joint use of VDOT and the county. In fiscal year 2014, Fairfax County EDA issued a series of revenue refunding bonds, which refunded Series 2006 revenue bonds. The Commonwealth's obligation is set out in a payment agreement between Fairfax County EDA and the Commonwealth of Virginia, Department of Transportation, in which the Commonwealth agrees to make payments equal to the debt service from amounts appropriated by the General Assembly. The interest rates for these bonds ranged from 1.0 percent to 5.0 percent and the issue date was March 26, 2014. The principal and interest requirements for the current year totaled \$7.1 million. There are currently no bonds outstanding for Fairfax County EDA.

Public Facilities Bonds

Section 9(b) general obligation bonds consist of Public Facilities Bonds, Series 2012A Refunding, Series 2013B Refunding, Series 2015B Refunding, Series 2016B Refunding, and Series 2019C Refunding. Bonds were issued to fund construction projects for higher educational institutions, behavioral health, and/or park facilities. The Series 2012A bonds were issued to advance refund outstanding Series 2002, Series 2003A, Series 2004A, and Series 2005A bonds. The Series 2013B bonds were issued to advance refund outstanding Series 2005A, Series 2006B, Series 2007A, and Series 2007B bonds. The Series 2015B bonds were issued to advance refund certain maturities of outstanding Series 2007B, Series 2008A, and Series 2008B bonds. The Series 2016B bonds were issued to advance refund certain maturities of outstanding Series 2009A bonds. The Series 2019C bonds were issued to advance refund outstanding 2009E bonds. Principal and interest requirements for the current year totaled \$56.9 million. The interest rates for all bonds range from 2.0 percent to 5.0 percent and the issuance dates range from March 7, 2012, to August 14, 2019. The following schedule details the annual funding requirements necessary to repay these bonds.

9(b) PUBLIC FACILITIES BONDS				
Debt Service Requirements to Maturity				
Maturity		Principal	Interest	Total
2023	\$	46,950,000	\$ 8,978,916	\$ 55,928,916
2024		44,390,000	6,830,292	51,220,292
2025		36,280,000	4,807,314	41,087,314
2026		30,400,000	3,243,986	33,643,986
2027		24,430,000	1,874,093	26,304,093
2028-2032		18,965,000	920,855	19,885,855
Add:

Total	\$	225,599,573	\$ 26,655,456	\$ 252,255,029

Parking Facilities Bonds

Section 9(c) general obligation bonds consist of Parking Facilities Bonds, Series 2012A Refunding and Series 2016B Refunding. The Series 2012A Refunding bonds were issued to advance refund outstanding Series 2002 Refunding and Series 2004A bonds. The Series 2016B Refunding bonds were issued to advance refund certain maturities of outstanding Series 2009B bonds. The interest rate for these bonds range from 2.0 percent to 5.0 percent, and the issuance dates range from March 7, 2012, to November 10, 2016. Current year principal and interest requirements totaled \$1.1 million. The following schedule details the annual funding requirements necessary to repay these bonds.

9(c) PARKING FACILITIES BONDS Debt Service Requirements to Maturity			
Maturity	Principal	Interest	Total
2023	\$ 906,256	\$ 223,652	\$ 1,129,908

Virginia Public Building Authority

Virginia Public Building Authority Section 9(d) bonds consist of 2010B-2 (Taxable Build America Bonds), 2010B-3 Refunding, 2012A Refunding, 2013A, 2013B Refunding, 2014A, 2014B (Taxable), 2014C Refunding, 2015A, 2015B Refunding, 2016A, 2016B Refunding, 2016C (AMT), 2016D (Taxable), 2017A Refunding, 2018A, 2018B (Taxable), 2019A, 2019B (AMT), 2019C (Taxable), 2020A, 2020B Refunding, 2020C (Taxable), 2021A, 2021B Refunding (Taxable), 2022A, and 2022B (Taxable). All bonds were issued for the purpose of constructing, improving, furnishing, maintaining, and acquiring public buildings for the use of the Commonwealth and also to reimburse localities, regional jail authorities or other combinations of localities under the Regional Jail Financing Program. The Series 2010B-3 bonds were issued to advance refund outstanding series 2002A and 2004B Revenue bonds. The Series 2012A bonds were issued to advance refund outstanding series 2004B and 2005C Revenue bonds. The Series 2013B bonds were issued to advance refund 2006A and 2006B revenue bonds. The Series 2014C bonds were issued to advance refund outstanding Series 2004A Refunding, 2004B, 2004C Refunding, and 2004D Refunding bonds, and certain maturities of the 2005C, 2006A, 2006B, and 2007A bonds. The Series 2015B bonds were issued to advance refund outstanding series 2005A Refunding, 2005B Refunding, and 2006A bonds and certain maturities of the series 2008B bonds. The Series 2016B bonds were issued to advance refund certain maturities of the series 2009B and 2011A bonds. The Series 2017A bonds were issued to advance refund certain maturities of the 2011A, 2013A, and 2014A bonds. The Series 2020B bonds were issued to advance refund outstanding Series 2005D, Series 2009D Refunding and 2010A bonds. The Series 2021B bonds

were issued to advance refund outstanding Series 2011B bonds. The interest rates range from 0.3 percent to 5.9 percent and the issuance dates range from November 23, 2010, to April 26, 2022.

Current year principal and interest requirements for all VPBA bonds totaled \$305.3 million. The following schedule details the annual funding requirements necessary to repay these bonds. Pursuant to the American Recovery and Reinvestment Act, the Commonwealth expects to receive an interest subsidy to reimburse interest payments of \$12.5 million for Build America Bonds (BABs) issued. The BABs are applicable to Series 2010 Revenue Bonds.

Component Units

Higher Education Institution Bonds

Higher Education Institution Bonds are comprised of both 9(c) general obligation bonds and 9(d) revenue bonds. Section 9(d) bonds are from several sources as shown on the following schedule (dollars in thousands).

College and university bonds backed by pledge of general revenue or revenue from specific revenue-producing capital projects	\$	3,862,619
College and university debt backed exclusively by pledged revenues of an institution		586,944
Total Higher Education Institution 9(d) debt	\$	<u>4,449,563</u>

The interest rates for these bonds range from 0.4 percent to 6.2 percent and the issuance dates range from April 15, 2009, to June 1, 2022. The Virginia Commonwealth University Health System Authority (a blended component unit of the Virginia Commonwealth University – nonmajor) Series 2013B bonds are variable rate bonds and the rates are reset weekly by the remarketing agent.

The following schedules detail the annual funding requirements necessary to amortize Higher Education Institution 9(c) and 9(d) bonds. Pursuant to the American Recovery and Reinvestment Act, the Commonwealth expects to receive an interest subsidy to reimburse interest payments of \$170.8 million for Build America Bonds (BABs) issued. The BABs are applicable to General Obligation Series 2010A Bonds, Series 2010B 21st Century Virginia College Building Authority Education Facilities Bonds, and the University of Virginia's Series 2009 and 2010 General Revenue Bonds. Virginia Commonwealth University (nonmajor component unit) and Virginia Commonwealth University Health System Authority (blended component unit of Virginia Commonwealth University - nonmajor component unit) (VCUHSA) have Direct Placement Bond Series. The VCUHSA bonds include event of default provisions that could change the timing of repayment of the outstanding amounts to become immediately due.

Virginia Public School Authority

The Virginia Public School Authority (major) issued Section 9(d) revenue bonds. The interest rates for these bonds range from 0.0 percent to 5.5 percent, and the issuance dates range from November 13, 2009, to May 17, 2022. The following schedules detail the annual funding requirements necessary to amortize these bonds. Pursuant to the American Recovery and Reinvestment Act, the Commonwealth expects to receive an interest subsidy to reimburse interest payments of \$92.2 million for Qualified School Construction Bonds (QSCBs) issued. The QSCBs are applicable to Series 2010-1, 2011-1, 2011-2, and 2012-1 Revenue Bonds. VPSPA's 2014-1 QZAB Bond Series shall bear interest at the default rate, payable on demand by the owner of the Bonds.

Hampton Roads Sanitation District Commission

The Hampton Roads Sanitation District Commission (nonmajor) issues revenue bonds for various capital improvements including, but not limited to, wastewater treatment plants and interceptor system improvements. Bond issue dates range from November 12, 2009 to June 11, 2020. The interest cost for these bonds range from 1.2 percent to 5.9 percent. The following schedule details the annual funding requirements necessary to amortize these bonds. The fiscal year 2022 principal amount includes \$50.0 million for demand bonds, which are also classified as "due within one year" in the accompanying financial statements.

Total Component Units	\$ 35,202,088	\$ 3,892,065	\$ (4,589,011)	\$ 34,505,142

*Net increase/decrease is shown.

Note (1): Pursuant to GASB Statement No. 34, governmental activities include internal service funds. Business-type activities are considered enterprise funds.

Note (2): Payments on bonded debt that pertain to the Commonwealth's governmental activities are made through the debt service funds. Payments for installment purchases, compensated absences, long-term leases, pension, other post-employment benefits, and other obligations that pertain to the Commonwealth's governmental activities are made through the general and all special revenue funds, excluding the Literary Fund (major). Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for these funds are included as part of the total for governmental activities. Enterprise funds, or business-type activities, are self-supporting funds. Accordingly, long-term liabilities are paid from each respective fund.

Note (3): As a result of the implementation of GASB Statement No. 87, *Leases*, the capital lease obligations line item reported in prior years has been removed from the above schedule and replaced with the Long-term Lease Liabilities line item. Accordingly, the beginning balances associated with the lease liability have been restated by \$431,718 (dollars in thousands), \$170,253 (dollars in thousands), and \$2,331,273 (dollars in thousands) for the governmental activities, business-type activities, and component units, respectively. Governmental activities Installment Purchase Obligations from Direct Borrowing has been restated by \$5,855 (dollars in thousands) due to GASB Statement No. 87, *Leases*, implementation. Component unit Installment Purchase Obligations from Direct Borrowing has been restated by \$143,009 (dollars in thousands) primarily due to GASB Statement No. 87, *Leases*, implementation. Additionally, component unit Bonds and Bonds from Direct Placements have been restated by \$25,499 (dollars in thousands) for a nonmajor component unit.

Note (4): Foundations represent FASB reporting entities defined in Note 1.B.

Note (5): The Net OPEB Liability amount reported as due within one year pertains to the Commonwealth's Line of Duty (LODA) OPEB plan because the ending fiduciary net position is less than the benefit payments expected to be paid within one year. The Total OPEB Liability amount reported as due within one year represents the benefit payments expected to be paid within one year from the Pre-Medicare Retiree Healthcare (PMRH) OPEB plan. This plan does not have a trust.

Note (6): Amounts are net of any unamortized discounts and premiums.

Bond and Note Defeasance

GASB Statement No. 7, *Advance Refundings Resulting in Defeasance of Debt*, provides that refunded debt and assets placed in escrow for the payment of related debt service be excluded from the financial statements. As of June 30, 2022, there were \$641.9 million in bonds from the primary government that have been refunded and defeased in-substance from the governmental activities column by placing existing assets and the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments. In addition, there were \$2.3 billion in bonds and notes outstanding considered defeased from the component units.

Primary Government

In March 2022, the Commonwealth Transportation Board of the Commonwealth of Virginia issued \$179.7 million in Commonwealth of Virginia Transportation Revenue Refunding Bonds Series 2022 with an interest rate ranging from 2.6 to 5.0 to refund the outstanding Commonwealth of Virginia Transportation Capital Projects Revenue Bonds Series 2012. The net proceeds from the sale of the Refunding Bonds of \$215.3 million (after payment of underwriter's fees and other issuance costs) were deposited to an irrevocable trust with an escrow agent to provide future debt service payments on the Refunded Bonds and to pay the costs related to issuance and refunding. As a result, the Refunded Bonds are considered to be defeased and the liability has been removed from the governmental activities column of the Statement of Net Position. The net carrying value of the old debt exceeded the reacquisition price by \$14.3 million. The Capital Projects debt defeasance resulted in an accounting gain of \$14.3 million. Total debt service requirements were reduced by \$47.7 million, resulting in an economic gain of \$39.2 million.

In 2022, the Hampton Roads Transportation Accountability Commission (HRTAC) did an in-substance defeasance of \$364.1 million of the Series 2018A Senior Lien Revenue Bonds, along with \$53.4 million of the unamortized bond premium. HRTAC used current resources for the defeasance and no new debt was issued. HRTAC recognized a gain on the defeasance of \$759,274 and all of the defeased bonds are still outstanding at year end.

Component Units

In July 2021, University of Virginia (nonmajor) issued \$300.0 million of General Revenue Pledge and Refunding Bonds, Series 2021B. A portion of the bonds were used to refund \$31.3 million of General Revenue Pledge and Refunding Bonds, Series 2015B. For additional information, see the University's separately issued financial statements.

Arbitrage Rebate

The Tax Reform Act of 1986 requires that governmental entities issuing tax-exempt debt calculate and rebate arbitrage earnings to the Federal government. The U.S. Treasury has issued regulations on calculating the rebate amount and complying with the provisions of the Tax Reform Act of 1986. Governmental issuers must comply with the rebate regulations in order for their bonds to maintain tax-exempt status. The regulations require earnings on investments purchased with bond proceeds in excess of the amount that would have been earned if the proceeds were invested at a rate equal to the bond yield, be subject to rebate to the Federal government. Income earned on excess earnings is also subject to rebate. Rebate liability, if any, must be paid every five years over the life of the bonds. Governmental issuers may at the time of issuance elect to pay a penalty in lieu of rebate. Bonds may be exempt from the rebate requirements if they qualify for certain exceptions under the regulations. If the issuer meets

one of the exceptions, the issuer retains any arbitrage earnings. Rebate and penalty payments are calculated and paid as required by law on bond issues that do not qualify for an exception.

Rebate liability on bonds of the VPSA (major component unit) issued under its Pooled Bond Programs is payable from earnings on related bond funds and from local issuers whose local school bonds were purchased by the VPSA. During fiscal year 2022, no rebate payments were owed on VPSA bonds issued under its Pooled Bonds Programs. Rebate liability on notes of the VPSA issued under its School Technology and Security Notes Program is payable from earnings on related note funds and funds of the Commonwealth. During fiscal year 2022, a final arbitrage rebate calculation for VPSA's School Technology and Security Notes, Series V identified an arbitrage rebate liability payment of \$314,735 due to the Federal government in fiscal year 2022. The liability was paid in fiscal year 2022 by the VPSA. The Virginia Department of Education reimbursed the VPSA in fiscal year 2022.

Rebatable arbitrage need only be calculated for tax purposes every fifth year that debt is outstanding. Consistent with the modified accrual basis of accounting, it is not recognized as a liability in governmental funds until amounts actually become due and payable; however, a liability is recognized in accrual basis government-wide statements as soon as the underlying event has occurred.

Amounts remitted to the Federal government for rebate liability are generally paid from earnings derived from the issue. However, if all proceeds have been expended and depending on the type of issue, it may be necessary to use project revenues or general or non-general fund appropriations to satisfy any rebate liability. During fiscal year 2022, no rebate payments were owed on the Commonwealth's General Obligation Bonds, Virginia Public Building Authority, Commonwealth Transportation Board, the Virginia College Building Authority 21st Century or Pooled Bond Programs, or the Virginia Port Authority.

Long-term Leases

The Commonwealth leases buildings, equipment, and land under various agreements that are accounted for as long-term leases under GASB Statement No. 87, *Leases*. The lease agreements are for various terms and all leases contain nonappropriation clauses indicating that continuation of the lease is subject to funding by the General Assembly.

Presented in the following tables are repayment schedules for long-term lease liabilities as of June 30, 2022.

Long-term Lease Liabilities

Notes Payable

Notes Payable consist of several items as shown in the following schedule (dollars in thousands):

Primary Government	
Installment Notes from Direct Borrowings	\$ 107,796
Total Primary Government	107,796
Component Units	
Virginia Public School Authority	188,420
Nonmajor Component Units	1,526,342
Nonmajor Component Units from Direct Borrowings	167,689
Installment Notes from Direct Borrowings	232,324
Subtotal (excluding Foundations)	2,114,775
Foundations:	
Notes Payable	317,232
Subtotal - Foundations	317,232
Total Component Units	2,432,007
Total Notes Payable	\$ 2,539,803

The Virginia Public School Authority (major component unit) notes of \$188.4 million are for the School Technology and Security Notes Program. The note proceeds were used to finance technology equipment purchases and to make grants to school divisions for the purchase of security equipment. The notes will be repaid from appropriations to be made by the Virginia General Assembly from the Literary Fund (major special revenue).

An additional amount of \$1.5 billion is comprised primarily of higher education institutions' (nonmajor component units) promissory notes with the Virginia College Building Authority (VCBA) (major component unit) to finance the construction of various higher education facilities pursuant to the Pooled Bond Program. Interest rates range from 0.5 percent to 5.6 percent and shall be paid semi-annually and the planned interest payments total \$395.5 million. Additionally, in accordance with the American Recovery and Reinvestment Act, the Commonwealth expects to receive a Build America Bonds (BABs) interest subsidy to reimburse interest payments of \$15.9 million. The final principal payment is due in fiscal year 2052.

University of Virginia (nonmajor) and Virginia Commonwealth University Health System Authority (Authority) (a blended component unit of the Virginia Commonwealth University – nonmajor component unit) reported notes payable of \$5.0 million and \$164.3 million, respectively. In addition, the Virginia Port Authority (nonmajor component unit) reported notes payable of \$2.0 million. For additional information pertaining to these direct borrowings, refer to the separately issued financial statements.

Various foundations (component units) have notes outstanding as of year-end. The purpose of a majority of these notes is for property acquisition, working capital, and construction. Future principal payments as of June 30, 2022, are shown in the following table (dollars in thousands).

Foundations' Notes Payable (Component Units) (1)	
Maturity	Principal
2023	\$ 25,690
2024	53,260
2025	49,998
2026	18,819
2027	12,040
Thereafter	157,425
Total	\$ 317,232

Installment purchase obligations have been entered into by agencies and institutions of the Commonwealth. These agreements, other than those in the component units and certain institutions of higher education, contain nonappropriation clauses indicating that continuation of the installment purchase obligations is subject to funding by the General Assembly. Installment purchase obligations represent \$340.1 million of the total outstanding debt of the Commonwealth. Presented in the following tables are repayment schedules for installment purchase obligations as of June 30, 2022.

Installment Purchase Obligations from Direct Borrowings				
Governmental Funds				
June 30, 2022

2063-2067	72,255,636	8,036,387	80,292,023	
Total	<u>\$232,324,466</u>	<u>\$410,824,848</u>	<u>\$643,149,314</u>	

The foundations (component units) had no installment purchase obligations as of June 30, 2022.

On May 23, 2016, the Virginia Department of Transportation (VDOT) (primary government) and Chesterfield County (County) signed a memorandum of understanding concerning payment of interest relating to the County's contribution to VDOT for the construction of the Powhite Parkway Extension Project. The parties agreed that the interest to be paid by VDOT on the County's contribution to the construction of the Powhite Parkway Extension is \$18.5 million. The interest requirement paid during fiscal year 2022 totaled \$1.0 million. The remaining outstanding interest amount of \$1.3 million is payable in annual installments on September 1 in the years 2022 to 2023. This interest is applicable to a note payable that VDOT repaid to the County in fiscal year 2014.

Lottery Prizes Payable

Lottery prizes are paid in 20, 25, 26, or 30 installments. The first installment is paid on the day the prize is claimed. The subsequent annual payments are funded with U.S. Treasury STRIPS purchased by the Virginia Lottery. For Life prizes payable represent estimated prizes payable monthly, quarterly or annually for the life of the winner based on life expectancy tables from the Virginia Bureau of Insurance, and funded with a pool of U.S. Treasury STRIPS.

Lottery prizes payable represent the future annual prize payments valued at cost plus accrued interest (current value of securities held to maturity) of the assets funding the payments.

Lottery prizes payable for the fiscal year ended June 30, 2022, are shown in the following table:

	Jackpot	Win For Life	Total
Due within one year	\$ 5,184,773	\$ 5,570,751	\$ 10,755,524
Due in subsequent years	31,617,660	70,454,387	102,072,047
Total (current value)	36,802,433	76,025,138	112,827,571
Add: Interest to Maturity	9,058,567	26,623,862	35,682,429
Lottery Prizes Payable at Maturity	<u>\$ 45,861,000</u>	<u>\$ 102,649,000</u>	<u>\$ 148,510,000</u>

Educational Benefits Payable

The Virginia College Savings Plan administers the Defined Benefit 529 Program, which consists of two savings options: Prepaid529 and Tuition Track Portfolio. Prepaid529 services contracts that provide for full future tuition and mandatory fee payments at Virginia's higher education institutions and differing payouts at private or out-of-state institutions using actuarially determined amounts. Prepaid529 is closed to new contracts. The Tuition Track Portfolio allows for the purchase of units to be redeemed for future tuition costs. The value of a unit is tied to the average tuition inflation rate of Virginia four year institutions.

As of June 30, 2022, educational benefits payable of \$1.6 billion have been recorded for the Defined Benefit 529 program on the statement of net position for the actuarially determined present value of future obligations anticipated for payment of benefits and administrative expenses for the Defined Benefit 529 program. In addition, a receivable in the amount of \$89.9 million has been recorded to reflect the actuarially determined present value of future payments anticipated from contract holders.

28. OTHER REVENUE

The following table (dollars in thousands) summarizes Other Revenue for the fiscal year ended June 30, 2022.

	Assessments and Receipts for Support of Special Services	Fines, Forfeitures, Court Fees, Penalties, and Escheats	Receipts from Cities, Counties, and Towns	Private Gifts, Grants, and Contracts	Sales of Property

Total Primary Government	<u>\$ 62,813</u>	<u>\$ 4,614</u>	<u>\$ 1,750,216</u>	<u>\$ 3,451,830</u>

Note (1): \$251,256 (dollars in thousands) and \$448,554 (dollars in thousands) are related to prior year expenditures refunded in the current fiscal year for the General Fund and Federal Trust, respectively, and \$27,120 (dollars in thousands) is related to localities' share of capital funding for the Washington Metropolitan Area Transit Authority in the Commonwealth Transportation Fund. \$307,170 (dollars in thousands) is related to proceeds from unclaimed property in the Unclaimed Property Fund, \$84,702 (dollars in thousands) is related to indirect costs, reimbursable employee benefits, law enforcement services and court collection fees in the Other Special Revenue Fund, \$30,628 (dollars in thousands) is related to welfare activity receipts in the Health and Social Services Special Revenue Fund, and the remaining \$128,281 (dollars in thousands) is related to other miscellaneous activities in the nonmajor governmental funds.

Note (2): Of this amount, \$339,763 (dollars in thousands) represents a decline in the actuarial estimate of long-term claims payable liabilities for the Risk Management internal service fund.

29. TAX ABATEMENTS

GASB Statement No. 77, *Tax Abatements*, requires disclosures to be made for tax abatements. These arise from agreements between the Commonwealth and taxpayers and result in reduced tax revenue when the taxpayer promises to provide economic benefits to the Commonwealth. As of June 30, 2022, the Commonwealth participates in the following tax abatements programs in excess of \$1.0 million. There are no provisions for recapturing abated taxes since the requirements must be met prior to receiving the abatement.

- The Retail Sales and Use Tax Data Center Exemptions are intended to attract data centers to the Commonwealth pursuant to Section 58.1-609.3(18) of the *Code of Virginia*. Qualifying entities may purchase or lease certain computer equipment, enabling software and other enabling hardware for use in the data center exempt from the retail sales and use tax. Each recipient's retail sales and use taxes are reduced by being able to purchase qualifying items for use in the data center without having to pay the retail sales and use tax on the purchase price. The amount of the abatement for each recipient is determined by multiplying the purchase price of the qualifying computer equipment, enabling software and other enabling hardware purchased by the recipient by the rate of the retail sales and use tax that would be imposed on the purchase if the exemption was not available. The rate of the retail sales and use tax is 6.0 percent in the Northern Virginia, Hampton Roads, and Central Virginia regions; 7.0 percent in the Historic Triangle region; 6.3 percent in the city of Danville and the counties of Charlotte, Gloucester, Halifax, Henry, Northampton, and Patrick; and 5.3 percent in the remainder of the state. The exemption is available for data centers that (i) are located in a Virginia locality; (ii) result in a new capital investment of at least \$150.0 million on or after January 1, 2009; and (iii) meet specified employment and salary requirements. On or after July 1, 2009, the data center or tenants must result in the creation of at least 50 new jobs paying at least one and one-half the prevailing average wage in the locality, or 10 new jobs paying at least one and one-half the prevailing average wage in the locality if the data center is located in a locality that is a "distressed locality" as defined in the code section. Additionally, the requirement of a \$150.0 million capital investment is reduced to \$70.0 million for data centers that qualify for the reduced jobs requirement. Effective July 1, 2012, the exemption was extended to purchases and leases made by tenants of a data center that meets the requirements of the data center exemption.

In order to qualify for the exemption, the data center operator must enter into a memorandum of understanding with the Virginia Economic Development Partnership Authority (nonmajor component unit). The exemption is scheduled to sunset June 30, 2035. The amount of abated taxes

for fiscal year 2022 is estimated to be \$135.9 million.

- The Motion Picture Production Tax Credit is intended to encourage the filming of motion picture productions in the Commonwealth. Pursuant to Section 58.1-439.12:03 of the *Code of Virginia*, a motion picture production company with qualifying expenses of at least \$250,000 may abate its individual income tax or corporate income tax liability by the amount of the Motion Picture Production Tax Credit. The amount of the tax credit is equal to (i) 15.0 percent of the production company's qualifying expenses or (ii) 20.0 percent of such expenses if the production is filmed in an economically distressed area of the Commonwealth. In addition to the credit for the qualifying expenses incurred by a motion picture production company, such company may receive an Additional Virginia Resident Credit and an Additional Virginia Resident First-Time Industry Employee Credit. The Additional Virginia Resident Credit equals (i) 10.0 percent of the total aggregate payroll for Virginia residents employed in connection with the production of a film in Virginia when total production costs in Virginia are at least \$250,000, but not more than \$1.0 million or (ii) 20.0 percent of the total aggregate payroll of such residents when total production costs in Virginia exceed \$1.0 million. The Additional Virginia Resident First-Time Industry Employee Credit is equal to 10.0 percent of the total aggregate payroll for Virginia residents employed for the first time as actors or members of a production crew in connection with the production of a film in Virginia.

The Motion Picture Production Tax Credit is a refundable tax credit. Therefore, if the amount of credit that a company is allowed to claim exceeds the company's tax liability for the taxable year, the excess amount of credit will be refunded to the company. Companies must have a memorandum of understanding with the Virginia Tourism Authority (nonmajor component unit) in order to participate in this program.

The credit is scheduled to sunset January 1, 2027. The annual cap on the amount of credits granted for a fiscal year is \$6.5 million, and this amount is expected to be claimed annually. While a motion picture production company may receive approval within a given year, the credits may not be claimed by the taxpayer until at the earliest, the filing of a return. The filing of a return often occurs in a fiscal year subsequent to the year during which a credit is granted. In addition, the Virginia Tourism Authority is allowed to issue credits and a taxpayer can claim credits in future fiscal years subject to certain conditions. Because of these timing differences between when tax credits are granted and when they are claimed, the credits claimed in a fiscal year may fluctuate compared to the \$6.5 million annual cap. For fiscal year 2022, \$4.5 million of income tax was abated.

- The Retail Sales and Use Tax Entitlement to Tax Revenues from Tourism Projects is intended to encourage the development of certain tourism projects by assisting the developer in (i) obtaining gap financing needed to meet a shortfall in project funding between the expected costs of the project and the debt and equity capital provided by the developer and (ii) making payments of principal and interest on the gap financing.

If the project qualifies for the entitlement, the developer is entitled to an amount equivalent to a one percent state sales tax on transactions taking place on the premises of the tourism project. The entitled sales tax revenues must be applied to payments of principal and interest on the gap financing. The entitlement continues until the gap financing is paid in full.

Section 58.1-3851.1 of the *Code of Virginia* imposes requirements on both the local government and the developer in order for the project to qualify for the entitlement. The locality must have (i) established a tourism zone pursuant to Section 58.1-3851 of the *Code of Virginia*; (ii) established a tourism plan under the guidelines of the Virginia Tourism Authority; (iii) authorized a tourism project that meets a deficiency identified in the tourism plan; and (iv) dedicated an amount equivalent to a one percent sales tax on transactions taking place on the premises of the tourism project to the payment of principal and interest on the gap financing. The developer must have (i) secured a minimum of 70.0 percent of funding for the project in place through debt or equity; and (ii) entered into a performance agreement with the local economic development authority to pay an access fee equivalent to a one percent sales tax on transactions taking place on the premises of the tourism project to the payment of principal and interest on the gap financing. In order for the project to qualify for the entitlement, the project must be certified by the State Comptroller. The amount of abated taxes for fiscal year 2022 was \$1.1 million.

30. PRIZES AND CLAIMS

The following table summarizes Prizes and Claims Expense for the fiscal year ended June 30, 2022.

(Dollars in Thousands)

	Insurance Claims	Lottery Prize Expense	Total Prizes and Claims
Proprietary Funds:			
Major Enterprise Funds:			
Virginia Lottery	\$ —	\$ 2,659,596	\$ 2,659,596

Total Primary Government	<u>\$ 1,120,289</u>	<u>\$ 176,776</u>	<u>\$ 13,975</u>	<u>\$ 237,329</u>	<u>\$ 1,463,127</u>	<u>\$ 1,694</u>	<u>\$ 388</u>	<u>\$ 3,013,578</u>

Transfers are used to (1) move revenues from the fund that the *Code of Virginia* or budget requires to collect them to the fund that the *Code of Virginia* or budget requires to expend them; (2) move receipts restricted for debt service from the funds holding the resources to the debt service fund as principal and interest payments become due; and (3) move unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

During the fiscal year, the following significant transfer was made that does not occur on a routine basis or is inconsistent with the activities of the fund making the transfer.

- General Fund transfer of \$2.8 million to the Department of Motor Vehicles as required by Chapter 1, 2022 Virginia Acts of Assembly Special Session I.

35. ENDOWMENTS

Donor-restricted endowments reside primarily within the higher education institutions. The net appreciation available for expenditure is \$2.3 billion as of June 30, 2022. Of this amount, \$1.8 million is reported as unrestricted net position and the remainder is reported as restricted net position. The *Code of Virginia*

authorizes acceptance of donations. The governing boards of these entities and the donor agreements determine whether net appreciation can be spent and the accepted spending rate. These policies are entity specific and vary with each institution.

36. CASH FLOWS – ADDITIONAL DETAILED INFORMATION

The following table (dollars in thousands) summarizes specific cash flows for the fiscal year ended June 30, 2022.

	Virginia Lottery	Virginia College Savings Plan	Unemployment Compensation	Nonmajor Enterprise Funds	Total Enterprise Funds	Internal Service Funds
Cash Flows Resulting from:						
Payments for Prizes, Claims, and Loss Control:						
Lottery Prizes	\$ (2,685,976)	\$ —	\$ —	\$ —	\$ (2,685,976)	\$ —
Claims and Loss Control	—	—	(183,714)	(476,312)	(660,026)	(1,588,508)
Total	<u>\$ (2,685,976)</u>	<u>\$ —</u>	<u>\$ (183,714)</u>	<u>\$ (476,312)</u>	<u>\$ (3,346,002)</u>	<u>\$ (1,588,508)</u>
Other Operating Revenue:						
Other Operating Revenue	\$ —	\$ —	\$ 52	\$ 12,897	\$ 12,949	\$ 58
Total	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 52</u>	<u>\$ 12,897</u>	<u>\$ 12,949</u>	<u>\$ 58</u>
Other Operating Expense:						
Other Operating Expenses (1)	\$ —	\$ (10,567)	\$ —	\$ (32,615)	\$ (43,182)	\$ (18,750)
Total	<u>\$ —</u>	<u>\$ (10,567)</u>	<u>\$ —</u>	<u>\$ (32,615)</u>	<u>\$ (43,182)</u>	<u>\$ (18,750)</u>
Other Noncapital Financing Receipt Activities:						
Advances/Contributions from the Commonwealth	\$ —	\$ 2,000	\$ —	\$ 50,689	\$ 52,689	\$ 33,534
Receipts from Taxes	—	—	—	337,068	337,068	—

Games of Skill Proceeds, Retail Applications, and Rents	695	—	—	242	937	—
Interest	—	—	—	—	—	114
Total	<u>\$ 695</u>	<u>\$ 2,000</u>	<u>\$ 1,082,415</u>	<u>\$ 387,999</u>	<u>\$ 1,473,109</u>	<u>\$ 33,648</u>
Other Noncapital Financing Disbursement Activities:						
Repayments of Advances/Contributions from the Commonwealth	\$ —	\$ —	\$ —	\$ (65,751)	\$ (65,751)	\$ (11,030)
Total	<u>\$ —</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ (65,751)</u>	<u>\$ (65,751)</u>	<u>\$ (11,030)</u>
Other Capital and Related Financing Receipt Activities:						
Interest	\$ —	\$ —	\$ —	\$ 144	\$ 144	\$ —
Sale of Surplus	—	—	—	—	—	1
Total	<u>\$ —</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 144</u>	<u>\$ 144</u>	<u>\$ 1</u>

Note (1): \$10,567 (dollars in thousands) can be attributed to SOAR scholarship expenses, Access and Affordability program, and other scholarships and awards. Also, \$16,556 (dollars in thousands) can be attributed to expenses related to insurance program expenses in the Risk Management internal service fund and \$493,389 can be attributed to Affordable Care Act related fees in the Health Care Fund internal service fund.

37. TOBACCO SETTLEMENT AND SECURITIZATION

On November 23, 1998, 46 states' Attorneys General and the major tobacco companies signed a proposed settlement that reimburses states for smoking-related medical expenses paid through Medicaid and other healthcare programs. At the time of the settlement, it was estimated that the Commonwealth could receive approximately \$4.1 billion over the duration of the settlement. The settlement was approved in a Consent Decree in December 1998. On March 29, 1999, the General Assembly enacted a law approving the establishment of the Tobacco Region Revitalization Commission (Commission) (nonmajor component unit), in compliance with the Consent Decree, to help communities in Virginia hurt by the decline of tobacco.

The Commission was established for the purposes of determining the appropriate recipients of monies in the Tobacco Indemnification and Community Revitalization Fund. The monies are to be used to provide payments to tobacco farmers as compensation for the tobacco equipment and barns and lost tobacco production opportunities associated with a decline in quota. The monies are also to be used to revitalize tobacco dependent communities.

The General Assembly also created the Virginia Foundation for Healthy Youth (Foundation) (nonmajor component unit). The purpose of the Foundation is to determine the appropriate recipients of monies in the Virginia Tobacco Settlement Fund. The Foundation will also be responsible for distributing monies for the purposes provided in the legislation. Disbursements can be made to assist in financing efforts to restrict the use of tobacco products by minors, through educational and awareness programs describing the health effects of tobacco use on minors, and laws restricting the distribution of tobacco products to minors. Moneys from the fund can also be used to assist in financing efforts to reduce childhood obesity through such means as educational and awareness programs, implementing evidence based practices, and assisting schools and communities with policies and programs.

Additionally, the General Assembly created two special non-reverting funds. The Tobacco Settlement monies were accounted for in these funds and in the General Fund. Of the Settlement monies, 50.0 percent was deposited into the Tobacco Indemnification and Community Revitalization Fund at the Commission and 8.5 percent is deposited into the Virginia Tobacco Settlement Fund at the Foundation. The remaining 41.5 percent is reported in the General Fund.

Pursuant to Purchase and Sale Agreements executed in 2005 and 2007, the Commonwealth, acting as an agent on behalf of the Commission, sold the Commission's future right, title and interest in the Tobacco Settlement Revenues (TSRs) to the Tobacco Settlement Financing Corporation (Corporation) (related organization).

Consideration paid by the Corporation to the Commission for TSRs consisted of a cash amount deposited into an endowment to fund the long-term

spending plan approved by the Commission. Bonds issued by the Corporation to finance the purchase price are asset-backed instruments secured solely by the Corporation's right to receive TSRs. At the time of issuance these revenues were expected to produce sufficient funds to repay the bond obligations issued by the Corporation.

The Commission is a nonmajor component unit of the Commonwealth, and the Corporation is disclosed as a related organization.

38. SERVICE CONCESSION ARRANGEMENTS

GASB Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, describes the criteria for when an arrangement is classified as a Service Concession Arrangement (SCA). The basic criteria are: the operator of the capital asset owned by the transferor has the right to provide services in exchange for significant consideration; the operator's revenue must come from a third party; the transferor must retain some level of control over the asset; and the transferor must receive significant residual interest at the conclusion of the arrangement.

Primary Government

The Commonwealth of Virginia has five SCAs as of June 30, 2022: Pocahontas 895, the 495 Express Lanes, Elizabeth River – Midtown Tunnel, the 95 Express Lanes, and the I-66 Outside the Beltway Express Lanes. They are all related to highway construction and operation and were established per the Public-Private Transportation Act of 1995, as amended (PPTA). PPTA project goals are to provide highway projects to the public in a timely and cost effective manner with private funding and support.

Pocahontas 895

On June 21, 2006, the Pocahontas Parkway Association (Association – previously reported as a blended component unit of the Virginia Department of Transportation (VDOT), part of primary government) signed an agreement with Transurban (895) LLC (Transurban). Under the terms of the agreement, all assets and rights of the Association under the Comprehensive Agreement with VDOT were transferred to Transurban. In exchange for the existing toll road and other assets, Transurban transferred sufficient funds and securities to pay or defease all outstanding bonds of the Association and pay all other outstanding obligations owed to VDOT. Additionally, Transurban agreed to construct an enhancement to the original toll road, and this enhancement was completed and placed in service in 2011.

During the 99-year agreement term, VDOT will have fee title or good and valid interest in the asset. VDOT retains the right of inspection of the asset and has outlined maximum toll charges and increases in the terms of the agreement. Capital assets of \$337.2 million and deferred inflows of \$477.7 million are included in

the government-wide financial statements. No contractual liabilities exist for this arrangement as of June 30.

During fiscal year 2014, the Transurban Board approved the transfer of Pocahontas 895 to the lenders of the asset due to lower revenues than anticipated. On May 15, 2014, DBi Services assumed control of Pocahontas 895. In December 2016, the majority owner of toll rights, Macquarie and other rights owners closed on the sale of 100.0 percent of the tolling rights to Globalvia. Macquarie CAF Management LLC, Pocahontas Holdings LLC and Meeko LLC entered into a Sale and Purchase Agreement with Pocahontas Parkway Holdings LLC and Magnolia Operations LLC (Globalvia Inversiones SAU Subsidiaries) (as the buyers) in September 2016. The acquisition was effective on December 20, 2016 after VDOT's approval.

VDOT approved Globalvia Operations USA LLC as the new O&M contractor (as defined in the Concession Agreement) and the O&M agreement between Globalvia Operations USA LLC and Pocahontas Parkway Operations LLC (company the concession agreement with VDOT was transferred to after the acquisition in December 2016) in December 2017. Globalvia Operations USA LLC replaced DBi as the new O&M contractor in February 2018.

Globalvia acquired the company that had, at that time, the agreement with VDOT to develop, finance, operate, manage the tolls and maintain Route 895-Pocahontas Parkway. The concession agreement period will end in 2105.

495 Express Lanes

On December 19, 2007, VDOT signed an 80-year public-private partnership agreement with Capital Beltway Express, LLC. The purpose of this agreement is to build new express lanes to provide users with a faster and more reliable travel option. The construction of the express lanes was completed in November 2012.

During the 80-year agreement, VDOT maintains regulatory control and jurisdiction of the express lanes. VDOT will have fee title or good and valid interest in the express lanes. The lanes will remain open for the public as long as the applicable tolls are paid. Capital assets of \$712.1 million and deferred inflows of \$925.5 million are included in the government-wide financial statements. Liabilities are contingent on specific events occurring pursuant to the agreement.

On September 30, 2021, the second amended and restated Comprehensive Agreement (ARCA) was signed between VDOT and Capital Beltway Express, LLC to add the scope of project work related to the northern extension of the 495 Express Lanes (495 NEXT), which is the approximately 2-mile extension of the existing express lanes from Route 738 to the vicinity of George Washington Memorial Parkway. As of June 2022, 495 NEXT is undergoing construction.

Elizabeth River – Midtown Tunnel

On December 5, 2011, VDOT signed a 58-year public-private partnership agreement with Elizabeth River Crossings OPCO, LLC. The purposes of this agreement are to design, build, finance, operate, and maintain a new Midtown Tunnel, adjacent to the existing Midtown Tunnel, provide improvements to the existing Midtown Tunnel and the Downtown Tunnel, and to provide various extensions and improvements of the Martin Luther King Jr. (MLK) Freeway and I-264. As of September 1, 2017, all project components of this agreement have reached substantial completion and are in service.

During the agreement, Elizabeth River Crossings OPCO, LLC will operate and maintain the road. The revenue source for the concessionaire will be toll collections, excluding the MLK Freeway, which will be used for maintenance, operating and return on investment for constructing the project. At the end of the 58-year term, control of and the rights to operate the facilities will revert back to VDOT. Capital assets of \$856.8 million and deferred inflows of \$831.6 million are included in the government-wide financial statements. Liabilities are contingent on specific events occurring pursuant to the agreement. In July 2017, VDOT issued a Department Project Enhancement directive for Elizabeth River Crossings OPCO LLC, to design and build noise barrier walls on I-264. After the Preliminary Field Inspection Plans were developed, VDOT took over to complete the project due to lower costs, estimated at \$24.4 million. The project was successfully advertised on September 13, 2022. In addition to these project enhancements, the Federal Highway Administration (FHWA) has also required an annual traffic study for the Value Pricing Pilot Program (VPPP) to monitor driver behavior, traffic volume, transit ridership, air quality, and availability of funds for transportation programs. VDOT has completed Years 1-6 of the 10 year VPPP study.

95 Express Lanes

On July 31, 2012, VDOT signed a 73-year public-private partnership agreement with 95 Express Lanes, LLC. This project will create approximately 29 miles of Express Lanes on I-95 in Northern Virginia. The project will also add capacity to the existing high occupancy vehicle (HOV) lanes. The construction of the express lanes was completed in December 2014.

During the agreement, 95 Express Lanes LLC will operate and maintain the road. The revenue source for the concessionaire will be toll collections which will be used for maintenance, operating and return on investment for constructing the project. At the end of the 73-year term, control of and the rights to operate the facilities will revert back to VDOT. The lanes will remain open for the public as long as the applicable tolls are paid. Capital assets of \$492.8 million and deferred inflows of \$565.6 million are included in the government-wide financial statements. Liabilities are contingent on specific events occurring pursuant to the agreement.

During fiscal year 2016, the Commonwealth Transportation Board awarded a contract to design and construct a reversible extension of the 95 Express Lanes at the southern terminus in Stafford County. The approximately 2.5-mile extension will carry traffic beyond the location where the 95 Express Lanes currently end. The construction began in fiscal year 2017 and lanes opened to traffic on October 31, 2017. This 2.5-mile extension resulted in an increased value of \$25.7 million to the 95 Express Lanes SCA.

On June 8, 2017, an amended and restated Comprehensive Agreement was signed between VDOT and 95 Express Lanes LLC to include the scope of the project work for the I-395 northern extension. The Comprehensive Agreement was updated to include this addition to the project and payments to VDOT for transit improvements. VDOT reached commercial close with 95 Express Lanes LLC on June 8, 2017, and financial close was completed on July 25, 2017, for this project. Construction on the 8-mile I-395 extension began in summer of 2017 and opened to traffic on November 17, 2019. In consideration for the rights granted by VDOT to 95 Express Lanes LLC, solely in respect of the I-395 Project, 95 Express Lanes LLC made an up-front payment to VDOT of \$15.0 million on the I-395 Project Service Commencement date. Deferred inflows of \$14.4 million relating to the 395 Express Lanes are included in the fund financial statements. Additionally, as part of the up-front consideration, VDOT will receive an annual payment that escalates at a rate of 2.5 percent per annum set forth in the Amended and Restated Comprehensive Agreement (ARCA). Accordingly, accounts receivable of \$990.0 million and deferred inflows of \$990.0 million, relating to the present value of the annual installment payments are included in the fund financial statements. Capital assets of \$268.8 million and deferred inflows of \$289.2 million are included in the government-wide financial statements. Liabilities are contingent on specific events occurring pursuant to the agreement.

In fiscal year 2017, planning was initiated on the additional extension of the Express Lanes from Garrisonville Road to Route 17 in Stafford County, which is about 10 miles. It will have direct connection with both the northbound and southbound Rappahannock River crossing projects, access points and operational improvements.

On April 18, 2019, a second amended and restated Comprehensive Agreement was signed between VDOT and 95 Express Lanes LLC to add the scope of the project work for the Fredericksburg Extension. The Comprehensive Agreement was updated to include payments to VDOT. At financial close on April 30, 2019, 95 Express Lanes LLC made a \$45.0 million Initial Permit Fee Buyout Payment. The Concessionaire also provided a right of way cost deposit of \$2.5 million and \$4.0 million for southbound Rappahannock River Crossing work overlap funding. Deferred inflows of \$49.0 million are included in the fund financial statements. VDOT received an additional \$65.9 million from 95 Express Lanes LLC at the additional financial close in July 2019, which is a sum of \$11.5 million

Private Activity Bonds (PABs) payment and \$54.4 million design-build price protection benefits. At service commencement, the concessionaire will make payment of \$232.0 million Final Permit Fee Buyout Payment as set forth in the second amended and restated Comprehensive Agreement. Deferred inflows of \$63.0 million are included in the fund financial statements. As of June 2022, the Fredericksburg Extension project is under construction.

I-66 Outside the Beltway Express Lanes

On December 8, 2016, a 50-year Public Private Partnership Agreement (the Agreement) between VDOT, the Department of Rail and Public Transportation (DRPT), and private partner, I-66 Express Mobility Partners LLC, was signed.

The \$2.2 billion I-66 Outside the Beltway Project with Express Mobility Partners is to build express lanes on I-66 outside the I-495 Capital Beltway. During the 50-year Agreement, VDOT maintains regulatory control and jurisdiction of the express lanes. VDOT will have fee title or good and valid interest in the express lanes. The purpose of this Agreement is to build new express lanes to provide users with a faster and more reliable travel option.

The I-66 Outside the Beltway Project will include 22.5 miles of new express lanes alongside three regular lanes from I-495 to University Boulevard in Gainesville, Virginia. The project will also provide new and improved bus service and transit routes, new and improved park and ride lots, and interchange improvements to enhance safety and reduce congestion.

Express Mobility Partners will be responsible for all costs to design, build, operate and maintain the I-66 Express Lanes, without any upfront public contribution.

Financial close on the project occurred on November 9, 2017. The express lanes will open to traffic at the end of 2022. These lanes will remain open for the public as long as the applicable tolls are paid. Liabilities for VDOT from the Agreement are contingent on specific events occurring pursuant to the Agreement.

Express Mobility Partners provided \$578.9 million during fiscal 2018, as an up-front concession payment to VDOT. Pending approval by the Commonwealth Transportation Board, these funds will be used for project oversight by VDOT, contingency risk during construction that is released during the construction period, and projects in the corridor as selected by the Commonwealth Transportation Board. Deferred inflows of \$524.9 million are included in the fund financial statements.

Additional consideration to be provided by Express Mobility Partners includes several components of the permit fee established in the Agreement. A description of these components and the stipulations around receiving is provided below.

Express Mobility Partners is required to pay VDOT a permit fee that consists of transit funding payments,

support for corridor improvements, and revenue sharing as further described below.

The transit funding payment portion of the permit fee that becomes due during the operating period will be payable after debt service and required reserve accounts, and will be subject to the lock-up provisions required in the Transportation Infrastructure Finance and Innovation Act (TIFIA) Loan Agreement, but prior to support for corridor improvements and distributions. If funds are insufficient to make scheduled transit funding payments at the time due, such payments or any unpaid portion thereof will be considered past due and will remain due and payable without interest charges. In both fiscal years 2021 and 2022, VDOT received up-front payments of \$21.3 million to be used for transit investments, and \$41.9 million of deferred inflows are included in the fund financial statements.

The support for corridor improvements is to be paid as indicated in the Agreement. Amounts to be paid annually are contingent on actual toll revenues. At the end of the term of the Agreement, any unpaid balance of these payments is to be forgiven or cancelled.

Express Mobility Partners will make revenue sharing payments in amounts calculated based on actual cumulative net present value of gross revenue at the end of each year of the Agreement. The percentage of gross revenue to be paid by Express Mobility Partners to VDOT increases in accordance with a five-tier revenue sharing scale. Revenue sharing payments do not have to be made if transit funding payments or support for corridor improvements are past due or unpaid.

Additional information on these payments can be found in the Agreement executed between VDOT, DRPT, and Express Mobility Partners.

As of June 2022, the I-66 Outside the Beltway Project is under construction.

Component Units

Aramark – Dining Services

During the year ended June 30, 2015, the University of Virginia (nonmajor) entered into an agreement with Aramark Educational Services, LLC (Aramark) for Aramark to provide dining services to the University. In return for use of University facilities, Aramark is required to make certain payments to the University and the University is required to provide certain repair and maintenance services related to the facilities during the term of the agreement. The University also receives a yearly minimum guarantee on dining and vending commissions and has a minimum guaranteed profit split on residential and athletics services regardless of gross sales. As of June 30, 2022, the University has accrued \$118.7 million in current and noncurrent receivables and a \$168.4 million deferred inflows of resources related to the service concession arrangement.

39. INFORMATION TECHNOLOGY INFRASTRUCTURE

With the exception of NTT DATA (NTT), the Commonwealth is into its fourth or fifth contract year, depending on when services commenced, with all of its current IT service providers. This includes SAIC for Multi-Services Integrator (MSI) services, Atos for managed security services, Xerox for managed print services, Iron Bow for end-user services, Unisys for server and data center services, and Verizon for voice and data network services. During fiscal year 2022, the Commonwealth transitioned messaging services from its previous service provider, Tempus Nova, to NTT. With a multi-services integrator (MSI) model in effect, the Commonwealth will continuously pursue new and additional IT service providers to ensure that the Commonwealth has a competitive portfolio of IT suppliers that deliver modern cost-effective technology services. The contract terms range from three years to six years, with additional renewal options on each.

Expenses in fiscal year 2022 associated with the service providers were \$206.4 million, exclusive of amounts reported as lease payments and interest expense related to GASB Statement No. 87, *Leases*. The Commonwealth expects to spend an additional \$612.1 million over the remaining life of these contracts with the current portfolio of suppliers, exclusive of long-term lease liability related to GASB 87.

40. CONTINGENCIES

A. Grants and Contracts

The Commonwealth has received federal grants for specific purposes that are subject to review and audit by the grantor agencies or their auditors. Claims against these resources are generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes. Any disallowance resulting from a federal audit may become a liability of the Commonwealth. The increased federal funding related to the COVID-19 pandemic could impact future liabilities.

Institutions of higher education (component units) and other state agencies are required to comply with various federal regulations issued by the Office of Management and Budget, if such agencies are recipients of federal grants, contracts, or other sponsored agreements. Failure to comply with certain requirements of these regulations may result in questions concerning the allowability of related direct and indirect charges pursuant to such agreements. It is believed that the ultimate disallowance pertaining to these regulations, if any, will be immaterial to the overall financial condition of the Commonwealth.

The U.S. Department of Health and Human Services (DHHS) Office of the Inspector General conducted a review and indicated that the

Commonwealth's Statewide Indirect Cost Allocation Plan rates have allowed over-recoveries and transfers in the internal service funds and portions of selected rebates. The Commonwealth has computed payback schedules for 2022, 2021, and 2020 which are based on fiscal years 2021, 2020, and 2019 data, respectively. The Commonwealth has computed a liability of \$42.0 million representing the amounts owed to the federal government for internal service fund over-recoveries and transfers, as well as the federal share of various rebates received. This amount has been reflected in the accompanying financial statements.

The Virginia Tourism Authority (nonmajor component unit) had unclaimed awards totaling \$3.1 million payable to awardees upon submission of proper claims for reimbursement for the Marketing Leverage Program. Additionally, property at the Virginia/Maryland border to be used for the Gateway Welcome Center was donated to the Authority in July 2008. The deed to the property includes a covenant requiring any or all land to revert to the U.S. Government should it become needed for national defense. The net book value of the property as of June 30, 2022 was \$809,500.

B. Litigation

The Commonwealth is named as a party in legal proceedings and investigations that occur in the normal course of governmental operations, some involving substantial amounts. It is not possible at the present time to estimate the ultimate outcome or liability, if any, of the Commonwealth in respect to the various proceedings; however, it is believed that any ultimate liability resulting from these suits or investigations will not have a material, adverse effect on the financial condition of the Commonwealth.

C. Subject to Appropriation

Both the primary government and the discretely presented component units enter into agreements and issue debt secured solely by future appropriations from the General Fund of the Commonwealth. The primary government has leases and other agreements of such debt of \$4.1 billion. The discretely presented component units have such debt of \$5.4 billion.

D. Bailment Inventory

The Virginia Alcoholic Beverage Control Authority (ABC) houses and controls bailment inventory in the warehouse and is therefore responsible for the exercise of reasonable care to preserve the inventory until it is purchased by ABC or returned to the supplier. ABC uses the bailment system for payment of merchandise for resale. ABC initiates payments to the vendors based on shipments from the ABC warehouse to the retail stores, rather than receipt of invoice from the vendor. As of June 30,

2022, the bailment inventory was valued at \$69.1 million.

E. Loan Guarantees

The Virginia Small Business Financing Authority (VSBFA) (nonmajor component unit) has a loan guaranty program which provides guarantees up to the lesser of \$1.0 million, or 75.0 percent, of a bank loan for lines of credit and short-term working capital loans for small businesses as defined by Section 2.2-2285 of the *Code of Virginia*. The relationship of the Commonwealth to the issuer or issuers of the obligations are private banks that contact VSBFA to obtain guarantees if they deem it necessary to approve the loan. The VSBFA staff underwrites the request for guarantees and approves applications of \$1.0 million or less with subsequent ratification by the Board of Directors. The Board of Directors approves applications in excess of \$1.0 million. The maximum term of support for guarantees is up to five years for lines of credit and seven years for term loans. In the event the small business borrower fails to repay a loan guaranteed through the program, the originating bank lender exercises its rights against the collateral and the guarantors of the loan and proceeds from the sale of the collateral are applied to the loan. In the event the originating bank lender incurs a deficiency principal balance, the bank submits a claim to VSBFA under the program. If a claim payment is subsequently paid under the program, VSBFA retains the right to pursue collection from the borrower or the guarantor to the extent possible and provided that neither the borrower nor the guarantor has been adjudicated bankrupt. VSBFA submits collections to the Office of the Attorney General, Division of Debt Collection for legal action and collection of debt. As of June 30, 2022, the loan guaranty program has guarantees outstanding of \$5.4 million.

GASB Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*, requires that certain information be disclosed regarding selected nonexchange financial guarantees. As of June 30, 2022, the VSBFA recognized a nonexchange financial guarantee liability of \$107,037. This is an increase of \$5,319 from the beginning balance of \$101,718. There were no required payments made during fiscal year 2022. Additionally, there have been no cumulative amounts paid on these outstanding loan guarantees nor are there any expected recoveries.

F. Regional Wet Weather Management Plan

Hampton Roads Sanitation District (HRSD) (nonmajor component unit) is party to a federal consent decree with the federal and state governments (the Consent Decree), which requires the HRSD to evaluate the wet weather capacity of the regional sewer system, including collection systems owned by 14 of the localities which the HRSD serves in the Hampton Roads area. Based upon that evaluation, the HRSD, in consultation

with the localities, is required to develop a regional wet weather management plan (RWWMP) for submittal to the federal and state environmental agencies for their approval.

The HRSD and the localities believe that addressing wet weather capacity issues from a regional perspective will result in the most affordable and cost-effective approach for rate payers throughout the region. Toward that end, the HRSD and the localities entered into a legally binding Memorandum of Agreement in 2014 (the MOA). The MOA commits HRSD to (1) develop the RWWMP in consultation with the localities, (2) fund the approved plan through a regional rate imposed on all regional ratepayers, (3) design and construct the necessary improvements, and (4) assume responsibility for wet weather capacity throughout the region in each area once the RWWMP is implemented. In exchange, the localities have agreed to (1) cooperate with the HRSD, (2) facilitate the construction of and accept ownership of any improvements which the HRSD may need to construct in the localities' systems, and (3) maintain the integrity of their systems to industry standards.

The Consent Decree and MOA also contemplate that the localities' obligation to maintain the integrity of their sewer systems to industry standards was embodied in a State administrative order. While the HRSD is preparing the RWWMP, the Consent Decree also requires the HRSD to implement approximately \$200.0 million in high priority capital system upgrade projects over the 10-year period between 2020 and 2030, and then another \$200.0 million in high priority sewer overflow control projects between 2030 and 2040, which are included in the capital improvement and expansion program. These two sets of projects reflect further priority system improvements that HRSD is to implement along with the SWIFT project. The Amended Consent Decree gives HRSD until 2032 to invest \$1.1 billion in the SWIFT program. Finally, the Amended Consent Decree provides that if HRSD will not make the full \$1.1 billion investment in the SWIFT Project by 2032 then EPA can require HRSD to accelerate some or all of the second group (\$200.0 million worth) of high priority sewer overflow control projects to offset the avoided investment in the SWIFT program. The HRSD is on schedule to complete these projects.

The HRSD has a major capital improvement and expansion program funded through the issuance of debt and its own resources. As of June 30, 2022, the HRSD has outstanding commitments for contracts in progress of approximately \$1.1 billion.

41. PENDING GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENTS

The GASB has issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* and GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. GASB Statement No. 94 redefines various agreements that will be reported by the Commonwealth. GASB Statement No. 96 will define subscription-based information technology arrangements and will significantly impact the Commonwealth's reporting disclosures. Both GASB Statements will be implemented in fiscal year 2023.

42. SUBSEQUENT EVENTS

Primary Government

Debt

On September 1, 2022, the Commonwealth Transportation Board redeemed \$16.1 million of Commonwealth of Virginia Transportation Revenue Refunding Bonds, Series 2012A.

On October 19, 2022, the Hampton Roads Transportation Accountability Commission (HRTAC) (nonmajor governmental fund) made its second draw on a Transportation Infrastructure Finance and Innovation Act line of credit not to exceed \$500.8 million (through the U.S. Department of Transportation). The draw of \$299.0 million increases the balance due on this loan to \$400.1 million, including capitalized interest of \$1.1 million.

On November 16, 2022, the Commonwealth of Virginia issued \$94.9 million of General Obligation Bonds, Series 2022A to provide funding for authorized 9(c) projects.

On November 29, 2022, the Virginia Public Building Authority defeased portions of its Public Facilities Revenue Bonds of \$22.1 million. They also redeemed a portion of its Public Facilities Revenue Bonds, Series 2010B-2.

On December 7, 2022, the Commonwealth Transportation Board issued \$15.0 million in Senior Lien Transportation Infrastructure Finance and Innovation Act (TIFIA), Series 2022 and \$82.6 million in Subordinate Lien TIFIA Loan, Series 2022 to finance certain costs incurred in relation to the Interstate 81 Corridor Improvement Project.

On December 14, 2022, the Commonwealth Transportation Board redeemed \$9.3 million of its Commonwealth of Virginia Transportation Contract Revenue Refunding Bonds, Series 2012.

Component Units

Debt

On July 20, 2022, the Virginia Resources Authority (major) issued debt via direct borrowing in the amount of \$98.0 million in the Virginia Water Facilities Revolving Loan Fund to help expand capacity in the program. The note has an interest rate of 3.2 percent with a final maturity date of October 1, 2042.

On August 15, 2022, the Virginia Housing Development Authority (major) redeemed Rental Housing Bond 2019 Series E Non-AMT in the amount of \$5.7 million.

On September 22, 2022, the Virginia Housing Development Authority (major) issued Rental Housing Bond 2022 Series F in the amount of \$59.2 million.

On September 28, 2022, Virginia Public School Authority (VPSA) (major) issued \$41.3 million Special Obligation School Financing Bonds, Hanover County, Series 2022 to purchase certain general obligation local school bonds to finance capital projects for schools.

On October 12, 2022, George Mason University (nonmajor) signed an agreement with Atlantic Union Bank for a revolving loan in the maximum principal amount of \$68.0 million for financing the construction of a new technology building known as Fuse at Mason Square and/or to provide financing for other capital projects.

On November 9, 2022, the VPSA issued \$99.9 million of its Special Obligation School Financing Bonds (1997 Resolution), Series 2022B to purchase certain general obligation local school bonds to finance capital projects for schools.

On November 10, 2022, the VPSA issued \$42.4 million of its Special Obligation School Financing Bonds, Prince William County, Series 2022 to purchase certain general obligation local school bonds to finance capital projects for schools.

Other

As of January 1, 2022, University of Virginia (nonmajor) retirees began enrolling in their health coverage through a private exchange and are no longer enrolled on the UVA Health Plan. The University now pays nothing towards the retirees' premiums and any claims are to be paid by the private insurance. Because the University uses a one-year lookback in its plan measurement, this change will not be reflected in the OPEB liability of the University until the financial statements for the year ended June 30, 2023. If the plan changes were effective for the June 30, 2022, financial statements, the UVA OPEB liability would be reduced by \$41.6 million.

In *Milton S. Hershey Medical Center v. Becerra*, a group of teaching hospitals challenged a formula that Centers for Medicare and Medicaid Services (CMS) used for many years when the total number of residents and

fellows, before applying weighting factors, exceeds the hospital's graduate medical education cap. This was essentially a math error made by the CMS dating back to 2001 that reduced the reimbursement to teaching hospitals and has become known as the "Fellow Penalty". The court ruled in favor of the hospitals and on October 27, 2022, University of Virginia Medical Center (UVAMC) received the revised Notice of Program Reimbursement for fiscal years 2010 - 2012 related to the "Fellows Penalty" in the amount of just under \$8.5 million. CMS will only apply this policy for cost report periods that are open or re-openable (and for future cost report periods). For UVAMC this correction will apply to fiscal year 2010 and forward. The estimate total for fiscal years 2010 - 2022 is \$39.4 million which was posted in fiscal year 2022.

Effective July 1, 2022, the Virginia Arts Foundation (nonmajor) is dissolved and powers have been transferred to the Virginia Commission for the Arts (part of primary government). The existing Virginia Arts Foundation Fund (the Fund) has been renamed as the Virginia Commission for the Arts Fund and authority for expenditures and disbursements has been transferred from the Fund to the Virginia Commission for the Arts.

During September 2022, the Virginia Biotechnology Research Partnership Authority (the Authority) (nonmajor) was awarded two grants from the U.S. Department of Commerce. The Authority received \$15.8 million to support the Life Science Innovation Center construction project. The period of performance is 38 months from the date of award. The second grant awarded supports the pharmaceutical Supply Chain and was for \$1.8 million. The period of performance is 24 months from the date of the award. Both awards are cost reimbursement grants.

The Commonwealth of Virginia awarded the Authority \$15.0 million to support the scale-up of pharmaceutical research, development, and manufacturing cluster in the Richmond Regional Planning District or the Crater Planning District (central Virginia). \$10.0 million may be used to help fund the construction of a life sciences lab building located at the Virginia Biotech Park in the City of Richmond. The other \$5.0 million may be used to administer a one-time grant program designed to fund a key starting materials pilot project located in central Virginia. At a minimum, criteria to award the grant shall include: (i) the company is headquartered in Virginia; and (ii) the company has a chemical industrial site to stand up the program in either the Richmond Regional Planning District or the Crater Planning District. Any funding awards shall be used for the direct costs of key starting materials reactors, a centrifuge, and a dryer.

Subsequent to June 30, 2022, the Authority's Board voted to spin-out Lighthouse Labs, LLC from the Corporation. The spin-off will not occur until Lighthouse Labs obtains its own 501(c)(3) status.

Notes for Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual – General and Major Special Revenue Funds

1. Basis of Budgeting vs. Modified Accrual Basis Fund Balance (1)

Since the presentation of financial data on the basis of budgeting differs from that presented under accounting principles generally accepted in the United States of America, a schedule reconciling the fund balance on a budgetary basis at June 30, 2022, to the fund balance on a modified accrual basis follows.

**Fund Balance Comparison
Budgetary Basis to GAAP Basis**

(Dollars in Thousands)

	General Fund	Commonwealth Transportation Fund	Federal Trust Fund
Fund Balance, Basis of Budgeting	\$ 13,375,034	\$ 5,256,419	\$ —
Adjustments from Budget to Modified Accrual:			
Net Accrued Revenues:			
Taxes	1,420,888	355,311	—
Tax Refunds	(1,478,886)	—	—
Other Revenue/Other Sources	(448,633)	177,593	2,382,253
Deferral of Up-front SCA payment	—	(21,250)	—
Medicaid Payable	(479,772)	—	(1,607,618)
Net Accrued Expenditures/Other Uses	(708,997)	(602,615)	(419,780)
Fund Reclassification - Budget to Modified Accrual	—	(696,199)	—
Fund Balance, Modified Accrual Basis	<u>\$ 11,679,634</u>	<u>\$ 4,469,259</u>	<u>\$ 354,855</u>

1. As discussed in Note 1.E., the Literary Fund has no approved budget.

2. Appropriations

The amounts presented in the Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual – General and Major Special Revenue Funds are principally on a cash basis and represent the original budget adopted by the General Assembly and all supplemental appropriations and transfers. The following schedule reconciles original appropriations to the final adjusted expenditure appropriations for the General Fund and Major Special Revenue Funds, at June 30, 2022, except the Literary Fund which has no approved budget.

	General Fund (8)	Commonwealth Transportation Fund	Federal Trust Fund (9)
<i>(Dollars in Thousands)</i>			
Appropriations (1)	\$ 26,114,386	\$ 8,620,029	\$ 15,562,168
Supplemental Appropriations:			
Reappropriations (2)	544,285	74,085	132,954
Subsequent Executive (3)	284,061	653,784	4,573,191
Subsequent Legislative (4)	1,214,055	544,965	10,574,249
Capital Outlay and Operating Reversions (5)	(658)	—	(3,350)
Transfers (6)	(821,800)	171,193	(2,240,647)
Capital Outlay Adjustment (7)	(362,554)	(12,085)	(259,786)
Appropriations, as adjusted	<u>\$ 26,971,775</u>	<u>\$ 10,051,971</u>	<u>\$ 28,338,779</u>

- Represents the budget appropriated through Chapter 552, 2021 Acts of Assembly Special Session I as amended by Chapter 1, 2022 Acts of Assembly Special Session I.
- Actions taken to reappropriate any prior year unexpended balances per authority of the language in the Appropriation Act.
- Actions taken by the Governor to carry forward any prior year unexpended balances, sum sufficient authority, and year 2 to year 1 reductions (General Fund) and actions taken to appropriate any additional revenues collected so that they can be legally spent (Special Revenue Funds).
- Actions taken by the Governor and the General Assembly to adjust the budget.
- Represents reversions of unexpended capital outlay and operating balances.
- Represents transfers required by the Appropriation Act. Transfers out are reduced by approximately \$2.4 billion (General Fund) and \$57.8 million (Commonwealth Transportation Fund) for transfers to component units and fiduciary funds that have been reclassified as expenditures in accordance with GASB Statement No. 34.
- Capital outlay appropriations cover the projects' lives and usually extend beyond the current fiscal year. These amounts have been adjusted to report the amount authorized for expenditure during the current fiscal year.
- Budgetary reductions totaling \$709.2 million are excluded since they were not available for disbursement during the current fiscal year.
- Appropriations do not include food stamp issuances of \$2.9 billion since this is a noncash item; however, this amount is included in actual expenditures.

Schedule of Changes in Employers' Net Pension Liability (1) (2)

Fiscal Year Ended June 30, 2022

(Dollars in Thousands)

Change in the Net Pension Liability	VRS State				
	2022	2021	2020	2019	2018

2013	27,002	24,455	2,547	5,094,773	N/A	0.5 %

- (1) The Group Life Insurance and the Line of Duty Trust Fund (Line of Duty Act) are cost-sharing plans and amounts in this schedule are only for the Commonwealth and does not include other employers.
- (2) Covered employee payroll is provided since the contributions are not based on a measure of pay. Ten years of data is not available for this plan.
- (3) Although the Retiree Health Insurance Credit program for constitutional officers, social services employees, and registrars existed prior to fiscal year 2016, the program was funded in a different manner and the results do not provide comparability with the current presentations. Since the Commonwealth is considered the governmental nonemployer contributing entity, the column regarding covered payroll is not applicable.

See notes on page 228 in this section.

(1) The amortization period of the Unfunded Actuarial Accrued Liability (UAAL) was a closed 30-year period for the June 30, 2013 balance and closed 20-year period for each subsequent year. The Line of Duty Act Program amortization period is 30 years for the UAAL.

(2) Includes inflation rate of 2.5 percent.

(3) Projected salary increases for the Retiree Health Insurance Credit Fund are used in the application of the actuarial cost method. Projected salary increase factors are not applicable to the Line of Duty Act Program since neither the benefit nor the cost is salary-based.

As discussed in Note 18, visit the Virginia Retirement System's website at www.varetire.org to obtain a copy of the separately issued financial statements.

Schedule of Changes in Employers' Total Other Postemployment Benefit Liability (1) (2)

Fiscal Year Ended June 30, 2022

(Dollars in Thousands)

Change in the Total OPEB Liability	PMRH				
	2022	2021	2020	2019	2018
Total OPEB liability:					
Service cost	\$ 44,141	\$ 47,963	\$ 72,737	\$ 94,665	\$ 116,627
Interest cost	13,139	25,009	40,941	49,279	47,346
Changes of benefit terms	—	—	—	—	—
Difference between expected and actual experience	(20,887)	(24,121)	(216,886)	(191,000)	(61,865)
Changes of assumptions	(119,285)	(130,004)	(182,206)	(211,762)	(326,082)
Benefit payments	(37,040)	(28,903)	(41,346)	(34,446)	(43,244)
Net change in total OPEB liability	(119,932)	(110,056)	(326,760)	(293,264)	(267,218)
Total OPEB liability - beginning	568,824	678,880	1,005,640	1,298,904	1,566,122
Total OPEB liability - ending (a)	\$ 448,892	\$ 568,824	\$ 678,880	\$ 1,005,640	\$ 1,298,904
Covered employee payroll (b)	\$ 5,904,674	\$ 5,842,440	\$ 5,616,229	\$ 5,485,993	\$ 5,229,024
Total OPEB liability as a percentage of covered employee payroll (a/b)	7.6 %	9.7 %	12.1 %	18.3 %	24.8 %

- (1) The Commonwealth implemented GASB Statement No. 75, *Accounting and Financial Reporting for Other Postemployment Benefits*, as amended by GASB Statement No. 85, *Omnibus 2017*, effective for fiscal year 2018, therefore, ten years of data is unavailable.
- (2) The Commonwealth's fiscal year 2022 total OPEB liability measurement date is June 30, 2021, as reported in Note 18. There are no assets accumulated in a trust to pay related benefits.

Changes of benefit terms – There have been no changes to the benefit provisions since the prior actuarial valuation.

Changes of assumptions – The following actuarial assumptions were updated since the June 30, 2020 valuation based on recent experience:

- Retiree Participation - reduced the rate from 45.0 percent to 40.0 percent.

Spousal coverage and retiree participation were based on a blend of recent experience and the prior year assumptions. The mortality table has been updated from adjusted RP-2014 mortality tables using Scale BB to adjusted Pub-2010 Headcount-Weighted mortality tables projected generationally with modified MP-2021 Improvement Scales. No excise tax has been reflected due to the SECURE Act. Among the provisions was a repeal of three taxes and fees that were originally intended to help fund the Affordable Care Act (ACA): i) the excise tax on high-cost health plans (Cadillac tax); ii) the annual fee on health insurance providers; and iii) the medical device excise tax. The trend rates were updated based on economic conditions as of June 30, 2021. Additionally, the discount rate was decreased from 2.21 percent to 2.16 percent based on the Bond Buyers GO 20 Municipal Bond Index as of June 30, 2022.

The Commonwealth, through the Department of the Treasury, Division of Risk Management, provides errors and omissions liability insurance and law enforcement professional liability insurance for local governmental units, which went into effect in fiscal year 1987. Some prior year numbers have been revised to reflect the incorporation of newly available and revised source data.

Notes for Claims Development Information Tables

The tables on the previous pages illustrate how the Risk Management, Health Care, and Line of Duty Claims Funds earned revenues (net of reinsurance) and investment income compare to related costs of loss (net of loss assumed by reinsurers) and other expenses assumed by the funds as of the end of each of the past several years. The rows of the tables are defined as follows:

1. This line shows the total of each fiscal year's gross earned contribution revenue and investment revenue, contribution revenue ceded to reinsurers, and net earned contribution revenue and reported investment revenue.
2. This line shows each fiscal year's other operating costs of the funds, including overhead and claims expense not allocable to individual claims.
3. This line shows the funds' gross incurred claims and allocated claim adjustment expenses, claims assumed by reinsurers, and net incurred claims and adjustment expenses (both paid and accrued) as originally reported at the end of the first year in which the event that triggered coverage under the contract occurred (called policy year).
4. This section of rows shows the cumulative net amounts paid as of the end of successive years for each policy year.
5. This line shows the latest reestimated amount of claims assumed by reinsurers as of the end of the current year for each accident year.
6. This section of rows shows how each policy year's net incurred claims increased or decreased as of the end of successive years. (This annual reestimation results from new information received on known claims, reevaluation of existing information on known claims, as well as emergence of new claims not previously known.)
7. This line compares the latest reestimated net incurred claims amount to the amount originally established (line 3) and shows whether this latest estimate of net claims cost is greater or less than originally thought. As data for individual policy years mature, the correlation between original estimates and reestimated amounts is commonly used to evaluate the accuracy of net incurred claims currently recognized in less mature policy years.

The columns of the tables show data for successive policy years.

Notes:

- (a) During fiscal year 1997, the Commonwealth implemented GASB Statement No. 30, *Risk Financing Omnibus*. The Commonwealth has no reinsurers; therefore, the ceded amounts on lines 1, 3, and 5 are zero.

Combining and Individual Fund Statements and Schedules

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue Funds account for specific revenue sources that are restricted or committed to finance particular functions and activities of the Commonwealth.

The Health and Social Services Special Revenue Fund accounts for revenues and expenditures related to local health care assistance.

The Unclaimed Property Fund accounts for unclaimed and escheat property that the Commonwealth holds for its rightful owner. Due to the nature of these transactions, the Commonwealth incurs a liability upon receipt of the assets.

The accompanying financial statements reflect an estimate of the amount that will be paid to claimants as required by governmental accounting standards.

The Other Special Revenue Fund accounts for revenues and expenditures related to business and agricultural activities, and miscellaneous activities throughout the Commonwealth.

Debt Service Funds

The Debt Service Funds account for transactions related to resources retained and used for the payment of interest and principal on long-term obligations recorded in the Governmental Activities column on the Government-wide Statement of Net Position. Resources include transfers in from other governmental funds and Federal revenue solely to be used for debt service payments.

Primary Government accounts for the payment of principal and interest on bonds used to acquire, construct, or improve parks, highways, and correctional, behavioral health, and parking facilities owned by the Commonwealth.

The Virginia Public Building Authority accounts for the payment of principal and interest on bonds used to acquire, construct, and operate public buildings used by the Commonwealth and its political subdivisions.

The Hampton Roads Transportation Accountability Commission accounts for the payment of principal and interest on bonds used for construction projects related to new or existing highways, bridges or tunnels in the localities comprising Planning District 23.

Capital Project Funds

The Capital Project Funds are maintained to account for resources received and used for the acquisition, construction, or improvement of capital facilities not reported in the other governmental or proprietary funds, with the exception of certain Virginia Public Building Authority disbursements.

Primary Government accounts for the financial resources acquired through the issuance of General Obligation Bonds and Energy Performance Contracts. The resources are used to acquire, construct, or improve land, public buildings, and parking facilities owned by the Commonwealth.

The Virginia Public Building Authority accounts for financial resources acquired through the issuance of section 9(d) bonds. These resources are used to acquire, construct, finance, refinance and operate public buildings used by the Commonwealth and any of its political subdivisions.

Resources are also used to finance or refinance reimbursements to localities or governmental entities for the Commonwealth's share of the capital costs for certain authorized projects.

Hampton Roads Transportation Accountability Commission accounts for financial resources acquired through the sales and use and motor fuels taxes designated for Planning District 23. These resources will be used for construction projects related to new or existing highways, bridges or tunnels in the localities comprising Planning District 23.

Permanent Funds

Permanent Funds are funds whose principal must remain intact.

Commonwealth Health Research Fund provides financial grants for human health research benefiting the Commonwealth's citizens. The entire fund balance is restricted for use as such as a condition of a legal settlement.

Behavioral Health Endowment Funds provide funds for the welfare of patients in behavioral health facilities. The entire fund balance is restricted for use as such.

**Notes for Schedule of Revenues, Expenditures, and Changes in Fund Balance –
Budget and Actual – Nonmajor Special Revenue Funds**

1. Basis of Budgeting vs. Modified Accrual Basis Fund Balance (1)

Since the presentation of financial data on the basis of budgeting differs from that presented under accounting principles generally accepted in the United States of America, a schedule reconciling the fund balance on a budgetary basis at June 30, 2022, to the fund balance on a modified accrual basis follows.

<i>(Dollars in Thousands)</i>	Health and Social Services	Other
Fund Balance, Basis of Budgeting	\$ 439,843	\$ 1,143,429
Adjustments from Budget to Modified Accrual:		
Net Accrued Revenues:		
Taxes	(951)	6,651
Other Revenue/Other Sources	10,505	14,872
Medicaid Payable	(189,046)	—
Net Accrued Expenditures/Other Uses	35,310	(33,760)
Fund Reclassification - Budget to Modified Accrual	(2,167)	(2,159)
Fund Balance, Modified Accrual Basis	<u>\$ 293,494</u>	<u>\$ 1,129,033</u>

1. As discussed in Note 1.E., the Unclaimed Property Fund has no approved budget.

2. Appropriations

The amounts presented in the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – Nonmajor Special Revenue Funds are principally on a cash basis and represent the original budget adopted by the General Assembly and all supplemental appropriations and transfers. The following schedule reconciles original appropriations to the final adjusted expenditure appropriations for the Nonmajor Special Revenue Funds, at June 30, 2022, except for the Unclaimed Property Fund, which has no approved budget.

<i>(Dollars in Thousands)</i>	Health and Social Services	Other
Appropriations (1)	\$ 1,395,096	\$ 845,240
Supplemental Appropriations:		
Reappropriations (2)	4,204	110,841
Subsequent Executive (3)	164,099	233,122
Subsequent Legislative (4)	(38,555)	5,749
Capital Outlay Reversions (5)	(24)	(212)
Transfers (6)	2,175	15,196
Capital Outlay Adjustment (7)	(4,204)	(102,647)
Appropriations, as adjusted	<u>\$ 1,522,791</u>	<u>\$ 1,107,289</u>

- Represents the budget appropriated through Chapter 552, 2021 Acts of Assembly Special Session I as amended by Chapter 1, 2022 Acts of Assembly Special Session I.
- Actions taken to reappropriate any prior year unexpended balances per authority of the language in the Appropriation Act.
- Actions taken by the Governor to appropriate any additional revenues collected so that they can be legally spent.
- Actions taken by the Governor and the General Assembly to adjust the budget.
- Represents reversions of unexpended capital outlay balances.
- Represents transfers required by the Appropriation Act.
- Capital outlay appropriations cover the projects' lives and usually extend beyond the current fiscal year. These amounts have been adjusted to report the amount authorized for expenditure during the current fiscal year.

Nonmajor Enterprise Funds

The Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises. It is the intent that the cost of providing such goods or services will be recovered through user charges.

Alcoholic Beverage Control operates facilities for the distribution and sale of distilled spirits and wine.

Risk Management accounts for pooled resources received and used by the Department of the Treasury for financing local government insurance programs. This includes Local Entities Bond Insurance, Public Officials Insurance and Law Enforcement Insurance.

Local Choice Health Care administers a health care plan for the employees of participating local governments.

Line of Duty accounts for the disability, death, and health benefits provided to eligible local government employees and their family members.

Advantage Vanpool Self Insurance accounts for pooled resources to provide liability, uninsured motorist, and physical damage protection for commuter vanpools. The basis for estimating the liabilities for unpaid claims and claim adjustment expenses is the actuarial analysis performed by the Commonwealth's actuary for Risk Management.

Virginia Industries for the Blind manufactures products for sale to governments, certain private organizations, and the general public.

Consolidated Laboratory provides water testing services and a newborn screening program.

eVA Procurement System accounts for the statewide electronic procurement system.

Department of Environmental Quality accounts for the Title V program that offers services to the general public.

Wireless E-911 Service Board assists in the establishment of wireless E-911 service in Virginia localities.

Virginia Museum of Fine Arts accounts for gift shop and food service activities.

Science Museum of Virginia accounts for gift shop activities.

Behavioral Health Local Funds account for the canteen store and work activity programs.

Internal Service Funds

Internal Service Funds account for the operations of state agencies that render services to other state agencies, institutions, or other governmental units of the Commonwealth on a cost-reimbursement basis.

Technology and Data Services accounts for the installation and maintenance of the state government's telephone system; the development, use and maintenance of the Commonwealth's data processing systems; the development of automated systems, and the activities of the Chief Data Officer to create a Commonwealth data inventory, enterprise data dictionary, and catalog.

Enterprise Application accounts for the development and operation of the Commonwealth's Performance Budgeting System, Cardinal Financial System, and Human Capital Management System. Funding is derived from charges to agencies for the ongoing costs of the Commonwealth's enterprise applications, including recovery of the development and implementation costs initially funded through working capital advances.

Virginia Correctional Enterprises accounts for the manufacturing activities of the Commonwealth's correctional facilities.

Health Care accounts for the health insurance programs provided to state employees and for retirees who are not yet eligible to participate in Medicare.

Line of Duty accounts for the disability, death, and health benefits provided to eligible state employees and their family members.

Fleet Management accounts for the Commonwealth's motor vehicle pool.

Property Management accounts for real estate services, non-routine facility maintenance, and the disposal of state-owned property.

Personnel Management Information accounts for the personnel, compensation and health benefits database.

Risk Management accounts for the insurance programs provided to state agencies and institutions.

General Services accounts for a variety of services, including the purchase of supplies, the sale of surplus property, water testing, graphic design and engineering.

Payroll Service Bureau accounts for the payroll and leave accounting services provided to state agencies and institutions.

Fiduciary Funds

Private Purpose Trust Funds

Private Purpose Trust Funds reflect funds that benefit individuals, organizations, and other governments; have a trust that meets GASB Statement No. 84, Fiduciary Activities, criteria; and are not required to be reported in another fiduciary fund type.

Defined Contribution 529 Program accounts for program activities offered by the Virginia College Savings Plan (Virginia529). The program is a defined contribution college savings program in which participants can save for qualified higher education expenses by making contributions and investments into portfolios of their choice. Eide Bailly, LLP, audits Virginia529, and a separate report is issued.

Legal Settlement accounts for receipts from court judgments that are deposited and subsequently distributed to the appropriate injured parties.

Gas and Oil Board Escrow Account accounts for the funds held in escrow awaiting disbursement to the validated owner of property containing gas and oil interest.

Miscellaneous Trust accounts for perpetual trusts created through donations to the state. Earnings are used for the benefit of donor-specified local entities.

Pension and Other Employee Benefit Trust Funds

Pension and Other Employee Benefit Trust Funds reflect activities of the pension, other postemployment, and employee benefit plans with trusts that meet GASB Statement No. 84 criteria. All plans are administered by the Virginia Retirement System.

The Virginia Retirement System provides retirement benefits to Commonwealth employees, teachers, political subdivision employees, and other qualifying employees.

The State Police Officers' Retirement System provides retirement benefits to Virginia state police officers.

The Judicial Retirement System provides retirement benefits to the Commonwealth's judiciary.

The Virginia Law Officers' Retirement System provides retirement benefits to correctional officers, capital police officers, university police officers, and game wardens.

Other Postemployment Retiree Health Insurance Credit accounts for the health insurance credits provided by the Commonwealth which offset a portion of the retirees' monthly insurance premiums.

Other Employment Group Life provides life insurance coverage to members of the retirement systems.

Other Postemployment Disability Insurance Trust provides income protection to Commonwealth employees for absences caused by sickness or disability.

Other Postemployment Line of Duty Death and Disability provides death and health benefits to beneficiaries of certain law enforcement and rescue personnel disabled or killed in the line of duty.

Virginia Local Disability Program provides long-term disability benefits to local government employees of participating localities.

Custodial Funds - External Investment Pool

Custodial Funds - External Investment Pool reflects the external portion of the Local Government Investment Pool sponsored by the Commonwealth. This fund does not have a trust that meets GASB Statement No. 84 criteria.

Local Government Investment Pool (LGIP) helps local governmental entities maximize their rate of return by commingling their resources for investment purposes.

Custodial Funds - Other

Custodial Funds - Other reflect funds that are similar to Private Purpose Trust Funds except they do not have a trust that meets GASB Statement No. 84 criteria.

Collection of Taxes and Fees account for taxes and fees imposed by localities and collected by the Commonwealth on behalf of the localities to be distributed to localities.

Deposits of Insurance Carriers accounts for security deposits of insurance carriers as protection to the policyholders of the Commonwealth.

Inmate and Ward accounts for the savings of inmates and wards of the Departments of Corrections and Juvenile Justice.

Child Support Collection accounts for court-ordered child support payments that flow through the Department of Social Services.

Behavioral Health Patient accounts for the savings of patients in the Commonwealth's behavioral health facilities including amounts for patient burial.

Wilson Workforce and Rehabilitation Center accounts for student funds held by the center.

Third Party Administrator accounts for funds held in custody for assets of the Virginia Railway Express commuter rail liability insurance plan.

Virginia Veterans' Care Center Resident accounts for the savings of residents of the Virginia Veterans Care Centers.

Volunteer Firefighters and Rescue Squad Workers accounts for the Volunteer Firefighters' and Rescue Squad Workers' Service Award Program.

VRS Investment Portfolio accounts for the investment option for the VRS administered Defined Contribution Plans that is the VRS Investment Portfolio (VRSIP).

Nonmajor Component Units

Component Units are organizations that are legally separate from the Commonwealth of Virginia. Each discrete component unit serves or benefits those outside of the primary government.

The Higher Education Institutions account for the resources received and used in the operation of the Commonwealth's institutions of higher education and medical teaching hospitals.

Higher Education Institutions included in this section are:

- University of Virginia, including the University of Virginia Medical Center and the University of Virginia's College at Wise
- Virginia Polytechnic Institute and State University
- Virginia Commonwealth University, including the Virginia Commonwealth University Health System Authority
- The College of William & Mary, including Richard Bland College and the Virginia Institute of Marine Science
- Virginia Military Institute
- Virginia State University
- Norfolk State University
- University of Mary Washington
- James Madison University
- Radford University
- Old Dominion University
- George Mason University
- Virginia Community College System
- Christopher Newport University
- Longwood University
- Southwest Virginia Higher Education Center
- Roanoke Higher Education Authority
- Institute for Advanced Learning and Research
- Southern Virginia Higher Education Center
- New College Institute

The Virginia Innovation Partnership Authority supports the life cycle of innovation, including research, development, and commercialization, as well as related investment and seed-stage funding, in the Commonwealth.

The Virginia Economic Development Partnership works to enhance and increase the Commonwealth's commerce and trade, both domestically and internationally.

The Virginia Outdoors Foundation promotes preservation and fundraising for the purchase of preservation land.

The Virginia Port Authority is empowered to maintain and operate Virginia's ports.

The Virginia Passenger Rail Authority promotes, sustains, and expands the availability of passenger and commuter rail service in the Commonwealth.

The Virginia Tourism Authority promotes tourism and film production industries of the Commonwealth.

The Virginia Foundation for Healthy Youth determines the appropriate recipients of monies in the Virginia Tobacco Settlement Fund.

The Tobacco Region Revitalization Commission determines the appropriate recipients of monies in the Tobacco Indemnification and Community Revitalization Fund.

The Hampton Roads Sanitation District Commission operates a wastewater treatment system for 20 localities in the Chesapeake Bay Area.

The Virginia Biotechnology Research Partnership Authority assists in the development of a biotechnology research park.

The Virginia Small Business Financing Authority assists small businesses in the Commonwealth in obtaining financing for new businesses or the expansion of existing businesses.

The Virginia School for the Deaf and Blind Foundation operates exclusively for the benefit of the Virginia School for the Deaf and Blind.

The Science Museum of Virginia Foundation operates to implement and fund projects and operations of the Science Museum of Virginia.

The Virginia Commercial Space Flight Authority disseminates knowledge pertaining to scientific and technological research and development among public and private entities including, but not limited to, knowledge in the area of commercial space flight, and to promote industrial and economic development.

The Danville Science Center, Inc. promotes programs, projects, and operations to inspire visitors to enrich their lives through science.

The Virginia Museum of Fine Arts Foundation implements and funds programs, projects, and operations of the Virginia Museum of Fine Arts.

The A. L. Philpott Manufacturing Extension Partnership promotes industrial expansion by providing consulting services to manufacturers.

The Fort Monroe Authority assists in implementing a reuse plan for Fort Monroe.

The Assistive Technology Loan Fund Authority provides assistance with loans for the purchase of assistive technology or other equipment to enable Virginians with disabilities to become more independent.

The Virginia Land Conservation Foundation acquires interests in preservation land and provides grants to other entities to acquire interests in preservation land.

The Virginia Arts Foundation works to promote the arts in the Commonwealth.

The Library of Virginia Foundation promotes and supports the Library of Virginia.

The Virginia Health Workforce Development Authority leads statewide policy and programmatic efforts that recruit, train, and retain Virginia's health care workforce.

(1) Pursuant to GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, Governmental Activities include internal service funds.

(2) As discussed in Note 27, beginning balances have been restated.

STATISTICAL SECTION

The financial presentations included in this section present detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Commonwealth's overall financial health.

Statistical schedules related to property taxes are not presented since the Commonwealth does not assess property taxes.

Contents

Financial Trends 323

These schedules contain trend information to help the reader understand how the Commonwealth's financial performance and well-being have changed over time.

- Ten-Year Schedule of Revenues and Expenditures – Modified Accrual Basis – General Governmental Revenues by Source and Expenditures by Function
- Net Position by Component – Accrual Basis of Accounting
- Changes in Net Position – Accrual Basis of Accounting
- Fund Balance, Governmental Funds – Modified Accrual Basis of Accounting
- Changes in Fund Balance, Governmental Funds – Modified Accrual Basis of Accounting
- Comparison of General Fund Balance

Revenue Capacity 337

These schedules contain information to help the reader assess the factors affecting the Commonwealth's ability to generate its income taxes.

- Personal Income Tax Rates
- Effective Tax Rates
- Personal Income Tax Filers and Liability by Income Level
- Personal Income by Industry
- Taxable Sales by Business Class
- Sales Tax Revenue by Business Class

Debt Capacity 345

These schedules present information to help the reader assess the affordability of the Commonwealth's current levels of outstanding debt and the Commonwealth's ability to issue debt in the future.

- Ratios of Outstanding Debt by Type
- Ratios of General Obligation Bonded Debt Outstanding
- Computation of Legal Debt Limit and Margin
- Schedule of Pledged Revenue Bond Coverage – Primary Government 9(d) General Long-term Debt

Demographic and Economic Information 351

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Commonwealth's financial activities take place and to help make comparisons over time and with other governments.

- Schedule of Demographic and Economic Statistics
- Principal Employers

Operating Information 353

These schedules contain information about the Commonwealth's operations and resources to help the reader understand how the Commonwealth's financial information relates to the services the Commonwealth provides and the activities it performs.

- State Employees by Function
- Operating Indicators by Function
- Capital Asset Statistics by Function

Employees of the Department of Accounts 362

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

- [1] Beginning with fiscal year 2014, GASB Statement No. 65 removed deferrals of debt defeasance from the debt balances. Balances reported in prior fiscal years netted the deferrals against the debt balances. Amounts are net of unamortized premiums, discounts, deferrals on debt defeasance, and/or issuance expenses.
- [2] There are currently no Section 9(a) bonds outstanding.
- [3] Section 9(b) bonds have been authorized by the citizens of Virginia through bond referenda to finance capital projects. These bonds are retired through the use of state appropriations.
- [4] Section 9(c) bonds are issued to finance capital projects which, when completed, will generate revenue to repay the debt.
- [5] While these bonds are issued for and allocated to institutions, they are backed by the full faith and credit of the Commonwealth.
- [6] Individual and fiduciary Income tax collections were used for this calculation.
- [7] Population statistics used in this calculation are provided by the Department of Taxation and the Weldon Cooper Center for Public Service at the University of Virginia. Fiscal year 2022 population was estimated.

- (1) Information for fiscal year 2022 is not yet available.
- (2) This agency is structured to provide services primarily in a community setting. Although they have a significant amount of capital and operating costs in facility operations, inpatient treatment methodology is being de-emphasized over time. Their inpatient census will continue to decline in the future. Approximately \$500 million of community funding (state and Federal dollars) each fiscal year supports 40 community services boards across the Commonwealth. These entities serve approximately 200,000 to 300,000 Virginians each year.
- (3) Win for Life and Decades for Dollars ended during fiscal year 2015; therefore, information for fiscal year 2016 and thereafter is not available.
- (4) Bank A Million began during fiscal year 2016; therefore, information for fiscal year 2015 and prior years is not available.
- (5) Money Ball and Cash 4 Life began during fiscal year 2015; therefore, information for fiscal year 2014 and prior years is not available.
- (6) Money Ball ended during fiscal year 2016; therefore, information for fiscal year 2017 and thereafter is not available.
- (7) Fast Play Bingo was renamed Print 'n Play during fiscal year 2017.
- (8) iLottery Instants, formerly called Digital E-games, are available through the Lottery Mobile App and began during fiscal year 2019; therefore, information for fiscal year 2018 and prior is not available.
- (9) Keno is a new game that began during fiscal year 2021; therefore, information for fiscal year 2020 and prior is not available.
- (10) iLottery Raffle and Cash Pop are new games that began during fiscal year 2022; therefore information for fiscal year 2021 and prior is not available.
- (11) Tuition Track Portfolio is a new portfolio option in fiscal year 2021; therefore, information for fiscal year 2020 and prior is not available.

APPENDIX E

LITERARY FUND

This page intentionally left blank.

LITERARY FUND

General

The Literary Fund is a permanent and perpetual school fund created in 1810 and established by the Constitution of Virginia as a depository for moneys derived by the Commonwealth from criminal fines and forfeitures, escheated property and income from the investment of moneys on deposit in the Literary Fund. The moneys therein are held by the State Treasurer and administered by the State Board of Education "for public school purposes, including the teachers retirement fund."

Article VIII, Section 8 of the Constitution of Virginia, as amended, provides:

The General Assembly shall set apart as a permanent and perpetual school fund the present Literary Fund; the proceeds of all public lands donated by Congress for free public school purposes, of all escheated property, of all waste and unappropriated lands, of all property accruing to the Commonwealth by forfeiture except as hereinafter provided, of all fines collected for offenses committed against the Commonwealth, and of the annual interest on the Literary Fund; and such other sums as the General Assembly may appropriate. But so long as the principal of the Fund totals as much as eighty million dollars, the General Assembly may set aside all or any part of additional moneys received into its principal for public school purposes, including the teachers retirement fund.

The General Assembly may provide by general law an exception from this section for the proceeds from the sale of all property seized and forfeited to the Commonwealth for a violation of the criminal laws of this Commonwealth proscribing the manufacture, sale or distribution of a controlled substance or marijuana. Such proceeds shall be paid into the state treasury and shall be distributed by law for the purpose of promoting law enforcement.

The Literary Fund shall be held and administered by the Board of Education in such manner as may be provided by law. The General Assembly may authorize the Board of Education to borrow other funds against assets of the Literary Fund as collateral, such borrowing not to involve the full faith and credit of the Commonwealth.

The principal of the Fund shall include assets of the Fund in other funds or authorities which are repayable to the Fund.

Literary Fund Loans

Pursuant to Chapter 10, Title 22.1, Code of Virginia, 1950, as amended, the Board of Education is empowered to make Literary Fund loans to local school jurisdictions for the construction, renovation and expansion of school buildings. When construction or renovation is completed or the amount of the loan commitment is reached, the local school jurisdictions issue "Literary Fund Obligations". The annual income on the Literary Fund Obligations is available for all purposes of the Literary Fund.

Income

In fiscal year 2022, the Literary Fund had gross receipts of approximately \$292 million and disbursements of approximately \$81 million. In fiscal year 2021, the Literary Fund had gross receipts of approximately \$158 million and disbursements of approximately \$230 million. In fiscal year 2020, the Literary Fund had gross receipts of approximately \$249 million and disbursements of approximately \$213 million. In fiscal year 2019, the Literary Fund had gross receipts of approximately \$214 million and disbursements of approximately \$200 million. In fiscal year 2018, the Literary Fund had gross receipts of approximately \$264 million and disbursements of approximately \$273 million.

Appropriations from the Literary Fund

By the terms of the constitutional provision creating the Literary Fund, the General Assembly may appropriate Literary Fund moneys for "public school purposes, including the teacher retirement fund". Although, prior to 1990, Literary Fund moneys had been used primarily to make Literary Fund loans, the General Assembly has since appropriated a substantial portion of moneys from the Literary Fund to supplement appropriations from the Commonwealth's General Fund for teacher retirement benefits and for other educational related purposes. The 2019 Appropriation Act provided appropriations of \$111.3 million and \$136.3 million for fiscal years 2019 and 2020, respectively for teacher retirement and the Commonwealth's share local school boards' Social Security costs. In addition, the 2021 Appropriation Act provides appropriations of \$162.0 million and \$83.0 million for fiscal years 2021 and 2022, respectively for teacher retirement and the Commonwealth's share local school boards' Social Security costs. In addition, the 2022 Appropriation Act does not provide appropriations for fiscal years 2023 and 2024, respectively for teacher retirement and the Commonwealth's share local school boards' Social Security costs.

In May 2018, the Authority issued \$59.8 million School Educational Technology Notes, Series VI. In May 2019, the Authority issued \$57.6 million School Technology and Security Notes, Series VII. In May 2020, the Authority issued \$62.5 million School Technology and Security Notes, Series VIII. In May 2021, the Authority issued \$60.5 million School Educational Technology Notes, Series IX. In May 2022, the Authority issued \$63.7 million School Educational Technology Notes, Series X. All five series of notes are payable from appropriations from the Literary Fund.

The 2022 Appropriation Act also directs the Authority to issue approximately \$56.3 million and \$56.7 million of School Educational Technology Notes as well as \$12.0 million and \$12.0 million of School Security Equipment Notes in the 2023 and 2024 fiscal years, respectively. The 2022 Appropriation Act includes sufficient appropriations from the Literary Fund to pay debt service coming due during the biennium on the Authority's School Technology and Security Notes Series VI, VII, VIII, IX and X. See "THE AUTHORITY – Other Authority Financings – *School Technology and Security Notes*" in the front portion of this Official Statement.

The following table reflects the financial activity of the Literary Fund for the year ended June 30, 2022.

CONTINUING DISCLOSURE UNDERTAKINGS

APPENDIX F
TABLE OF CONTENTS

CONTINUING DISCLOSURE UNDERTAKING OF THE VIRGINIA PUBLIC SCHOOL AUTHORITY	F-1
CONTINUING DISCLOSURE AGREEMENT OF THE COMMONWEALTH OF VIRGINIA.....	F-6
CONTINUING DISCLOSURE AGREEMENT OF THE LOCAL ISSUERS.....	F-12

**CONTINUING DISCLOSURE UNDERTAKING OF THE
VIRGINIA PUBLIC SCHOOL AUTHORITY PURSUANT TO THE SERIES
RESOLUTION ADOPTED MARCH 15, 2023**

The following continuing disclosure undertaking was adopted by the Virginia Public School Authority in its Series Resolution adopted March 15, 2023. Defined terms used in such undertaking as contained in such Series Resolution have been changed to reflect the defined terms used in this Official Statement.

Continuing Disclosure Undertaking

(a) **Purpose.** This continuing disclosure undertaking is being made by the Authority with respect to the School Financing Bonds (1997 Resolution), Series 2023A (the "Bonds") for the benefit of the holders and in order to assist the Participating Underwriters (defined below) in complying with the Rule (defined below). The Authority acknowledges that it is undertaking primary responsibility for any reports, notices or disclosures that may be required under this undertaking.

(b) **Definitions.** In addition to the definitions elsewhere set forth in this Official Statement, the following capitalized terms shall have the following meanings:

"Annual Report" means any Annual Report provided by the Authority pursuant to, and as described in, subsections (c) and (d) below.

"Dissemination Agent" means the Authority, acting in its capacity as Dissemination Agent hereunder, or any successor Dissemination Agent designated in writing by such Authority and which has filed with such Authority a written acceptance of such designation.

"Financial Obligation" means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) a guarantee of (i) or (ii). The term Financial Obligation does not include municipal securities as to which a final official statement has been otherwise provided to the MSRB under the Rule.

"Fiscal Year" means the twelve-month period, at the end of which the Authority's financial position and the results of its operations for the preceding twelve months are determined. Currently the Authority's Fiscal Year begins July 1 and continues through June 30 of the next calendar year.

"[H]older" means, for purposes of this undertaking, any person who is a record owner or beneficial owner of a Bond.

"Listed Events" means any of the events listed in subsection (b)(5)(i)(C) of the Rule which are as follows:

- (i) principal and interest payment delinquencies;
- (ii) non-payment related defaults, if material;
- (iii) unscheduled draws on debt service reserves reflecting financial difficulties;
- (iv) unscheduled draws on credit enhancements reflecting financial difficulties;
- (v) substitution of credit or liquidity providers, or their failure to perform;

- (vi) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (vii) modifications to rights of security holders, if material;
- (viii) bond calls, if material, and tender offers;
- (ix) defeasances;
- (x) release, substitution, or sale of property securing repayment of the Bonds, if material;
- (xi) rating changes;
- (xii) bankruptcy, insolvency, receivership or similar event of the Authority;

For the purposes of the event identified in this subsection (xii), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the Authority in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Authority, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Authority;

- (xiii) the consummation of a merger, consolidation, or acquisition involving the Authority or the sale of all or substantially all of the assets of the Authority, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (xiv) appointment of a successor or additional paying agent or the change of name of a paying agent, if material;
- (xv) incurrence of a Financial Obligation, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation, any of which affect security holders, if material; and
- (xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation, any of which reflect financial difficulties.

"MOP" means (i) a Local Issuer that has outstanding Local School Bonds held to the credit of the General Pledge Fund and the principal, interest and redemption premium components on which are credited to the 1997 Resolution Pledge Account in an aggregate principal amount that exceeds 10% of the aggregate principal amount of the Authority's outstanding Bonds and (ii) the Commonwealth.

"MSRB" means the Municipal Securities Rulemaking Board, or any successor thereto or to the functions of the MSRB contemplated by this Undertaking.

"Participating Underwriter" means any of the original underwriters of the Authority's Series 2023A Bonds required to comply with the Rule in connection with the offering of such Bonds.

"Rule" means Rule 15c2-12 adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

"Undertaking" means the continuing disclosure undertaking assumed by the Authority in this undertaking.

(c) Provision of Annual Reports; Audited Financial Statements.

1. Not later than 10 months after the end of each Fiscal Year, commencing with the Fiscal Year ending June 30, 2023, the Authority shall, or shall cause the Dissemination Agent (if different from the Authority) to, provide to the MSRB, in the electronic format prescribed by the MSRB, an Annual Report which is consistent with the requirements of (d) of this undertaking. Not later than 10 days prior to said date, the Authority shall provide the Annual Report to the Dissemination Agent (if applicable). In each case, the Annual Report (A) may be submitted as a single document or as separate documents comprising a package, (B) may cross-reference other information as provided in (d) of this undertaking, and (C) shall include such financial statements as may be required by the Rule.

2. The annual financial statements of the Authority shall be prepared on the basis of generally accepted accounting principles and will be audited by either the Auditor of Public Accounts or a firm of independent certified public accountants. Copies of the audited annual financial statements, which may be filed separately from the Annual Report, will be filed with the MSRB when they become publicly available.

3. If the Authority fails to provide an Annual Report to the MSRB by the date required in subsection (1) above, or to file its audited annual financial statements when available as described in subsection (2) above, the Authority shall send a notice to the MSRB in substantially the form attached hereto as Schedule 1 in a timely manner.

(d) Content of Annual Reports. Each Annual Report required to be filed hereunder shall contain or incorporate by reference, at a minimum, the following information, all with a view toward assisting Participating Underwriters in complying with the Rule.

1. Updated information showing the expected "Income Available to Pay Debt Service" as of the date of issuance of the most recent Series of Bonds issued during the period beginning July 1 and ending on the date of the Annual Report. In the event no Bonds were issued during the aforementioned time period, the updated information shall be as of the end of the preceding Fiscal Year.

2. Updated information showing the names of the Local Issuers and the principal amount of their Local School Bonds held in the General Pledge Fund and the principal, interest and redemption premium of which are credited to the 1997 Resolution Pledge Account and an updated list showing the names of the Local Issuers who are MOPs as of the end of the preceding Fiscal Year, who have ceased to be MOPs during the preceding Fiscal Year and who were MOPs as of the date of issuance of the most recent Series of Bonds issued during the period beginning July 1 and ending on the date of the Annual Report. In the event no Bonds were issued during the aforementioned time period, the updated information shall be as of the end of the preceding Fiscal Year.

3. A summary of receipts and disbursements for the Literary Fund for the preceding Fiscal Year.

4. A summary of information respecting appropriations made by the Virginia General Assembly from the Literary Fund for the current biennium.

Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues of the Authority, which have been filed with the MSRB or the Securities and Exchange Commission. If the document incorporated by reference is a final official statement, it must be available from the MSRB. The Authority shall clearly identify each such other document so incorporated by reference.

(e) Reporting of Listed Events. The Authority will provide in a timely manner, not in excess of ten business days after the occurrence of the event, to the MSRB notice of any of the Listed Events with respect to the Bonds. The Authority does not undertake to provide the above-described notice in the event of a mandatory, scheduled redemption, not otherwise contingent upon the occurrence of an event, if (i) the terms, dates and amounts of redemption are set forth in detail in the Official Statement, (ii) the only open issue is which Bonds will be redeemed in the case of a partial redemption, (iii) notice of redemption is given to the Bondholders as required under the terms

of the Bond Resolution, and (iv) public notice of the redemption is given pursuant to 1934 Act Release No. 23856 of the SEC, even if the originally scheduled amounts may be reduced by prior optional redemptions or Bond purchases.

(f) **Dissemination Agent.** The Authority may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its undertaking and may discharge any such Agent, with or without appointing a successor Dissemination Agent. If at any time there is not any other designated Dissemination Agent, the Authority shall be the Dissemination Agent.

(g) **Amendment.** Notwithstanding any other provision of the Bond Resolution, the Authority may amend its undertaking as set forth in this undertaking if such amendment is supported by an opinion of independent counsel with expertise in federal securities laws to the effect that such amendment is permitted or required by the Rule.

(h) **Additional Information.** Nothing in this undertaking shall be deemed to prevent the Authority from disseminating any other information, using the means of dissemination set forth in this undertaking or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this undertaking. If the Authority chooses to include any information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is specifically required by this undertaking, the Authority shall have no obligation under this undertaking to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

(i) **Default.** Any person referred to in section (j) may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Authority to file its Annual Report or to give notice of a Listed Event. In addition, holders of not less than a majority in aggregate principal amount of the Bonds outstanding may take such actions as may be permitted by law to challenge the adequacy of any information provided pursuant to this Continuing Disclosure undertaking, or to enforce any other obligation of the Authority hereunder. A default under this undertaking shall not be deemed an event of default under the Bond Resolution or the Bonds, and the sole remedy under this undertaking in the event of any failure of the Authority to comply with its undertaking shall be an action to compel performance. Nothing in this provision shall be deemed to restrict the rights or remedies of any holder pursuant to the Securities Exchange Act of 1934, the rules and regulations promulgated thereunder, or other applicable laws.

(j) **Beneficiaries.** This undertaking shall inure solely to the benefit of the Authority, the Participating Underwriters, and holders from time to time of the Authority's Bonds, and shall create no rights in any other person or entity.

(k) **Format of Filings.** Unless otherwise required by the MSRB, all notice, documents and information provided to the MSRB pursuant to this Undertaking shall be provided to the MSRB's Electronic Municipal Market Access (EMMA) system, the current Internet address of which is www.emma.msrb.org. All notices, documents and information provided to the MSRB shall be provided in an electronic format prescribed by the MSRB (currently, portable document format (pdf) which must be word-searchable except for non-textual elements) and shall be accompanied by identifying information as prescribed by the MSRB.

(l) **Obligated Persons.** The Authority has determined that the Commonwealth is an "obligated person", within the meaning of the Rule, that is or may be material to the Bonds, as evidenced by its inclusion in the definition of MOP. In addition, the Authority has established in the definition of a MOP the objective criteria that it will apply consistently, on a continuing basis, in determining whether a particular Local Issuer is an "obligated person", within the meaning of the Rule, that is or may be material to the Bonds. The Authority covenants that it will require each Local Issuer that is or may become a MOP to execute and deliver to the Authority an undertaking by which the Local Issuer will agree that if it becomes a MOP, it will, so long as it remains a MOP, file annually the financial information, operating data, and financial statements, and provide notices of Listed Events with respect to its bonds held in the General Pledge Fund and credited to the 1997 Resolution Pledge Account if material, as required by the Rule.

(m) **Termination.** The obligations of the Authority pursuant to its undertaking with respect to the Bonds shall terminate upon the earlier to occur of the legal defeasance or final retirement of the Bonds.

CONTINUING DISCLOSURE AGREEMENT

This Continuing Disclosure Agreement (the "Disclosure Agreement") is executed and delivered by the Commonwealth of Virginia (the "Commonwealth") in connection with the issuance by the Virginia Public School Authority (the "Authority") of \$69,780,000 aggregate principal amount of its School Financing Bonds (1997 Resolution) Series 2023A (the "Series 2023A Bonds") pursuant to the provisions of a resolution adopted on March 15, 2023 (the "Series Resolution") by the Board of Commissioners of the Authority. Proceeds of the Series 2023A Bonds are being used by the Authority to purchase general obligation bonds issued by local governments for capital school projects. The Authority has advised the Commonwealth that it has determined that the Commonwealth constitutes an "obligated person" within the meaning of the Rule in respect of the Series 2023A Bonds and the Commonwealth concurs in such determination. The Commonwealth hereby covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Agreement. This Disclosure Agreement is being executed and delivered by the Commonwealth for the benefit of the Holders of the Bonds and in order to assist the Participating Underwriters in complying with the Rule. The Commonwealth acknowledges that it is undertaking primary responsibility for any reports, notices or disclosures that may be required under this Agreement.

SECTION 2. Definitions. In addition to the definitions set forth in the 1997 Resolution, which apply to any capitalized term used in this Disclosure Agreement unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Report provided by the Commonwealth pursuant to, and as described in, Sections 3 and 4 of this Disclosure Agreement.

"Dissemination Agent" shall mean the Commonwealth, acting in its capacity as Dissemination Agent hereunder, or any successor Dissemination Agent designated in writing by the Commonwealth and which has filed with the Commonwealth a written acceptance of such designation.

"EMMA" shall mean the MSRB's Electronic Municipal Market Access system, the current Internet address of which is <http://emma.msrb.org>, and any successor thereto.

"Financial Obligation" means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) a guarantee of (i) or (ii). The term Financial Obligation does not include municipal securities as to which a final official statement has been otherwise provided to the MSRB under the Rule.

"Fiscal Year" shall mean the twelve-month period, at the end of which the financial position of the Commonwealth and results of its operations for such period are determined. Currently, the Commonwealth's Fiscal Year begins July 1 and continues through June 30 of the next year.

"Holder" shall mean, for purposes of this Disclosure Agreement, any person who is a record owner or beneficial owner of a Series 2023A Bond.

"MSRB" shall mean the Municipal Securities Rulemaking Board, or any successor thereto or to the functions of the MSRB contemplated by this Disclosure Agreement.

"Participating Underwriter" shall mean any of the original underwriters of the Series 2023A Bonds required to comply with the Rule in connection with the offering of such Series 2023A Bonds.

"Rule" shall mean Rule 15c2-12 adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

SECTION 3. Provision of Annual Reports; Audited Financial Statements.

(a) Not later than seven months following the end of each Fiscal Year of the Commonwealth, commencing with the Fiscal Year ending June 30, 2023, the Commonwealth shall, or shall cause the Dissemination Agent (if different from the Commonwealth) to submit to EMMA an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Agreement. Not later than 10 days prior to said date, the Commonwealth shall provide the Annual Report to the Dissemination Agent (if applicable). In each case, the Annual Report (i) may be submitted as a single document or as separate documents comprising a package, (ii) may cross-reference other information as provided in Section 4 of this Disclosure Agreement and (iii) shall include such financial statements as may be required by the Rule.

(b) The annual financial statements of the Commonwealth shall be prepared on the basis of generally accepted accounting principles and will be audited. Copies of the audited annual financial statements, which may be filed separately from the Annual Report, will be submitted to EMMA when they become publicly available.

(c) If the Commonwealth fails to submit an Annual Report to EMMA by the date required in subsection (a) hereof, or to submit its audited annual financial statements to EMMA when they become publicly available, the Commonwealth shall send, in a timely manner, an appropriate notice to the MSRB in substantially the form attached hereto as Schedule 1 or in such form as may be provided by the MSRB as the applicable form for filing such notice via EMMA.

SECTION 4. Content of Annual Reports. Each Annual Report required to be filed hereunder shall include, at a minimum, the information referred to in Schedule 2 as it relates to the Commonwealth, all with a view toward assisting Participating Underwriters in complying with the Rule. Any or all of such information may be incorporated by reference from other documents, including official statements containing information with respect to the Commonwealth, which have been filed with the MSRB or the Securities and Exchange Commission. If the document incorporated by reference is a final official statement, it must be available from the MSRB. The Commonwealth shall clearly identify each such other document so incorporated by reference.

SECTION 5. Notice of Rating Changes. The Commonwealth will provide in a timely manner, not in excess of ten business days after the occurrence of the event, to the Authority and to EMMA notice of any changes in the ratings of the Commonwealth's general obligation bonds by the rating agencies requested by the Commonwealth to rate such bonds.

SECTION 6. Notice of Bankruptcy, Insolvency, Receivership or Similar Event. The Commonwealth will provide to the Authority and to EMMA in a timely manner, not in excess of ten business days after the occurrence of the event, notice of any bankruptcy, insolvency, receivership or similar event of the Commonwealth. For purposes of this Section, a bankruptcy, insolvency, receivership or similar event of the Commonwealth is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the Commonwealth in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Commonwealth, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Commonwealth.

SECTION 7. Notice of Merger, Consolidation, Acquisition or Similar Event. The Commonwealth will provide to the Authority and to EMMA in a timely manner, not in excess of ten business days after the occurrence of the event, notice of any consummation of a merger, consolidation, or acquisition involving the Commonwealth or the sale of all or substantially all of the assets of the Commonwealth, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.

SECTION 8. Notice of Incurrence of Financial Obligation. The Commonwealth will provide in a timely manner not in excess of ten business days after the occurrence of the event to the Authority and to EMMA notice of any incurrence of a Financial Obligation of the Commonwealth, if material, or agreement to covenants, events of

default, remedies, priority rights, or other similar terms of a Financial Obligation of the Commonwealth, any of which affect Holders, if material.

SECTION 9. Notice of Financial Difficulties with respect to a Financial Obligation. The Commonwealth will provide in a timely manner not in excess of ten business days after the occurrence of the event to the Authority and to EMMA notice of any default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Commonwealth, any of which reflect financial difficulties.

SECTION 10. Termination of Reporting Obligation. The obligations of the Commonwealth under this Disclosure Agreement shall terminate upon the earlier to occur of the legal defeasance or final retirement of the Series 2023A Bonds, and the Authority shall notify the Commonwealth promptly of the occurrence of either such event.

SECTION 11. Dissemination Agent. The Commonwealth may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement and may discharge any such Agent, with or without appointing a successor Dissemination Agent. If at any time there is not any other designated Dissemination Agent, the Commonwealth shall be the Dissemination Agent.

SECTION 12. Amendment. Notwithstanding any other provision of this Disclosure Agreement, the Commonwealth may amend this Disclosure Agreement, if such amendment is supported by an opinion of independent counsel with expertise in federal securities laws to the effect that such amendment is permitted or required by the Rule.

SECTION 13. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Commonwealth from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notices described in Sections 5 through 9 above, in addition to that which is required by this Disclosure Agreement. If the Commonwealth chooses to include any information in any Annual Report or notice described in Sections 5 through 9 above, in addition to that which is specifically required by this Disclosure Agreement, the Commonwealth shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or notice.

SECTION 14. Default. Any person referred to in Section 15 (other than the Commonwealth) may take such action as may be permitted by law against the appropriate public official to secure compliance with the obligation of the Commonwealth to file its Annual Report or to give notices as described in Sections 5 through 9 above. In addition, Holders of not less than a majority in aggregate principal amount of the Series 2023A Bonds outstanding may take such actions as may be permitted by law to challenge the adequacy of any information provided pursuant to this Disclosure Agreement, or to enforce any other obligation of the Commonwealth hereunder. A default under this Disclosure Agreement shall not be deemed an event of default under any applicable resolution or other debt authorization of the Commonwealth, and the sole remedy under this Disclosure Agreement in the event of any failure of the Commonwealth to comply herewith shall be an action to compel performance. Nothing in this provision shall be deemed to restrict the rights or remedies of any Holder pursuant to the Securities Exchange Act of 1934, the rules and regulations promulgated thereunder, or other applicable laws.

SECTION 15. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Commonwealth, the Authority, the Participating Underwriters, and Holders from time to time of the Series 2023A Bonds, and shall create no rights in any other person or entity.

SECTION 16. EMMA. All filings under this Disclosure Agreement shall be made solely by transmitting such filings to the MSRB via EMMA, as described in 1934 Act Release No. 59062. Should the Securities and Exchange Commission approve any additional or subsequent internet-based electronic filing system for satisfying the continuing disclosure filing requirements of the Rule, any filings required under this Disclosure Agreement may be made by transmitting such filing to such system, as described in the applicable Securities and Exchange Commission regulation or release approving such filing system.

SECTION 17. Counterparts. This Disclosure Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

NOTICE IS HEREBY GIVEN that the Commonwealth of Virginia (the "Commonwealth") has not provided an Annual Report [Audited Annual Financial Statements] as required by Section 3 of the Continuing Disclosure Agreement, which was entered into in connection with the above-named bonds issued pursuant to that certain Series Resolution adopted on March 15, 2023, by the Board of Commissioners of the Virginia Public School Authority. The Commonwealth anticipates that the Annual Report [Audited Annual Financial Statements] will be filed by _____.

Date: _____

COMMONWEALTH OF VIRGINIA

By: _____
State Treasurer

CONTENT OF ANNUAL REPORT

General Fund. Information concerning revenues, sources of revenues, expenditures, categories of expenditures and balances of the General Fund of the Commonwealth for the preceding fiscal year.

Appropriation Act. A summary of the material budgetary aspects of the Appropriation Act for the current biennium.

Debt. Updated information respecting tax-supported and other outstanding debt of the Commonwealth including a historical summary of outstanding tax-supported debt; a summary of authorized but unissued tax-supported debt and a summary of annual debt service on outstanding tax-supported debt.

Retirement Plans. Updated information (to the extent not shown in the latest audited annual financial statements) respecting pension and retirement plans administered by the Commonwealth including a summary of membership, revenues, expenses and actuarial valuation(s) of such plans.

Litigation. A summary of material litigation pending against the Commonwealth.

Demographic Information. Updated demographic information respecting the Commonwealth such as its population and tax base.

Economic Information. Updated economic information respecting the Commonwealth such as income, employment, industry and infrastructure data.

In general, the foregoing will include information as of the end of the most recent fiscal year or as of the most recent practicable date. Where information for the fiscal year just ended is provided, it may be preliminary and unaudited. Where information has historically been provided for more than a single period, comparable information will in general be provided for the same number of periods where valid and available. Where comparative demographic or economic information for the Commonwealth and the United States as a whole is contemporaneously available and, in the judgment of the Commonwealth, informative, such information may be included. Where, in the judgment of the Commonwealth, an accompanying narrative is required to make data presented not misleading, such narrative will be provided.

CONTINUING DISCLOSURE AGREEMENT

[This Continuing Disclosure Agreement will impose obligations on the Local Issuer if and only if the Local Issuer is or has become and remains a "Material Obligated Person," as defined below]

This Continuing Disclosure Agreement (the "Disclosure Agreement") is executed and delivered by the [County/City/Town of _____], Virginia (the "Local Issuer") in connection with the issuance by the Virginia Public School Authority (the "Authority") of \$[principal amount] aggregate principal amount of its School Financing [and Refunding] Bonds (1997 Resolution) Series [year][letter] (the "Series [year][letter] Bonds") pursuant to the provisions of a bond resolution [(the "1997 Resolution") adopted on October 23, 1997]², as amended and restated. The Series [year][letter] Bonds and all other parity bonds heretofore and hereafter issued under the 1997 Resolution are collectively called the "Bonds." A portion of the proceeds of the Series [year][letter] Bonds is being used by the Authority to purchase the general obligation school bond (the "Local School Bond") of the Local Issuer pursuant to a bond sale agreement between the Authority and the Local Issuer (the "Bond Sale Agreement"). Pursuant to paragraph 4 of the Bond Sale Agreement, the Local Issuer hereby covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Agreement. This Disclosure Agreement is being executed and delivered by the Local Issuer for the benefit of the holders of the Series [year][letter] Bonds and in order to assist the Participating Underwriters (defined below) in complying with the Rule (defined below). The Local Issuer acknowledges that it is undertaking primary responsibility for any reports, notices or disclosures that may be required under this Agreement.

SECTION 2. Definitions. In addition to the definitions set forth in the 1997 Resolution, which apply to any capitalized term used in this Disclosure Agreement unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Report provided by the Local Issuer pursuant to, and as described in, Sections 3 and 4 of this Disclosure Agreement.

"bond sale agreement" shall mean the Bond Sale Agreement and any other comparable written commitment of the Local Issuer to sell its Local School Bond to the Authority.

"Dissemination Agent" shall mean the Local Issuer, acting in its capacity as Dissemination Agent hereunder, or any successor Dissemination Agent designated in writing by such Local Issuer and which has filed with such Local Issuer a written acceptance of such designation.

"Filing Date" shall have the meaning given to such term in Section 3(a) hereof.

"Fiscal Year" shall mean the twelve-month period at the end of which financial position and results of operations are determined. Currently, the Local Issuer's Fiscal Year begins July 1 and continues through June 30 of the next calendar year.

"holder" shall mean, for purposes of this Disclosure Agreement, any person who is a record owner or beneficial owner of a Series [year][letter] Bond.

"Listed Events" shall mean any of the events listed in subsection (b)(5)(i)(C) of the Rule.

¹ This agreement, in substantially this form, has been executed by substantially every Local Issuer with Local School Bonds outstanding and pledged to Bonds issued under the 1997 Resolution.

² Alternatively, the agreement may refer to the Authority's 1991 Resolution if the Local School Bonds were acquired with the proceeds of 1991 Resolution bonds and transferred and pledged under the 1997 Resolution in connection with a refunding transaction under the 1997 Resolution.

"local school bonds" shall mean the Local School Bond and any other bonds of the Local Issuer pledged as security for Bonds issued under the Authority's 1997 Resolution.

"Material Obligated Person" (or "MOP") shall mean the Local Issuer if it has local school bonds outstanding in an aggregate principal amount that exceeds 10% of the aggregate principal amount of all outstanding Bonds of the Authority.

"MSRB" shall mean the Municipal Securities Rulemaking Board, or any successor thereto or to the functions of the MSRB contemplated by this Disclosure Agreement.

"Participating Underwriter" shall mean any of the original underwriters of the Authority's Series [year][letter] Bonds required to comply with the Rule in connection with the offering of such Bonds.

"Rule" shall mean Rule 15c2-12 adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

SECTION 3. Provision of Annual Reports.

(a) The Local Issuer shall, or shall cause the Dissemination Agent to, provide the MSRB, in the format prescribed by the MSRB, an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Agreement. Such Annual Report shall be filed on a date (the "Filing Date") that is not later than 12 months after the end of any Fiscal Year (commencing with its Fiscal Year ending June 30, [year]) as of the end of which such Local Issuer was a MOP, unless as of the Filing Date the Local Issuer is no longer a MOP.³ Not later than ten (10) days prior to the Filing Date, the Local Issuer shall provide the Annual Report to the Dissemination Agent (if applicable) and shall provide copies to the Authority. In each case, the Annual Report (i) may be submitted as a single document or as separate documents comprising a package, (ii) may cross-reference other information as provided in Section 4 of this Disclosure Agreement and (iii) shall include the Local Issuer's audited financial statements prepared in accordance with applicable state law or, if audited financial statements are not available, such unaudited financial statements as may be required by the Rule. In any event, audited financial statements of such Local Issuer must be submitted, if and when available, together with or separately from the Annual Report.

(b) If the Local Issuer is unable to provide an Annual Report to the MSRB by the date required in subsection (a), the Local Issuer shall send a notice to the MSRB in substantially the form attached hereto as Exhibit A in a timely manner.

SECTION 4. Content of Annual Reports. Except as otherwise agreed, any Annual Report required to be filed hereunder shall contain or incorporate by reference, at a minimum, annual financial information relating to the Local Issuer, including operating data,

- (i) updating such information relating to the Local Issuer as shall have been included or cross-referenced in the final Official Statement of the Authority describing the Authority's Series [year][letter] Bonds or
- (ii) if there is no such information described in clause (i), updating such information relating to the Local Issuer as shall have been included or cross-referenced in any comparable disclosure document of the Local Issuer relating to its tax-supported obligations or
- (iii) if there is no such information described in clauses (i) or (ii) above, initially setting forth and then updating the information referred to in Exhibit B as it relates to the Local Issuer, all with a view toward assisting Participating Underwriters in complying with the Rule.

³ The Authority will covenant in the Bond Sale Agreement to advise the Local Issuer within 60 days of the end of each Fiscal Year if such Local Issuer was a Material Obligated Person as of the end of such Fiscal Year. Upon written request, the Authority will also advise the Local Issuer as to its status as a MOP as of any other date.

Any or all of such information may be incorporated by reference from other documents, including official statements of securities issues with respect to which the Local Issuer is an "obligated person" (within the meaning of the Rule), which have been filed with the MSRB or the Securities and Exchange Commission. If the document incorporated by reference is a final official statement, it must be available from the MSRB. The Local Issuer shall clearly identify each such other document so incorporated by reference.

SECTION 5. Reporting of Listed Events. Whenever the Local Issuer is a Material Obligated Person required to file Annual Reports pursuant to Section 3(a) hereof and obtains knowledge of the occurrence of a Listed Event, such Local Issuer shall file in a timely manner, not in excess of ten business days after the occurrence of the event, a notice of such occurrence with the MSRB with a copy to the Authority.

SECTION 6. Termination of Reporting Obligation. The Local Issuer's obligations under this Disclosure Agreement shall terminate upon the earlier to occur of the legal defeasance or final retirement of the Local School Bond.

SECTION 7. Dissemination Agent. The Local Issuer may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent. The Local Issuer shall advise the Authority of any such appointment or discharge. If at any time there is not any other designated Dissemination Agent, the Local Issuer shall be the Dissemination Agent. [The initial Dissemination Agent shall be _____.]

SECTION 8. Amendment. Notwithstanding any other provision of this Disclosure Agreement, the Local Issuer may amend this Disclosure Agreement, if such amendment has been approved in writing by the Authority and is supported by an opinion of independent counsel, acceptable to the Authority, with expertise in federal securities laws, to the effect that such amendment is permitted or required by the Rule.

SECTION 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Local Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Local Issuer chooses to include any information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is specifically required by this Disclosure Agreement, such Local Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 10. Default. Any person referred to in Section 11 (other than the Local Issuer) may take such action as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Local Issuer to file its Annual Report or to give notice of a Listed Event. The Authority may, and the holders of not less than a majority in aggregate principal amount of Series [year][letter] Bonds outstanding may, take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to challenge the adequacy of any information provided pursuant to this Disclosure Agreement, or to enforce any other obligation of the Local Issuer hereunder. A default under this Disclosure Agreement shall not be deemed an event of default under the applicable resolution or bonds of the Local Issuer, and the sole remedy under this Disclosure Agreement in the event of any failure of the Local Issuer to comply herewith shall be an action to compel performance. Nothing in this provision shall be deemed to restrict the rights or remedies of any holder pursuant to the Securities Exchange Act of 1934, the rules and regulations promulgated thereunder, or other applicable laws.

SECTION 11. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Authority, the Local Issuer, the Participating Underwriters, and holders from time to time of the Authority's Series [year][letter] Bonds, and shall create no rights in any other person or entity.

SECTION 12. Form of Filings. Unless otherwise required by the MSRB, all notices, documents and information provided to the MSRB pursuant to this Disclosure Agreement shall be provided to the MSRB's Electronic Municipal Market Access (EMMA) system, the current Internet address of which is www.emma.msrb.org. All notices, documents and information provided to the MSRB shall be provided in an electronic format prescribed by the MSRB (currently, portable document format (pdf) which must be word-searchable except for non-textual elements) and shall be accompanied by identifying information as prescribed by the MSRB. The Local Issuer shall include with

each filing made under this Disclosure Agreement the CUSIP identifier related to each of the Series [year][letter] Bonds and all other Bonds that are outstanding at the time of such filing. The Local Issuer may obtain the relevant CUSIP identifiers from the Authority in connection with any filing required under this Disclosure Agreement.

SECTION 13. Counterparts. This Disclosure Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

CONTENT OF ANNUAL REPORT

Description of the Local Issuer. A description of the Local Issuer including a summary of its form of government, budgetary processes and its management and officers.

Debt. A description of the terms of the Local Issuer's outstanding tax-supported and other debt including a historical summary of outstanding tax-supported debt; a summary of authorized but unissued tax-supported debt; a summary of legal debt margin; a summary of overlapping debt; and a summary of annual debt service on outstanding tax-supported debt as of the end of the preceding fiscal year. The Annual Report should also include (to the extent not shown in the latest audited financial statements) a description of contingent obligations as well as pension plans administered by the Local Issuer and any unfunded pension liabilities.

Financial Data. Financial information respecting the Local Issuer including a description of revenues and expenditures for its major funds and a summary of its tax policy, structure and collections as of the end of the preceding fiscal year.

Capital Improvement Plan. A summary of the Local Issuer's capital improvement plan.

Demographic, Economic and Supplemental Information. A summary of the Local Issuer's demographic and economic characteristics such as population, income, employment, and public school enrollment and infrastructure data as of the end of the preceding fiscal year. The Annual Report should also include a description of material litigation pending against the Local Issuer.

PROPOSED FORM OF OPINION OF BOND COUNSEL

This page intentionally left blank.

Set forth below is the proposed form of the opinion of McGuireWoods LLP, Bond Counsel. It is preliminary and subject to change prior to the delivery of the Series 2023A Bonds.

[Letterhead of McGuireWoods LLP]

May 16, 2023

Virginia Public School Authority
Richmond, Virginia 23219

**VIRGINIA PUBLIC SCHOOL AUTHORITY
SCHOOL FINANCING BONDS
(1997 RESOLUTION)
SERIES 2023A**

Ladies and Gentlemen:

We have served as bond counsel to the Virginia Public School Authority ("VPSA") in connection with the issuance of VPSA's \$69,780,000 School Financing Bonds (1997 Resolution), Series 2023A (the "Series 2023A Bonds"). The Series 2023A Bonds have been issued under (i) Chapter 11, Title 22.1, Code of Virginia of 1950, as amended (the "Enabling Act"), (ii) a bond resolution adopted by VPSA's Board of Commissioners on October 23, 1997, as last amended and restated on September 20, 2012, and as previously supplemented (the "Bond Resolution"), and (iii) a series resolution adopted by VPSA's Board of Commissioners on March 15, 2023 (the "Series Resolution" and together with the Bond Resolution, the "Resolution"). We refer you to the Series 2023A Bonds and the Series Resolution for a description of the purposes for which the Series 2023A Bonds are issued, the terms of the Series 2023A Bonds and the security for the Series 2023A Bonds. Unless otherwise defined, each capitalized term used in this opinion letter has the meaning given it in the Resolution.

In connection with our opinions, we have examined the Constitution of Virginia and the applicable laws of both the United States and the Commonwealth of Virginia (the "Commonwealth"), including without limitation the Internal Revenue Code of 1986, as amended (the "Code") and the Enabling Act, and such certified proceedings and other documents of VPSA as we deem necessary to render this opinion letter.

VPSA is issuing the Series 2023A Bonds for the purpose of purchasing certain general obligation school bonds to be issued by certain Virginia localities, as further described in the Resolution (the "2023A Local Issuers").

As to questions of fact material to our opinions we have relied upon and are assuming the accuracy of certifications and representations of VPSA, VPSA officers and other public officials and certain other third parties contained in certificates and other documents delivered at closing, including without limitation, certifications as to the use of proceeds of the Series 2023A Bonds, without undertaking to verify any of them by independent investigation.

We have assumed that all signatures on documents, certificates and instruments examined by us are genuine, all documents, certificates and instruments submitted to us as originals are authentic, and all documents, certificates and instruments submitted to us as copies conform to the originals. In addition, we have assumed that all documents, certificates and instruments relating to this financing have been duly authorized, executed, and delivered by all parties to them other than VPSA, and we have further assumed the due organization, existence, and powers of all parties other than VPSA.

Based on the foregoing, we are of the opinion that, under current law:

1. VPSA is a public body corporate and an agency and instrumentality of the Commonwealth duly created by and existing pursuant to the Enabling Act.
2. The Resolution has been duly adopted by VPSA.
3. VPSA has the requisite authority and power under the Enabling Act and the Resolution to issue and sell the Series 2023A Bonds and to apply the proceeds from the issuance and sale of the Series 2023A Bonds as set forth in the Series Resolution. All conditions precedent to the issuance of the Series 2023A Bonds as set forth in the Enabling Act and the Resolution have been fulfilled.
4. The Series 2023A Bonds have been duly authorized, executed, and delivered in accordance with the Enabling Act and the Resolution and constitute valid and binding limited obligations of VPSA.
5. The Series 2023A Bonds, the outstanding bonds heretofore issued under the Resolution and any additional series of bonds that may be hereafter issued from time to time under the Resolution, under the conditions, limitations and restrictions set forth in the Resolution, for the purpose of providing funds for the purchase of local school bonds and for the purpose of refunding bonds issued under the provisions of the Resolution or other indebtedness of VPSA, are payable from certain funds of VPSA pledged to their payment, including (i) payments derived from local school bond principal, interest and redemption premium, if any, components ("Components") credited to the Virginia Public School Authority General Pledge Fund 1997 Resolution Account (the "1997 Resolution Pledge Account"), a special account established within the Virginia Public School Authority General Pledge Fund, a special fund established under the Resolution within which certain local school bonds are held (the "General Pledge Fund"), (ii) the proceeds of the sale of any such Components credited to the 1997 Resolution Pledge Account, (iii) payments of monies derived from operation of the "State Aid Intercept Provision" contained in Section 15.2-2659, Code of Virginia 1950, as amended, in the event of default in payment of debt service on local school bonds having Components credited to the 1997 Resolution Pledge Account, and (iv) appropriations by the General Assembly of the Commonwealth to VPSA to make up deficiencies in debt service. The Resolution requires that if a payment default occurs on a local school bond and if VPSA has not received the defaulted payment from the implementation of the State Aid Intercept Provision, VPSA shall file a warrant with the State Treasurer requesting that an amount equal to the deficiency be made available to VPSA from moneys appropriated by the General Assembly. The Resolution requires the Chair to notify the Governor on or before December 1 of each year of his estimate of total debt service during each fiscal year of the biennium on bonds of VPSA issued and projected to be issued under the Resolution. The Enabling Act requires the Governor to include such appropriations for the payment of debt service in his budget submission to the General Assembly each year. The General Assembly has the power, but is not legally obligated, to make appropriations in respect of the payment of such debt service. The Series 2023A Bonds do not constitute a debt of the Commonwealth or pledge of the faith and credit of the Commonwealth, and neither the faith and credit nor the taxing power of the Commonwealth or of any political subdivision thereof is pledged to the payment of the principal of or the interest on the Series 2023A Bonds.
6. Interest on the Series 2023A Bonds (i) is excludable from gross income for federal income tax purposes under Section 103 of the Code, and (ii) is not a specific item of tax preference for purposes of the federal alternative minimum tax on individuals. However, for taxable years beginning after December 31, 2022, such interest is included in the "adjusted financial statement income" (as defined in Section 56A of the Code) of certain corporations in determining the applicability and amount of the federal corporate alternative minimum tax imposed under Section 55(b) of the Code. We express no opinion regarding other federal tax consequences with respect to the Series 2023A Bonds.

In delivering this opinion letter, we are assuming continuing compliance with the Covenants (as defined below) by VPSA, each of the 2023A Local Issuers, and each of the local school boards associated with the 2023A Local Issuers (the "2023A Local School Boards"), so that interest on the Series 2023A Bonds will remain excludable from gross income for federal income tax purposes under Section 103 of the Code. It should be noted that this firm has served as bond counsel to the County of Frederick, which is a 2023A Local Issuer. VPSA, the 2023A Local Issuers and the 2023A Local School Boards, as applicable, have covenanted in their respective tax agreements to comply with the provisions of the Code applicable to the Series 2023A Bonds including, among other things,

requirements as to the use, expenditure and investment of the proceeds thereof, the use of the property financed or refinanced thereby, the source of the payment thereof and the security therefor, the arbitrage yield restrictions and rebate payment obligations imposed by the Code and certain other actions that could cause interest thereon to be includible in gross income of their owners (the "Covenants"). A failure to comply with the Covenants could cause interest on the Series 2023A Bonds to become includible in gross income for federal income tax purposes retroactive to their date of issue. In the event of noncompliance with the Covenants, the available enforcement remedies may be limited by applicable provisions of law and, therefore, may not be adequate to prevent interest on the Series 2023A Bonds from becoming includible in gross income for federal income tax purposes.

We have no responsibility to monitor compliance with the Covenants after the date of issue of the Series 2023A Bonds.

Certain requirements and procedures contained, incorporated or referred to in the tax agreements of the 2023A Local Issuers or VPSA, including the Covenants, may be changed and certain actions may be taken or omitted under the circumstances and subject to the terms and conditions set forth in such document. We express no opinion concerning any effect on the excludability of interest on the Series 2023A Bonds from gross income for federal income tax purposes under Section 103 of the Code of any such subsequent change or action that may be made, taken or omitted upon the advice or approval of counsel other than this firm.

7. In accordance with Section 22.1-172 of the Enabling Act, the Series 2023A Bonds, their transfer and the income from them, including any profit made on their sale, are exempt from taxation by the Commonwealth and any municipality, county or other political subdivision thereof. We express no opinion regarding (i) other tax consequences arising with respect to the Series 2023A Bonds under the laws of the Commonwealth or (ii) any consequences arising with respect to the Series 2023A Bonds under the tax laws of any state or local jurisdiction other than the Commonwealth and its political subdivisions.

The obligations of VPSA under the Series 2023A Bonds and the Resolution and the enforceability thereof are subject to applicable bankruptcy, insolvency, reorganization, moratorium, and similar laws now or hereafter in effect relating to or affecting creditor's rights. The obligations are also subject to the exercise of judicial discretion in accordance with general principles of equity, which may limit the enforcement of certain remedies but which do not affect the validity of such obligation.

Our services as bond counsel have been limited to rendering the foregoing opinions based on our review of such legal proceedings as we deem necessary to opine on the validity of the Series 2023A Bonds, the enforceability of the Resolution and the tax status of the interest on the Series 2023A Bonds. The foregoing opinions are in no respect an opinion as to VPSA's business or financial resources or its ability to provide for the payment of the Series 2023A Bonds or the accuracy or completeness of any information, including VPSA's Preliminary Official Statement dated April 18, 2023, and Official Statement dated April 25, 2023, that anyone may have relied upon in making the decision to purchase the Series 2023A Bonds.

This opinion letter is given as of the date hereof, and we assume no obligation to revise or supplement this opinion letter to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

Very truly yours,

APPENDIX H

BOOK-ENTRY ONLY SYSTEM

This page intentionally left blank.

BOOK-ENTRY ONLY SYSTEM

The Depository Trust Company ("DTC") will act as securities depository for the Series 2023A Bonds. The Series 2023A Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of the Series 2023A Bonds and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a S&P rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Series 2023A Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2023A Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2023A Bond (the "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2023A Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2023A Bonds, except in the event that use of the book-entry system for the Series 2023A Bonds is discontinued.

To facilitate subsequent transfers, all Series 2023A Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2023A Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2023A Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2023A Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Series 2023A Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2023A Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2023A Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, premium, if any, and interest payments on the Series 2023A Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Authority on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series 2023A Bonds at any time by giving reasonable notice to the Authority. Under such circumstances, in the event that a successor depository is not obtained, certificates for the Series 2023A Bonds are required to be printed and delivered to DTC.

The Authority may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, certificates for the Series 2023A Bonds will be printed and delivered.

NEITHER THE AUTHORITY, ANY LOCAL ISSUERS, NOR THE UNDERWRITERS WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DIRECT PARTICIPANTS, TO INDIRECT PARTICIPANTS OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT, OR ANY INDIRECT PARTICIPANT; (II) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OF OR PREMIUM, IF ANY, OR INTEREST ON, THE SERIES 2023A BONDS; (III) ANY NOTICE WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO BONDHOLDERS; (IV) ANY CONSENT GIVEN BY DTC OR OTHER ACTION TAKEN BY DTC AS BONDHOLDER; OR (V) THE SELECTION BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE SERIES 2023A BONDS.

So long as Cede & Co. is the registered owner of the Series 2023A Bonds, as nominee of DTC, references in this Official Statement to the Owner or Owners of the Series 2023A Bonds or Owners means Cede & Co. and shall not mean the Beneficial Owners.

The Authority may enter into amendments to its agreement with DTC or any successor depository without the consent of the Beneficial Owners.
